CHAPTER 1
THE DEPARTMENT

[Prior to 4/20/88, see Public Safety Department, 680—Ch 1]

661—1.1(17A) Establishment of the department of public safety. The state department of public safety was created by an Act of the General Assembly (Acts of the Forty-eighth General Assembly, chapter 120, 1939) through the consolidation of several departments and divisions to assist coordination among the law enforcement agencies at all levels of government within Iowa.

The department of public safety is primarily a law enforcement agency with the responsibility to enforce state laws and also has other administrative duties.

661—1.2(17A) Organization. The department of public safety is administered by a commissioner who is appointed by and serves at the pleasure of the governor. Bureaus which provide planning and staff support, administer governor's traffic safety programs, conduct staff inspections and investigate complaints against officers of the department report directly to the commissioner. The rest of the department is divided into the following eight divisions: administrative services, state patrol, capitol security, communications, fire marshal, criminal investigation, state medical examiner, and narcotics enforcement.

1.2(1) The administrative services division, through its bureaus, provides primary support services to all line elements in the general field of business administration, data processing, collections, and office management.

1.2(2) The division of state patrol is a law enforcement agency that primarily regulates the orderly flow of traffic on the state's highways, and responds to local law enforcement agencies' requests for emergency assistance. Peace officer members of this division have a duty to detect and apprehend criminals and enforce all state laws. Iowa Code section 321.2 imposes motor vehicle law enforcement duties upon this division and the commissioner may and does assign to this division other law enforcement responsibilities.

This division also assigns officers to the promotion of motor vehicle and other safety education, and will provide emergency transportation of substances needed by doctors, veterinarians, or hospitals, and support security for special events. Any citizen requesting such services may contact division or district headquarters, the addresses for which are listed in this chapter.

This division is also responsible for the highway emergency long-distance phone (HELP). Anyone calling 1-800-525-5555 from anywhere in Iowa will be connected with someone at the district headquarters in Des Moines who will try to provide immediate assistance.

1.2(3) The division of capitol security is a law enforcement agency which performs police and security work, regulates the orderly flow of traffic, and preserves the peace in and around the seat of state government and at Terrace Hill.

1.2(4) The communications division provides total police communications to the public safety sector including the department of public safety, police departments, sheriffs' offices, and other local state and federal criminal justice agencies.

1.2(5) The fire marshal division is responsible for the promotion and enforcement of fire safety, fire protection, elimination of fire hazards, and the enforcement of laws, rules and regulations concerned with fire prevention, such as the storage, transportation, handling, and use of inflammable liquids, combustibles, explosives, and liquid petroleum gas, and inspection of electric wiring, heating, and adequate fire exits for public buildings.

This division is also responsible for investigation into the cause, origin and circumstances of fires and the enforcement of all laws relating to the suppression of arson and apprehension of those persons suspected of arson. These functions are performed through the bureau of fire prevention and the bureau of arson and explosives.

1.2(6) The division of criminal investigation is a law enforcement unit that conducts criminal investigations, enforces Iowa's beer and liquor laws under Iowa Code chapter 123, pari-mutuel laws

under Iowa Code chapter 99D, and lottery laws under Iowa Code chapter 99E, maintains the state's central repository for all criminal history records, and operates the state criminalistics laboratory.

1.2(7) The division of state medical examiner provides assistance, consultation and training to county medical examiners and law enforcement officials, keeps records concerning deaths or crimes requiring investigation by this division. The state medical examiner receives reports of deaths in Iowa affecting the public interest and may require autopsies.

1.2(8) The division of narcotics enforcement has statewide primary responsibility for providing investigative law enforcement relating to narcotics and other controlled substances. Assistance is provided to county and city agencies by providing related intelligence information, special purpose investigative moneys and investigative assistance and training.

661—1.3(17A) Offices.

1.3(1) Principal office. The principal office for the department is that of the commissioner in the State Public Safety Headquarters Building in the Capitol Complex in Des Moines. Its mailing address is the Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

1.3(2) Division offices. The principal offices of the divisions of the department are also located in the State Public Safety Headquarters Building.

1.3(3) Addresses of district headquarters, fire marshals, radio stations and other offices located outside the principal headquarters may be obtained at the Department of Public Safety's principal office in the State Public Safety Headquarters Building.

[Editorial change: IAC Supplement 2/11/09]

661—1.4(17A) Methods by which and location where the public may obtain information or make submissions or requests.

1.4(1) Persons wishing to obtain information from or report information to the department may contact any of the offices in 1.3(17A).

1.4(2) Those wishing to make submissions to the department may do so by delivering or forwarding to the administrative services division of the department, the principal offices of the affected division or, if the subject matter is relevant to a specific geographical location, the nearest office as listed in 1.3(17A).

1.4(3) Those making requests of the department may submit such request to the administrative services division or the principal office of the division that would provide the information or as may otherwise be provided in these rules.

1.4(4) Communication of information regarding conflicts with the department, declaratory rulings or rules or initiation of rule making by the department shall be directed to the administrative services division as provided in 661—Chapter 10.

1.4(5) Accident reports filed as required by Iowa Code section 321.266 and which are retained by the department are available to any party to an accident, the party's insurance company or its agent, or the party's attorney on written request and the payment of a \$4 fee for each copy, paid to the department of public safety. Such request shall be made to the state patrol district headquarters in the district in which the accident occurred.

1.4(6) Reports by the Iowa state patrol division concerning motor vehicle accidents regarding observations, measurements, and examinations of physical evidence including photographs may be made available to any party to the accident or the party's legal representative or insurance company if the investigation of the accident is complete and the release of the information will not interfere with appropriate criminal proceedings or future investigations.

1.4(7) Records of the department subject to inspection under the Iowa public records Act, Iowa Code chapter 22, which are not privileged under Iowa Code section 622.11, or are not required or permitted to be held in confidence by Iowa Code chapter 692, or other applicable provisions of law, may be examined in the offices of the department in accordance with the provisions of the Iowa public records Act and these rules.

This rule is intended to implement Iowa Code chapters 17A and 80 and section 321.271.

661—1.5 Rescinded, effective March 6, 1986.

661—1.6(17A) Legal advice. The attorney general of the state provides legal advice to the commissioner and employees of the department.

661—1.7(17A) Surety companies. When the Iowa Code requires the commissioner to approve a corporate surety company, approval by the insurance division of the Iowa department of commerce shall be required, and if that approval has been acquired and is continuing, the commissioner's approval will be extended.

661—1.8(17A) Construction of rules. All of the rules of the commissioner and the department are promulgated to describe the department and its procedure, to elaborate on or define some statutory language and to regulate some activities. Each of the sections of chapter 4 of the Iowa Code are hereby adopted by reference so as to apply when construing these rules. When the words "statutes" or "general assembly" appear in chapter 4, it is intended the words "rules" and "commissioner" are to be inserted in lieu thereof. Each of the sections of chapter 4 are adopted by reference at least so far as is applicable and not inconsistent with the intent of these rules or repugnant to the context of these rules.

These rules are intended to implement Iowa Code section 17A.3.

VEHICLE IMPOUNDMENT

[Ch 6 as appeared before 6/27/79 rescinded]

[Prior to 4/20/88, see Public Safety Department[680] Ch 6]

661—6.1(17A,321) Vehicle impoundment. The patrol division and other peace officer members of the department may impound any vehicle determined to be “abandoned” as defined in Iowa Code section 321.89(1) “a,” provided that:

1. The officer shall first attempt to determine the owner through department of transportation records and request that the communications division advise an owner found thereby that the vehicle must be moved within a reasonable time or it will be impounded, and

2. Either the owner cannot be found or the owner fails to remove the vehicle within a reasonable time.

[ARC 4800C, IAB 12/4/19, effective 1/8/20]

661—6.2(17A,321) Vehicles which may be impounded immediately.

6.2(1) Vehicles which an officer has reason to believe are wrongfully possessed by the person then having control of such vehicles or on which the vehicle identification number or the identification numbers of any component part have been altered or defaced, or on which an attempt to alter or deface has been made.

6.2(2) Vehicles which are involved in an accident when immediate impoundment is necessary:

a. To preserve evidence which will be used in an administrative or judicial proceeding; or

b. To protect the vehicle from theft or further damage when the driver or owner is unavailable or incapable to give consent to such impoundment or make other arrangements for the vehicle; or

c. To prevent further accidents when the vehicle is so situated as to appear to constitute a hazard to traffic.

6.2(3) Vehicles which an officer has probable cause that the vehicle is being used to transport contraband.

6.2(4) Vehicles involved in a person’s death when the medical examiner or a peace officer determines:

a. That seizure is necessary to secure evidence needed in the investigation, including but not limited to an investigation of the cause and manner of death.

b. That circumstances indicate the vehicle may be removed or tampered with before written authorization for its impoundment can be obtained, or that written authorization for impoundment has been refused or is impracticable.

c. That the vehicle is situated on a public highway in such a manner that it may constitute a hazard to traffic.

6.2(5) Vehicles under the control of a person at the time of arrest:

a. If the arrested person’s vehicle reasonably appears to a peace officer to constitute a traffic hazard if it remains where it is situated at the time of arrest and the arrested person is unwilling or unable to have it moved; or

b. If the vehicle is not capable of legal operation or the vehicle is not legally parked under state or local code or ordinance; or

c. To preserve evidence which will be used in an administrative or judicial proceeding; or

d. To protect the vehicle from theft or further damage when the driver or owner is unavailable or incapable to give consent to such impoundment or make other arrangements for the vehicle.

6.2(6) Vehicles positioned upon a public highway in such a manner that may constitute a hazard to traffic.

[ARC 4800C, IAB 12/4/19, effective 1/8/20]

661—6.3(17A,321) Vehicles which need not be impounded immediately. If a vehicle is unattended, an officer shall tag it. A record is kept by the officer at the district to which the officer is assigned. After

the period of time prescribed in Iowa Code section 321.89, the unattended vehicle shall be declared an abandoned vehicle.

[ARC 4800C, IAB 12/4/19, effective 1/8/20]

661—6.4(17A,321) Impoundment procedure.

6.4(1) Prior to towing an impounded vehicle, the officer shall:

- a. Request that a tow truck be dispatched to remove the vehicle.
- b. Complete a vehicle tow-in and recovery report which includes the following information:
 - (1) Reason for towing;
 - (2) The license number and description of the vehicle including its condition at the time of impoundment;
 - (3) Vehicle identification number and registration information, when readily accessible.
- c. Instruct the towing service to tow the vehicle to a designated location, which in the case of an abandoned vehicle shall be the towing service's storage area.

6.4(2) Within 24 hours of towing an impounded vehicle, the officer shall:

- a. Complete an inventory of all property in the vehicle and a notation of any parts of the vehicle which appear to be missing or damaged. The inventory is a record which is intended for use in ensuring the safe return of the lawful possessor's property and resolving questions regarding the condition or contents of the vehicle.
- b. Add to the vehicle tow-in and recovery report information indicating the circumstances of recovery of the vehicle and notification of the owner if the vehicle is believed to be stolen or operated without the consent of the owner.

EXCEPTION: The inventory and completion of the report may be delayed beyond 24 hours after towing of the impounded vehicle has occurred if completion within a 24-hour period is rendered impracticable by road or weather conditions or by the volume of impounded vehicles requiring processing during a limited period of time. Such an extension of time shall be granted automatically if the office processing the vehicles is affected by a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6 and may otherwise be granted by written permission of the commander of the district or zone office or another supervisor designated by the commander of the officer responsible for processing an impounded vehicle. The reason for any delay in completing the inventory and report beyond 24 hours after towing a vehicle shall be noted in the report. In any event, the inventory and report shall be completed as soon as practicable after towing the vehicle.

This rule is intended to implement Iowa Code sections 80.9(2) "a" and 321.89.

[ARC 4800C, IAB 12/4/19, effective 1/8/20]

661—6.5(17A,321) Abandoned vehicles. If the vehicle is impounded pursuant to rule 661—6.1(17A,321):

6.5(1) The district officer in charge of abandoned vehicles shall notify, within 20 days of impoundment, by certified mail, the last known registered owner of the vehicle and all lienholders of record, addressed to their last known address of record, that the abandoned vehicle has been impounded. Such notice shall state:

- a. The location of the vehicle.
- b. That the person or persons notified have the right to reclaim the vehicle within 21 days of notice upon payment of all towing, preservation and storage charges resulting from impoundment.
- c. That failure to reclaim the vehicle within 21 days will constitute a waiver of all right, title, claim and interest in the vehicle and will also constitute the giving of consent to sale or disposal of the vehicle.
- d. That a written objection to the impoundment may be filed in accordance with subrule 6.5(3).

6.5(2) When the district officer in charge of abandoned vehicles is unable to determine the identity or address of the last known registered owner or of any lienholders of record, the officer shall cause to be published once in a newspaper of general circulation in the area where the abandoned vehicle was found, a notice containing all the information otherwise required by subrule 6.5(1).

6.5(3) Registered owners or lienholders of record may, within the 21-day reclamation period, submit a written objection to the initial impoundment or to any procedure followed by the patrol officer or towing

agent. Such objection shall contain an explanation of why the objector believes the impoundment was not authorized by law. When an objection is received by the district officer in charge of abandoned vehicles, such officer shall:

a. Immediately consider the objection and make an initial decision as to the legality of the impoundment,

b. Immediately thereafter notify the objector of the decision. Such notice shall state either:

(1) That the impoundment was authorized by law, and explain the basis of such decision, or

(2) That the impoundment was not authorized by law, that the vehicle will be released to the objector upon presentation of proof of ownership at district headquarters, and that no towing or storage fees will be assessed for 21 days, and

c. File a copy of the notice required by subrule 6.5(3), paragraph “*b*,” with other documents kept in connection with the impoundment.

6.5(4) The registered owner and any lienholders of record have 21 days in which to reclaim the vehicle after mailing or date of publication of notice as prescribed in subrules 6.5(1) and 6.5(2), except where written objection to impoundment has been made in accordance with subrule 6.5(3), in which case the 21-day period shall begin when notice of the district officer’s response to the objection is mailed. An additional 14 days will be allowed if the owner or any lienholder submits a written request for an extension of the 21-day reclamation period.

6.5(5) If the reclamation period has expired, and either the registered owner or any lienholder of record has made no written objection to the impoundment, or an objection has been filed and the district officer has determined that the impoundment was authorized by law, then all rights of the owner or of any lienholders of record with regard to the impounded vehicle are forfeited and the vehicle will be either:

a. Sold for use upon the highway after an inspection and certification that it is safe for such use in accordance with Iowa Code section 321.238; or

b. Sold for junk, demolished, and sold as scrap, or

c. Sold as provided in Iowa Code section 321.88 with a restricted certificate of title and not for use on the highways.

6.5(6) When the vehicle is sold:

a. The circumstances of the sale shall be entered in appropriate records kept by the district officer in charge of abandoned vehicles.

b. The required department of transportation forms shall be completed by the officer, given to the purchaser, and mailed to the abandoned vehicle section of the motor vehicle division of the department of transportation. The motor vehicle division shall then take action regarding the funds collected or expended.

6.5(7) If the registered owner or any lienholders of record have filed written objection to the impoundment in accordance with subrule 6.5(3) and the district officer has determined that the impoundment was not authorized by law, towing and storage fees will not be assessed unless the objector, after receipt of notice of such determination, fails to reclaim the vehicle within the reclamation period provided in subrule 6.5(4). If the vehicle is not reclaimed during the reclamation period, said fees shall be deemed “abandoned,” and subject to forfeiture and sale if not claimed within 60 days of receipt of notice from the district officer pursuant to subrule 5.4(3).

661—6.6(321) Scope. Nothing in this chapter shall be construed to limit an officer’s authority to seize or search an individual, vehicle, or location upon probable cause or as otherwise justified by law.

These rules are intended to implement Iowa Code sections 80.9(2) “*a*” and 321.89 and *Florida v. Wells*, 110 Sup. Ct. 1632.

CHAPTER 8
CRIMINAL JUSTICE INFORMATION
[Prior to 4/20/88, see Public Safety Department[680] Ch 8]

661—8.1 to 8.100 Reserved.

DIVISION I
IOWA ON-LINE WARRANTS AND ARTICLES SYSTEM
[Prior to 8/16/95, see 661—8.1 to 8.101]

661—8.101(80,692) Iowa on-line warrants and articles (IOWA) criminal justice information system. The Iowa on-line warrants and articles (IOWA) criminal justice information system is administered by the division of administrative services, field services bureau. The IOWA system, created pursuant to Iowa Code paragraph 80.9(2)“d” and Iowa Code section 692.14, provides criminal justice agency access to traffic record and criminal justice databases through a dedicated telecommunications network. To be eligible for access to the IOWA system, an agency must be a criminal justice agency at the federal, state, or local level within Iowa, or an agency providing services to criminal justice agencies in Iowa.

661—8.102(80,692) Information available through the IOWA system. The IOWA system provides access to databases from various state agencies within Iowa, from the Federal Bureau of Investigation’s National Crime Information Center (NCIC), and from the motor vehicle departments of other states nationally through the National Law Enforcement Telecommunications System (NLETS). Information on an international basis is also provided by NCIC and NLETS through interfaces to Canadian Police Information Centre and to INTERPOL. The NLETS system also provides administrative message traffic between Iowa criminal justice agencies and criminal justice agencies throughout the United States.

The IOWA system allows criminal justice agencies to:

1. Access nationwide computerized banks of information such as wanted, missing, and unidentified persons; stolen vehicles; stolen articles; stolen boats; stolen guns and stolen securities.
2. Access driver license and motor vehicle information in-state as well as out-of-state.
3. Exchange criminal history information on a national basis.
4. Communicate by use of administrative messages with other criminal justice agencies worldwide.

661—8.103(80) Human immunodeficiency virus-related information. An agency may enter human immunodeficiency virus-related (HIV) information into a wanted or missing person file of the IOWA system and the National Crime Information Center operated by the Federal Bureau of Investigation. HIV information shall be kept confidential and may be communicated only in accordance with this rule.

8.103(1) HIV information on an individual entered into the IOWA system or the National Crime Information Center operated by the Federal Bureau of Investigation shall be made available to terminal operators for the purpose of informing individuals who are authorized access pursuant to this rule.

8.103(2) HIV information may be communicated to:

- a. Employees and supervisors of employees of a law enforcement agency who have, or are expected to have, direct physical control of an individual reported to be HIV positive.
- b. Employees and supervisors of employees subject to the jurisdictional supervision of the Iowa department of corrections who have, or are expected to have, direct physical supervision of an individual reported to be HIV positive.
- c. Employees and supervisors of employees of secure facilities for juveniles subject to the jurisdiction of the Iowa department of human services who have, or are expected to have, direct physical supervision of an individual reported to be HIV positive.
- d. Employees and supervisors of employees of city and county jails who have, or are expected to have, direct physical supervision of an individual reported to be HIV positive.

8.103(3) HIV information shall not be transmitted over any law enforcement radio broadcasting system, cellular telephone system, radio telephone system, or any other radio-based communications system. This provision shall not apply to the transmission of HIV information in data form to or from mobile digital terminals or mobile digital computers authorized access to the IOWA system and operated by a law enforcement officer or certified IOWA system operator in the performance of official duties.

8.103(4) Individuals who receive HIV information pursuant to this rule shall use the information solely for the purpose of the protection of those individuals having or expected to have direct contact with individuals reported to be HIV positive, and for the prevention of the spread of the HIV virus. Information shall be provided only to individuals and their supervisors who have direct physical contact with persons reported to have the HIV virus. Except as provided in subrule 8.103(2), information obtained pursuant to this rule shall not be communicated to any person not employed by the agency employing the person providing it or used outside the agency for any purpose.

8.103(5) Individuals who are authorized to receive HIV information pursuant to this rule shall receive training developed and established by the commissioner of public safety, in cooperation with the department of corrections and the department of public health, regarding the confidentiality standards applicable to HIV information received from the IOWA system or the National Crime Information Center.

661—8.104(80,692) IOWA system security. IOWA system terminal access shall be available to criminal justice agencies as defined by Iowa Code section 692.1(7). Prior to being permitted terminal access to the IOWA system, a criminal justice agency shall meet the following criteria:

8.104(1) All terminals shall be located within the facilities or vehicles of authorized agencies where appropriate physical security can be maintained.

8.104(2) The immediate terminal areas shall be restricted to prevent access by unauthorized individuals.

8.104(3) All persons accessing NCIC and the criminal history files shall have been authorized to operate the terminal by the criminal justice agency administrator, been approved by the department of public safety, received the required training and achieved proficiency certification by the department of public safety.

Agencies shall complete a background investigation on all applicants for positions with access to NCIC and criminal history files. Agencies shall notify the department of public safety of the completion of the required background investigation. The background investigation shall be done to ensure the following:

- a. That the applicant is 18 years of age or older at the time of appointment to the position.
- b. That the applicant is not addicted to drugs or alcohol.
- c. That the applicant is of good moral character and has not been convicted of a serious crime.
- d. Agencies shall submit two fingerprint cards on all applicants to the Iowa division of criminal investigation. One card will be used to check for any Iowa criminal history and the second card will be forwarded to the FBI for a national search of criminal history records.

8.104(4) Where IOWA system terminals are not operated on a 24-hour-per-day basis, the terminals shall be physically secured when unattended.

8.104(5) The criminal justice agency administrator shall be directly responsible for ensuring that information received from the IOWA system is restricted for the official use of agency personnel, other criminal justice agencies, or other agencies authorized, in writing, by the department of public safety.

8.104(6) Any agency desiring direct access to IOWA system files shall make application to the department. Before authorization is granted, the administrator of the applying agency shall enter into a written agreement with the department of public safety agreeing to abide by all rules, policies and procedures promulgated by the department for system operation, security and discipline. The agreement shall reserve to the department the right to terminate furnishing criminal history or other file information to the applicant agency if abuses are discovered concerning either the security or dissemination requirements of this data.

8.104(7) Any agency which has had its authorization to IOWA system files terminated by the department may appeal the termination to the commissioner of public safety, in accordance with 661—Chapter 10.

661—8.105(80,692) Subpoenas and court orders. Any agency or individual in possession of criminal history data received from the department that is served with a subpoena, court order, request for production or other legal process demanding the production of criminal history data, shall notify the department in writing so that the department has an opportunity to make a timely resistance.

661—8.106 to 8.200 Reserved.

These rules are intended to implement Iowa Code sections 80.9 and 692.14.

661—10.102(17A) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the department shall give notice of the petition to all persons not served by the petitioner pursuant to

661—10.106(17A) to whom notice is required by any provision of law. The department may also give notice to any other persons.

661—10.103(17A) Intervention.

10.103(1) Any person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention within 20 days of the filing of a petition for declaratory order (after time for notice under 661—10.102(17A) and before 30-day time for agency action under 661—10.108(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

10.103(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department.

10.103(3) A petition for intervention shall be filed at the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. Such a petition is deemed filed when it is received by that office. The department shall provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

[Editorial change: IAC Supplement 2/11/09]

661—10.106(17A) Service and filing of petitions and other papers.

10.106(1) *When service required.* Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in

the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

10.106(2) Filing—when required. All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the department.

10.106(3) Method of service, time of filing, and proof of mailing. Method of service, time of filing, and proof of mailing shall be as provided by rule 661—10.312(17A).

[Editorial change: IAC Supplement 2/11/09]

661—10.107(17A) Consideration. Upon request by petitioner, the department may schedule a brief and informal meeting between the original petitioner, all intervenors, and the department, a member of the department, or a member of the staff of the department, to discuss the questions raised. The department may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the department by any person.

661—10.108(17A) Action on petition.

10.108(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the commissioner of public safety or the commissioner's designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

10.108(2) The date of issuance of an order or of a refusal to issue an order is as defined in rule 661—10.302(17A).

661—10.109(17A) Refusal to issue order.

10.109(1) The department shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the department to issue an order.
3. The department does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding, that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the department to determine whether a statute is unconstitutional on its face.
11. The petition relates to any criminal investigation.

12. The petition concerns any procedure or practice of the department or any other agency related to initiation or conduct of criminal investigations or referral of matters for possible criminal investigation or prosecution.

10.109(2) A refusal to issue a declaratory order shall indicate the specific grounds for the refusal, unless it pertains to a matter under criminal investigation, or which has been referred for possible criminal prosecution, in which event no information which might compromise the investigation or prosecution shall be released to the petitioner or any intervenor. A refusal to issue a declaratory order constitutes final agency action on the petition.

10.109(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

661—10.110(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

661—10.111(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to each original petitioner and to each intervenor.

661—10.112(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the department, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the department. The issuance of a declaratory order constitutes final agency action on the petition.

661—10.113 to 10.200 Reserved.

AGENCY PROCEDURE FOR RULE MAKING

661—10.201(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the department are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

661—10.202(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the department may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1)“a,” solicit comments from the public on a subject matter of possible rule making by the department by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

661—10.203(17A) Public rule-making docket.

10.203(1) Docket maintained. The department shall maintain a current public rule-making docket.

10.203(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the department, with the approval of the commissioner of public safety. For each anticipated rule-making proceeding the docket shall contain a listing of the precise subject matter which may be submitted for consideration by the rule-making authority for subsequent proposal under the provisions of Iowa Code section 17A.4(1)“a,” the name and address of department personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the department of that possible rule. The department may also include in the docket other subjects upon which public comment is desired.

10.203(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1)“a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin or the rule becoming effective. For each rule-making proceeding, the docket shall indicate:

- a. The subject matter of the proposed rule;
- b. A citation to all published notices relating to the proceeding;
- c. Where written submissions on the proposed rule may be inspected;
- d. The time during which written submissions may be made;
- e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made;
- f. Whether a written request for the issuance of a regulatory analysis, or a concise statement of reasons, has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected;
- g. The current status of the proposed rule and any department determinations with respect thereto;
- h. Any known timetable for department decisions or other action in the proceeding;
- i. The date of the rule’s adoption;
- j. The date of the rule’s filing, indexing, and publication;
- k. The date on which the rule will become effective; and
- l. Where the rule-making record may be inspected.

661—10.204(17A) Notice of proposed rule making.

10.204(1) Contents. At least 35 days before the adoption of a rule the department shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rule;
- b. The specific legal authority for the proposed rule;
- c. Except to the extent impracticable, the text of the proposed rule;
- d. Where, when, and how persons may present their views on the proposed rule; and
- e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the department shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the department for the resolution of each of those issues.

10.204(2) Incorporation by reference. A proposed rule may incorporate other materials by reference only if it complies with all of the requirements applicable to the incorporation by reference of other materials in an adopted rule that are contained in subrule 10.212(2) of this chapter.

10.204(3) Copies of notices. Persons desiring to receive copies of future Notices of Intended Action by subscription must file with the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, a written request indicating the name and address to which such notices should be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail or electronically transmit a copy of that notice to subscribers who have filed a written request for either mailing or electronic transmittal with the department for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price which may cover the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of one year. The price for such a subscription can be

obtained from the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, at the address above, by telephone at (515)725-6185, or by electronic mail via the Internet at admrule@dps.state.ia.us.

[Editorial change: IAC Supplement 2/11/09]

661—10.205(17A) Public participation.

10.205(1) *Written comments.* For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or the person or office designated in the Notice of Intended Action.

10.205(2) *Oral proceedings.* The department may, at any time, schedule an oral proceeding on a proposed rule. The department shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the department by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following additional information:

1. A request by one or more individual persons must be signed by each of them and include the address and telephone number of each of them.
2. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.
3. A request by an agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

10.205(3) *Conduct of oral proceedings.*

a. Applicability. This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1)“b” as amended by 1998 Iowa Acts, chapter 1202, section 8, or this chapter.

b. Scheduling and notice. An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The commissioner of public safety or the commissioner’s designee shall preside at the oral proceeding on a proposed rule. If the commissioner does not preside, the presiding officer shall prepare a memorandum for consideration by the department summarizing the contents of the presentations made at the oral proceeding unless the commissioner determines that such a memorandum is unnecessary. If the oral proceeding relates to rule making which falls within the authority of an official other than the commissioner, the oral proceeding shall be presided over by the official with rule-making authority or that official’s designee.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the agency at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the agency decision to propose the rule. The presiding officer may place time limitations on individual oral

presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to summarize matters which have already been submitted in writing.

(3) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(4) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the agency.

(5) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(6) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other representatives of the department who may be present about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(7) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

10.205(4) *Additional information.* In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the department may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

10.205(5) *Accessibility.* The department shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, in advance to arrange access or other needed services.

The department may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The department may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

10.206(3) *Time of mailing.* Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule

making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the department shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

10.206(4) *Qualified requesters for regulatory analysis—economic impact.* The department shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

- c. At least 25 or more persons who sign the request provided that each represents a different small business;

10.206(6) *Time period for analysis.* Upon receipt of a timely request for a regulatory analysis, the department shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

10.206(7) *Contents of request.* A request for a regulatory analysis is made when it is mailed or delivered to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

10.206(8) *Contents of concise summary.* The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

10.206(9) *Publication of a concise summary.* The department shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

[Editorial change: IAC Supplement 2/11/09]

661—10.207(17A,25B) Fiscal impact statement.

10.207(1) A proposed rule that mandates additional combined expenditures exceeding \$100,000 by all affected political subdivisions or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

10.207(2) If the department determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the department shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

661—10.208(17A) Time and manner of rule adoption.

10.208(1) *Time of adoption.* The department shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the department shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

10.208(2) *Consideration of public comment.* Before the adoption of a rule, the department shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

10.208(3) *Reliance on department expertise.* Except as otherwise provided by law, the department may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

661—10.209(17A) Variance between adopted rule and published notice of proposed rule adoption.

10.209(1) The department shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

10.209(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the department shall consider the following factors:

- a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

10.209(3) The department shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the department finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

10.209(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the department to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

661—10.210(17A) Exemptions from public rule-making procedures.

10.210(1) *Omission of notice and comment.* To the extent the department for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the department may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

10.210(2) Reserved.

10.210(3) *Public proceedings on rules adopted without them.* The department may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a

rule it adopts in reliance upon subrule 10.210(1). Upon written petition by a governmental subdivision, the administrative rules review committee, the department, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the department shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 10.210(1). Such a petition must be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule must be commenced within 60 days of the receipt of such a petition. After a standard rule-making proceeding commenced pursuant to this subrule, the department may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 10.210(1), or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

661—10.211(17A) Concise statement of reasons.

10.211(1) General. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the department shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

10.211(2) Contents. The concise statement of reasons shall contain:

- a. The reasons for adopting the rule;
- b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change;
- c. The principal reasons urged in the rule-making proceeding for and against the rule, and the department's reasons for overruling the arguments made against the rule.

10.211(3) Time of issuance. After a proper request, the department shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

[Editorial change: IAC Supplement 2/11/09]

661—10.212(17A) Contents, style, and form of rule.

10.212(1) Contents. Each rule adopted by the department shall contain the text of the rule and, in addition:

- a. The date the department adopted the rule;
- b. A brief explanation of the principal reasons for the rule-making action if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the department in its discretion decides to include such reasons;
- c. A reference to all rules repealed, amended, or suspended by the rule;
- d. A reference to the specific statutory or other authority authorizing adoption of the rule;
- e. Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;
- f. The effective date of the rule.

10.212(2) Incorporation by reference. The department may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the department finds that the incorporation of its text in the department proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the department proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The department may incorporate such matter by reference in a proposed or adopted rule only if the department makes copies of it readily available to the public. The rule shall state how and where copies

of the incorporated matter may be obtained at cost from the department, and how and where copies may be obtained from the agency, organization, association, or persons originally issuing that matter. The department shall retain permanently a copy of any materials incorporated by reference in a rule of the department.

If the department adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically.

10.212(3) *References to materials not published in full.* When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the department shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules, and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the department. The department will provide a copy of that full text, at actual cost, upon request and shall make copies of the full text available for review at the state law library and may make the standards available electronically.

At the request of the administrative code editor, the department shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

10.212(4) *Style and form.* In preparing its rules, the department shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

661—10.213(17A) Agency rule-making record.

10.213(1) *Requirement.* The department shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference must be available for public inspection.

10.213(2) *Contents.* The department rule-making record shall contain:

a. Copies of all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of department submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based;

b. Copies of any portions of the department's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

c. All written petitions, requests, and submissions received by the department, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the department and considered by the commissioner of public safety or other official with rule-making authority, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the department is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the department shall identify in the record the particular materials deleted and state the reasons for that deletion;

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;

f. A copy of the rule and any concise statement of reasons prepared for that rule;

g. All petitions for amendment or repeal or suspension of the rule;

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any department response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petitions for waiver of the rule; and

k. A copy of any executive order concerning the rule.

10.213(3) *Effect of record.* Except as otherwise required by a provision of law, the department rule-making record required by this rule need not constitute the exclusive basis for department action on that rule.

10.213(4) *Maintenance of record.* The department shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective, the date of the Notice of Intended Action, or the date of any written criticism as described in 10.213(2) “g,” “h,” “i,” or “j.”

661—10.214(17A) Filing of rules. The department shall file each rule it adopts in the office of the administrative rules coordinator. The filing must be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule must have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement must be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the department shall use the standard form prescribed by the administrative rules coordinator.

661—10.215(17A) Effectiveness of rules prior to publication.

10.215(1) *Grounds.* The department may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

10.215(2) *Special notice.* When the department makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3), the department shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the department to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the department of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3) shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of subrule 10.215(2).

661—10.216(17A) General statements of policy.

10.216(1) *Compilation, indexing, public inspection.* The department shall maintain an official, current, and dated compilation that is indexed by subject, containing all of its general statements of

policy within the scope of Iowa Code section 17A.2(10) “a,” “c,” “f,” “g,” “h,” “k.” Each addition to, change in, or deletion from the official compilation must also be dated, indexed, and a record thereof kept. Except for those portions containing rules governed by Iowa Code section 17A.2(7) “f,” or otherwise authorized by law to be kept confidential, the compilation must be made available for public inspection and copying.

10.216(2) Enforcement of requirements. A general statement of policy subject to the requirements of this subsection shall not be relied on by the department to the detriment of any person who does not have actual, timely knowledge of the contents of the statement until the requirements of subrule 10.216(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety, or welfare.

661—10.217(17A) Review by department of rules.

10.217(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the department to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the department shall conduct a formal review of a specified rule to determine whether a new rule should be adopted instead or the rule should be amended or repealed. The department may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

10.217(2) In conducting the formal review, the department shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report must include a concise statement of the department’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any petitions for waiver of the rule received by the department or granted by the department. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy of the department’s report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report must also be available for public inspection.

661—10.218(17A) Petition for rule making. Any person or agency may file a petition for rule making with the department at the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. A petition is deemed filed when it is received by that office. The agency must provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF PUBLIC SAFETY

	PETITION FOR RULE MAKING

The petition must provide the following information:

1. A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation and the relevant language to the particular portion or portions of the rule proposed to be amended or repealed.
2. A citation to any law deemed relevant to the agency’s authority to take the action urged or to the desirability of that action.

3. A brief summary of petitioner's arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in, the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by subrule 10.221(1).

10.218(1) The petition must be dated and signed by the petitioner or the petitioner's representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed.

10.218(2) The department may deny a petition because it does not substantially conform to the required form.

[Editorial change: IAC Supplement 2/11/09]

661—10.219(17A) Briefs. The petitioner may attach a brief to the petition in support of the action urged in the petition. The department may request a brief from the petitioner or from any other person concerning the substance of the petition.

661—10.220(17A) Inquiries. Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

[Editorial change: IAC Supplement 2/11/09]

661—10.221(17A) Agency consideration.

10.221(1) Within 14 days after the filing of a petition, the department must submit a copy of the petition and any accompanying brief to the administrative rules coordinator and to the administrative rules review committee. Upon request by petitioner in the petition, the department may schedule a brief and informal meeting between the petitioner and the agency, a member of the agency, or a member of the staff of the agency, to discuss the petition. The department may request the petitioner to submit additional information or argument concerning the petition. The department may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the department by any person.

10.221(2) Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the department must, in writing, deny the petition, and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that it has instituted rule-making proceedings on the subject of the petition. Petitioner shall be deemed notified of the denial or grant of the petition on the date when the agency mails or delivers the required notification to petitioner.

10.221(3) Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the agency's rejection of the petition.

661—10.222(17A) Waivers of rules. This rule outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the department of public safety in situations where no other more specific procedure provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this rule with respect to any waiver from that rule. Generally, more specific procedures exist for considering waivers from rules of the state fire marshal and from provisions of the state of Iowa building code.

10.222(1) Applicability of rule. The department may grant a waiver from a rule only if the department has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The department may not waive requirements created or duties imposed by statute.

10.222(2) Criteria for waiver. In response to a petition completed pursuant to this rule, the department may, in its sole discretion, issue an order waiving, in whole or in part, the requirements of a rule if the department finds, based on clear and convincing evidence, all of the following:

- a. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
- b. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
- c. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
- d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

10.222(3) Filing of petition. A petition for a waiver must be submitted in writing to the department as follows:

- a. *License application.* If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question.
- b. *Contested cases.* If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.
- c. *Other.* If the petition does not relate to a license application or a pending contested case, the petition may be submitted with a caption containing the name of the entity or person for whom the waiver is requested.
- d. *File petition.* A petition is deemed filed when it is received in the department's office. A petition should be sent to the Iowa Department of Public Safety, Attention: Agency Rules Administrator, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

10.222(4) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

- a. The name, address, and telephone number of the entity or person for whom a waiver is being requested; the case number of or other reference to any related contested case; and the name, address, and telephone number of the petitioner's legal representative, if any.
- b. A description of and citation to the specific rule from which a waiver is requested.
- c. The specific waiver requested, including the precise scope and duration.
- d. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in subrule 10.222(2). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.
- e. A history of any prior contacts between the department, other departments or agencies of the state of Iowa, or political subdivisions and the petitioner relating to the regulated activity or license affected by the proposed waiver, including a description of each affected license or certificate held by the requester, any formal charges filed, notices of violation, contested case hearings, or investigations relating to the regulated activity or license within the last five years.
- f. Any information known to the requester regarding the department's action in similar cases.
- g. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question or which might be affected by the granting of a waiver.
- h. The name, address, and telephone number of any entity or person who would be adversely affected by the granting of a petition.
- i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.
- j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver.

10.222(5) Additional information. Prior to issuing an order granting or denying a waiver, the department may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the department may, on

its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a representative or representatives of the department related to the waiver request.

10.222(6) Notice. The department shall acknowledge a petition upon receipt. The department shall ensure that, within 30 days of the receipt of the petition, notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law, including the petitioner. In addition, the department may give notice to other persons. To accomplish this notice provision, the department may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the department attesting that notice has been provided.

10.222(7) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to department proceedings for a waiver only when the department so provides by rule or order or is required to do so by statute.

10.222(8) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person or legal entity and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

a. Departmental discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the department, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the department based on the unique, individual circumstances set out in the petition.

b. Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the department should exercise its discretion to grant a waiver from a rule.

c. Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

d. Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the department shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

e. Conditions. The department may place on a waiver any condition that the department finds desirable to protect the public health, safety, and welfare.

f. Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the department, a waiver may be renewed if the department finds that grounds for a waiver continue to exist.

g. Time for ruling. The department shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the department shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

h. When deemed denied. Failure of the department to grant or deny a petition within the required time period shall be deemed a denial of that petition by the department. However, the department shall remain responsible for issuing an order denying a waiver.

i. Service of order. Within seven days of its issuance, any order issued under this rule shall be transmitted or delivered to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

10.222(9) All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the department is authorized or required to keep confidential. The department may accordingly redact confidential information from petitions or orders prior to public inspection.

10.222(10) Submission of waiver information. When the department grants a waiver, the department shall submit information required by Iowa Code section 17A.9A and in the manner prescribed by Iowa

Code section 17A.9 within 60 days. The Internet site shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the department’s actions on waiver requests. If practicable, the department shall include information detailing the extent to which the granting of a waiver has affected the general applicability of the rule itself.

10.222(11) Cancellation of a waiver. A waiver issued by the department pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the department issues an order finding any of the following:

- a. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
- b. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
- c. The subject of the waiver order has failed to comply with all conditions contained in the order.

10.222(12) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

10.222(13) Defense. After the department issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

10.222(14) Judicial review. Judicial review of the department’s decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

10.222(15) Sample petition for waiver. A petition for waiver filed in accordance with this chapter must meet the requirements specified herein and must substantially conform to the following form:

Petition by (name of petitioner) for the
waiver of (insert rule citation)

3. Describe the specific waiver requested, including the precise scope and time period for which the waiver will extend.

4. Explain the relevant facts and reasons that the petitioner believes justify a waiver. Include in the answer all of the following:

- How substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

5. Provide a history of any prior contacts between the department, other departments or agencies of the state of Iowa, or political subdivisions and petitioner relating to the regulated activity or license that would be affected by the waiver. Include a description of each affected license held by the petitioner, any formal charges filed, any notices of violation, any contested case hearings held, or any investigations related to the regulated activity, license, registration, certification, or permit.

6. Provide information known to the petitioner regarding the department's action in similar cases.
7. Provide the name, address, and telephone number of any public agency or political subdivision that also regulates the activity in question or that might be affected by the granting of the petition.

661—10.305(17A) Notice of hearing.

10.305(1) Delivery. Delivery of the notice of hearing constitutes the commencement of the contested case proceeding. Delivery may be executed by:

- a. Personal service as provided in the Iowa Rules of Civil Procedure; or

If the department or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement shall be furnished;
- e. Identification of all parties including the name, address and telephone number of the person who will act as advocate for the department or the state and of parties' counsel where known;

661—10.306(17A) Presiding officer.

10.306(1) Any party who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies or describes the presiding officer as the agency head.

10.306(2) The commissioner of public safety or the commissioner's designee may deny the request only upon a finding that one or more of the following apply:

- a. Neither the department nor any officer of the agency under whose authority the contested case is to take place is a named party to the proceeding or a real party in interest to that proceeding.
- b. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- c. An administrative law judge is unavailable to hear the case within a reasonable time.
- d. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- e. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- f. Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- g. The request was not timely filed.
- h. The request is not consistent with a specified statute.

10.306(3) The commissioner or the commissioner's designee shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications

identified in subrule 10.306(4), the parties shall be notified at least 10 days prior to hearing if a qualified administrative law judge will not be available.

10.306(4) Reserved.

10.306(5) Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer are subject to appeal to the agency. A party must seek any available intra-agency appeal in order to exhaust adequate administrative remedies.

10.306(6) Unless otherwise provided by law, the commissioner, when reviewing a proposed decision upon intra-agency appeal, shall have the powers of and shall comply with the provisions of this chapter which apply to presiding officers.

661—10.307(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the department in its discretion may refuse to give effect to such a waiver when it deems the waiver to be inconsistent with the public interest.

661—10.308(17A) Telephone proceedings. The presiding officer may resolve preliminary procedural motions by telephone conference in which all parties have an opportunity to participate. Other telephone proceedings may be held with the consent of all parties. The presiding officer will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen.

661—10.309(17A) Disqualification.

10.309(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a.* Has a personal bias or prejudice concerning a party or a representative of a party;
- b.* Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
- c.* Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
- d.* Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e.* Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f.* Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g.* Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

10.309(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17 as amended by 1998 Iowa Acts, chapter 1202, section 19, and subrules 10.309(3) and 10.323(9).

10.309(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary,

that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

10.309(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 10.309(1), the party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party.

If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal under rule 661—10.325(17A) and seek a stay under rule 661—10.329(17A).

661—10.310(17A) Consolidation—severance.

10.310(1) *Consolidation.* The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where: (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties to those proceedings.

10.310(2) *Severance.* The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

661—10.311(17A) Pleadings. Formal pleadings are not required in cases initiated by a notice of appeal or a notice of claim. However, the presiding officer may order the parties to file formal pleadings in any case.

661—10.312(17A) Service and filing of pleadings and other papers.

10.312(1) *When service required.* Except where otherwise provided by law, every pleading, motion, document, or other paper filed in a contested case proceeding and every paper relating to discovery in such a proceeding shall be served upon each of the parties of record to the proceeding, including the person designated as advocate or prosecutor for the state or the department, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

10.312(2) *Service—how made.* Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

10.312(3) *Filing—when required.* After the notice of hearing, all pleadings, motions, documents or other papers in a contested case proceeding shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. All pleadings, motions, documents or other papers that are required to be served upon a party shall be filed simultaneously with the department.

10.312(4) *Filing—when made.* Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

10.312(5) *Proof of mailing.* Proof of mailing includes either: a legible United States Postal Service postmark on the envelope, a certificate of service, a notarized affidavit, or a certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

661—10.313(17A) Discovery.

10.313(1) Discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

10.313(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened as provided in subrule 10.313(1). The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

10.313(3) Evidence obtained in discovery may be used in the contested case proceeding if that evidence would otherwise be admissible in that proceeding.

661—10.314(17A) Subpoenas.

10.314(1) Issuance.

a. An agency subpoena shall be issued to a party on request. Such a request must be in writing. In the absence of good cause for permitting later action, a request for a subpoena must be received at least three days before the scheduled hearing. The request shall include the name, address, and telephone number of the requesting party.

b. Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas and payment of witness fees and mileage expenses.

10.314(2) *Motion to quash or modify.* The presiding officer may quash or modify a subpoena for any lawful reason upon motion in accordance with the Iowa Rules of Civil Procedure. A motion to quash or modify a subpoena shall be set for argument promptly.

661—10.315(17A) Motions.

10.315(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

10.315(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the department or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

10.315(3) The presiding officer may schedule oral argument on any motion.

10.315(4) Motions pertaining to the hearing must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by administrative rule or an order of the presiding officer.

661—10.316(17A) Prehearing conference.

10.316(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

Written notice of the prehearing conference shall be given by the presiding officer to all parties. For good cause the presiding officer may permit variances from this rule.

10.316(2) Each party shall bring to the prehearing conference:

- a.* A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names; and
- b.* A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.
- c.* Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

10.316(3) In addition to the requirements of subrule 10.316(2), the parties at a prehearing conference may:

- a.* Enter into stipulations of law or fact;
- b.* Enter into stipulations on the admissibility of exhibits;
- c.* Identify matters which the parties intend to request be officially noticed;
- d.* Enter into stipulations for waiver of any provision of law; and
- e.* Consider any additional matters which will expedite the hearing.

10.316(4) Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a telephone prehearing conference.

661—10.317(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

10.317(1) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The department may waive notice of such requests for a particular case or an entire class of cases.

10.317(2) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The likelihood of informal settlement;
- d.* The existence of an emergency;
- e.* Any objection;
- f.* Any applicable time requirements;
- g.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h.* The timeliness of the request; and
- i.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

661—10.318(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing. Unless otherwise provided, a withdrawal shall be with prejudice.

661—10.319(17A) Intervention.

10.319(1) Motion. A motion for leave to intervene in a contested case proceeding shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the

possible impact of intervention on the proceeding. A proposed answer or petition in intervention shall be attached to the motion. Any party may file a response within 14 days of service of the motion to intervene unless the time period is extended or shortened by the presiding officer.

10.319(2) *When filed.* Motion for leave to intervene shall be filed as early in the proceeding as possible to avoid adverse impact on existing parties or the conduct of the proceeding. Unless otherwise ordered, a motion for leave to intervene shall be filed before the prehearing conference, if any, or at least 20 days before the date scheduled for hearing. Any later motion must contain a statement of good cause for the failure to file in a timely manner. Unless inequitable or unjust, an intervenor shall be bound by any agreement, arrangement, or other matter previously raised in the case. Requests by untimely intervenors for continuances which would delay the proceeding will ordinarily be denied.

10.319(3) *Grounds for intervention.* The movant shall demonstrate that: (a) intervention would not unduly prolong the proceedings or otherwise prejudice the rights of existing parties; (b) the movant is likely to be aggrieved or adversely affected by a final order in the proceeding; and (c) the interests of the movant are not adequately represented by existing parties.

10.319(4) *Effect of intervention.* If appropriate, the presiding officer may order consolidation of the petitions and briefs of different parties whose interests are aligned with each other and limit the number of representatives allowed to participate actively in the proceedings. A person granted leave to intervene is a party to the proceeding. The order granting intervention may restrict the issues that may be raised by the intervenor or otherwise condition the intervenor's participation in the proceeding.

661—10.320(17A) Hearing procedures.

10.320(1) The presiding officer presides at the hearing, and may rule on motions, require briefs, issue a proposed decision, and issue such orders and rulings as will ensure the orderly conduct of the proceedings.

10.320(2) All objections shall be timely made and stated on the record.

10.320(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Partnerships, corporations, or associations may be represented by any member, officer, director, or duly authorized agent. Any party may be represented by an attorney or another person authorized by law.

10.320(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

10.320(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

10.320(6) Witnesses may be sequestered during the hearing.

10.320(7) The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. The parties shall be given an opportunity to present opening statements;

c. Parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;

e. When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

661—10.321(17A) Evidence.

10.321(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

10.321(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

10.321(3) Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

10.321(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties.

All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

10.321(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

10.321(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

661—10.322(17A) Default.

10.322(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

10.322(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

10.322(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days, or other period of time specified by statute or rule, after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by rule 661—10.327(17A). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

10.322(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

10.322(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days, or other time specified by the presiding officer, to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

10.322(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 236.

10.322(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 661—10.325(17A).

10.322(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

10.322(9) A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

10.322(10) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 661—10.329(17A).

661—10.323(17A) Ex parte communication.

10.323(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the agency or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 10.309(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

10.323(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

10.323(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

10.323(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 661—10.312(17A) and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

10.323(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

10.323(6) The commissioner of public safety or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a proposed or final decision under any provision of law and they comply with subrule 10.323(1).

10.323(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 661—10.317(17A).

10.323(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order or disclosed, as determined by the presiding officer. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to

rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

10.323(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

10.323(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by department personnel shall be reported to the Professional Standards Bureau, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

[Editorial change: IAC Supplement 2/11/09]

661—10.324(17A) Recording costs. Upon request, the department shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

661—10.325(17A) Interlocutory appeals. Upon written request of a party or on the commissioner's own motion, the commissioner of public safety may review an interlocutory order of the presiding officer. In determining whether to do so, the commissioner shall weigh the extent to which its granting the interlocutory appeal would expedite final resolution of the case and the extent to which review of that interlocutory order by the agency at the time it reviews the proposed decision of the presiding officer would provide an adequate remedy. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

661—10.326(17A) Final decision.

10.326(1) When commissioner of public safety presides over the reception of evidence at the hearing, the commissioner's decision is a final decision.

10.326(2) When the commissioner does not preside at the reception of evidence, the presiding officer shall make a proposed decision. The proposed decision becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the department within the time provided in rule 661—10.327(17A).

661—10.327(17A) Appeals and review.

10.327(1) Appeal by party. Any adversely affected party may appeal a proposed decision to the commissioner of public safety within 30 days after issuance of the proposed decision.

10.327(2) Review. The commissioner may initiate review of a proposed decision on the commissioner's own motion at any time within 30 days following the issuance of such a decision.

10.327(3) Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- a. The parties initiating the appeal;
- b. The proposed decision or order appealed from;

c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;

d. The relief sought;

e. The grounds for relief.

10.327(4) Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The commissioner may remand a case to the presiding officer for further hearing or may preside at the taking of additional evidence.

10.327(5) Scheduling. The department shall issue a schedule for consideration of the appeal.

10.327(6) Briefs and arguments. Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Written requests to present oral argument shall be filed with the briefs.

The commissioner may resolve the appeal on the briefs or provide an opportunity for oral argument. The commissioner may shorten or extend the briefing period as appropriate.

[Editorial change: IAC Supplement 2/11/09]

661—10.328(17A) Applications for rehearing.

10.328(1) By whom filed. Any party to a contested case proceeding may file an application for rehearing from a final order.

10.328(2) Content of application.

a. The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the agency decision on the existing record and whether, on the basis of the grounds enumerated in subrule 10.327(4), the applicant requests an opportunity to submit additional evidence.

b. Substantially state in separate numbered paragraphs the following:

(1) Clear and concise statements of the reasons for requesting a rehearing and each and every error which the party alleges to have been committed during the contested case proceedings;

(2) Clear and concise statements of all relevant facts upon which the party relies;

(3) Refer to any particular statute or statutes and any rule or rules involved;

(4) The signature of the party or that of the representative.

10.328(3) Time of filing. The application shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, within 20 days after issuance of the final decision.

10.328(4) Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the department shall serve copies on all parties.

10.328(5) Disposition. Any application for a rehearing shall be deemed denied unless the agency grants the application within 20 days after its filing.

[Editorial change: IAC Supplement 2/11/09]

661—10.329(17A) Stays of agency actions.

10.329(1) When available.

a. Any party to a contested case proceeding may petition the department for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the agency. The petition shall be filed with the notice of appeal and shall state the reasons justifying a stay or other temporary remedy. The commissioner may rule on the stay or authorize the presiding officer to do so.

b. Any party to a contested case proceeding may petition the department for a stay or other temporary remedies pending judicial review of all or part of that proceeding. The petition shall state the reasons justifying a stay or other temporary remedy.

10.329(2) *When granted.* In determining whether to grant a stay, the presiding officer or commissioner shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23(5c).

10.329(3) *Vacation.* A stay may be vacated by the issuing authority upon application of the department or any other party.

661—10.330(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable. If the parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

661—10.331(17A) Emergency adjudicative proceedings.

10.331(1) *Necessary emergency action.* To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare and, consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with 1998 Iowa Acts, chapter 1202, section 21, to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the agency by emergency adjudicative order. Before issuing an emergency adjudicative order the agency shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;

b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

e. Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

10.331(2) *Issuance of order.*

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department's decision to take immediate action.

b. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

(1) Personal delivery;

(2) Certified mail, return receipt requested, to the last address on file with the department;

(3) Certified mail to the last address on file with the department;

(4) First-class mail to the last address on file with the department; or

(5) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that department orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the department shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

10.331(3) Oral notice. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

10.331(4) Completion of proceedings. After the issuance of an emergency adjudicative order, the department shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which agency proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further agency proceedings to a later date will be granted only in compelling circumstances upon application in writing.

661—10.332(17A) Burden of proof. Unless otherwise provided by law, the burden of proof in all contested case proceedings in which the department is a party shall be on the petitioner.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

16.610(2) Scope and applicability. The provisions contained within Part 1 shall apply to the following:

a. Plan evaluation, manufacture, inspection, and installation of “modular factory-built structures,” of closed-type construction and of open-type construction for those manufacturers who have by option chosen to have their building component, assembly or system considered to be closed construction.

b. Approval by the commissioner or the commissioner’s designated representative of an organization or person referred to as a third-party agent, or independent inspection agency.

c. All “modular factory-built structures” manufactured for installation in Iowa after February 1, 1973.

d. Every modular factory-built structure, building, building system, component, assembly or system manufactured for installation in Iowa on or after February 1, 1973, shall bear a seal issued by the commissioner which certifies that the unit complies with the code and that the certificates and approvals required by these rules have been submitted or obtained.

e. Every modular factory-built structure, building, building system, component, assembly, or system which was manufactured before February 1, 1973, and which is being installed in Iowa for the first time shall have a seal attached attesting that it complies with the code and that the certificates and approvals have been submitted to the commissioner.

f. Modular factory-built structures moved or relocated after the first installation in Iowa shall comply with the applicable codes and zoning restrictions of the jurisdiction into which it is being moved or relocated.

16.610(3) Definitions. Definitions in Division I of this code also apply to Division VI. These definitions also apply to all parts of Division 6. This subrule covers terms and definitions that are defined for purposes of clarification when used in Division VI.

16.610(4) Administration. This section covers the basic requirements for constructing modular structures and all of the administrative procedures under which the modular program functions including methods of certification approval and manufacturing requirements, inspection and installation.

16.610(5) Modular construction requirements. All factory-built structures not designated as a manufactured home, manufactured home add-on or a temporary field construction office shall be constructed to the requirements in Division I, Part 4, Division II, Division III, Division IV, or the alternate method of construction as provided for in Division V, Division VII whenever applicable and Division VIII of the state building code.

16.610(6) Modular installation requirements. All factory-built structures designated as modular units shall be installed according to the manufacturer’s approved installation drawings and any additional state-approved requirements. All approvals shall be part of the third-party certification agency approval for their respective manufacturer. In addition, all installations shall comply with local building codes for items not included as part of the state approval and local zoning requirements whenever applicable.

Modular installers shall obtain approval as required by rule 661—16.622(103A).

Modular installation seals shall be obtained and attached upon completion and the installation certificate shall be completed and filed as per subrule 16.610(20).

16.610(7) Procedures for approval. The method of third-party certification and approval shall be used. The manufacturer shall contract with third-party agencies for third-party approvals and notify the building code commissioner of the intent to manufacture units to be installed in Iowa and the name of the third party or parties to be used.

The third-party agency (or agencies) shall also notify the commissioner that they have entered into a contract to perform services with the manufacturer.

Third-party approvals are required for plan and design approval, plant facilities approval and a continuing inspection of units during manufacture.

The manufacturers shall submit plans to the third-party agency or agencies for review and approval. After the plans, the plant facilities, and an inspection procedure have been approved by the third-party agency or agencies the manufacturer shall submit a compliance certificate on the form supplied by the commissioner for each model or model group. The commissioner will assign an Iowa approval number for those models included in the approval.

At the time of production of units for installation in Iowa the manufacturer shall obtain from the commissioner Iowa insignia seals for manufacture and installation, to be attached to the units at the time of manufacture and installation, as well as code compliance and installation certificates.

16.610(8) Requirements and procedures for obtaining third-party agency approval.

a. The commissioner or the commissioner’s designated representative shall be responsible for approving any person, state or organization who submits an application to the commissioner for approval and whose application is accompanied by written material evidencing that said agency is:

5. The portion of the unit which was actually inspected during an in-plant inspection.

16.610(10) *Third-party agency documentation and plan verification.* The third-party agency will be responsible for the investigation, evaluation, review of test results, of plans and documents, and each revision thereto submitted to the agency by the manufacturer with which it has a contract for compliance with applicable requirements set forth in this code. Such a review shall include but not be limited to:

a. All documentations and plans shall indicate the manufacturer's name, office address, and manufacturing facility address.

b. Manufacturer's plans shall show all elements relating to specific systems on drawings properly identifiable.

16.610(12) *Third-party agency in-plant inspections.* To ensure compliance with the approved specifications and plans and the Iowa state building code and in conjunction with monitoring each manufacturer's quality control program, every approved third-party agency shall:

a. Maintain a record of inspections and such records shall be reported to the commissioner every quarter and include the seal report.

b. Witness and verify all required testing in accordance with the quality control manual.

c. Certify that all seals are being attached as required and only after each unit meets the code requirements.

d. Prepare a detailed inspection manual that specifies the third-party agency procedures in making the required inspections and have this manual available for use by the commissioner or the commissioner's representative when periodic monitoring is performed.

e. One hundred percent inspection is not required, however some part of every unit is required to be inspected. A complete inspection of a typical structural, plumbing, heating and electrical system shall be made each visit to the manufacturing facility.

16.610(13) *Reapproval of third-party agencies.* Any agency approved by the commissioner or the commissioner's designated representative must file for reapproval annually. Such application for reapproval may be filed at any time from the forty-fifth day prior to the scheduled annual expiration date of the current approval. The applying third-party agency seeking reapproval shall completely and accurately furnish all pertinent information as is necessary to make current the information previously submitted to the commissioner or the commissioner's representative as part of its original application for approval and all subsequent applications for reapproval. The application for reapproval shall then become a permanent record of the department administering the provisions of the code. Should there be no change in the status of the applying agency from its original application for approval, an affidavit to that effect shall suffice for consideration of approval.

16.610(14) *Requirements and procedures for modular manufacturers.*

a. Every manufacturer shall be responsible for all corrective actions required and the contractual agreement that each has with the approved third-party agency shall not diminish this responsibility.

b. Every manufacturer shall notify the building code commissioner that the manufacturer's facility desires to construct units which are to be installed in the state of Iowa.

c. Every manufacturer shall contract with an approved third-party agency to perform all duties listed in 5.610(9), 5.610(10), 5.610(11), and 5.610(12). The commissioner will furnish a list of approved third-party agencies upon request.

Whenever additional models or changes are proposed, the manufacturer shall file additional certificates of compliance or request that additions be made to existing model lists.

e. Every manufacturer shall notify the commissioner in writing within 60 days after the effective date of this code, the current Iowa approval(s) number that the manufacturer has been assigned and the models which will be manufactured to these standards. Approvals which have not been reaffirmed within this 60-day period shall be considered to be canceled.

f. Every manufacturer shall purchase Iowa seals from the office of the commissioner in accordance with requirements of 5.610(22).

16.610(16) *Changes and alterations to factory-built structures.*

a. Changes to approved plans, drawings or installation instructions proposed by the manufacturer or third-party agency are to be requested in writing and submitted to the building code commissioner. All work being performed in the manufacturing plant that is affected by these changes will not proceed until written approval is received from the commissioner. Where these changes do not affect code compliance, then approval is permitted when changes are authorized through the third-party agency and said changes are then incorporated into the design documents.

b. The commissioner shall notify the manufacturer and the third-party agency of all amendments, deletions or additions to the code provisions and the commissioner shall allow the manufacturer a reasonable time frame in which to submit a request for a change in plan approval, if required, in order to conform to the code change.

c. Basic changes in manufacturing facility locations, company name or address changes, and changes resulting in companies changing ownership or dissolving their business are all to be reported

promptly to the commissioner, in writing, generally within a two-week period after said change was made. The manufacturer shall also notify the third-party agency of said changes.

d. Alterations to factory-built structures pursuant to the construction, plumbing, heat producing, electrical equipment or installation or fire safety in a unit after an Iowa seal has been affixed are all considered to be subject to the same requirements that exist for any structure within the local jurisdiction.

e. The following shall not constitute an alteration to a factory-built structure.

- (1) Any repairs to approved component parts.
- (2) Conversion of listed fuel-burning appliances in accordance with the terms of their listing.
- (3) Adjustment and maintenance of equipment installed in the factory-built structure.
- (4) Replacement of equipment in kind.

16.610(17) Certificate of compliance. The manufacturer shall provide the building code commissioner with a certificate of compliance for each model or model group of the approved modular design. This certification shall include the following:

- a.* Model or model group number which will appear on the data plate and compliance certificate.
- b.* The signature of an authorized representative of the manufacturer.
- c.* The name of the third-party agency certifying compliance with the code, for each of the three certifications.

d. Evidence of code compliance certified by the third-party agencies, for the specific model or model group being submitted.

16.610(18) Limitations. For all types of structures other than one- and two-family dwellings, there shall be, with the certificate of compliance, an attached statement which sets out the limitations of the structure based on site conditions, type of construction, area, and height limitations. A statement to the effect that the structure should not be used except where it meets these conditions will not be acceptable.

16.610(19) Code compliance and installation certificates. Code compliance and installation certificates approved for use are available at the Web site of the building code bureau when seals are purchased pursuant to subrule 16.610(22). The manufacturer shall complete the certificate and distribute it as follows:

- a.* A copy shall be returned to:
State Building Code Bureau
Department of Public Safety
215 East Seventh St.
Des Moines, Iowa 50319
- b.* A copy shall be retained for plant records and shall be used to make additional copies if necessary. An additional copy shall accompany other shipping documents carried by the transporter and be available for inspection by any authorized official or department.
- c.* A copy of the compliance certificate shall be forwarded to the dealer, distributor, or any other person who is required to obtain a local building permit or to oversee installation.

16.610(20) Installation certificates. The installation certificate portion of the supplied combination certificate (see subrule 16.610(19)) shall be partially completed by the manufacturer at the same time the code compliance certificate is prepared and made part of the documents shipped with the unit and shall be completed by the local building official or the installer.

a. When a building permit is required, a copy of the code compliance certificate shall be presented to the local building official at the time application for a permit is made. The building official shall sign the certificate and send a copy to the commissioner at the address designated in this rule.

b. When a building permit is not required, the code compliance certificate shall be signed by the installer and forwarded to the commissioner at the address designated in this rule.

16.610(21) Certification seals. There shall be two seals attached to every factory-built structure which is installed in Iowa.

a. Every module, unit, section, or component shall have a state seal securely affixed at the manufacturing facility to show that the manufactured unit is in compliance with the code. When components and systems are included within a module, section or unit and have been approved by the third-party agency to be part of that module, section or unit, only one seal is required for the module,

section, or unit. A series of panels which make up the final unit when assembled at the site, and where approved in that manner, require only one seal.

b. Every completed unit when installed at the final site shall have an installation seal attached to show that the installation is in compliance with the requirements of this code.

16.610(22) Seals.

a. Seal issuance. The state seal shall be issued by the state building code commissioner upon application and after approval of the plans and manufacturing procedures has been certified by the third-party agency evidencing compliance with this code. Applications for seals shall be made to the commissioner on the supplied form and shall include the following:

- (1) Number of seals requested.
- (2) Iowa model or system approval numbers.
- (3) Reference to approval of manufacturing procedures and third-party agency or agencies involved.
- (4) A statement by the applicant that consent is given for inspection and investigation at all reasonable hours.

(5) Applicable seal fees.

b. Seal reporting. Manufacturers shall notify the commissioner monthly of the use of seals by the manufacturers' facilities. This information shall be on a form approved by the commissioner and shall contain adequate information to determine the following:

- (1) Seal number.
- (2) Serial number of the unit on which the seal was placed.
- (3) Make and model of the unit on which the seal was placed.
- (4) Number of sections that comprise the finished unit.
- (5) Location to which the unit was shipped.

16.610(23) Number of seals required. Each modular building shall have a seal attached to every section or unit of the building.

16.610(24) Seal placement on modular units. Every seal shall be assigned and securely affixed to a specific section or unit. Assigned seals are not transferable and are void when not affixed as assigned. All seals not properly affixed shall be returned to or may be confiscated by the commissioner. The seal shall remain the property of the commissioner in the event of violation of the conditions of approval. Every seal shall be placed on and affixed to each section or unit in a readily visible location within the unit.

16.610(25) Denial and repossession of seals. Should investigation or inspection reveal that a manufacturer is not constructing modular units in accordance with the plans approved by the third-party agency, and such manufacturer, after having been served with a notice setting forth in what respect the provisions of these rules and the code have been violated, continues to manufacture units in violation of these rules and the code, applications for new seals shall be denied and the seals previously issued shall be confiscated. Upon satisfactory proof of compliance such manufacturer may resubmit an application for seals.

16.610(26) Seal removal. In the event that any unit bearing the seal is found to be in violation of the code, the commissioner may remove the seal (after furnishing the owner or the owner's agent with a written statement of such violations). No new seals shall be issued until proof of corrections has been submitted to the commissioner.

16.610(27) Lost or damaged seals. When or if a seal has been lost or damaged, the commissioner shall be notified immediately in writing by the manufacturer. The manufacturer shall identify the unit serial number, and when possible, the seal number.

a. All seals that are damaged shall be promptly returned to the commissioner.

b. Lost and damaged seals shall be replaced by the commissioner with a new seal upon payment of the seal fee as provided in this section.

16.610(28) Return of seals. When a manufacturer discontinues production of a unit carrying plan approval, the manufacturer shall within ten days advise the commissioner of the date of such

discontinuance and either return all seals allocated for such discontinued unit or assign said seals to other approved units.

16.610(29) Fees.

a. Form of remittance. All remittances shall be:

- (1) In the form of checks or money orders;
- (2) Made payable to Iowa Department of Public Safety; and
- (3) Addressed to:

State Building Code Bureau
Department of Public Safety
215 East Seventh St.
Des Moines, Iowa 50319

b. Seal fees.

Modular code compliance seals	\$30 per seal
Modular installation seals	\$15 per seal

c. Other fees. A fee equal to the direct expense shall be charged for all other services furnished by the commissioner which are not direct administrative duties of the commissioner's office, including but not limited to obtaining consultants for review and evaluation of applications or obtaining reviews from the national code writing organizations.

16.610(30) Local issuance of building permits.

a. The issuance of building permits and occupancy permits shall be in accordance with local ordinances and Iowa Code sections 103A.19 and 103A.20.

b. Local building codes and regulations shall apply to all parts of any project which are not included in the state approval of either the manufactured structure or the installation procedure.

c. Nothing in these rules or the state building code exempts any factory-built structure from the requirements of local zoning or site condition requirements.

16.610(31) Noncompliance to code provisions. Any noncompliance or unauthorized deviation with the provisions of this code from the approved plans or production procedures shall be just cause for the revocation of the plan approval and the return of the seals.

PART 2—MANUFACTURED HOUSING

661—16.620(103A) Manufactured home construction. (Previously called mobile home.)

16.620(1) Authority to promulgate rules. Pursuant to Public Law 93-383, Section 604, of the National Manufactured Home Construction and Safety Act of 1974, specified in 42 U.S.C. 5403 and signed into law on August 22, 1974, the authority to promulgate rules and regulations in order to establish federal manufactured home construction standards and procedures of enforcement were established by Congress and subsequent provisions for their implementation were so granted to the United States Department of Housing and Urban Development (HUD). Title VI of this Act authorizes the secretary of HUD to promulgate the federal standards and to issue the rules and regulations to ensure adequate administration and enforcement of such standards.

16.620(2) Scope and applicability.

a. Provisions contained within Part 2 shall apply to all factory-built structures defined as a "manufactured home" in subrule 16.620(4) of Part 2. These regulations shall govern manufactured homes that enter the first stage of production on or after June 15, 1976, and manufactured homes that entered the first stage of production prior to June 15, 1976, to which HUD (Department of Housing and Urban Development) labels were affixed. These provisions supersede all local, state, or other governmental regulations for manufactured home standards and are applicable for every manufactured

home unit newly manufactured and offered for sale in the United States and its governing territories. These provisions do not apply to the following:

(1) Factory-built structures which comply with the requirements of Division VI, Part 1 of the state building code.

(2) Manufactured homes manufactured for installation in the state of Iowa on or after February 1, 1973, and prior to June 15, 1976.

b. Construction of multifamily manufactured homes, manufactured home add-on units, and temporary field construction offices will be covered by the provisions of Division VI, Part 2, however, the administration and the enforcement of the rules and regulations will apply as specified in Division VI, Part 1 for modular structures. These units will not bear a seal issued by the Department of Housing and Urban Development, but will bear an Iowa seal and be governed by all seal provisions outlined accordingly in Division VI, Part 1.

16.620(3) *Manufacture of units prior to June 15, 1976.* Manufactured home units, add-on units, multifamily manufactured homes and temporary field construction offices that were manufactured for installation in Iowa prior to June 15, 1976, which established the effective date of the HUD standard, shall have been constructed to the standards of manufactured homes of the Iowa state building code which was in effect at the time of manufacture.

16.620(4) *Definitions and terms.* Terms and definitions for purposes of clarification when used in Part 2. (See also subrule 16.610(3).)

“Anchoring equipment.” Straps, cables, turnbuckles, clamps, clips, and other fasteners including tensioning devices, which are used with ties to secure a manufactured home to ground anchors.

“Anchoring system.” A combination of ties, anchoring equipment, and ground anchors that will, when properly designed and installed, resist overturning and lateral movement of the manufactured home from wind forces.

“Approved installer.” Approval by the commissioner or the commissioner’s designated representative of a person, dealer, agency or organization, qualified to inspect, or install ground anchoring and support systems for manufactured homes or other manufactured structures, who installs units, for others, at a site of occupancy by attaching support and anchoring systems, and is familiar with and has agreed to comply with these installation procedures.

“Certificate, installation.” The certificate provided by the installer to both the commissioner and the owner which warrants that the installation system complies with these rules. When an installer installs only the support system or anchorage system, an installation certificate shall also be completed and copies distributed accordingly for each installation and with the applicable information completed on the certificate pertinent to that type of installation (see subrule 16.623(5)).

“DAPIA.” A design inspection agency approved by HUD to perform in-plant design reviews on all drawings and specifications in order to provide compliance to the HUD standard for manufactured home construction.

“Diagonal tie (frame tie).” A tie intended primarily to resist horizontal or shear forces and which may secondarily resist vertical, uplift, and overturning forces.

“Ground anchor.” Any device at the manufactured home site designed to transfer manufactured home anchoring loads to the ground.

“IPIA.” A production inspection agency approved by HUD to perform the in-plant quality assurance inspection programs within manufactured home manufacturing facilities.

“Label or certification label.” The approved form of certification by the manufacturer that is affixed to each transportable section of each manufactured home manufactured for sale to a purchaser in the United States or its governing territories.

“Main frame” (Chassis). The structural component on which is mounted the body of the manufactured home.

“Manufactured home.” (Previously called mobile home.) A structure transportable in one or more sections which when erected on site measures 8 body feet or more in width and 40 body feet or more in length or when erected on site is 320 or more square feet in area, and which is built on a permanent chassis and designed to be used as a dwelling unit with or without a permanent foundation when connected to the

required utilities and includes the plumbing, heating, air conditioning and electrical systems contained therein.

“Manufactured home add-on.” A structure which is designed and produced and to be made an integral part of a manufactured home and will be considered part of the manufactured home, when attached thereto.

“Manufacturer’s statement of origin” means a certification signed by the manufacturer or importer that the manufactured home described has been transferred to the person or dealer named and that the transfer is the first transfer of the manufactured home in ordinary trade and commerce. In addition to the information required by the Iowa Department of Transportation definition 761—subrule 421.1(2), the label number required by the federal regulations Section 3282.362(c)(2) 24 CFR Chapter XX shall be included. (This number is commonly known as the HUD number.) The terms “manufacturer’s certificate,” “importer’s certificate,” “MSO” and “MCO” shall be synonymous with the term “manufacturer’s statement of origin.”

“Multifamily manufactured home.” Manufactured homes designed and manufactured with more than one living unit.

“Pier.” That portion of the support system between the pier foundation and the manufactured home exclusive of caps and shims.

“Pier foundation (footing).” That portion of the support system that transmits loads directly to the soil, and shall be sized to support the loads shown herein.

“SAA.” A state administrative agency approved by the Department of Housing and Urban Development to participate in the enforcement of all provisions to which a manufactured home is regulated under the HUD standard.

“Seal, installation.” Is an insignia issued by the commissioner which is attached to a manufactured home by the installer to certify that the installation is in compliance with the requirements of the state building code.

“Stabilizing system (tie-down system).” A combination of the anchoring system and the support system when properly installed. Therefore, components of the anchoring and support systems such as piers, pier foundations, ties, anchoring equipment, anchors, or any other equipment which supports or secures the manufactured home to the ground, shall be defined as stabilizing devices. For the purposes of this code the definition of a stabilizing system and the definition of a tie-down system shall be one and the same.

“Support system.” A combination of pier foundations, piers, caps, and shims that will, when properly installed, support the manufactured home.

“Temporary field construction office.” A factory-built structure used at a construction site as an office facility by the personnel engaged in the construction of another structure or project. The intent of this structure is to remain on the job site only as long as necessary during the construction and then be removed before construction is completed.

“Tie.” Strap, cable or securing device used to connect the manufactured home to ground anchors.

“Tie-down system (stabilizing system).” Means a ground support system and a ground anchoring system used in concert to provide anchoring and support for a manufactured home.

“Vertical tie (over-the-top).” A tie intended to resist the uplifting and overturning forces. This tie may continue over-the-top but if properly attached may only extend partway up each side.

16.620(5) Administration. This section covers the basic requirements for constructing manufactured homes and all of the administrative procedures under which the manufactured home program functions including information pursuant to certification, approval and manufacturing requirements. This section also applies to those structures defined in subrule 16.620(4) of Part 2 as manufactured home add-on units, temporary field construction offices and multifamily homes. There are also included within Part 2, (661—16.621(103A)) sections dealing with installation procedures and information pursuant to the handling of consumer complaints (16.620(15)) consistent with the duties of the state of Iowa to be performed as a State Administrative Agency (SAA) in conjunction with the manufactured home program.

16.620(6) Manufactured home construction requirements. All factory-built structures that are defined as a manufactured home under subrule 16.620(4) of Part 2, shall be constructed to the standards

as promulgated by the United States Department of Housing and Urban Development hereafter referred to as HUD. These standards were published as final rules in the December 18, 1975, issue of the Federal Register, Volume 40, No. 244, and will be amended from time to time. These standards are herein adopted and apply to all manufactured homes manufactured after June 15, 1976. All provisions for manufactured home procedural and enforcement regulations are covered within the May 13, 1976, Federal Register, Volume 41, No. 94. All factory-built structures defined as a manufactured home by the federal standard shall be manufactured and so regulated by these documents.

16.620(7) *Procedures of approval for manufactured homes.* Every manufactured home unit or structure approval will follow the method of third-party certification approval with all approvals obtained through the HUD secretary. All manufactured home plans, specifications, documentation, plant facilities and in-plant inspections must be submitted to and approved by a third-party certification agency so designated by the HUD secretary. Rules and regulations pursuant to these procedures are outlined in the manufactured home procedural and enforcement regulations, Parts 3282.201 through 3282.204 which set out requirements to be met by states or private organizations which wish to qualify as primary inspection agencies (see subrule 16.620(4) of Part 2 definitions for IPIA and DAPIA).

16.620(8) *Compliance certification.* Every manufactured home unit or structure must conform to the certification requirements within section 3282.205 of the manufactured home procedural enforcement regulatory document.

16.620(9) *Certification seals (labels) and other seal requirements.* Every manufactured home unit or structure must conform to the requirements within the manufactured home procedural and enforcement regulatory document section 3282.362(c)(2) in lieu of Iowa insignias. Other types of units manufactured under the requirements of Division VI, Part 2, will be labeled as prescribed in subrules 16.620(10), 16.620(11) and 16.620(12).

16.620(10) *Manufactured home add-on units.* Every factory-built structure manufactured as a manufactured home add-on unit as defined in subrule 16.620(4) of Part 2 shall be constructed to the standards set forth in subrule 16.620(6) of Part 2 except that these units will bear an Iowa seal in accordance with the provisions of the Iowa state building code, Division VI, Part 1. Manufacturers of manufactured home add-on units with the exception of constructing to the HUD standard, which has been herein adopted for these units, must comply with all other provisions of the Iowa state building code as described within Division VI, Part 1, for the factory-built structures.

16.620(11) *Multifamily homes.* Every factory-built structure manufactured as a multifamily home within the definition contained in subrule 16.620(4) of Part 2 shall be constructed to the standards set forth in subrule 16.620(6) of Part 2 except that these units will bear an Iowa seal in accordance with the provisions of the Iowa state building code, Division VI, Part 1. Manufacturers of multifamily homes, with the exception of constructing units to the HUD standard which has herein been adopted for these units, must comply with all other provisions of the Iowa state building code as described within Division VI, Part 1, factory-built structures.

16.620(12) *Temporary field construction offices.* Every factory-built structure manufactured as a temporary field construction office within the definition as contained in subrule 16.620(4) of Part 2 shall be constructed to the standards set forth in subrule 16.620(6) of Part 2 except that these units will bear an Iowa seal in accordance with the provisions of the Iowa state building code, Division VI, Part 1. Manufacturers of temporary field construction offices, with the exception of constructing units to the HUD standard which has herein been adopted for these units, must comply with all other provisions of the Iowa state building code as described within Division VI, Part 1, factory-built structures.

16.620(13) *Seal types for manufactured home add-on units, temporary field construction offices and multifamily homes.* When ordering seals for manufactured home add-on units, temporary field construction offices or multifamily manufactured homes, each manufacturer will indicate the number of each type of seal requested and the letter prefix required. Examples of seals issued are as follows: (A00-0000MH), (B00-0000MH), C, D, and E, etc. Single units are without prefix letters (00-0000MH). For more details, see Division VI, Part 1, subrule 16.610(21).

It is noted that manufactured home type seals shall be attached to all of these type units. All other procedures for seal issuance, removal, damage, repossession and return are to conform with provisions of this code as outlined in Division VI, Part 1.

16.620(14) *Noncompliance.* Failure to conform to the provisions of Part 2 as they apply to the federal standard for the construction of manufactured homes is subject to the penalties where applicable as set forth within Division VI, Part 1. The state of Iowa having adopted the federal standard and the enforcement regulations shall participate in the federal program as an agent of HUD thereby providing assurances to ensure code compliance when these units are offered for sale for subsequent installation within the state of Iowa.

16.620(15) *Consumer complaints.* The state building code bureau serving as an approved State Administrative Agency (SAA) for the Federal Department of Housing and Urban Development shall receive complaints and process them in accordance with the requirements of the federal regulations as outlined in subpart I, paragraph 3282.401, entitled, "Consumer Complaint Handling and Remedial Actions of the Manufactured Home Procedural and Enforcement Document." These specific complaints are categorized as possible imminent safety hazards or possible failures to conform to the federal standard. Imminent safety hazards shall be those items that could result in an unreasonable risk of injury or death to the occupants of the manufactured homes. Failures to conform to the federal standard are those items that do not result in an unreasonable risk of injury or death to the occupants of manufactured homes, but nevertheless do not meet the provisions of the federal standard in some specific manner.

661—16.621(103A) Installation of manufactured homes.

16.621(1) *Authority.* These rules and regulations are to establish minimum requirements for the installation of manufactured homes as authorized by Iowa Code section 103A.7, subsection 3, section 103A.9, and sections 103A.30 to 103A.33.

16.621(2) *Application.*

a. These rules apply to the initial installation of manufactured homes manufactured on or after February 1, 1973, and to factory-built structures manufactured homes before February 1, 1973, which have never been installed in Iowa, and are approved by the commissioner.

b. These rules apply to all manufactured homes, new or used, which are sold in Iowa or sold to be installed in Iowa after September 1, 1977, for new manufactured homes and January 1, 1978, for used manufactured homes. The seller shall provide an approved tie-down system and the purchaser shall install or have the system installed within 150 days (see subrule 16.620(4) for the definition of a tie-down system). The 150-day period is designated for time to complete the installation when climatic conditions may restrict the completion of the tie-down system.

c. These rules apply to the installation of manufactured home add-on units, temporary field construction offices and manufactured multifamily homes.

d. These rules shall apply to any person doing any work on any part of the tie-down system (both support or anchorage systems) whether the unit is being sold or not.

16.621(3) *Enforcement.* The commissioner shall administer and enforce these provisions. Any person, agent, or organization approved and authorized by the commissioner may inspect any installation system and equipment to ensure compliance with these regulations. Evidence of compliance shall be supported by the submission to the commissioner of a certificate of installation. One copy of such certificate will remain in possession of the owner of the installed structure.

16.621(4) *Manufactured home installation instructions.* Every manufactured home manufacturer which manufactures manufactured homes for installation in Iowa shall provide the commissioner with a reproducible copy of printed instructions of installation for each specific make and model of manufactured home which is to be installed in Iowa. These instructions shall include copies of the materials which have been certified by a registered professional engineer for compliance with the federal manufactured home construction standards and 3280.306(a)(2), 3280.306(b), and 3280.303(c) of the regulatory standards. The manufacturer's installation instructions shall also be available at the installation site.

16.621(5) Approvals and procedures. Requirements for approval of installers, support and anchorage systems, seals and certificates are described in the remaining sections of this part.

661—16.622(103A) Certification of manufactured home installers. Rescinded IAB 7/2/08, effective 7/1/08.

661—16.623(103A) Installation seal and certificate procedures for manufactured homes.

16.623(1) Application for seals. Any installer who has met the applicable requirements of 661—Chapter 374 may apply for installation seals as needed. Such seals may be obtained from the commissioner or local building officials or building department who is a participant in the state's installation program.

16.623(2) Manufactured home installation certificates. The installer of manufactured homes shall supply the building code commissioner and the owner of the unit with the signed and completed installation certificate which has been issued by the Iowa building code commissioner, within 30 days of affixing the Iowa installation seal.

16.623(3) Obtaining installation certificates. Any person who installs a tie-down system or any portion thereof shall be supplied with the installation certificate forms when ordering installation seals and the payment of the appropriate fee.

a. Installers who are not listed as an installer shall be supplied the proper form to be attached to the copy of the installation certificate to be filed with the commissioner, which will record compliance with the approved system.

b. Reserved.

16.623(4) Placement of installation seal. The installation seal shall be placed in a readily visible location on the rear of the unit. Those units manufactured after June 15, 1976, shall have the installation seal placed adjacent to the federal (HUD) label. Those units manufactured before June 15, 1976, shall have the installation seal placed at the left rear corner above any skirting.

Multiple width units require only one seal for the completed installation. Additions which are added after the initial installation shall have an installation seal on that portion.

16.623(5) Denial and repossession of installation seals. Should investigation or inspection reveal that an approved installer has not installed an anchoring system, support system, or the complete tie-down system according to these rules and the code, the commissioner may deny such installer's application for new installation seals and any installation seals previously issued shall be confiscated. Upon satisfactory proof of modification of such installation bringing them into compliance, such dealer or installer may resubmit an application for installation seals.

16.623(6) Seal removal, installation. Should a violation of the rules regarding installation be found, the commissioner may remove the installation seal after furnishing the owner or a designated agent with a written statement of such violation. The commissioner shall not issue a new installation seal until corrections have been made and the owner or a designated agent has requested an inspection pursuant to 16.625(1).

16.623(7) Lost or damaged seals, installation. When an installation seal is lost or damaged, the commissioner shall be notified in writing. Damaged or lost installation seals shall be replaced by the commissioner upon payment of the replacement installation seal fee as provided in rule 661—322.20(103A).

16.623(8) Return of seals, installation. When a dealer or installer discontinues the installation of manufactured homes, the dealer or installer shall notify the commissioner within ten days of the date of such discontinuance and return all unused installation seals which have been issued to the dealer or installer. Installation seals may not be transferred by any dealer or installer after being issued to that dealer or installer.

16.623(9) Seals for existing manufactured homes. Seals may be obtained for existing manufactured homes that are tied down in accordance with the requirements of rule 661—16.627(103A).

661—16.624 Reserved.

661—16.625(103A) Inspections and fee structure. Rescinded IAB 7/2/08, effective 7/1/08.

661—16.626(103A) Support and anchorage of manufactured homes. Rescinded IAB 7/2/08, effective 7/1/08.

661—16.627(103A) Approval of existing manufactured home tie-down systems. This rule is to provide a method by which manufactured homes which have been installed prior to August 12, 1983, can be sold without requiring a new tie-down system to be installed and to allow existing manufactured homes which are properly supported and anchored to be sold without installing new support and anchorage systems.

16.627(1) Sale of a certified unit.

a. The commissioner shall be notified in writing by the seller of the change of ownership when any manufactured home sold after August 12, 1983, remains in the same location. The installation seal shall remain in place and a copy of the installation certificate shall be supplied to the new owner. Replacement seals and certificates may be obtained if necessary (see subrule 16.623(9)).

b. A certified manufactured home sold after August 12, 1983, which is moved to a new location must obtain a new certificate and seal. However, the existing support and anchorage system may be used if the installer verifies the conditions of use and the installation procedures of the existing systems are met at the new location.

16.627(2) Sale or acceptance of installed existing units as an owner's option. Application may be made to the commissioner for approval of an existing manufactured home support and anchor system on one of the following conditions:

a. If the support and anchorage systems were installed by an approved installer and are approved systems.

b. If the existing support and anchorage system has been inspected by an approved installer and the installer attests by signing the installation certificate that to the best of the installer's knowledge, the existing systems are equal to or better than the minimum requirements of this code.

c. If the existing support and anchorage systems are inspected and approved by a registered engineer or architect, and attested to in writing.

d. If the existing support and anchorage systems are inspected by a field inspector with the Iowa state building code and the existing systems are found to be equal to or better than the minimum requirements of this code.

If compliance is met by one of the above procedures and payment of the required fee has been paid, an Iowa installation seal and certificate may then be issued.

661—16.628(103A) Procedure for governmental subdivisions for installation of factory-built structures. Any governmental subdivision which has adopted the state building code or any other building code is required to enforce the state building code requirements for the installation of factory-built structures (see Iowa Code section 103A.9(7)).

Governmental subdivisions who are issuing building permits and are inspecting construction for compliance with the local building regulations shall verify the installation of factory-built structures within their jurisdiction and shall sign the installation certificate and forward the appropriate copy to the commissioner.

1. The local official shall obtain the installation certificate and the installation seal from the person making application for a building permit which includes a factory-built structure.

2. Upon completion and review of the installation the local official shall attach the installation seal to the unit.

3. Governmental subdivisions are permitted to assess fees as may be required by local ordinances.

4. Nothing in this rule is intended to reduce the authority of the governmental subdivision from establishing zoning regulations as outlined in Iowa Code sections 414.28 and 335.30.

661—16.629(103A) Support and anchoring systems submission.

16.629(1) *Submission by manufacturer.* The manufacturer of each manufactured home installed in Iowa shall submit to the building code commissioner a copy of the installation instructions by mail in printed form and in an electronic form acceptable to the commissioner.

16.629(2) *Submission by licensed professional engineer.* A licensed professional engineer who designs a support and anchoring system for use in the installation of a manufactured home in Iowa shall submit to the building code commissioner a copy of the specifications and instructions for the system by mail in printed form and in an electronic form acceptable to the building code commissioner. A support and anchoring system designed by a licensed professional engineer shall not be utilized unless it has been submitted to the building code commissioner in compliance with this subrule.

CHAPTER 18
PARKING FOR PERSONS WITH DISABILITIES

661—18.1(321L) Scope. These rules shall apply to all public and private parking facilities, temporary or permanent, used by the general public.

661—18.2(321L) Location. Parking spaces designated for persons with disabilities and accessible passenger loading zones that serve a particular building shall be located on the shortest possible accessible circulation route to an accessible entrance of the building. In separate parking structures or lots that do not serve a particular building, parking spaces for persons with disabilities shall be located on the shortest possible circulation route to an accessible pedestrian entrance of the parking facility. When parking spaces for persons with disabilities are required for buildings with more than one accessible entrance, the spaces shall be distributed so that each accessible entrance shall have at least one parking space for persons with disabilities located on the shortest accessible route to that entrance.

EXCEPTION: If the required number of spaces is less than the number of accessible entrances, the spaces shall be distributed so that as many entrances as possible are served by at least one parking space for persons with disabilities located on the shortest accessible route to those entrances.

661—18.3(321L) Dimensions.

18.3(1) Single space. Parking spaces for persons with disabilities shall be at least 96 inches wide and shall have an adjacent access aisle 60 inches wide minimum (see Figure 1). Parking vehicle overhangs shall not reduce the clear width of an accessible circulation route. Parking spaces and access aisles shall be level with surface slopes not exceeding 1:50 in all directions.

18.3(2) Multiple spaces. Two accessible parking spaces may share a common access aisle (see Figure 1).

18.3(3) The requirements of subrules 18.3(1) and 18.3(2) do not apply to parallel on-street parking spaces.

Figure 1

Dimensions of Parking Spaces

Figure 2

Access Aisle at Passenger Loading Zones

18.3(4) Van-accessible spaces. The first parking space for persons with disabilities provided in a parking lot or parking structure, and every eighth parking space for persons with disabilities provided thereafter, shall be a van-accessible space. A “van-accessible” space shall be 96 inches wide with an adjacent access aisle at least 96 inches wide (see Figure 3). Two adjacent van-accessible spaces may share a common access aisle.

EXCEPTION: Entities providing parking spaces for persons with disabilities are not required to provide van-accessible spaces if all of the parking spaces for persons with disabilities provided in a parking lot or structure are “universally accessible.” A “universally accessible” space is at least 132 inches wide with an adjacent 60-inch wide access aisle. Two adjacent universally accessible spaces may share a common access aisle (see Figure 4).

Figure 3
Van-Accessible Space at End of Row

Figure 4
"Universal" Accessible Parking Spaces

661—18.4(321L) Access aisles and loading zones.

18.4(1) Passenger loading zones shall provide an access aisle at least 48 inches wide and 20 feet long adjacent and parallel to the vehicle pull-up space (see Figure 2). Vehicle standing spaces and access aisles shall be level with surface slopes not exceeding 1:50 in all directions.

NOTE: Projects which are required to comply with the Uniform Federal Accessibility Standards shall provide a width of 60 inches for the access aisle.

18.4(2) A minimum vertical clearance of 108 inches shall be provided at accessible passenger loading zones and along vehicle access routes to such areas from site entrances.

NOTE: Uniform Federal Accessibility Standard requires 114 inches of vertical clearance.

18.4(3) If there are curbs between the access aisle and the vehicle pull-up space, then a curb ramp complying with Iowa Code section 216C.9 shall be provided.

661—18.5(321L) Designation. Each parking space for persons with disabilities shall be designated as reserved for persons with disabilities by a sign meeting the following requirements established in Iowa Code section 321L.6:

18.5(1) Each persons with disabilities parking sign shall have the international symbol of accessibility in white on a blue background.

18.5(2) Each persons with disabilities parking sign shall be affixed vertically to another object so that it is readily visible to the driver of a vehicle approaching the parking space for persons with disabilities.

Signs shall be mounted so that the bottom of the sign is no less than five feet nor more than seven feet from the surface level of the parking space.

EXCEPTION 1: Signs in use prior to February 1, 2001, which are readily visible to the driver of a vehicle approaching the parking space may continue to be used until replaced.

EXCEPTION 2: Signs marking parking spaces for persons with disabilities which are affixed to other approved parking signs and devices are not required to meet the minimum or maximum height requirements of this rule, provided that the signs are clearly visible to the drivers of vehicles approaching the spaces which they mark.

NOTE: The pavement in a persons with disabilities parking space may be marked with the international symbol of accessibility, but such marking does not meet the requirements of this subrule.

18.5(3) Each persons with disabilities parking sign may include language stating the amount of the fine for improperly using the persons with disabilities parking space. If a persons with disabilities parking sign includes language stating the amount of the fine, it shall reflect the current specified amount of the fine.

661—18.6(321L) Numbers of parking spaces for persons with disabilities required in off-street parking facilities.

18.6(1) At least 2 percent of the total parking spaces in any off-street nonresidential parking facility available to the public shall be designated as spaces for persons with disabilities, rounded to the nearest whole number of parking spaces for persons with disabilities. There shall be at least one parking space for persons with disabilities in any off-street nonresidential parking facility available to the public which has a total of ten or more parking spaces.

18.6(2) All off-street parking facilities on which construction is completed on or after July 1, 1991, which provide parking to the general public and which provide ten or more parking spaces, shall designate parking spaces for persons with disabilities in accordance with the following table:

All public and private buildings and facilities, temporary and permanent, which are residences and which provide ten or more tenant parking spaces, excluding extended health care facilities, shall designate at least one parking space for persons with disabilities as needed for each individual dwelling unit in which a person with a disability resides. Residential buildings and facilities which provide public visitor parking of ten or

A lodging provider shall produce human trafficking prevention training records for each employee and complete employee lists upon request by the office to combat human trafficking at any time.

29.5(4) Revocation. The commissioner has authorized the office to combat human trafficking to revoke a lodging provider's certification at any time. If all employees of a certified lodging provider fail to renew their trainings every three years, the office to combat human trafficking shall remove the lodging provider from the approved list of providers and revoke the lodging provider's certification. 661—61.3(101B) Test method, performance standard, test report. Except as provided in rule 661—61.4(101B), each unique cigarette brand style submitted for certification under this chapter shall meet all of the following criteria:

61.3(1) Testing shall be conducted in accordance with ASTM (American Society for Testing and Materials) international standard E2187-04, standard test method for measuring the ignition strength of cigarettes.

61.3(2) Testing shall be conducted on ten layers of filter paper.

61.3(3) The performance standard shall require that no more than 25 percent of the cigarettes tested in a test trial shall exhibit full-length burns.

61.3(4) Forty replicate tests shall comprise a complete test trial for each cigarette tested.

61.3(5) The performance standard required by this rule shall only be applied to a complete test trial.

61.3(6) Testing shall be conducted by a laboratory that has been accredited pursuant to International Organization for Standardization/International Electrotechnical Commission Standard 17025.

61.3(7) Laboratories conducting testing in accordance with subrule 61.3(6) shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results. The testing repeatability shall be no greater than nineteen one-hundredths.

61.3(8) This rule shall not be construed to require additional testing if cigarettes are tested in a manner consistent with this chapter for any other purpose.

61.3(9) Each cigarette listed in a certification submitted in accordance with Iowa Code Supplement section 101B.5 that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard pursuant to this rule shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least 15 millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there shall be at least two bands fully located at least 15 millimeters from the lighting end and either 10 millimeters from the filter end of the tobacco column or 10 millimeters from the labeled end of the tobacco column for nonfiltered cigarettes.

61.4(1) The manufacturer of a cigarette that the department determines cannot be tested in accordance with the test method prescribed in rule 661—61.3(101B) shall propose an alternate test method and performance standard for the cigarette.

61.4(2) A manufacturer proposing an alternate test method and performance standard pursuant to this rule shall submit such proposal on a form provided by the department and shall send such form by certified mail, return receipt requested at the address specified in subrule 61.1(1).

61.4(3) The department shall approve or deny the proposed alternate test method and performance standard within 60 days of receipt of such proposal and shall send notification of such approval or denial by certified mail, return receipt requested, to the address provided by the manufacturer.

61.4(4) The department may approve an alternate test method and performance standard if the alternate test method and performance standard are determined to be equivalent to the test method and performance standard prescribed in rule 661—61.3(101B). If an alternate test method and performance standard are approved pursuant to this rule, the manufacturer may employ the alternate test method and performance standard to certify the cigarette in accordance with rule 661—61.3(101B).
[ARC 5527C, IAB 3/24/21, effective 4/28/21]

661—61.5(101B) Acceptance of alternate test method approved by another state.

61.5(1) If the department determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter, and the department finds that the officials responsible for implementing those requirements have approved the proposed alternate test method and performance standard for a unique cigarette brand style proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under a legal provision comparable to rule 661—61.4(101B), the department shall authorize that manufacturer to employ the alternate test method and performance standard to certify that cigarette for sale in this state, unless the department demonstrates a reasonable basis why the alternate test method and performance standard should not be accepted under this chapter. All other applicable requirements of this chapter shall apply to the manufacturer.

61.5(2) A manufacturer proposing an alternate test method and performance standard under this rule shall use the procedure for submitting an alternate test method and performance standard specified in rule 661—61.4(101B) and shall provide documentation verifying that the alternate test method and performance standard have been approved by another state as provided in subrule 61.5(1).

661—61.6(101B) Retention of reports of testing. A manufacturer shall maintain for a period of three years copies of the reports of all tests conducted on all certified fire safe cigarettes offered for sale and shall make copies of the reports available to the department and the office of the attorney general upon written request.

61.10(4) The manufacturer shall, upon request, make a copy of the written certification available to the office of the attorney general and the department of revenue for purposes of ensuring compliance with this chapter.

61.10(5) For each cigarette listed in a certification, a manufacturer shall pay, electronically or by mail, a fee of \$100 to the department. Checks shall be made payable to the Iowa Department of Public Safety.

61.10(6) A certification and fee submitted pursuant to this rule shall be submitted online as indicated on the state fire marshal's website or mailed to the address specified in subrule 61.1(1).

[ARC 5527C, IAB 3/24/21, effective 4/28/21]

CHAPTER 80
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES
[Prior to 2/11/09, see 661—Ch 25]

PREAMBLE

Scope. These rules are to provide notice of how the department keeps records and what the procedures are for access by the public. Nothing in these rules affects the access of information by law enforcement agencies, agencies of government or persons authorized by chapter 692 of the Iowa Code to receive information.

661—80.1(17A,22) Definition. As used in this chapter:

“Agency” means the “department of public safety.”

[ARC 7562B, IAB 2/11/09, effective 4/1/09]

661—80.2(17A,22) Statement of policy. The purpose of this chapter is to facilitate broad public access to open records. It also seeks to facilitate sound agency determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. This agency is committed to the policies set forth in Iowa Code chapter 22; agency staff shall cooperate with members of the public in implementing the provisions of that chapter.

[ARC 7562B, IAB 2/11/09, effective 4/1/09]

661—80.3(17A,22) Requests for access to records.

80.3(1) Location of record. A request for access to a record should be directed to the office where the record is kept. If the location of the record is not known by the requester, the request shall be directed to the Public Information Bureau, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

80.3(2) Office hours. Open records shall be made available during customary office hours, which are 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays, and legal holidays.

80.3(3) Request for access. A request for access to open records may be made in writing, by electronic mail, in person, or by telephone. The request shall identify the particular records sought by name or description in order to facilitate the location of the record. Mail or telephone requests shall include the name, address, and telephone number of the person requesting the information. A person shall not be required to give a reason for requesting an open record.

80.3(4) Response to requests. Access to an open record shall be provided promptly upon request unless the size or nature of the request makes prompt access infeasible. If the size or nature of the request for access to an open record requires time for compliance, the custodian shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4). The custodian shall promptly give notice to the requester of the reason for any delay in access to an open record and an estimate of the length of that delay and, upon request, shall promptly provide that notice to the requester in writing. The custodian shall also provide to the requester an estimate of any fees which will be assessed to cover the costs of complying with the request.

80.3(5) Security of record. No person may, without permission from the custodian, search or remove any record from agency files. Examination and copying of agency records shall be supervised by the custodian or a designee of the custodian. Records shall be protected from damage and disorganization.

80.3(6) Copying. A reasonable number of copies of an open record may be made in the departmental office. If photocopy equipment is not available in the departmental office where an open record is kept, the custodian shall permit its examination in that office or a nearby location and shall arrange to have copies promptly made elsewhere. An electronic copy may be provided if mutually agreeable to the custodian and the requester.

80.3(7) Fees.

a. When charged. The agency may charge fees in connection with the examination or copying of records only if the fees are authorized by law. To the extent permitted by applicable provisions of law, the payment of fees may be waived when the imposition of fees is inequitable or when a waiver is in the public interest.

b. Copying and postage costs. Price schedules for published materials and for photocopies of records supplied by the agency shall be prominently posted in agency offices. Copies of records may be made by or for members of the public on agency photocopy machines or from electronic storage systems at cost as determined and posted in agency offices by the custodian. When the mailing of copies of records is requested, the actual costs of such mailing may also be charged to the requester.

c. Search and supervisory fees. Fees may be charged for actual agency expenses in searching for and supervising the examination and copying of requested records. The custodian shall notify the requester of the hourly fees to be charged for searching for records and supervision of records during examination and copying. That hourly fee shall not be in excess of the hourly wage of an agency employee who ordinarily would be appropriate and suitable to perform these search and supervisory functions.

d. Advance deposits.

(1) When the estimated total fee chargeable under this subrule exceeds \$25, the custodian may require a requester to make an advance payment to cover all or a part of the estimated fee.

(2) When a requester has previously failed to pay a fee chargeable under this subrule, the custodian may require payment of the full amount of any fees previously owed and of any estimated fees for the new request prior to processing any new request from the requester.

[ARC 7562B, IAB 2/11/09, effective 4/1/09]

661—80.4(17A,22) Procedures for access to confidential records. This rule contains the provisions governing public access to confidential records in addition to those specified for all records in rule 80.3(17A,22). These provisions do not apply to law enforcement agencies, agencies of government or persons authorized by Iowa Code chapter 692 or 100A to receive confidential information.

80.4(1) Proof of identity. A person requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record.

80.4(2) Requests. The custodian may require a request to examine and copy a confidential record to be in writing. A person requesting access to such a record may be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

80.4(3) Reserved.

80.4(4) Request denied. When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification that is signed by the custodian and that includes:

a. The name and title or position of the custodian responsible for the denial; and

b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record and a brief statement of the reasons for the denial to this requester.

80.4(5) Request granted. When the custodian grants a request for access to a confidential record to a particular person, the custodian shall notify that person and indicate any lawful restrictions imposed by the custodian on that person's examination and copying of the record.

[ARC 7562B, IAB 2/11/09, effective 4/1/09]

661—80.5(17A,22) Requests for treatment of a record as a confidential record.

80.5(1) Any person who would be substantially or irreparably injured by disclosure of all or a part of a record to members of the public may file a request, as provided in this rule, for its treatment as a confidential record. Failure of a person to request confidential record treatment for all or part of a record does not preclude the agency from treating it as a confidential record.

80.5(2) A request for the treatment of a record as a confidential record shall be in writing and shall be filed with the custodian of that record. The request shall include an enumeration of the specific

grounds upon which examination would not be in the public interest; the specific provisions of law that authorize confidential record treatment; and the name, address, and telephone number of the person authorized to respond to any agency action concerning the request. A person filing a request shall, if possible, accompany the request with a copy of the record in question from which those portions for which confidential record treatment has been requested have been deleted. If the original record is being submitted to the agency by the person requesting confidentiality at the same time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are a confidential record. Requests for treatment of all or portions of a record as a confidential record for a limited time period shall also specify the precise period of time for which confidential record treatment is requested.

80.5(3) Failure to request. Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who has submitted business information to the agency does not request that it be withheld from public inspection under Iowa Code sections 22.7(3) and 22.7(6), the custodian of records containing that information may proceed as if that person has no objection to its disclosure to members of the public.

80.5(4) Timing of decision. A decision by the custodian with respect to the disclosure of a record to members of the public may be made when a request for its treatment as a confidential record that is not available for public inspection is filed, or when the custodian receives a request for access to the record by a member of the public.

80.5(5) Request granted or deferred. If a request for such confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant the request or to defer action upon the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record that is not available for public inspection of the pendency of that subsequent request.

80.5(6) Request denied. If a request for confidential record treatment is denied, the requester may seek review or relief under Iowa Code section 22.8.

CHAPTER 81
CRIMINAL INTELLIGENCE INFORMATION

[Prior to 11/8/06, see 661—8.201(692) to 8.207(692)]

661—81.1(692) Definitions. The following definitions apply to rules 661—81.1(692) through 661—81.5(692).

“Criminal intelligence file” means information stored in a criminal intelligence system that is compiled in an effort to anticipate, prevent, or monitor possible criminal activity on:

1. An individual who, based upon reasonable grounds, is believed to be involved in the actual or attempted planning, organization, financing, promotion, or commission of criminal acts or is believed to be involved in criminal activities with known or suspected criminal offenders.

2. A group, organization or business which, based on reasonable grounds, is believed to be involved in the actual or attempted planning, organization, financing, promotion, or commission of criminal acts, or of being illegally operated, controlled, financed, promoted, or infiltrated by known or suspected criminal offenders.

3. An incident in which sufficient articulable facts give a trained law enforcement or criminal investigative agency officer, investigator, or employee a basis to believe that a definable criminal activity or enterprise is, has been, or may be committed.

“Criminal intelligence file” does not include surveillance data as defined in Iowa Code section 692.1.

“Criminal intelligence system” means the arrangements, equipment, facilities, and procedures used for the receipt, storage, interagency exchange or dissemination, and analysis of criminal intelligence information.

“Need to know” is established if criminal intelligence information will assist a recipient in anticipating, investigating, monitoring, or preventing possible criminal activity or if criminal intelligence information is pertinent to protecting a person or property from a threat of imminent serious harm.

“Noncriminal identifying information” means information about the characteristics and associations of an identifiable person suspected of being involved in criminal activity.

“Reasonable grounds” means information that establishes sufficient articulable facts that give a trained law enforcement or criminal investigative agency officer, investigator, or employee a reasonable basis to believe that a definable criminal activity or enterprise is, has been, or may be committed.

“Right to know” is established when a recipient of criminal intelligence information is legally permitted to receive intelligence data or an intelligence assessment.

“Surveillance data” means information on individuals, pertaining to participation in organizations, groups, meetings or assemblies, where there are no reasonable grounds to suspect involvement or participation in criminal activity by any person. Noncriminal identifying information does not constitute surveillance data.

“Threat of imminent serious harm” means a credible impending threat to the safety of a person or property. A threat of imminent serious harm justifies the dissemination of intelligence data or an intelligence assessment for the purpose of protecting a person or property from the threat.

661—81.2(692) Iowa law enforcement intelligence network (LEIN) information system.

81.2(1) LEIN information system. The Iowa law enforcement intelligence network (LEIN) information system is the statewide interjurisdictional intelligence system maintained and operated by the intelligence bureau of the department of public safety, for the regular interagency exchange of criminal intelligence files. Criminal intelligence files contained in the LEIN information system may be disseminated or redisseminated by the intelligence bureau of the department of public safety, consistent with Iowa Code chapter 692.

81.2(2) Direct computer access. The commissioner of public safety may authorize a peace officer, criminal justice agency, or state or federal regulatory agency to access the LEIN information system directly via a remote computer terminal, provided that the authorized individual or agency follows

approved procedures regarding receipt, maintenance, dissemination, submission and security of information, and related training. Authorization may be provided in writing or electronically.

81.2(3) *Termination of authorization for direct computer access.* The commissioner of public safety may, at any time for good cause, terminate authorization for direct, remote computer access to the LEIN information system which has been previously approved. An individual or agency whose authorization to directly access the LEIN information system via remote computer has been terminated may appeal the termination in accordance with procedures for contested cases established in 661—Chapter 10.

81.2(4) *Reinstatement of authorization for direct computer access.* Any user whose authorization for direct, remote computer access to the LEIN information system has been terminated may apply for the authorization for access to be reinstated, provided that the problem which led to the termination has been corrected.

81.2(5) *Applications for direct computer access.* To apply for direct, remote computer access to the LEIN information system or to obtain further information about the LEIN information system, a person shall contact the Intelligence Bureau, Iowa Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or by electronic mail via the Internet at intinfo@dps.state.ia.us.

81.2(6) *Entry of information—restrictions.* Information about the political, religious, racial, or social views, associations, activities or sexual orientation of any individual shall not be entered into the LEIN information system unless such information constitutes noncriminal identifying information or is relevant to an investigation of criminal conduct or activity involving an identifiable individual.

81.2(7) *Entry of information—conformance with applicable law.* No information that is deemed unreliable because it has been obtained in violation of any applicable federal, state, or local law or ordinance, or these rules, may be entered into the LEIN information system.

81.2(8) *Dissemination.* Intelligence data from the LEIN information system may be disseminated only to peace officers, criminal justice agencies, or state or federal regulatory agencies. Intelligence data from the LEIN information system may be disseminated only when there is a right to know and a need to know in the performance of a law enforcement activity. Intelligence data from the LEIN information system shall not be disseminated to any user whose authorization to access the LEIN information system has been terminated and has not been reinstated.

EXCEPTION: Intelligence assessments may be disseminated to any agency or organization for an official purpose or to a person in order to protect a person or property from the threat of imminent serious harm as defined in rule 661—81.1(692).

81.2(9) *Redissemination of intelligence data.* An agency, organization, or person receiving intelligence data from the department pursuant to Iowa Code chapter 692 may redisseminate the intelligence data only if authorized by the agency or peace officer who originally provided the data and if the data is for an official purpose in connection with the prescribed duties of the recipient. If the agency, organization, or person receiving the information is not a peace officer, criminal or juvenile justice agency, or state or federal regulatory agency, redissemination is allowed only if such redissemination is for an official purpose and if the information is redisseminated in order to protect a person or property from the threat of imminent serious harm. The department may also place restrictions on the redissemination by the agency, organization, or person receiving the intelligence data. Any agency, organization, or person who redisseminates intelligence data pursuant to Iowa Code chapter 692 must maintain a list of the agencies, organizations, and persons receiving the intelligence data and the purpose of the redissemination. Intelligence data must be maintained separately from and should not be included in any form in any investigative or prosecutorial files.

81.2(10) *Redissemination of intelligence assessment.* An agency, organization, or person receiving an intelligence assessment from the department pursuant to Iowa Code chapter 692 may redisseminate the intelligence assessment only if authorized by the department and only if the redissemination is for an official purpose in connection with the prescribed duties of the recipient. If the agency, organization, or person receiving the intelligence assessment is not a peace officer, criminal or juvenile justice agency, or state or federal regulatory agency, redissemination is allowed only if such redissemination is to protect a person or property from the threat of imminent serious harm. The department may

also place restrictions on the redissemination by the agency, organization, or person receiving the intelligence assessment. Any agency, organization, or person who redisseminates an intelligence assessment pursuant to Iowa Code chapter 692 must maintain a list of the agencies, organizations, and persons receiving the intelligence assessment and the purpose of the redissemination. An agency, organization, or person who redisseminates information without proper authorization may be prohibited from receiving further intelligence assessments.

661—81.3(692) Criminal intelligence file security. The intelligence bureau of the department of public safety shall adopt administrative, technical, and physical safeguards, including audit trails, to ensure against unauthorized access and against intentional or unintentional damage to the LEIN information system. These safeguards shall include, but are not limited to, the following:

81.3(1) Records indicating who has been given the information, the reason for release of information, and the date of any dissemination shall be maintained until the information has been purged.

81.3(3) Where appropriate, effective and technologically advanced computer software and hardware designs shall be implemented to prevent unauthorized access.

81.3(4) Any access to criminal intelligence files and computing facilities in which the files are stored shall be restricted to authorized personnel.

81.3(5) Criminal intelligence files shall be stored in such a manner that the files cannot be modified, destroyed, accessed, purged, or overlaid in any fashion by unauthorized personnel.

81.3(6) Computer systems on which criminal intelligence files are stored shall be programmed to detect, reject, and record any unauthorized attempt to access, modify, or destroy criminal intelligence files or to otherwise penetrate the security safeguards on such a system.

81.3(7) Access to any information required to gain authorized access to criminal intelligence files, including access codes and passwords, shall be restricted only to personnel authorized to access these files. The intelligence bureau shall ensure that criminal intelligence files remain confidential when specific agreements are entered into with individuals or organizations that provide computer or programming support to the agency.

81.3(8) Procedures shall be adopted to protect criminal intelligence files from unauthorized access, theft, sabotage, fire, flood, wind, and natural or other disasters.

81.3(9) Procedures shall be adopted which establish the right of the intelligence bureau to screen and, if appropriate, reject for employment any personnel who would, if hired, have access to criminal intelligence files.

81.3(10) Procedures shall be established which allow the removal or transfer, based on good cause, of any existing employees from positions in which they have access to criminal intelligence files.

81.3(11) Any compromise, or suspected compromise, of information that would allow unauthorized access into criminal intelligence files shall be reported without delay and, in any event, by the end of the next business day, to a supervisor within the intelligence bureau of the department of public safety.

81.3(12) Any compromise, or suspected compromise, of information contained in criminal intelligence files shall be reported without delay and, in any event, by the end of the next business day, to a supervisor within the intelligence bureau of the department of public safety.

661—81.4(692) Review of criminal intelligence files—purging.

81.4(1) The intelligence bureau of the department of public safety shall regularly review the information in criminal intelligence files for reclassification or purging. Decisions to retain, reclassify, or purge criminal intelligence files shall:

- a. Ensure that the information is current, accurate and relevant to the needs of the agency.
- b. Safeguard individual privacy interests protected by federal and state laws.
- c. Ensure that security classifications remain appropriate.

81.4(2) Information that is misleading, unreliable, or no longer useful shall be purged or reclassified when necessary, without delay and, in any event, within one business day of the discovery that the information is misleading, unreliable, or no longer useful. Any person or agency to which the criminal intelligence file was disseminated shall be notified of the reclassification or purge.

81.4(3) All information shall be reviewed within a five-year period of its submission to ensure compliance with subrule 81.4(1).

81.4(4) All information retained as a result of a review shall reflect the name of the reviewer, date of review, and an explanation of the decision to retain.

81.4(5) Information that is not retained in a criminal intelligence file after a review shall be deleted from the LEIN information system.

661—81.5(692) Subpoenas and court orders. Any agency or individual shall notify the department of public safety in writing without delay and, in any event, by the end of the next business day of the receipt of any subpoena, court order, request for production, or other legal process demanding the production of a criminal intelligence file, so that the department has an opportunity to make a timely resistance.

661—82.107(692) Release of information to the public.

82.107(1) The department may release criminal history information to any person or public or private agency upon request by any method approved by the department. Requesters may not receive information regarding arrests older than 18 months that do not have dispositions or deferred judgments when the department has received official notice of successful completion of probation, unless a waiver has been provided to the requester from the person who is the subject of the criminal history information and the waiver is presented to the department at the time the request for the information is made.

82.107(2) Each record released to a non-criminal justice agency shall prominently display the statement: "AN ARREST WITHOUT DISPOSITION IS NOT AN INDICATION OF GUILT."

[ARC 8936B, IAB 7/14/10, effective 9/1/10]

661—82.108(692) Scope of record checks for non-criminal justice agencies and individuals. Record checks made for non-criminal justice agencies and individuals pursuant to these rules are based upon name, including maiden name and aliases, if any, and birth date. This information may not be sufficient to effect a precise identification of a subject. A record check based solely upon name and birth date may refer to multiple subjects or may not result in positive identification of the subject of the request. The records of the department are based upon reports from other agencies. The department, therefore, cannot warrant the completeness or accuracy of the information provided. Agencies and individuals that receive criminal history information are therefore advised to verify all information received from the department to the extent possible (e.g., by contacting the reported arresting agency or court).

[ARC 8936B, IAB 7/14/10, effective 9/1/10]

661—82.109(692) Fees. All individuals, their attorneys, and other non-criminal justice agencies requesting criminal history information shall be assessed a fee. The department may accept cash, money orders, checks, or credit cards. Other arrangements may be made, such as a prepaid account. The fee for receipt of criminal history information from the department shall be not more than \$15 for each name for which information is requested. The fee shall be prominently posted at the headquarters of the division of criminal investigation. Each alias or maiden name submitted shall be considered a separate name for purposes of computing this fee. The employer must pay the cost of the criminal history fee of a potential employee, if the employer requires receipt of criminal history information as a condition of employment.

661—83.3(692A) Forms and procedures. The following forms and procedures are prescribed for use with the Iowa sex offender registry. Supplies of these forms may be obtained by contacting the Iowa sex offender registry at the division of criminal investigation.

83.3(1) Notification. Form DCI-144, Notification of Registration Requirement, which notifies offenders of their duty to register with the Iowa sex offender registry, shall be provided, in printed form or electronically, to persons identified as being required to register. Failure to provide offenders with Form DCI-144 does not relieve offenders of their duty to register with the Iowa sex offender registry.

83.3(2) Registration.

a. Form DCI-145 or Form DCI-144R, Sex Offender Registration, shall be completed, as required by Iowa Code section 692A.104, on behalf of each offender and submitted, in printed or electronic form, to the sheriff of each county in which the offender will be residing, employed, or attending classes and to the division of criminal investigation, in order to satisfy the registration requirements of the Iowa sex offender registry. This form shall also be completed on behalf of each offender and submitted to the sheriff of any county in which the offender will be a student, be employed, or be engaged in a vocation on a full-time or part-time basis, in order to satisfy the registration requirements.

b. Form DCI-145, or information stored by the division of criminal investigation, shall be used to report changes of residence, telephone number, name of registrant, or change in status as a student, employee, or practicing a vocation at an institution of higher education. A completed copy of Form DCI-145 shall be submitted by the registrant to the sheriff of any county of residence each time the registrant's relevant information changes. A completed copy of Form DCI-145 shall be submitted by the registrant to the sheriff of the county in which the registrant is a student, an employee, or practicing a vocation on a full-time or part-time basis at an institution of higher education within five days of the registrant's becoming a student, an employee, or engaged in a vocation at the institution of higher education. The original of each completed Form DCI-145 shall be forwarded to the division of criminal investigation by the registering agency within three days of receiving the completed form.

(1) If any place of residence of a registrant changes from one county to another, the registrant shall submit copies, in printed or electronic form, of completed Form DCI-145 reporting the change of residence to the sheriff of the prior county of residence and the sheriff of the new county of residence. The sheriff of the new county of residence shall be responsible for transmitting a copy of completed Form DCI-145 to the Iowa sex offender registry.

(2) When the department receives notification that a registrant has changed residence to a location outside of Iowa, the department shall notify the registering state agency in the registrant's new state of residence of the registrant's name, new address, and telephone number. Upon notification of the appropriate out-of-state agency, the department shall remove the registrant from the active registry, unless the registrant continues to maintain a residence or place of employment in Iowa or attends school in Iowa. The registrant shall not be required to submit periodic verifications of address while not on the active registry. The department shall maintain the registrant's file in the event the registrant establishes a residence in Iowa or becomes a student, an employee, or practices a vocation at an institution of higher education in Iowa in the future. The department may also maintain the file for any other purpose.

c. Upon any submission of Form DCI-145, the form shall be accompanied by current photographs and fingerprints of the offender.

d. A list of all registrants within a county may be provided by the division of criminal investigation to the county sheriff.

83.3(3) Periodic verification. A registrant shall appear personally in the office of the sheriff of the county or counties of principal residence periodically as required by Iowa Code section 692A.108 to verify relevant information. A tier I offender shall appear annually, or more frequently if required by the sheriff; a tier II offender shall appear every six months, or more frequently if required by the sheriff; and a tier III offender shall appear every three months, or more frequently if required by the sheriff. Form DCI-146R, Periodic Verification Notification Form, shall be mailed by the division of criminal investigation to each registrant at the last address known to the registry at least 30 days prior to each required appearance. The registrant shall appear between the first and last day of the verification month. Form DCI-146R shall clearly state that it is to be returned to the division of criminal investigation if the addressee no longer resides at the address indicated and that Iowa law prohibits its being forwarded.

a. Each registrant shall report to the sheriff of the county of principal residence of the registrant. The sheriff shall take a current photograph of the registrant and shall submit the photograph to the registry.

b. The sheriff of any county of residence of a registrant may, at any time, instruct the registrant to report to the sheriff's office for the purpose of the taking of a current photograph. Such instructions shall be mailed to the registrant at the registrant's current address of registration. The registrant shall report to the sheriff's office within ten days of receiving such instructions. The sheriff shall submit the current photograph of the registrant to the registry.

83.3(4) Updating relevant information not requiring personal appearance. Any change in any item of relevant information other than changes of address, places of attendance as a student, or places of employment shall be communicated to the sheriff of the county of the registrant's principal residence in person, by telephone, or electronically, within five days of the change occurring. Any such change shall not be deemed to be completed until the registrant has received acknowledgment from the office receiving the change in printed or electronic form.

83.3(5) Application for determination. Form DCI-148, Application for Determination, shall be completed by a person to initiate a request that the department review whether one or more offenses of which the person has been convicted require registration with the Iowa sex offender registry, whether the time period during which the person is required to register has expired, whether the person is exempt from the placement of information on the sex offender registry website, and the tier placement of the offender. A person who submits a completed copy of Form DCI-148 for review shall provide with it copies of any sentencing or adjudicatory orders related to each offense for which a determination of whether registration is required is being requested. The completed application (Form DCI-148) shall specify the exact grounds for the application and shall include a statement of any additional facts or law which the person intends to present to the department in support of the application. Failure to submit any of the required information shall constitute grounds for denial of the application. If the application sets forth an issue of fact which cannot be evaluated based upon the record of convictions, sentencing and adjudicatory orders, relevant statutory provisions, and other records provided, and is material to the determination, the commissioner may refer the matter to an administrative law judge or presiding officer for a contested case hearing.

NOTE: Filing an application for determination does not excuse a person from having to comply with any of the applicable provisions of Iowa Code chapter 692A during the period prior to the issuance of the decision of determination.

83.3(6) *Decision of determination.*

a. Form DCI-149, Decision of Determination, shall be used by the division of criminal investigation to notify a person who has submitted an application for determination (Form DCI-148) of the results of that review. A completed Form DCI-149 shall be mailed to any person who has filed a completed Form DCI-148 within 90 days of the receipt by the division of criminal investigation of the completed Form DCI-148 and all required supporting documents. A decision of determination shall be signed by the commissioner and shall constitute final agency action for the purposes of Iowa Code chapter 17A.

b. If an administrative law judge or presiding officer has been assigned to hold a hearing regarding an application for determination, the administrative law judge or presiding officer shall prepare a proposed decision of determination. The proposed decision of determination shall be reviewed by the commissioner who may uphold or modify the proposed decision of determination and shall then sign a final decision of determination. The final decision of determination shall constitute final agency action for the purposes of Iowa Code chapter 17A.

83.3(7) *Request for information.* Requests for information about whether a specific individual is registered shall be made to a county sheriff or local police department and may be made in person, by telephone, or in writing.

83.3(8) *Confidential records.* Completed forms filled out pursuant to rules 661—83.1(692A) through 661—83.5(692A) are confidential records that shall not be released to the public.

83.3(9) *Fees.* Each registrant shall pay a fee of \$25 to the sheriff of the county in which the registrant maintains a principal residence upon establishment of the principal residence and annually thereafter. If the registrant maintains more than one principal residence simultaneously, the fee shall be paid only to the sheriff of the county in which the registrant first registered on or after July 1, 2009, and continues to register.

93.3(6) If the applicant did not meet all of the requirements for a qualified former law enforcement officer at the time of separation from employment as a peace officer with the department or if the commissioner is aware of information that would disqualify the applicant based on conduct or circumstances which occurred after separation from the department, then the application shall be denied and the applicant shall be notified of the denial.

93.4(1) Qualified former law enforcement officers with the department of public safety may participate in annual firearms qualification offered by the department and, upon successful completion of the annual firearms qualification, receive proof thereof from the department. A card certifying successful completion of the annual qualification and specifying the date of the qualification shall be issued by the firearms instructor conducting the qualification on behalf of the department to each qualified former law enforcement officer who has successfully completed the qualification. A card certifying successful completion of the qualification shall be issued by department personnel only to a qualified former law enforcement officer with the department who successfully completes the annual firearms qualification under the auspices of the department. Participation in annual firearms qualification offered by the department is restricted to qualified former law enforcement officers with the department who are residents of the state of Iowa at the time of the qualification.

NOTE: Any qualified former law enforcement officer with the department may participate in annual firearms qualification offered by a certified firearms instructor other than under the auspices of the department. A card to certify proof of successful completion of annual firearms qualification may be issued only by the firearms instructor who conducts the qualification.

93.4(2) Annual firearms qualification shall be offered periodically and at various locations in the state to qualified retired and former officers of the department who reside in Iowa. All qualified former law enforcement officers with the department who have provided a current active email address to the department shall be notified by email when firearms qualification or firearms familiarization training is being offered to current peace officer members of the department of public safety. While the department will make a good-faith effort to notify all qualified and former peace officer members of the department who reside in Iowa of the availability of such training, it is the responsibility of each qualified former peace officer member of the department to inquire about such training if the qualified former peace officer wishes to use the qualification or training to obtain the annual certification of firearms qualification required under 18 U.S.C. §926C.

93.4(3) A qualified former law enforcement officer with the department who resides in Iowa shall be offered the opportunity to participate in annual firearms qualification at no cost to the qualified former officer, except that any former officer of the department who participates in annual firearms qualification offered under the auspices of the department shall supply any firearm, ammunition, or equipment required to be used in the qualification.

93.4(4) A qualified former law enforcement officer with the department residing in Iowa who plans to participate in firearms qualification or firearms familiarization training offered by the department should inquire via email to the department prior to the qualification or training as to what information and material the qualified former peace officer is required to provide at the training, and the department will provide notification of this information via return email. An application form for an annual firearms qualification shall be provided electronically to the qualified former peace officer member as an attachment to the email. The qualified former peace officer member shall complete the application form and submit it to the instructor prior to the start of the qualification or training.

93.4(5) An instructor supervising annual qualification or training on behalf of the department shall refuse to admit a former law enforcement officer with the department to the qualification session or training if the former law enforcement officer with the department is not a resident of the state of Iowa at the time of qualification or the instructor knows that the former law enforcement officer with the department does not meet the requirements for possession of a firearm under state or federal law or is otherwise unable to meet the requirements to be a qualified former law enforcement officer under the provisions of 18 U.S.C. §926C. An instructor may refuse to admit any qualified former law enforcement officer with the department to an annual firearms qualification if, in the judgment of the instructor, participation in the session by the qualified former law enforcement officer would be unsafe.

93.4(6) If the qualified former law enforcement officer with the department satisfies the requirements for annual firearms qualification, the instructor shall complete and issue to the qualified former law enforcement officer an annual firearms qualification certification card on a form provided by the department. If the former law enforcement officer with the department fails to attain a qualifying score, the instructor shall so notify the former law enforcement officer with the department.

(2) A non-Iowa-based business provides bodyguard service to a client who does not reside in Iowa and only occasionally does business in Iowa.

(3) A bail enforcement business takes into custody, or attempts to take into custody, a defendant in a criminal case filed in another state.

d. The applicant's writing a check on an account with knowledge that there are insufficient funds to cover it;

e. The applicant's failing to pay employees wages legally due the employees;

f. The applicant's knowingly obstructing justice or interfering in the lawful duties of a peace officer or with any official investigation;

g. Unless rendered confidential by law, the applicant's failing to report:

(1) A serious crime, or

(2) The location of any stolen property;

h. The applicant's committing an act which involves moral turpitude, whether or not a criminal conviction occurred.

i. The applicant's being subject to any court order that restrains the person from harassing, stalking, or threatening an intimate partner of the person or child of the intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child, and includes a finding that the person represents a credible threat to the physical safety of the intimate partner or child, or explicitly prohibits the use, attempted use, or threatened use of physical force against the intimate partner or child that would reasonably be expected to cause bodily injury;

j. The applicant's being a registered sex offender in any jurisdiction;

k. The applicant's being the subject of any arrest warrant, mittimus or other court order for detention in any jurisdiction.

121.5(7) Not been convicted of any crime defined in Iowa Code section 708.3, 708.4, 708.5, 708.6, 708.8, or 708.9, or a like offense in another jurisdiction;

121.5(8) Not been convicted by any court of illegally using, carrying, or possessing a dangerous weapon;

121.5(9) Not have a history of mental illness or instability.

661—121.6(80A) Identification cards. Each person employed by and engaged in the business of a licensed bail enforcement, private investigative or private security agency must obtain an employee identification card from the department and must meet the standards established in rule 661—121.5(80A). However, applicants for employee identification cards are not required to comply with surety bond or proof of financial responsibility requirements as those requirements have already been met by the licensed agency. For purposes of this rule, an employee who is required to obtain an identification card from the department is an agent or employee of a licensed agency who is engaged in the activities of the business which render it subject to the regulation of Iowa Code chapter 80A. Employees who are engaged exclusively in the unregulated activities of a licensed agency are considered exempt from this standard. Such exempt activities include clerical work, dispatching, building maintenance, vehicle maintenance, payroll and other financial processing, selling and taking tickets, parking cars and other activities that do not provide direct security services and that are generally conducted away from a contracted job site.

121.6(1) To obtain an employee identification card, the licensed agency shall submit:

- a. A completed Identification Card Application for: Private Investigator/Private Security Guard/Bail Enforcement Agent, Form #PD2;
- b. Two 1" × 1" color photographs of the head and shoulders of the applicant; and
- c. Two completed fingerprint cards (Form #FD-258), with the associated processing fees.

121.6(2) Reserved.

661—121.7(80A) License and background investigation fees.

121.7(1) A fee of \$100 shall accompany each application for a bail enforcement, private investigative or private security license. If the application is approved, the money shall be applied to the license fee, but if the application is disapproved, the deposited application fee shall be refunded to the applicant. Application fees shall not be refunded for abandoned applications described in subrule 121.4(5) or for canceled, suspended or revoked licenses.

121.7(2) A nonrefundable fee to cover the cost of processing fingerprint cards through the FBI must be submitted with each new or renewal application and with each application subsequent to a license cancellation or revocation. If fingerprints are rejected as unreadable the first time they are submitted, they may be resubmitted once for no additional fee. If fingerprints are submitted twice and both submissions are rejected as unreadable, subsequent submissions shall require additional processing fees, which shall be included with the submissions. Information regarding fees may be obtained by contacting the department as provided in rule 661—121.1(80A).

661—121.8(80A) Display of license. Immediately upon receipt of the license issued by the department, the licensee named therein shall cause such license to be posted and at all times displayed in a conspicuous place in the licensee's principal place of business within the state, so that all persons visiting such place may readily see it. If there is more than one place of business, then there shall be a photocopy of the original license posted in every such place of business. The licensee shall notify the commissioner of each location where a copy of the license is posted. If the licensee has no office in the state of Iowa, the licensee shall post the license at the principal place of business and notify the commissioner of the address where such license is posted. Such license shall at all reasonable times be subject to inspection by the commissioner. It shall be unlawful for any person holding such license to post such license or to permit such license to be posted upon premises other than those authorized therein. Every license, and each copy thereof, shall be surrendered to the department within seven days after written notice to the holder that such license has been revoked. Failure to comply with any of the provisions of this rule is sufficient cause for revocation of the license.

661—121.9(80A) Duplicate license. The commissioner shall issue a duplicate license upon the payment of \$5 and upon receiving a written statement that the original license has been lost, destroyed, stolen or otherwise rendered useless, and that if the original license is recovered, the original or the duplicate will be returned immediately to the department.

661—121.10(80A) License renewal. Each applicant for a license renewal must execute Form #PD3 provided by the department. This renewal form and two completed FBI Fingerprint Cards (Form #FD-258) shall be submitted to the commissioner not less than 30 days prior to expiration of the applicant's current license and shall not be processed unless complete. In order for the application to be complete, the applicant must satisfy the requirements of rules 661—121.4(80A), 661—121.5(80A), and 661—121.7(80A) and, for renewals of private investigation licenses, 661—121.22(80A).

In the event the department has not processed a complete renewal application prior to the lapse of the license, the renewal shall be deemed temporarily granted until the department issues a new license or denies the renewal.

In no event will a renewal license be granted if the application for renewal is received by the department after the expiration date of the existing license.

If the former licensee wishes to continue the bail enforcement, private investigative or private security business, all of the requirements for an initial application must be met.

661—121.11(80A) Employee identification cards.

121.11(1) The employee identification card issued by the commissioner shall include the employee's name and color photograph, agency name and number, type of business, date of issuance and identification card number.

The identification card shall be evidence that the holder is duly authorized to work for the licensed agency. The holder shall have this card in the holder's possession at all times when acting within the scope of employment. Failure to do so may result in suspension or revocation of the identification card or the agency license. This identification card shall remain the department's property. When any person to whom a card is issued terminates the person's position for any reason, the card must be surrendered to the commissioner within seven days. In the event of loss, destruction, or theft of this card, the licensee shall within five days of such discovery send to the commissioner a written report that describes the circumstances surrounding the loss, destruction, or theft. If the agency license has been terminated or revoked, the agency must return the license and all identification cards to the commissioner within seven days. The penalty for any knowing or willful misconduct in the use of the identification card may be revocation of the identification card or the agency license or both, depending on the nature and degree of the misconduct.

The fee for each application form (Form #PD2) for an original, temporary, or replacement employee identification card is \$10. The fee is refundable for blank, unused forms returned to the department.

A nonrefundable fee to cover the cost of processing fingerprint cards through the FBI shall be submitted with each new application for an employee identification card. If fingerprints are rejected as unreadable the first time they are submitted, they may be resubmitted once for no additional fee. If fingerprints are submitted twice and both submissions are rejected as unreadable, subsequent submissions shall require additional processing fees, which shall be included with the submissions.

121.11(2) Temporary identification cards. The Identification Card Application for: Private Investigator/Private Security Guard/Bail Enforcement Agent, Form #PD2, shall contain a temporary identification card that shall be valid for 14 calendar days from the date of issuance. This temporary identification card shall be issued to new employees of a licensee so that the requirement that employees have in their possession a valid identification card may be met while the application for a permanent identification card is being processed. The application for an employee identification card must be received by the department in sufficient time to allow four business days for processing. Any application for an employee identification card received by the department without the specified minimum time for processing or after the temporary identification card has expired will be returned to the licensed agency. A new Form #PD2 must then be resubmitted under the requirements of rule 661—121.6(80A).

121.11(3) Replacement of identification cards. The commissioner shall issue a duplicate employee identification card upon the submission of a complete new application (Form #PD2), with associated fees as required in rule 661—121.6(80A) and upon receipt of a written statement that the original employee identification card has been lost, destroyed, stolen or otherwise rendered useless. If the original employee identification card is recovered, it shall be returned immediately to the department.

121.11(4) Display of identification cards. When an employee of a licensed agency is acting within the scope of employment and is requested to produce identification, the employee shall promptly display the employee identification card and allow the requester to reasonably examine the identification card and write down any information contained thereon. Failure to comply may result in revocation of the identification card or license. The employee may refuse to comply with the request to produce identification if, and only if, displaying the employee identification card would put the employee or another person in danger, or would jeopardize an assignment or investigation.

661—121.12(80A) Badges, uniforms, insignia, patches and hats. No badges, uniforms, insignia, patches, or hats will be approved for private investigative or bail enforcement agents. No holder of a license or identification card while performing the duties of a private security guard shall wear any

uniform, or wear, display, or likewise use any badge, insignia, patch, shield, or the like, without prior written approval of the commissioner. Any person wearing an approved uniform shall carry a valid identification card issued by the department.

The commissioner will not approve any item subject to this rule if in the commissioner's opinion it would cause a person to confuse the operation of the licensed business with that of a law enforcement agency. The commissioner may consider the appearance of the badge, uniform, insignia, patch or hat of the requesting agency, as well as the appearance of badges, uniforms, insignias, patches or hats of law enforcement agencies in or near the area in which the requesting agency performs services. The commissioner may also consider any other information when making a decision regarding the approval of any item subject to this rule.

Badges, insignia and patches will be approved only for private security as a part of an approved uniform. No badge, insignia, patch or hat will be approved which contains the word or words "police," "officer," "policeman," or "enforcement," or the Great Seal of the State of Iowa. The words "security" and "officer" may be used when they appear as the single term "security officer."

661—121.13(80A) Advertisement, cards, letterhead and the like. No holder of a license or identification card shall use, display, cause to be printed or distributed in any fraudulent, false, or misleading manner, cards, letterheads, circulars, brochures, or any other advertising material or advertisement in which any name or indicia of the license status of the licensee is set forth in any manner other than the name under which the licensee is duly licensed.

Such holder of a license or identification card shall not publish or cause to be published any advertisement, letterhead, circular or statement or phrase of any sort which suggests that the holder is a peace officer.

Any violation of this rule may result in suspension or revocation of the identification card or the license, and possible referral for criminal prosecution.

661—121.14(80A) Misleading statements. No holder of a license or identification card may make any statement which indicates or tends to indicate the individual is a peace officer.

661—121.15(80A) Reports. Any private investigative agency licensee who provides services to any client in this state shall make and offer to the client a typed or legibly written ink report containing the findings and complete details of the investigation, a copy of which shall be retained by the licensee for three years and made available to the commissioner for examination at any reasonable time upon a complaint from the client for whom the report was prepared. In the event a client does not desire a written report, the licensee will note the time and date on the file copy of the report that the client stated no desire for a written report or refused the offer. A private security agency need not submit a written report unless the client so requests one.

Descriptive reports, chronological reports, and cover letters to the client shall be personally signed by the licensee or the licensee's designee. The licensee's file copy will reflect the names of all participating employees and a description of the work performed by each one.

661—121.16(80A) Denial, cancellation, suspension, or revocation of a license or identification card.

121.16(1) Actions by the commissioner. The commissioner may deny, suspend, cancel or revoke a license or identification card(s) for any of the following reasons:

a. Failure to comply with all of the provisions of Iowa Code chapter 80A and Iowa Administrative Code, 661—Chapter 121.

b. Receipt by the department of a certificate of noncompliance from the child support recovery unit of the Iowa department of human services, as provided for in Iowa Code chapter 252J.

c. Receipt by the department of written notice that the licensed agency is no longer conducting business and is abandoning the remaining term of the license.

121.16(2) *Voluntary suspension.* The commissioner may allow an agency to place its license in voluntary suspension and may reinstate the license when all requirements are met. The license shall expire at the time of renewal unless all requirements are met.

121.16(3) *Surrender of license and identification card(s).* Every license, and each copy thereof, and all employee identification cards shall be surrendered to the department within seven days after written notice to the holder that such license has been canceled, abandoned, suspended or revoked.

121.16(4) *Surrender of identification card(s).* An employee identification card shall be surrendered to the department within seven days after written notice to the licensee that such employee identification card has been canceled or revoked.

121.16(5) *Temporary denial or suspension.* An agency license or employee identification card shall be temporarily denied or suspended until the outcome of any pending action is known if the result of that action would disqualify the applicant, licensee or employee.

661—121.17(80A) Licensee's duty regarding employees. The licensee shall be held responsible for ascertaining that all the licensee's employees meet the requirements of the bail enforcement, private investigation and private security statute and rules.

The licensee shall report to the commissioner any violations of the statute and rules, and inconsistencies thereof, and take immediate steps to be in compliance with such statute and rules.

The licensee is responsible for ensuring that each employee who is required to obtain an identification card from the department has a valid temporary or permanent identification card in the employee's possession prior to the employee's commencing work.

Failure to meet these requirements may result in suspension or revocation of the license or identification card(s).

661—121.18(80A) Campus weapon requirements. In addition to the requirements of the statutes, nothing in rule 661—4.3(17A,724) shall preclude the sheriff from requiring additional firearm training. However, if the sheriff so requires additional training, the sheriff shall make such training reasonably available to the applicant.

661—121.19(80A) Professional permit to carry weapons. Each person seeking a professional permit to carry weapons must meet the requirements of the Iowa Code and Iowa Administrative Code, 661—Chapter 4.

661—121.20(80A) Appeals. Any action of the department that the applicant or employee considers adverse may be appealed through the process delineated in Iowa Administrative Code, 661—Chapter 10.

661—121.21(252J) Child support collection procedures. The following procedures shall apply to actions taken by the department on a certificate of noncompliance received from the Iowa department of human services pursuant to Iowa Code chapter 252J:

121.21(1) The notice required by Iowa Code section 252J.8 shall be served upon the applicant, identification card holder, or licensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the licensee, identification card holder, or applicant may accept service personally or through authorized counsel.

121.21(2) The effective date of revocation or suspension of a license or identification card, or denial of the issuance or renewal of a license or identification card, as specified in the notice required by Iowa Code section 252J.8, shall be 60 days following service upon the licensee, identification card holder, or applicant.

121.21(3) Licensees, identification card holders, and applicants for licenses or identification cards shall keep the department informed of all court actions and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J and shall provide the department with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code

section 252J.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

121.21(4) All departmental fees for applications, license or identification card renewal or reinstatement must be paid by the licensee, identification card holder, or applicant before a license will be issued, renewed, or reinstated after the department has denied the issuance or renewal of a license or identification card, or has suspended or revoked a license or identification card pursuant to Iowa Code chapter 252J.

121.21(5) In the event a licensee, identification card holder, or applicant files a timely district court action following service of a department notice pursuant to Iowa Code sections 252J.8 and 252J.9, the department shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed. For the purpose of determining the effective date of revocation or suspension or denial of the issuance or renewal of a license or identification card, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

661—121.22(80A) Continuing education requirements. The continuing education rules that follow rest upon the premise that the increasing complexity of the private investigation business makes it essential that private investigators who have been granted licenses to practice continue their education; the public interest requires that private investigators keep themselves continually up to date on developments affecting their practice; and formal programs of continuing education provide private investigators the opportunity to continually update themselves on the expanding body of knowledge required to practice the private investigation profession. Compliance with the continuing education requirements of the department shall be as follows:

Each person who is the holder of a license to operate a private investigative agency is required to comply with the continuing education requirements as a condition precedent to renewal of the person's license.

Each person who is the holder of an identification card to operate as a private investigator is required to comply with the continuing education requirements as a condition precedent to renewal of the employer's agency license.

121.22(1) Cost of continuing education. All costs of complying with the continuing education requirements of the department are the responsibility of the licensee who seeks to operate a private investigative agency in this state.

121.22(2) Basic requirement. A licensee seeking to renew the licensee's private investigative agency license shall, during the two-year period preceding the agency license expiration date, complete a minimum of 12 hours of acceptable continuing education. Employees of licensees shall, during the two-year period preceding the agency license expiration date, complete a minimum of 12 hours of acceptable continuing education. An employee who has worked for a licensed agency for less than 90 days at the time of the agency license expiration date shall be exempt from the continuing education requirement of this chapter, provided that during the preceding two years the employee has not been employed as a private investigator for a licensed agency or agencies in this state for a combined total of more than 180 days.

a. Applicants who are residents of another state, who are licensed to operate a private investigation agency in their state of residency, and who are actively engaged in the practice in their state of residence, shall not be required to meet the basic continuing education requirement if their state of residence requires similar continuing education to maintain their private investigative agency license.

b. The commissioner shall have the authority to make exceptions for reasons of individual hardship including health (certified by a medical doctor), military service, foreign residency, or other good cause.

c. Applicants for new licenses who have held a private investigative agency license in Iowa within the past two years shall complete a minimum of 12 hours of acceptable continuing education during the two-year period preceding the date of application.

121.22(3) Measurement standards. The following standards will be used to measure the hours of credit to be given for acceptable continuing education programs completed by individual licensees:

a. Credit will be given for whole hours only, with a minimum of 50 minutes constituting one hour. For example, 100 minutes of continuous instruction would count for two hours; however, more than 50 minutes but less than 100 minutes of continuous instruction would count for only one hour.

b. Only class hours or the equivalent, and not student hours devoted to preparation, may be counted.

c. Service as lecturer or discussion leader of continuing education programs may be counted to the extent that it contributes to the applicant's professional competence.

121.22(4) Programs which qualify. The overriding consideration in determining whether a specific program qualifies as acceptable continuing education is that it be a formal program of learning which contributes directly to the professional competence of an individual licensed to practice in this state. It will be left to the individual license holder to determine the course of study to be pursued. Thus, each licensee may study subjects related to the licensee's particular practice.

a. Continuing education programs will qualify only if:

(1) An outline of the program is prepared in advance and preserved.

(2) The program is at least one hour (50-minute period) in length.

(3) The program is conducted by a qualified instructor, discussion leader, or lecturer. A qualified instructor, discussion leader, or lecturer is anyone whose background, training, education or experience makes it appropriate for that person to lead a discussion on the subject matter of the particular program.

(4) A record of attendance is maintained.

b. The following programs are deemed to qualify provided all other requirements of this rule are met:

(1) Professional development programs of recognized national and state private investigation organizations.

(2) Technical sessions at meetings of recognized national private investigation organizations and their chapters.

(3) University or college courses.

1. Each semester hour credit shall equal 10 hours toward the requirement.

2. Each quarter hour credit shall equal 6 hours toward the requirement.

3. Each classroom hour of noncredit courses will equal 1 qualifying hour.

(4) Formal organized in-firm and interfirm educational programs.

(5) Programs in other recognized organizations (accounting, industrial, legal and others).

(6) Other organized educational programs on technical and other related subjects.

c. The following general subject matters are acceptable as long as they contribute to the professional competence of the individual investigator.

(1) Accounting and auditing.

(2) Management.

(3) Computer science.

(4) Communications arts.

(5) Law.

(6) Functional fields of the business, including but not limited to the following:

1. Accident investigation.

2. Background investigation.

3. Business taxes.

4. Criminal investigation.

5. Court testimony.

6. Employee theft.

7. Process service.

8. Personnel law.

9. Product liability.

10. Public records availability/access.

11. Report writing.
12. Substance abuse in the workplace.
13. Surveillance techniques.
14. Wage and hour law.
15. Workers' compensation law.

Areas other than those listed above may be acceptable if the licensee can demonstrate that they contribute to the licensee's professional competence. The responsibility for substantiating that a particular program is acceptable and meets the requirements rests solely upon the licensee.

d. Formal correspondence and formal individual study programs contributing directly to the professional competence of an individual which require registration and provide evidence of satisfactory completion will be considered for credit. The amount of credit to be allowed for correspondence and formal individual study programs is to be recommended by the program sponsor and shall not exceed 50 percent of the continuing education requirement.

e. Practical training, also known as field training or on-the-job training, qualifies if it meets the criteria of paragraphs "a" through "c" of this subrule, is accompanied by classroom training in the same topic area, and counts for no more time than the classroom training.

f. The right is specifically reserved to the commissioner to approve or disapprove credit for continuing education claimed under these rules.

121.22(5) Controls and reporting.

a. Applicants for license renewal must provide a signed statement, on forms provided by the department, setting forth the continuing education in which the licensee and the licensee's employees have participated in such manner and at such times as prescribed by the commissioner. This information may include:

- (1) School, firm or organization conducting the course.
- (2) Location of course.
- (3) Title of course and description of content.
- (4) Principal instructor.
- (5) Dates attended.
- (6) Hours claimed.

b. The commissioner may require sponsors of courses to furnish attendance lists or any other information the commissioner deems essential for administration of these continuing education rules.

c. The commissioner will verify on a test basis information submitted by licensees. If an application for license renewal is not approved, the applicant will be so notified and may be granted a period of time by the commissioner in which to correct the deficiencies noted.

d. Primary responsibility for documenting the requirements rests with the licensee and evidence to support fulfillment of those requirements must be retained for a period of three years subsequent to submission of the report claiming the credit. Satisfaction of the requirements, including retention of attendance records and written course outlines, may be accomplished as follows:

(1) For courses taken for scholastic credit in accredited universities and colleges or high school districts, evidence of satisfactory completion of the course will be sufficient. For noncredit courses taken, a statement of the hours of attendance, signed by the instructor, must be obtained by the permit holder.

(2) For correspondence and formal independent study courses, written evidence of completion must be obtained by the licensee.

(3) In all other instances, the licensee must maintain a record of the information listed in subrule 121.22(4) and a copy of the course outline prepared by the course sponsor.

121.22(6) Compliance.

a. Renewals. If a licensee fails to comply with continuing education requirements prior to the expiration of the license, the department may grant a temporary 30-day license. If the licensee does not complete the continuing education requirements within the 30-day period, the license renewal shall be denied. If the former licensee then wishes to continue the private investigation business, all of the requirements for an initial application must be met. This includes continuing education requirements if the new application is submitted within two years of the date on which the last license became invalid.

b. New applications for previously licensed persons. If an applicant for a private investigative agency license has been licensed in Iowa within the past two years, continuing education requirements must be met. Failure to comply shall result in the denial of the license until such time as the requirements are met.

c. Employees. If any employee of a licensee fails to comply with continuing education requirements, the employee's identification card shall be revoked and the licensee shall surrender the identification card to the department. An employee may reapply for an identification card as if it were an initial application when continuing education requirements have been met.

661—121.23(80A) Reciprocity.

121.23(1) Eligibility. A temporary permit to conduct business in Iowa may be issued to a private investigative or private security agency licensed in another state provided that the requirements and qualifications in the licensing state are similar to those in Iowa and that the licensing state allows similar privileges by reciprocity. A temporary permit may be issued for a period not to exceed 90 days and is not renewable. Employees of an agency granted a temporary permit must comply with Iowa employee requirements in rules 661—121.6(80A) and 661—121.11(80A).

121.23(2) Requirements. In order to be considered for a temporary permit, the applicant must undergo a background investigation by the department and shall submit the following:

a. Proof of a current valid bail enforcement, private investigative or private security license in another state. Such license shall be of the same license type as the temporary permit requested from Iowa.

b. A completed Application for Bail Enforcement Agency License, Private Investigative Agency License and/or Private Security Agency License (Form #PD1).

c. Two completed FBI Fingerprint Cards (Form #FD-258), with the associated processing fees.

d. Proof of surety bond issued by a surety company authorized to do business in this state.

e. Proof of insurance.

f. If the applicant is a corporation, articles of incorporation and an Iowa certificate of authority issued by the Iowa secretary of state.

g. Two 1" × 1" color photographs of the head and shoulders of the applicant, taken not more than one year prior to application.

h. A fee of \$100 for each temporary permit requested.

i. An application, with associated fees, for an employee identification card (Form #PD2) for the temporary permit holder.

121.23(3) Employee identification cards. The temporary permit holder shall submit an application for an employee identification card for each employee as required in rule 661—121.6(80A).

661—121.24(80A) Replacement license. The commissioner shall issue a replacement license upon receiving a written statement that the original license has been lost, destroyed, stolen or otherwise rendered useless by damage from flooding, storms or other conditions which form a basis for issuance of a disaster emergency proclamation by the governor pursuant to Iowa Code section 29C.6. If the original license is recovered, the original or the replacement will be returned immediately to the department. No fee shall be charged for the issuance of a replacement license.

These rules are intended to implement Iowa Code chapter 80A.

“Applicant” means any person applying for an occupational license or applying for a license to operate an excursion gambling boat, or the officers and members of the board of directors of a qualified sponsoring organization located in Iowa.

“Casino surveillance” means the observation of gambling activities in a gaming facility licensed by the commission. The purpose of a surveillance system is to safeguard the licensee's assets, to protect both the public and the licensee's employees, and to promote public confidence that licensed gambling activities are conducted honestly and free of criminal elements and activities. It is the responsibility of the licensee to ensure that casino surveillance is used to accomplish the stated purpose and is not used in an improper manner which would bring discredit to the industry.

“Closed network” or *“closed circuit”* means all digital recording equipment and all other associated surveillance equipment that shall be designed, configured, and maintained on a separate and exclusive network system located on the same premises as the casino, or on property adjacent to the casino which has been approved by the DCI for the location of surveillance equipment pursuant to subrule 141.10(1). This closed network system shall not be touched by, connected to, or partitioned from any other network, unless approval has been received from the assistant director for gaming operations of the DCI. Approval or disapproval of such a request by the assistant director is subject to review by the director of the DCI or the commissioner of public safety.

“Commission” means the Iowa racing and gaming commission.

“DCI” means the division of criminal investigation, Iowa department of public safety.

“Dedicated coverage” means camera coverage where the sole function is to view and record a specific area whenever activity is occurring in that area.

“Designated sports wagering area” means an area, as designated by a licensee and approved by the commission, in which sports wagering is conducted.

“Gambling activities” means participating in any form of on-site wagering as defined by Iowa Code chapter 99F and approved by the commission; the movement, storage, and handling of uncounted gambling revenues; the manual exchange of moneys for forms of wagering credit on the gaming floor; public entrance into and public egress from the gaming floor, except that egress through emergency exits that are actively alarmed is not included; and any other activities so defined by the commission.

“Gambling game” means any game of chance authorized by the commission.

“Gangplank” means the walkways that passengers use to embark and disembark from the excursion gambling boat.

“Land-based facility” means the licensee's operation where the soft count room is located, if other than on an excursion gambling boat.

“Licensee” means a qualified sponsoring organization conducting gambling games on an excursion gambling boat or in a racetrack enclosure licensed by the Iowa racing and gaming commission under Iowa Code section 99F.7.

“Operator” means an entity licensed by the Iowa racing and gaming commission to operate an excursion gambling boat or racetrack enclosure.

“Slot change booth” means a structure on the floor of a licensed gaming establishment which houses a coin-counting device that is utilized to redeem coins or tickets from patrons.

661—141.4(99F) Closed circuit surveillance system.

141.4(1) Every licensee shall install, maintain and operate, on the same premises where the casino is located or, with the approval of the DCI, on a property adjacent to the casino, a closed circuit surveillance system according to specifications set forth in these rules and shall provide to the commission and the DCI access at all times to the system or its signal.

141.4(2) Any casino issued a license on or after July 1, 2004, will be required to install a recording system that is totally digital and that meets the requirements as outlined in this chapter.

141.4(3) All licensees shall have in place digital recording systems that meet the requirements of this chapter no later than January 1, 2011. Any system converted to digital prior to January 1, 2011, must meet the requirements of this chapter upon installation.

661—141.5(99F) Required equipment. The closed circuit surveillance system shall include, but shall not be limited to, the following equipment:

Each camera shall have the capability to distinguish a clear, unobstructed view of the table number of the gaming table or slot machine.

141.5(2) Printers.

a. Video systems. The printers for video systems shall be capable of adjustment and must possess the capability to generate instantaneously upon command a clear, still copy of the image depicted on a videotape recording with a minimum of 128 shades of gray.

b. Digital systems. The printers for digital systems shall be capable of printing a clear, still copy using a minimum of four colors at 600 × 600 dots per inch on photo-quality paper.

The surveillance system must include enough monitors and recording capacity to simultaneously display and record multiple gaming, cage, drop, count room activities, and record the views of all dedicated coverage. Recording systems shall be capable of copying original images while maintaining the original native format, and storing images in a format that contains a method to verify the authenticity of the original recordings and copies. The licensee shall supply the medium for download and transfer of the information and a jewel case or sleeve for the medium.

141.5(9) Digital systems.

a. All images and audio shall be digitally recorded and stored on a system with backup and retrieval capabilities.

b. Recording systems shall be locked by the manufacturer to disable the erase and reformat functions and to prevent access to the system data files.

c. The system shall provide uninterrupted recording while the playback or copy function is used.

d. If the licensee chooses to use a network for the digital recording equipment, it must be a closed network with limited access located on the same premises as the casino or, with the approval of the DCI, on a property adjacent to the casino. Nothing in this paragraph shall be interpreted to prevent the commission from utilizing or transmitting for regulatory purposes images recorded by a video surveillance system.

e. The licensee shall provide the DCI and the commission representative with the necessary software and hardware to review a downloaded recording. Additionally, the licensee shall provide the DCI and the commission representative with printers meeting the requirements as outlined in 661—subrule 141.5(2).

f. The licensee shall be responsible for staffing the surveillance room with licensed staff trained in the use of digital equipment. Surveillance employees shall be capable of downloading or copying digital audio or images, or both, for evidentiary purposes.

If, after 24 hours, activity in the affected area cannot be monitored, the game or machine shall be closed until such coverage can be provided. A record of all malfunctions shall be kept and reported to the DCI each day. In the event of a dedicated coverage malfunction, the licensee must immediately provide alternative camera coverage or other security measures that will protect the subject activity. If other security measures are taken, the licensee must immediately notify the DCI. The DCI, in its discretion, will determine whether the other security measures are adequate.

141.10(8) *Security.* Entry to the surveillance room and access to satellite monitoring equipment shall be limited to persons approved by the DCI or the commission. A log of personnel entering and exiting the surveillance room and accessing satellite monitoring equipment shall be maintained and submitted to the DCI or the commission upon request.

b. A written casino surveillance system plan must include a casino floor plan that shows the placement of the surveillance room and all casino surveillance equipment in relation to the locations required to be covered and a detailed description of the casino surveillance system and its equipment. In addition, the plan may include other information that evidences compliance with these rules by the licensee, operator or applicant.

c. The operator may change the location of the surveillance room, table games, slot machines, and other gaming devices. The surveillance system must also be adjusted, if necessary, to provide the coverage required by these rules. During this period, the presence of a trained security surveillance person shall not be required.

661—141.12(99F) Waivers from requirements. Upon written request of an applicant, licensee, or operator, the director of the DCI may, for just cause, waive any requirement of this chapter, provided that the director finds that all of the following conditions exist:

1. The requirement requested to be waived is not imposed by statute or another provision of law, and the establishment of the requirement is entirely within the authority of the department of public safety.
2. Enforcing the requirement would impose an undue hardship on the applicant, licensee, or operator requesting the waiver.
3. Granting the waiver would not prejudice the substantial legal rights of any person.
4. Substantially equal protection of public health, safety, and welfare to that which would result from the enforcement of the requirement will be afforded through another means.

Each request for a waiver shall be reported to the agency rules administrator of the department of public safety, with an indication of the disposition of the request and a brief explanation of the reasons for granting or denying the waiver.

CHAPTER 157
DEVICES AND METHODS TO TEST BODY FLUIDS FOR ALCOHOL OR DRUGS

661—157.1(321J) Approval of devices and methods to test for alcohol or drug concentration. The commissioner, by these rules, approves the following devices and methods to take a specimen of a person's breath or urine for the purpose of determining the alcohol or drug concentration.

661—157.2(321J) Evidentiary breath testing.

157.2(1) A breath testing device is a device designed and constructed to measure a subject's breath alcohol concentration by utilizing a sample of the subject's breath.

157.2(2) A peace officer desiring to perform testing of a subject's breath for the purpose of determining the alcohol concentration shall employ, or cause to be used, a breath testing device of a type meeting the minimum performance requirements established in Highway Safety Programs; Model Specifications for Devices to Measure Breath Alcohol, Federal Register, Volume 58, No. 179 (September 17, 1993), pp. 48705-48708. All devices so used must be certified to be in proper working order at least once per calendar year according to procedures specified for that device. The interval between certifications shall not be more than 450 days.

157.2(3) The division of criminal investigation criminalistics laboratory shall maintain a list of devices approved by the commissioner of public safety for collection of breath samples for evidentiary purposes. The current list shall be available upon request to the Division of Criminal Investigation Criminalistics Laboratory at 2240 South Ankeny Boulevard, Ankeny, Iowa 50023, or on the website of the department of public safety.

157.2(4) The operator of an evidentiary breath testing device shall have been certified as competent in the operation of the breath testing device and shall proceed in accordance with the instructions included in an operating manual furnished by the division of criminal investigation criminalistics laboratory. An operating manual, with number and date, specific to a particular approved device and prepared by the division of criminal investigation criminalistics laboratory shall be available to operators using the device. The current version of the operating manual for each device currently approved for use in Iowa may be obtained by contacting the Division of Criminal Investigation Criminalistics Laboratory at 2240 South Ankeny Boulevard, Ankeny, Iowa 50023, or from the department's website.

157.2(5) All certifications of evidentiary breath testing devices shall be made by the division of criminal investigation criminalistics laboratory. All certifications of operators shall be made by the division of criminal investigation criminalistics laboratory or a designee. A designee shall be a person trained and certified by the division of criminal investigation criminalistics laboratory.

[ARC 7529B, IAB 1/28/09, effective 4/1/09; ARC 0219C, IAB 7/25/12, effective 9/1/12; ARC 5407C, IAB 1/27/21, effective 3/3/21]

661—157.3(321J) Urine collection. A peace officer who collects a sample of a subject's urine for the purpose of determining alcohol or drug concentration shall proceed as follows.

157.3(1) The collection shall be made in the presence of a peace officer or other reliable person under the supervision of a peace officer. The peace officer or other person in the presence of the subject shall be of the same gender as the subject.

157.3(2) As soon as practicable, the subject shall urinate into a urine alcohol kit-supplied bottle, cup or other suitable container which is clean, dry, and free from any visible contamination. Anticoagulant and antimicrobial substances in a blood or urine kit do not constitute visible contamination.

157.3(3) The peace officer shall collect a second urine void for alcohol testing in a suitable container which is clean, dry, and free from visible contamination. If a second void cannot be collected, the peace officer shall submit a sample from the first void and shall inform the Iowa division of criminal investigation criminalistics laboratory on the laboratory receipt form that the sample is from a first void. It is not necessary that the subject's bladder be completely emptied.

157.3(4) When collection of the sample for alcohol testing has been completed, the peace officer shall cause a portion of the collected sample to be transferred to a test tube containing 100 milligrams of sodium fluoride and anticoagulant.

157.3(5) A listing of test kits known to meet the requirements of subrules 157.3(2), 157.3(3) and 157.3(4) may be found on the criminalistics laboratory website. Any peace officer wishing to use a test kit which is not listed should inquire of the criminalistics laboratory as to whether the other test kit meets the requirements. Any provider of test kits may request the addition of a kit to the list by sending a sample kit to the administrator of the criminalistics laboratory with a cover letter requesting that the kit be added to the list of kits known to meet the requirements of this subrule.

NOTE: The current location of information about test kits on the laboratory website is: dps.iowa.gov/divisions/criminal-investigation/criminalistics-laboratory/toxicology.

157.3(6) If the peace officer requests additional toxicological testing, the remainder of the sample may be retained in a container and sent for analysis to the Iowa division of criminal investigation criminalistics laboratory.

157.3(7) The peace officer shall label the container showing the date and time the sample was collected and identifying the peace officer, the subject, and the person present during the collection of the sample if other than the peace officer.

661—157.4(321J) Submission of samples for alcohol and drug testing to the criminalistics laboratory. Any sample of urine or blood may be submitted to the division of criminal investigation criminalistics laboratory or other appropriate laboratory via ordinary mail, private courier, or personal delivery.

661—157.5(321J) Preliminary breath screening test.

157.5(1) A peace officer desiring to perform a preliminary screening test of a person's breath shall use a device approved by the division of criminal investigation criminalistics laboratory. Such devices are approved for accuracy and precision using a dry gas standard or breath simulating device. The division of criminal investigation criminalistics laboratory shall employ scientifically established tests or methods appropriate to a particular device in determining whether the device meets an acceptable standard for operation including accuracy, or the laboratory may, at its discretion, accept test results from another laboratory. The standards shall include the requirement that in all cases the device shall indicate the alcohol concentration on a numerical display. Devices shall be of a type that may be calibrated on a monthly basis by officers in the field.

The division of criminal investigation criminalistics laboratory shall maintain a list of devices approved by the commissioner for use as preliminary breath screening devices. The list of currently approved devices is available on the website of the department.

157.5(2) Any peace officer using an approved device shall follow the instructions furnished by the manufacturer for use of such a device. The calibration of each unit shall be checked at least once per month, and the device shall be calibrated, if necessary, using a dry gas standard. The officer or officer's department shall maintain a record of each calibration. This record shall include:

- a. The identity of the person performing the calibration.
- b. The date.
- c. The value of standard used.
- d. The unit type and identification number.
- e. The expiration date of the standard used.

[ARC 5407C, IAB 1/27/21, effective 3/3/21]

661—157.6(123) Chemical test—alcohol concentration—public intoxication. All devices and methods approved in this chapter for the purpose of determining a person's alcohol concentration for evidential purposes under Iowa Code chapter 321J, and the devices otherwise approved in this chapter only for use in performing preliminary breath screening tests, are equally approved for testing to determine alcohol concentration in connection with arrests for public intoxication under Iowa Code section 123.46. The chemical test results shall be expressed in terms of alcohol concentration as defined in Iowa Code section 321J.1.

661—157.7(321J) Detection of drugs other than alcohol.

157.7(1) Adoption of federal standards. Initial test requirements based upon standards adopted by the federal Substance Abuse and Health Services Administration in “Mandatory Guidelines for Federal Workplace Drug Testing Programs,” 82 FR 7920, and displayed in the following table are hereby adopted as standards for determining detectable levels of controlled substances in the division of criminal investigation criminalistics laboratory initial screening for controlled substances detected by the presence of the following: marijuana metabolites, cocaine metabolites, codeine/morphine, hydrocodone/hydromorphone, oxycodone/oxymorphone, 6-acetylmorphine, phencyclidine, amphetamine/methamphetamine, and MDMA/MDA. The following table shows the minimum levels of these substances which will result in a finding that a controlled substance is present at a detectable level:

Initial test analyte	Initial test cutoff ¹
Marijuana metabolites (THCA) ²	50 ng/ml ³
Cocaine metabolites (Benzoylecgonine)	150 ng/ml ³
Codeine/Morphine	2000 ng/ml
Hydrocodone/Hydromorphone	300 ng/ml
Oxycodone/Oxymorphone	100 ng/ml
6-Acetylmorphine	10 ng/ml
Phencyclidine	25 ng/ml
Amphetamine/Methamphetamine	500 ng/ml
MDMA ⁴ /MDA ⁵	500 ng/ml

¹ For grouped analytes (i.e., two or more analytes that are in the same drug class and have the same initial test cutoff):

Immunoassay: The test must be calibrated with one analyte from the group identified as the target analyte. The cross-reactivity of the immunoassay to the other analyte(s) within the group must be 80 percent or greater; if not, separate immunoassays must be used for the analytes within the group.

Alternate technology: Either one analyte or all analytes from the group must be used for calibration, depending on the technology. At least one analyte within the group must have a concentration equal to or greater than the initial test cutoff or, alternatively, the sum of the analytes present (i.e., equal to or greater than the laboratory’s validated limit of quantification) must be equal to or greater than the initial test cutoff.

² An immunoassay must be calibrated with the target analyte, D-9-tetrahydrocannabinol-9-carboxylic acid (THCA).

³ *Alternate technology* (THCA and benzoylecgonine): The confirmatory test cutoff must be used for an alternate technology initial test that is specific for the target analyte (i.e., 15 ng/mL for THCA, 100 ng/mL for benzoylecgonine).

⁴ Methylenedioxymethamphetamine (MDMA).

⁵ Methylenedioxyamphetamine (MDA).

157.7(2) Reserved.

CHAPTER 158
IGNITION INTERLOCK DEVICES

661—158.1(321J) Scope and authority.

158.1(1) The rules in this chapter establish standards and requirements that apply to ignition interlock devices installed in motor vehicles pursuant to court orders or administrative orders issued by the department of transportation pursuant to Iowa Code chapter 321J.

158.1(2) Various sections of Iowa Code chapter 321J require drivers who have been convicted of violating or administratively adjudged to have violated certain provisions of Iowa Code chapter 321J to have ignition interlock devices “of a type approved by the commissioner of public safety” installed on their vehicles in order to continue to drive legally. The rules in this chapter provide the standards for such approval.

[ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.2(321J) Definitions. The following definitions apply to rules 661—158.1(321J) through 661—158.9(321J):

“*Alcohol*” means any member of the class of organic compounds known as alcohols and, specifically, ethyl alcohol.

“*Authorized service provider*” or “*ASP*” means a person or company meeting all qualifications outlined in this chapter and approved and trained by the manufacturer to service, install, monitor or calibrate IIDs approved pursuant to this chapter.

“*Breath alcohol concentration*” or “*BrAC*” means the amount of alcohol determined by chemical analysis of the individual’s breath measured in grams of alcohol per 210 liters of breath.

“*Bypassing*” or “*tampering*” means the attempted or successful circumvention of the proper functioning of an IID including, but not limited to, the push start of a vehicle equipped with an IID, disabling, disconnecting or altering an IID, or introduction of a breath sample into an IID other than a nonfiltered direct breath sample from the driver of the vehicle in order to defeat the intended purpose of the IID.

“*Ignition interlock device*” or “*IID*” means an electronic device that is installed in a vehicle and that requires the completion of a breath sample test prior to starting the vehicle and at periodic intervals after the vehicle has been started. If the IID detects an alcohol concentration of 0.025 grams or greater per 210 liters of breath, the vehicle shall be prevented from starting.

“*Laboratory*” means the division of criminal investigation criminalistics laboratory.

“*Lessee*” means a person who has entered into an agreement with a manufacturer or an ASP to lease an IID and whose driving privileges are contingent on the use of an IID.

Once a lockout condition occurs, the IID shall be reset by the manufacturer or the ASP within five days, or the IID shall render the vehicle ignition incapable of starting the vehicle.

“*Manufacturer*” means the person, company, or corporation that produced the IID.

“*Random retest*” means a breath sample that is collected in a nonscheduled, random manner after the vehicle has been started.

“*User*” means a person operating a vehicle equipped with an IID.

“*Violation*” means a condition caused by either (1) failure to provide a proper breath sample to the IID during a random retest, (2) the IID indicating a concentration exceeding the maximum allowable concentration of 0.025 BrAC during a random retest, or (3) the IID indicating that bypassing the device or tampering with the device occurred or was attempted.

[ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.3(321J) Approval. To be approved, an IID shall meet or exceed performance standards contained in the Model Specifications for Breath Alcohol Ignition Interlock Devices, as published in the Federal Register, April 7, 1992, pages 11772-11787. Only a notarized statement from a laboratory capable of performing the tests specified will be accepted as proof of meeting or exceeding the standards.

158.3(1) In addition to the federal standards, the DCI criminalistics laboratory shall apply scientific tests or methods to a particular IID to determine whether it meets an acceptable standard for accuracy.

158.3(2) At the discretion of the laboratory administrator, the laboratory may accept test results from other public laboratories or authorities.

158.3(3) The laboratory shall maintain a list of IIDs approved by the commissioner of public safety. The list is available without cost by writing to the Iowa Department of Public Safety, Division of Criminal Investigation, Criminalistics Laboratory, 2240 South Ankeny Blvd., Ankeny, Iowa 50023; by telephoning (515)725-1500; or by accessing the list on the laboratory's Web site.

158.3(4) On or after January 1, 2010, any IID installed in a vehicle in Iowa pursuant to this chapter, including a replacement for a device previously installed, shall utilize fuel cell technology. Any device installed prior to January 1, 2010, may continue to be used until the expiration of the order that resulted in its use or until it is replaced, whichever occurs earlier.

[ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.4(321J) Revocation of approval. The approval of an IID shall remain valid until either voluntarily surrendered by the manufacturer or until the approval of the IID has been revoked by the commissioner of public safety for cause. Reasons for revocation include but are not limited to the following.

158.4(1) Evidence of repeated IID failures due to defects in design, materials, or workmanship during manufacture, installation, monitoring, or calibration of the IID such that the accuracy of the IID or the reliability of the IID as approved is not being met as determined by the laboratory.

158.4(2) A pattern of evidence that the mandatory operational features of the IID as described in rule 661—158.6(321J) are not functioning properly.

158.4(3) A pattern of evidence indicating that the IID may be easily tampered with or bypassed.

158.4(4) Any violation on the part of the manufacturer of the IID of any laws or regulations related to the installation, servicing, monitoring, and calibration of IIDs, or failure of a manufacturer to address repeated violations by an ASP.

158.4(10) Revocation of approval in another state for any of the reasons for revocation listed in subrules 158.4(1) through 158.4(9).

158.4(11) A revocation shall be effective 30 days from the date of the letter sent to the manufacturer via certified mail, return receipt requested, unless otherwise specified by the commissioner. A copy of each notice of revocation shall be provided to the director of the Iowa department of transportation.

158.4(12) Upon voluntary surrender or revocation, all IIDs subject to the surrender or revocation shall be removed and replaced by an approved IID within 60 days of the effective date of such surrender or revocation. The manufacturer or the ASP must notify all affected lessees of the surrender or revocation

and the requirement that a new IID must be installed by an existing ASP within the time frame specified in this subrule.

158.4(13) A revocation of a previously approved IID may be appealed to the department of public safety by the filing of an appeal in accordance with the procedures specified in rule 661—10.101(17A) within ten days of the issuance of the notice of revocation.

Each of these changes should also include a narrative explaining how the modifications or alterations will affect the accuracy, reliability, ease of use, or general function of the IID. The laboratory reserves the right to test the IID to determine if the IID meets or exceeds the requirements established in this chapter.

[ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.6(321J) Mandatory operational features. In addition to any requirements established elsewhere in this chapter, an approved IID shall comply with the following.

158.6(1) The IID shall be designed and constructed to measure a person's breath alcohol concentration by utilizing a sample of the person's breath delivered directly into the IID.

158.6(2) The IID shall be designed and constructed so that the ignition system of the vehicle in which it is installed will not be activated if the breath alcohol concentration of the person using the IID exceeds 0.025 BrAC.

158.6(3) The IID shall prevent engine ignition if the IID has not been calibrated within 67 days subsequent to the last calibration. Calibration may be required more frequently at the discretion of the manufacturer or the ASP.

EXCEPTION: The laboratory administrator may approve a device using fuel cell technology to be recalibrated within 187 days of the previous calibration provided that the device passes specific precision and functionality testing approved by the laboratory administrator and carried out by the laboratory or an independent laboratory acceptable to the laboratory administrator.

158.6(4) The IID shall record every instance when the vehicle is started, the results of the breath sample test, how long the vehicle was operated, and any indications that the IID may have been tampered with or bypassed.

158.6(5) The IID shall require the operator to submit to a random retest within 10 minutes of starting the vehicle. A minimum of two additional random retests shall occur within 60 minutes of starting the vehicle, and a minimum of two random retests shall occur within every 60 minutes thereafter. Random retests may be achieved during operation of the vehicle. The IID shall enter a lockout condition within five days if two or more violations are recorded in a single monitoring period. An IID may, at the discretion of the manufacturer or the ASP, enter a lockout condition on the basis of a single violation.

158.6(6) The IID shall permit a sample-free restart for a maximum period of two minutes unless the IID has initiated a random retest, in which case the operator must successfully perform a breath sample test before the vehicle may be restarted.

158.6(7) The IID shall automatically and completely purge residual alcohol before allowing subsequent tests.

158.6(8) The IID shall be installed in such a manner that it will not interfere with the normal operation of the vehicle after the vehicle has been started.

158.6(9) The IID shall be equipped with a method of immediately notifying peace officers if the retest required by subrule 158.6(5) is not performed or if the result of a random retest exceeds the alcohol concentration of 0.025 BrAC. Examples of acceptable forms of notification are repeated honking of the vehicle's horn and repeated flashing of the vehicle's headlights. Such notification may be disabled only by switching the engine off or by achievement of a retest at a level below 0.025 BrAC.

158.6(10) Each IID shall be uniquely identified by a serial number. Along with any other information required by the DOT or by an originating court, all reports to the DOT or to an originating

court concerning a particular IID shall include the name, address, and driver's license number of the lessee and the unique serial number of the IID. The name, address, telephone number, and contact person of the manufacturer or the ASP furnishing the report shall also be included as part of the report. [ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.7(321J) IID security. The manufacturer and its ASPs shall take all reasonable steps necessary to prevent tampering with or physical circumvention of the IID. These steps shall include the following.

158.7(1) ASPs shall use special locks, seals, installation procedures, or design characteristics that prevent or record evidence of tampering or circumvention attempts.

158.7(2) The manufacturer or the ASP shall affix a label to the IID indicating that attempts to tamper with or circumvent the IID may subject a person to criminal prosecution or administrative sanctions.

158.7(3) No owner or employee of a manufacturer or an ASP may authorize or assist with the disconnection of an IID or enable the use of any emergency bypass mechanism or any other bypass procedure that allows a person restricted to the use of a vehicle equipped with a functioning IID to start or operate a vehicle without providing all required breath samples. Authorizing or assisting with the disconnection of an IID may subject the owner or employee of a manufacturer or an ASP to criminal prosecution or administrative sanctions. [ARC 7887B, IAB 7/1/09, effective 10/1/09]

661—158.8(321J) IID maintenance and reports.

158.8(1) An IID utilized in accordance with the provisions of this chapter shall have the calibration checked and shall be recalibrated at least once every 60 days using either a wet bath simulator or dry gas standard. Calibration shall be completed by the manufacturer or the ASP. In lieu of calibration of an installed IID, an installed IID may be exchanged for another calibrated IID. The laboratory administrator may approve a device that employs fuel cell technology to be used for up to 180 days from the date of the previous calibration, provided that the device passes specific precision and functionality testing approved by the laboratory administrator and carried out by the laboratory or an independent laboratory acceptable to the laboratory administrator. An IID shall automatically enter a lockout condition if the IID has not been calibrated within 7 days after the deadlines established in this subrule.

158.8(2) The calibration record for the IID currently installed in a vehicle pursuant to Iowa Code section 321J.4 and this chapter and for any other IID installed in the same vehicle shall be maintained by the manufacturer or the ASP. The record shall include the following:

- a. Name of the person performing the calibration;
- b. Date;
- c. Value and type of standard used;
- d. Batch or lot number of standard;
- e. Unit type and identification number of the IID; and

 - (1) Registration plate number and state;
 - (2) Make;
 - (3) Model;
 - (4) Vehicle identification number;
 - (5) Year; and
 - (6) Color.

158.8(3) The IID must be calibrated for accuracy according to the manufacturer's procedures. All data contained in the IID's memory must be downloaded, and the manufacturer or the ASP shall make a hard copy or the electronic equivalent of a hard copy of client data and results of each examination.

158.8(4) All information obtained as a result of each inspection shall be retained by the manufacturer or the ASP for five years from the date the IID is removed from the vehicle.

158.8(5) Any manufacturer or ASP who discovers evidence of tampering with or attempting to bypass an IID shall, within 30 days of the discovery, notify the DOT and the county attorney of the county of residence of the lessee of that evidence.

158.8(6) The manufacturer or the ASP must provide, upon request, additional reports in a format acceptable to, and at no cost to, the DOT and the DCI.

158.8(7) The manufacturer or the ASP shall notify the DOT within 10 days if an IID is not calibrated within the time period specified in subrule 158.6(3).

158.9(3) Each manufacturer and ASP of IIDs approved for use in Iowa shall provide the lessee with instructions on how to properly use the IID. The instructions shall include recommending a 15-minute waiting period between the last drink of an alcoholic beverage and the time of breath sample delivery into the IID.

158.9(4) An IID utilized under these rules shall be installed and removed by the manufacturer or the ASP in conformance with the prescribed procedures of the manufacturer.

158.9(5) The department of public safety reserves the right to inspect any IID, manufacturer, or ASP at any time at the department's discretion. c. Changes. No changes shall be made to the approved final working plans and specifications or shop drawings unless the changes are submitted to and approved by the building code bureau.

200.3(5) If the blueprints and specifications are not acceptable, the building code bureau shall notify the submitter of the deficiencies and request that the submitter either forward changes or request a review of the blueprints and specifications with the building code bureau.

200.3(6) If, after such review, the submitter disputes the findings of the plan reviewer, the submitter may request that the disputed questions be reviewed by the building code commissioner and the chief of the fire prevention bureau.

200.3(7) If the submitter disputes the findings of the building code commissioner and the chief of the fire prevention bureau, the submitter may appeal to the fire marshal under the provisions of rule 661—200.2(100).

The responsible design professional shall contact the bureau to schedule the preliminary meeting. There is no separate fee for a preliminary meeting. If the responsible design professional plans to request approval to bid the project as part of the preliminary meeting, the responsible design professional shall request a copy of the document “Preliminary Meeting Checklist” at the time the meeting is scheduled and shall be prepared to address all applicable issues identified on the checklist at the preliminary meeting. Approval to bid the project shall not be given unless all applicable issues identified on the checklist have been addressed to the satisfaction of the state fire marshal or the state fire marshal’s designee.

661—200.4(100,101,101A) Inspections and inspection fees. Certain buildings, facilities, and installations as designated in the Iowa Code are required to comply with the Iowa Code and rules of the fire marshal. The fire marshal determines and enforces such compliance. To do so, the fire marshal or any employee of the fire marshal or local fire department authorized by the fire marshal may enter such building or premises at any time without notice to inspect it.

200.4(1) An inspection may be of a particular system in the building, facility, or installation, or the inspection may include the entire building, facility, or installation.

200.4(2) An inspection to evaluate compliance with the rules of the fire marshal shall be conducted by the fire marshal or by a consultant as requested by the fire marshal. A consultant is a person with the necessary degree of training, education or experience to examine a system within a building required to be in compliance with the rules of the fire marshal and determine if such system or systems are in compliance with such requirements. If a consultant who is not employed by the fire marshal is engaged to conduct an inspection, the consultant shall be accompanied by an employee of the fire marshal or of a local fire department while conducting the inspection.

200.4(3) Inspections shall be conducted without announcement and occur on a random basis, upon request, in response to a complaint or to investigate a suspected fire hazard.

200.4(4) An employee of the fire marshal or an employee of a local fire department acting on behalf of the fire marshal, upon arriving at a building, facility, or installation in order to conduct an inspection, shall advise the owner or the person in control of the building, if that person is available. If a person in such a position cannot be contacted, the inspection shall commence in any event. If the owner or the owner's representative wishes to accompany the employee during the inspection, the owner or the owner's representative may do so, provided that the inspection is not delayed.

200.4(5) Upon completion of an inspection, the employee or consultant may complete a written inspection order if any violations or deficiencies are discovered. The order shall be signed by the employee and, if prepared by a consultant, shall also be signed by the consultant.

200.4(6) Upon completion of the inspection, if the building, facility, or installation does not comply with applicable laws or rules, the employee or consultant shall identify specific provisions with which the building, facility, or installation does not comply and shall notify the owner. The owner may be ordered to correct or repair the deficiency. The owner may order the building, facility, or installation removed or demolished, in lieu of correcting the deficiency.

a. Copies of the notice of deficiencies or order shall be distributed to the fire marshal's office and the fire department having jurisdiction. The employee or consultant signing the order shall retain a copy.

b. The time allowed to comply with the order shall be determined by the employee or consultant, who shall consider the likelihood that a fire may occur, the possibility of personal injury or property loss, the cost and availability of materials and labor to correct, repair, remove or demolish, and other relevant information.

c. If the owner of the building, facility, or installation does not agree with the deficiency findings and order, the owner may appeal the order to the fire marshal under rule 661—200.2(100).

200.4(7) Inspection fees. The following fees shall apply respectively to inspections of the facilities of the types listed where a certificate of inspection from the fire marshal is required in order to obtain licensure or certification under Iowa law. The inspection fee shall be paid by check made payable to the Fire Marshal Division, Iowa Department of Public Safety. If a certificate of occupancy is required for use of the building, facility, or installation, the certificate shall not be issued until the inspection fee has been paid.

a. The inspection fee for a hospital or health care facility licensed or seeking licensure pursuant to Iowa Code chapter 135B or 135C or a group home licensed or seeking licensure in this state is \$2.50 per bed.

b. The inspection fee for an elder group home certified or seeking certification pursuant to Iowa Code chapter 231B or an assisted living facility licensed or seeking licensure pursuant to Iowa Code chapter 231C is \$10 per bed.

c. The inspection fee for an adult day services program certified or seeking certification pursuant to Iowa Code chapter 231D is \$75 per facility.

d. The inspection fee for a child care facility licensed or seeking licensure pursuant to Iowa Code chapter 237A is \$25 per facility.

e. When an initial inspection which requires a fee pursuant to paragraphs "a," "b," or "c" of this subrule results in a finding of a deficiency or deficiencies which require a reinspection, the initial reinspection shall be performed without the imposition of any additional fee. If the original deficiency

or deficiencies have not been corrected at the time of the initial reinspection, then a fee of \$125 for each additional reinspection after the initial reinspection is required until the original deficiency or deficiencies have been corrected.

f. The fee for a suitability inspection of a prospective site for a building, facility, or installation which may seek licensure or certification from the state of Iowa is \$150.

661—200.5(100) Certificates for licensure. Several Iowa statutes provide that a license to conduct certain functions may not be issued until the fire marshal has approved the building, facility, or installation to be used for such function. Upon completion of an inspection showing the building, facility, or installation to be in compliance with applicable rules of the fire marshal, the owner or the owner's agent may request the issuance of a certificate of occupancy specifying that the building, facility, or installation is approved for the specific use requiring licensure. Upon receipt of the request, provided that the building, facility, or installation is found to be in compliance with applicable rules of the fire marshal and all applicable fees have been paid, the fire marshal shall issue such a certificate. If the building, facility, or installation is found not to be in compliance, the person requesting the certificate may file a petition requesting a review, and the same procedure is used as if an order were being appealed. Upon completion of the appeal process, if the building, facility, or installation is found to be in compliance, a certificate will then be issued.

200.6(2) Local fire officials have the primary responsibility to and shall investigate fires. A local fire official who investigates a fire shall file a report of each fire investigated with the fire marshal division within one week of the fire even if the fire marshal division participated in, assisted with, directed or supervised the fire investigation. Upon written request, the fire marshal may grant an extension of the time for filing this report for a period not to exceed 14 days. The request shall set forth compelling reasons for such extension.

200.6(3) A local fire official who investigates a fire shall immediately report a fire that involves death or suspected arson and shall do so by contacting the member of the fire marshal division assigned to that area or, if that member is not available, another member of the fire marshal division. If direct contact with the fire marshal division is impractical, the local fire official may request the county sheriff to relay the information to the fire marshal division via Iowa state patrol communications.

200.6(4) The notice of a fire involving death or arson shall contain the following information, if known:

a. The date, time, and address of the fire;

b. If death has occurred or is suspected, the name, age and address of the person or persons deceased or missing;

661—200.8(100) Inspection based on complaint.

200.8(2) Initial determination. The fire marshal, upon receipt of the information, shall make an initial determination whether there are sufficient allegations to warrant an inspection.

a. If, in the fire marshal's opinion, the complaint fails to warrant an inspection, the fire marshal shall so advise the complainant.

b. If the fire marshal determines that an inspection is warranted, the fire marshal shall so advise the county attorney, the requester and the person(s) identified as the owner(s).

200.8(3) Cause to be inspected. After initial determination, the fire marshal shall cause the inspection of the building, facility, or installation to determine if:

a. By want of proper repair, or by reason of age and dilapidated condition, the building, facility, or installation is especially liable to fire and is so situated as to endanger other buildings, facilities, installations, property or persons, or

b. The building, facility, or installation contains combustibles, explosives or flammable materials dangerous to the safety of any buildings, premises or persons.

200.8(4) Final decision. Upon completion of the inspection, the fire marshal shall decide if the building, facility, or installation needs to be removed or repaired.

a. If the building, facility, or installation complies with applicable laws or rules and no deficiencies are found, the fire marshal shall accordingly notify the county attorney, the owner and the requester.

b. If any deficiencies are found, and the building, facility, or installation is within the corporate limits of a city, the fire marshal shall notify the mayor and clerk of said city of the deficiencies and the need for repairs or removal.

c. If any deficiencies are found, and the building, facility, or installation is outside the corporate limits of any city, the fire marshal shall specifically identify such deficiencies and prepare an order to correct or repair the deficiencies or remove or demolish the building, facility, or installation. Such notice and order shall be sent to the county attorney with a request that the notice and order be examined by the county attorney.

NOTE: An owner who receives an order from the fire marshal may appeal the order using procedures established in rule 661—200.2(100).

200.8(5) Verification of legal description. The county attorney shall, upon receipt of the fire marshal's notice and order, verify the legal description and identification of the property owner and shall advise the fire marshal how to properly serve the order.

200.8(6) Contents of order. The order shall notify the owner of the building, facility, or installation that the order becomes effective upon its receipt or issuance. 200.8(8) Reasonable time to comply. The order shall give the owner a reasonable time to comply with its mandate(s). The fire marshal shall determine what constitutes a reasonable time by considering the likelihood of fires, the possibility of personal injury or property loss, the cost, availability of materials

and labor to correct, repair, remove or demolish the building, facility, or installation and other reasonable, relevant information.

200.8(9) Reinspection. If the owner of the building, facility, or installation elects not to challenge the fire marshal's order, the fire marshal shall, at the end of the period during which compliance was required, conduct another inspection of the building, facility, or installation.

a. If the fire marshal finds that the order has been complied with, the fire marshal shall notify the county attorney, owner and requester of this fact.

b. If the fire marshal finds that the order has not been complied with, the fire marshal shall notify the county attorney of noncompliance.

NOTE: An owner who receives a notice of noncompliance from the fire marshal may appeal the notice using procedures established in rule 661—200.2(100).

200.8(10) Failure to comply. Upon receipt from the fire marshal of notice of the owner's failure to comply, the county attorney shall:

a. Institute the procedure necessary to subject the owner to a penalty of \$10 for each day the owner fails to comply, and

b. Confirm the legal description of the property; the owner's name and address; the alleged deficiencies of the building, facility, or installation; that an inspection was conducted; that some deficiency was found; that the owner was properly served, notified and given an adequate opportunity to repair the deficiency; and that the deficiency has not been remedied, and

c. Advise the fire marshal that destruction is appropriate.

200.8(11) Final action taken. The fire marshal, upon the advice of the county attorney, may repair, remove or destroy the building, facility, or installation. Such destruction may occur by:

a. Permitting the local fire service to burn the building, facility, or installation as a training exercise;

b. Asking for public bids on the building, facility, or installation; or

c. If significant costs are anticipated, the fire marshal may request funds from the Iowa executive council.

210.3(1) Approved single-station smoke alarms shall be acceptable in all areas covered by this chapter, unless other fire warning equipment or materials are required by any provision of 661—Chapter 201, 202, or 205 or if a fire alarm system with smoke detection listed under UL 268 has been installed. Any single-station smoke alarm or multiple-station smoke alarm installed on or after April 1, 2010, in compliance with this subrule, including a replacement of an existing smoke alarm, shall be listed under UL 217.

210.3(2) Any installation of wiring and equipment shall comply with 661—Chapter 504.

210.3(3) All devices, combinations of devices, and equipment to be installed in conformity with this chapter shall be approved and used for the purposes for which they are intended. Any smoke alarm installed on or after April 1, 2010, in compliance with this chapter, including a replacement of an existing smoke alarm, shall be listed in accordance with UL 217. Existing dual sensor smoke alarms may be maintained until replacement is recommended by the manufacturer or upon failure.

210.3(4) A combination system, such as a household fire warning system whose components may be used in whole or in part, in common with a nonfire emergency signaling system, such as a burglar alarm system or an intercom system, shall not be permitted or approved, except for one- or two-family dwellings.

210.3(5) All power supplies shall be sufficient to operate the smoke detector alarm for at least four continuous minutes.

210.3(6) Single-station battery-operated or battery backup smoke alarms shall be replaced in accordance with the manufacturer’s instructions.

210.3(7) Power source.

a. In new buildings and additions constructed after July 1, 1991, required smoke alarms shall receive their primary power from the building wiring when such wiring is served from a commercial

source. Wiring shall be permanent and without a disconnecting switch other than that required for overcurrent protection. Smoke alarms may be solely battery-powered when installed in existing buildings, or in buildings without commercial power, or in buildings which undergo alterations, repairs or additions subject to subrule 210.3(2).

b. New and replacement smoke alarms installed after May 1, 1993, which receive their primary power from the building wiring shall be equipped with a battery backup.

c. New and replacement smoke alarms installed after July 1, 2016, which receive their primary power from the building wiring where more than one smoke alarm is required to be installed shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms.

d. After June 30, 2021, a battery-powered smoke alarm listed in accordance with UL 217 that is newly installed or replaces an existing battery-powered smoke alarm must be powered by a nonremovable, nonreplaceable battery that powers the alarm for at least ten years. The battery requirements of this subrule do not apply to a fire alarm, smoke detector, smoke alarm, or ancillary component that is electronically connected as a part of a centrally monitored or supervised alarm system; that uses a low-power, radio frequency wireless communication signal.

210.3(8) The failure of any nonreliable or short-life component which renders the alarm inoperative shall be readily apparent to the occupant of the sleeping unit without the need for a test. Each smoke alarm shall detect abnormal quantities of smoke that may occur and shall properly operate in the normal environmental condition.

210.3(9) Equipment shall be installed in accordance with the manufacturer's recommendations.

210.3(10) Installed fire warning equipment shall be mounted so as to be supported independently of its attachment to wires.

210.3(11) All apparatus shall be restored to normal immediately after each alarm or test.

210.3(12) Smoke alarms shall be located as follows:

a. On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.

b. In each room used for sleeping purposes.

c. In each story within a dwelling unit, including basements but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

221.3(1) The IFC, 2006 edition, is adopted with the following amendments:

a. In section 3402.1, amend the following definitions:

(1) Delete the definition of combustible liquid and insert in lieu thereof the following:

COMBUSTIBLE LIQUID. A liquid having a closed cup flash point at or above 100°F (38°C) and below 200°F (93°C). Combustible liquids shall be subdivided as follows:

Class II. Liquids having a closed cup flash point at or above 100°F (38°C) and below 140°F (60°C).

Class IIIA. Liquids having a closed cup flash point at or above 140°F (60°C) and below 200°F (93°C).

The category of combustible liquids does not include compressed gases or cryogenic fluids.

(2) Delete the definition of refinery and insert in lieu thereof the following:

REFINERY. A plant in which flammable or combustible liquids are produced on a commercial scale from crude petroleum, natural gasoline or other sources, or in which flammable or combustible liquids are used to produce on a commercial scale fuels intended for use in motor vehicles, whether or not those fuels are flammable or combustible liquids.

b. Delete section 3403.1 and insert in lieu thereof the following:

3403.1 Electrical. Electrical wiring and equipment shall be installed and maintained in accordance with NFPA 70, National Electrical Code, 2005 edition, published by NFPA.

c. Add the following new sections:

3403.6.12 Each connection to an aboveground tank through which liquid can normally flow shall be provided with an external control valve that is located as close as practical to the shell of the tank. In addition to the control valve or any other normal tank valves, there shall be an emergency internal check valve at each pipe connection to any tank opening below normal liquid level. The emergency internal check valve shall be effectively located inside the tank shell and shall be operable both manually and by an effective heat-activated device that, in case of fire, will automatically close the valve to prevent the flow of liquid from the tank even though the pipelines from the tank are broken.

3403.6.13 Any device dispensing Class I or Class II flammable liquids shall not be constructed or installed less than 100 feet from any existing dwelling unit.

d. Delete section 3404.2.8.12 and insert in lieu thereof the following:

3404.2.8.12 Liquid removal. Means shall be provided to recover liquid from the vault. Where a pump is used to meet this requirement, the pump shall not be permanently installed in the vault. Electric-powered portable pumps shall be suitable for use in Class I, Division 1 locations, as defined in NFPA 70, National Electrical Code, 2005 edition.

e. Delete section 3404.2.8.17 and insert in lieu thereof the following:

f. Delete section 3404.2.9.1.1, introductory paragraph, and insert in lieu thereof the following:

3404.2.9.1.1 Required foam fire protection systems. Foam fire protection shall be provided at any refinery and for aboveground tanks, other than pressure tanks operating at or above 1 pound per square inch gauge (psig) (6.89 kPa) when such tank, or group of tanks spaced less than 50 feet (15,240 mm) apart measured shell to shell, has a liquid surface area in excess of 1,500 square feet (139 m²), and is in accordance with any of the following:

g. Delete section 3404.2.9.1.2.1, introductory paragraph, and insert in lieu thereof the following:

3404.2.9.1.2.1 Where foam fire protection is required, it shall be provided in accordance with NFPA 11, 2005 edition, and shall be of a type or types and amount appropriate to suppress fires involving types and amounts of flammable or combustible liquids found on the premises. Where the flammable or combustible liquid contains more than 10 percent alcohol, the foam shall be alcohol-resistant. Fire-fighting foam shall be stored separately from any area in which flammable or combustible liquids are stored and in an area or areas that will be readily accessible to fire fighters responding to a fire at the facility.

h. Amend the exception to section 3404.2.9.1.2.1 by adding the following new numbered paragraphs:

6. The premises are not a refinery.

7. The premises do not include bulk storage of flammable or combustible liquids.

8. The premises do not contain total storage capacity to store one million gallons or more of flammable or combustible liquids.

i. Delete section 3404.3.1.1 and insert in lieu thereof the following:

3404.3.1.1 Approved containers. Only approved containers and portable tanks shall be used. No flammable or combustible liquid shall be placed into, stored in, or carried in any container other than one which is metal or hard plastic. No flammable or combustible liquid shall be placed into, stored in, or carried in any temporary or disposable container.

221.3(2) Amend NFPA 30, section 4.3.2.3.3, by adding the following new paragraphs:

(10) Each secondary containment tank shall have top-only openings and shall be either a steel double-walled tank or a steel inner tank with an outer containment tank wall constructed in accordance with nationally accepted industry standards, such as those codified by the American Petroleum Institute, the Steel Tank Institute and the American Concrete Institute. Each tank shall be listed by an independent testing laboratory.

(11) Each fill opening in a secondary containment tank shall be provided with a spill container that will hold at least 5 gallons.

(12) For any secondary containment tank, interstitial tank space shall be monitored by an approved, continuous, automatic detection system that is capable of detecting liquids, including water. An automatic detection system may be either electronically or mechanically operated.

221.3(3) Plans and plan review fees.

a. The owner of any premises on which flammable or combustible liquids are or will be stored or used is required to submit construction plans to the state fire marshal division, online or by mail as established in rule 661—221.1(101), prior to commencing initial construction of the facility or prior to commencing any construction at an existing facility which includes the addition or replacement of an aboveground flammable or combustible liquid storage tank. The construction plans shall be sealed by a licensed professional engineer if the facility at which the construction will occur is or will be a refinery or if preparation of the plans by a licensed professional engineer is required by another provision of Iowa law.

Construction for which plans are required to be submitted for review shall not commence until approval of the plan has been received from the state fire marshal.

EXCEPTION 1: Submission of construction plans is not required if the total flammable or combustible liquid storage capacity on the premises is or will be 1,100 gallons or less.

EXCEPTION 2: If an SPCC plan has been prepared pursuant to 40 CFR 112 for a facility other than a refinery, a copy of the SPCC plan may be submitted to the state fire marshal in lieu of submission of separate construction plans, provided that the SPCC plan includes all of the elements required to be included in construction plans for the specific facility in this subrule. If the state fire marshal agrees, copies of portions of the SPCC plan may be submitted in lieu of a copy of the complete plan provided that all elements of construction plans which are required for the specific facility by this subrule are included. If an SPCC plan or portions thereof are submitted to the state fire marshal, the person making the submission shall provide any additional information required by the state fire marshal to evaluate compliance with the provisions of this chapter and Iowa Code chapter 101. The copy of the SPCC plan or portions thereof submitted to the state fire marshal shall clearly identify the licensed professional engineer who prepared the plan or shall be accompanied by a letter making this identification.

b. Minimum requirements for plans submitted for review include the following:

(1) Drawings shall show the name of the person, firm or corporation proposing the installation, the location, and the adjacent streets or highways.

(2) In the case of refineries or bulk plants, the drawings shall show, in addition to any applicable features required under subparagraphs (4) and (5), the plot of ground to be utilized and its immediate surroundings on all sides; and a complete layout of buildings, tanks, loading and unloading docks, and heating devices, if any.

(3) In the case of service stations, the drawings shall show, in addition to any applicable features required under subparagraphs (4), (5), and (6), the plot of ground to be utilized; the complete layout of buildings, drives, dispensing equipment, and greasing or washing stalls; and the type and location of any heating device.

(4) In the case of aboveground storage, the drawings shall show the location and capacity of each tank; dimensions of each tank whose capacity exceeds 50,000 gallons; the class of liquid to be stored in each tank; the type of tank supports; the clearances; the type of venting and pressure relief relied upon and the combined capacity of all venting and pressure relief valves on each tank; and the tank control valves and the location of pumps and other facilities by which liquid is filled into or withdrawn from the tanks.

(5) In the case of underground storage, the drawings shall show the location and capacity of each tank; the class of liquids to be stored; and the location of fill, gauge, vent pipes, openings and clearances.

(6) In the case of an installation for storage, handling or use of flammable or combustible liquids within buildings or enclosures at any establishment or occupancy covered in this chapter, the drawing shall be in detail sufficient to show whether applicable requirements are to be met.

c. Fees for plan reviews shall apply as follows:

(1) \$100 plus \$25 for each new or replacement tank included in the plan, for any site or facility at which flammable or combustible liquids are or will be stored, except for new construction of a refinery.

(2) \$500 for review of the initial construction plans of a refinery if the projected construction costs are \$100,000,000 or less and \$1,000 for the initial construction plans for a refinery if the projected construction costs are greater than \$100,000,000.

(3) The owner shall submit payment of plan review fees electronically or in the form of a check, money order, or warrant payable to the Iowa State Fire Marshal Division as established in rule 661—221.1(101). Payment shall not be made in cash.

d. Plan review fees shall be refunded to the submitter if the plan review has not been completed and the submitter has not been notified of approval or disapproval of the plans within 60 days of receipt of the complete plans by the state fire marshal division.

221.3(4) Inspections.

a. Any facility at which flammable or combustible liquids are stored is subject to inspection by any state fire code official during the regular business hours of the facility. If the facility does not operate under regular business hours, a state fire code official shall have access to the facility between 8 a.m. and 4 p.m. on any day which is a business day for the state of Iowa, within four hours of notifying the owner of intent to inspect the facility.

b. Any inspection of a facility pursuant to this subrule conducted by an employee of the state fire marshal division of the department of public safety shall result in an inspection fee of \$100 plus \$25 for each aboveground flammable or combustible liquid storage tank, except that there shall be no fee for an initial inspection or the first reinspection after an initial inspection that is conducted pursuant to the receipt of a complaint alleging that the facility is in violation of any provision of this chapter, 661—Chapter 224 or Iowa Code chapter 101. The owner shall submit payment of inspection fees electronically or in the form of a check, money order, or warrant payable to the Iowa State Fire Marshal Division as established in rule 661—221.1(101). Payment shall not be made in cash.

c. Inspections may be initiated by the inspecting official at random or on any other basis; may be conducted at the request of the owner, operator, or manager of a facility; or may be conducted to investigate allegations made in a complaint. Such a complaint shall be in writing and submitted as established in rule 661—221.1(101) and shall specify the location and nature of the alleged violations. The complainant may or may not be identified. Complainants who identify themselves may request to be notified of the outcome of the inspection conducted in response to the complaint.

If any provision of the International Fire Code adopted herein is in conflict with any provision of NFPA 30A, the International Fire Code provision shall apply. The International Fire Code, 2006 edition, Chapter 22, is adopted with the following amendments:

221.4(1) Amend Table 2206.2.3 so that:

Each tank with a capacity of not more than 6,000 gallons for motor vehicle fuel dispensing systems and storing a Class I liquid, or with a capacity of not more than 12,000 gallons and storing a Class II or Class III liquid, that is located at a commercial, industrial, governmental, or manufacturing establishment, and that is intended for fueling vehicles used in connection with the establishment, is required to be located at least:

(a) 40 feet away from the nearest important building on the same property;

EXCEPTION: Tanks may be located closer than 40 feet to a building of noncombustible construction.

(b) 40 feet away from any property that is or may be built upon, including the opposite side of a public way;

EXCEPTION: No minimum separation shall be required for any tank that complies with NFPA 30A, section 4.3.2.6.

(c) 100 feet away from any residence or place of assembly.

221.4(2) Add the following new sections:

2206.7.1.1 Dispensing of blended biofuels.

2206.7.1.1.1 Definitions.

“*B-blend*” means biodiesel blended fuel as defined in Iowa Code section 214A.1 with the blend including between 6 and 20 percent biodiesel, as defined in Iowa Code section 214A.1.

NOTE: For purposes of the rules contained in this chapter and other chapters of rules of the state fire marshal (661—Chapters 200 through 299 inclusive), diesel fuel may contain biodiesel provided that the concentration of biodiesel is less than 6 percent in accordance with rule 21—85.33(214A,208A), which adopts by reference standards for the content of motor fuels established by ASTM International (formerly known as the American Society for Testing and Materials).

“*E-10*” means a blend of petroleum and ethanol including no more than 16 percent ethanol intended for use as a motor vehicle fuel.

“*E-blend*” means a blend of petroleum and ethanol including more than 16 percent ethanol intended for use as a motor vehicle fuel.

“*Existing E-blend dispenser*” means a dispenser installed on or before October 24, 2010, for use in dispensing E-blend.

2206.7.1.1.2 E-blend may be dispensed only if the dispenser is listed by an independent testing laboratory for use with E-blend or E-85.

2206.7.1.1.3 B-blend may be dispensed only if (1) and either (2), (3), (4), or (5) apply:

(1) Only a dispenser listed by an independent testing laboratory as compatible with diesel fuel shall be used to dispense B-blend.

(2) The owner or operator shall visually inspect the dispenser and the dispenser sump daily for leaks and equipment failure and maintain a record of such inspection for at least one year after the inspection. The record shall be located on the premises of the owner or operator and shall be made available to the department of natural resources or the state fire marshal upon request. If a leak is detected, the department of natural resources shall be notified pursuant to Iowa Code section 455B.386.

(3) The dispenser's manufacturer has submitted the dispenser to an independent testing laboratory to be listed as compatible for use with B-blend, and the owner or operator has installed an under-dispenser containment system with electronic monitoring.

(4) Information published or provided by the manufacturer of the dispenser is available stating that the dispenser is compatible with B-blend.

(5) The owner or operator of the dispenser has in force insurance for environmental liability in a minimum amount of \$500,000, which would cover damage resulting from the operation of the dispenser and the owner or operator is able to produce documentation of the insurance coverage upon request from the state fire marshal or the department of natural resources.

NOTE: If option (2), (4), or (5) is used, under-dispenser containment shall be provided if otherwise required by the rules in this chapter, rules of the department of natural resources, or any other applicable provision of law.

This subrule is intended to implement Iowa Code sections 101.1 and 455G.31.

221.4(3) Add the following new section:

2206.7.10 Under dispenser containment (UDC). When installing a new motor fuel dispenser or replacing a motor fuel dispenser, UDC shall be installed whenever any of the following occurs:

(1) UDC is required by a rule adopted by the environmental protection commission.

NOTE: See 567—subrule 135.3(9), paragraph “h.”

(2) A motor fuel dispenser is installed at a location where there previously was no dispenser; or

(3) An existing motor fuel dispenser is removed and replaced with another dispenser. UDC is not required when only the emergency shutoff, shear valves or check valves are replaced.

UDC shall:

- Be intact and liquid tight on its sides and bottom and at any penetrations;
- Be compatible with the substance conveyed by the piping; and
- Allow for visual inspection and monitoring and access to the components in the containment system.

EXCEPTION: UDC shall not be required for a dispenser which sits directly upon a solid concrete apron.

221.4(4) Temporary storage in disaster emergencies. Notwithstanding any provision to the contrary found in this chapter or found in the International Fire Code or NFPA 30A as adopted by reference herein, aboveground flammable or combustible liquid storage tanks may be used to store flammable or combustible liquids in motor fuel dispensing operations, provided that all of the following apply:

a. The facility is in an area covered by a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6 or, if not in such an area, the facility has applied to the state fire marshal and has been approved for storage of flammable or combustible liquids in compliance with this subrule.

b. The facility has suffered damage which has rendered the storage tanks normally used by the facility for flammable or combustible liquids inoperable. Storage of flammable or combustible liquids in compliance with this subrule shall continue only for as long as the normal storage tanks are inoperable and in no event for more than 90 days.

EXCEPTION: In extraordinary circumstances, storage of flammable or combustible liquids in compliance with this subrule may continue for more than 90 days if the facility has sought and received specific written approval from the state fire marshal for such storage.

c. The facility has written confirmation from the facility's insurance provider that insurance coverage will apply while storage of flammable or combustible liquids in compliance with this subrule is occurring.

d. Any aboveground flammable or combustible liquid storage tank used pursuant to this subrule shall be rated or listed by an independent testing laboratory for aboveground storage of flammable or combustible liquids.

e. Any aboveground flammable or combustible liquid storage tank used pursuant to this subrule shall be of no more than 1,000 gallons capacity.

EXCEPTION: A storage tank larger than 1,000 gallons capacity may be used pursuant to this subrule if the facility has received specific written approval from the state fire marshal for its use. In reviewing such a request, the state fire marshal shall consider, but is not limited to considering, the following factors:

(1) Volume of throughput of the facility.

(2) Ability to meet setback requirements appropriate to the size of the tanks used.

f. All electrical service proximate to the storage area shall comply with applicable provisions of NFPA 70, National Electrical Code, 2005 edition. An emergency shutoff control or electrical disconnect shall be installed no less than 20 feet nor more than 100 feet from any fuel-dispensing device at the facility. The control shall be clearly marked "Emergency Shutoff."

g. A 20-pound fire extinguisher with a minimum B:C rating of 40 shall be located no more than 50 feet from the location of any storage tank being used in compliance with this subrule.

h. Precautions shall be taken to prevent the ignition of flammable or combustible liquids, including the conspicuous posting of warning signs saying "NO SMOKING" and "NO OPEN FLAME."

i. Aboveground flammable or combustible liquid storage tanks used pursuant to this subrule shall be plumbed into existing dispensers, if practical. If this is impractical, all fueling at the facility shall be by attendant only; no self-service dispensing shall be allowed at the facility.

j. Any aboveground flammable or combustible liquid storage tank used in compliance with this subrule shall be located so as to be protected from prospective damage from vehicle collisions and shall be located with due regard to vehicular traffic patterns and the location of property lines and significant buildings, particularly those which are frequently occupied by humans.

[ARC 5409C, IAB 1/27/21, effective 3/3/21]

661—224.3(101) Compliance. Any tank subject to the provisions of this chapter shall be in compliance with this chapter, all applicable provisions of 661—Chapter 221, and Iowa Code chapter 101 at all times.

661—224.4(101) Registration of existing and new tanks—fees. All existing, new, replacement and out-of-service aboveground tanks of 1101-gallon capacity or greater shall be registered with the state fire marshal. This requirement applies to aboveground tanks used to store flammable or combustible liquids, as defined in Iowa Code section 455B.471, which include, but are not limited to, crude oil, heating oil offered for resale, motor fuels and oils such as gasoline, diesel fuels and motor oil. Tanks which are used, or planned for use, to store blended fuels which include either gasoline or diesel are subject to this requirement.

224.4(1) Registration form. Registration forms for aboveground storage tanks may be obtained from the state fire marshal division. A completed registration form shall be submitted to the state fire marshal division, online or by mail as established in rule 661—224.1(101), by the date on which it is due and shall be accompanied by the applicable fee, including any applicable late charges.

224.4(2) Fees. The annual registration fee for each tank shall be \$20. The fee shall cover registration for each tank for one year, which ends on October 1. If a tank is registered on or after October 1 of any year, payment of the fee shall cover registration until the following October 1.

224.4(3) Registration deadline. Each tank shall be registered annually by October 1 of each year.

EXCEPTION: A tank may be registered for the first time on any date without penalty, provided that it has not previously been in use to store flammable or combustible liquids. A tank that is registered for the first time shall not be used to store flammable or combustible liquid until the registration has been completed and the registration tag has been attached to the tank.

224.4(4) Late fees. A late fee of \$25 per tank shall be imposed for failure to register a tank prior to October 31 each year. The fee shall apply individually to each tank for which registration was not completed prior to October 31.

224.4(5) Payment. The registration fee, and any late fee if applicable, shall be submitted electronically or by draft, check, or money order in the applicable amount payable to the Iowa State Fire Marshal Division. Draft, check, or money order shall be addressed to the state fire marshal as established in subrule 224.1(1). Payment shall not be made in cash.

[ARC 5409C, IAB 1/27/21, effective 3/3/21]

661—224.5(101) Approval of plans. A registration tag for a new aboveground storage tank shall not be issued prior to approval by the state fire marshal of plans for the installation of the tank and payment of the required plan review and registration fee. The state fire marshal may require inspection of the tank and payment of an inspection fee prior to use of the tank.

[ARC 5409C, IAB 1/27/21, effective 3/3/21]

661—224.6(101) Inspections and orders.

224.6(1) Inspections. Any tank is subject to inspection at any time by the state fire marshal, an employee of the state fire marshal, a local fire chief, or any member of the local fire department designated by the local fire chief. Any of the persons listed who seeks to inspect a tank pursuant to this rule shall, upon request, be allowed access to any facility in which a tank or tanks are located. At any time such a facility is attended, the attendant shall allow immediate access to the facility to the person who requests access to the facility in order to conduct an inspection. If a facility is unattended, the person who seeks to conduct the inspection shall notify the owner or operator of the facility. During regular business hours, or between 8 a.m. and 4 p.m. Monday through Friday, access shall be allowed within one hour of notification. If access is sought other than during regular business hours, access shall be provided at 8 a.m. on the next weekday other than a holiday. If the person who seeks access to the facility indicates

that access is being sought to investigate an emergency or potential emergency, the owner of the facility shall provide access within one hour of receiving the request, regardless of the time of day or day of the week when the request is received.

224.6(2) Orders. If the person who conducts an inspection pursuant to subrule 224.6(1) finds that a tank is in violation of any applicable provision of this chapter, 661—Chapter 221, or Iowa Code chapter 101, the person may issue an order for correction. The order shall specify the violation or violations, corrective actions to be taken, and the time allowed for completion of the corrective actions.

224.6(3) Suspension of use. If any corrective action ordered pursuant to subrule 224.6(2) is not completed in the time specified in the order issued pursuant to subrule 224.6(2), the state fire marshal may order that the tank be placed out of service until the corrective action or actions have been completed. If a tank is ordered to be placed out of service pursuant to this subrule, the tank shall have a sticker prominently affixed to it which states that the tank is out of service by order of the state fire marshal and that it is a violation of law to transfer any flammable or combustible liquid into the tank.

224.6(4) Emergency order. If the state fire marshal finds that a violation identified during an inspection conducted pursuant to subrule 224.6(1) creates an imminent threat to public safety or public health, or if the state fire marshal finds, after consultation with the department of natural resources, that such a violation creates an imminent threat of environmental damage, the state fire marshal shall order that the tank be placed out of service immediately and may order that the tank be evacuated of liquid and purged of vapors. If a tank is ordered to be placed out of service pursuant to this subrule, the tank shall have a sticker prominently affixed to it which states that the tank is out of service by order of the state fire marshal and that it is a violation of law to transfer any flammable or combustible liquid into the tank.

224.6(5) Notice. Notice of any order issued pursuant to this rule shall be given to the owner or operator of a tank subject to the order. Notice of an emergency order issued pursuant to subrule 224.6(4) shall be given by personal service. Notice of any other order issued pursuant to this rule may be given by regular mail, electronic mail, or personal service.

EXCEPTION: If the owner of a tank subject to an order issued pursuant to this rule is unknown or cannot be located, notice shall be considered to have been given if the notice is served personally to any person at the location of the tank or, if no person is present, by affixing the notice to the tank. Alternatively, notice may be given by mailing the notice to the address at which the tank is located, with a return receipt requested. Notification from the United States Postal Service that delivery was attempted unsuccessfully or that delivery was refused shall serve as proof that notice was given.

[ARC 5409C, IAB 1/27/21, effective 3/3/21]

661—224.7(101) Leaks, spills, or damage. Any leak from, spill from, or damage to a storage tank shall be reported to the local fire department and, if required by law, to the department of natural resources. If a tank is leaking or has been damaged, it shall be placed out of service until the leak has been repaired. A sign shall be placed prominently on the tank stating that the tank is out of service and that no flammable or combustible liquid shall be placed into the tank until required repairs have been completed.

661—226.5(101) Pressure testing.

226.5(1) Pressure testing required. After assembly and after any modification or repair, metallic LP-gas piping and hose shall be pressure-tested as follows:

a. Piping systems having operating pressures greater than 20 psig shall be pressure-tested in accordance with the following:

(1) Prior to acceptance and initial operation, all piping installations shall be visually inspected and pressure-tested to determine that the materials, design, fabrication, and installation practices comply with the requirements of this chapter.

(2) Inspection shall consist of visual examination, during or after manufacture, fabrication, assembly, or pressure tests as appropriate.

(3) When repairs or additions are made following the pressure test, the affected piping shall be tested. Minor repairs and additions are not required to be pressure-tested, provided that the work is inspected and connections are tested with a noncorrosive, leak-detecting fluid or other leak-detecting methods approved by the authority having jurisdiction.

(4) When new branches are installed to a new appliance or appliances, only the newly installed branch or branches shall be required to be pressure-tested. Connections between the new piping and the existing piping shall be tested with a noncorrosive, leak-detecting fluid or approved leak-detecting methods.

(5) A piping system shall be tested as a complete unit or in sections. A valve in a line shall not be used as a bulkhead between gas in one section of the piping system and test medium in an adjacent section, unless a double block and bleed valve is installed. A valve shall not be subjected to the test pressure unless it can be determined that the valve, including the valve-closing mechanism, is designed to safely withstand the pressure applied during the test.

(6) Regulator and valve assemblies fabricated independently of the piping system in which they are to be installed shall be permitted to be tested with inert gas or air at the time of fabrication.

(7) Prior to testing the system, the interior of the pipe shall be cleared of all foreign material.

(8) The test medium shall be air, nitrogen, carbon dioxide, or an inert gas. Oxygen shall not be used.

(9) Test pressure shall be measured with a pressure-measuring device designed and calibrated to read, record, or indicate a pressure loss due to leakage during the pressure test period. The source of pressure shall be isolated before the pressure tests are made. Mechanical gauges used to measure test pressures shall have a range such that the highest end of the scale is not greater than five times the test pressure.

(10) The test pressure to be used shall be no less than 50 psi and shall not exceed 75 psi.

(11) Expansion joints shall be provided with temporary restraints, if required, for the additional thrust load under test.

(12) Appliances and equipment that are not to be included in the test shall be either disconnected from the piping or isolated by blanks, blind flanges, or caps. Flanged joints at which blinds are inserted to blank off other equipment during the test shall not be required to be tested.

(13) Where the piping system is connected to appliances or equipment designed for operating pressures of less than the test pressure, such appliances or equipment shall be isolated from the piping system by disconnecting them and capping the outlet(s).

(14) Where the piping system is connected to appliances or equipment designed for operating pressures equal to or greater than the test pressure, such appliances or equipment shall be isolated from the piping system by closing the individual appliance or equipment shutoff valve(s).

(15) All testing of piping systems shall be performed in a manner that protects the safety of employees and the public during the test.

(16) Test duration shall be not less than one-half hour for each 500 ft³ (14 m³) of pipe volume or fraction thereof. The duration of the test shall not be required to exceed 24 hours.

EXCEPTION: When a system having a volume of less than 10 ft³ (0.28 m³) is tested, the test duration shall be a minimum of 10 minutes.

b. Piping systems having operating pressures of 20 psig or less, all polyethylene and polyamide piping, and piping to which NFPA 54 National Fuel Gas Code, 2015 edition, is applicable shall be tested in accordance with that code.

226.5(2) Testing for leakage. Immediately after the gas is turned on into a new system or into a system that has been initially restored after an interruption of service, the piping system shall be checked for leakage in accordance with this chapter and Section 8.2 of NFPA 54, National Fuel Gas Code, 2015 edition. Where leakage is indicated, the gas supply shall be shut off until the necessary repairs have been made.

a. All LP-gas piping systems that have operating pressures of 20 psig or less and all polyethylene and polyamide piping shall have system and equipment leakage tests performed in accordance with this chapter and Section 8.2 of NFPA 54, National Fuel Gas Code, 2018 edition.

b. Piping systems that serve industrial occupancies with LP-gas vapor pressures between 20 psig and 50 psig shall be tested in accordance with the requirements of the authority having jurisdiction.

c. All LP-gas liquid piping systems and vapor piping systems operating at pressures greater than 20 psig shall be tested for leakage in accordance with this chapter as follows:

(1) Propane liquid shall not be used.

(2) Propane vapor may be utilized.

(3) Methods utilized to perform leak tests may be measurement of flow, measurement of sustained pressure for a period of time sufficient to disclose any leaks, or other procedures adequate to verify the system is gas-tight.

226.5(3) Tests shall not be made with flame.

226.5(4) Out-of-gas customers or interruption of service system start-up procedure. When a delivery of propane is made to any on-site container which is out of gas, or if propane service was interrupted, the delivery person shall comply with the following procedures.

a. When the “out-of-gas customer” is not present:

(1) The container service valve shall be shut off; and

(2) A tag shall be placed on the container service valve for the equipment the container services, indicating the container is out of service. The tag shall inform the gas customer to contact a qualified person to perform a leak check or other test on the system, as required by rules of the fire marshal, before turning on the container. Further action is the responsibility of the customer.

b. When the “out-of-gas customer” is present:

(1) The container service valve shall be shut off; and

(2) The gas customer shall be informed that the container is out of service and a qualified person must perform a leak check or other test on the system as required by this chapter or Section 8.2 of NFPA

54 National Fuel Gas Code, 2018 edition, before turning on the container service valve. Further action is the responsibility of the customer.

[ARC 9235B, IAB 11/17/10, effective 1/1/11; ARC 1868C, IAB 2/18/15, effective 3/25/15; ARC 4642C, IAB 8/28/19, effective 10/2/19]

661—226.6(101) Damages—reporting.

226.6(1) Responsibility to report.

a. Any person who causes damage to any LP-gas piping system, including hoses, other than a person qualified in accordance with rule 661—226.4(101) and who has been authorized by the owner or occupant to repair the LP-gas installation, shall immediately turn off the supply of propane to the affected system and shall immediately notify the local fire department. After the call to the fire department, the person shall immediately notify the occupant of the property of the damage and the shutoff. If the occupant of the property cannot be contacted immediately, the owner of the property shall immediately be notified.

b. If the occupant or owner of property on which an LP-gas system is located has received notification that the system has been damaged and the occupant or owner finds that the supply of propane to the system has not been shut off, then the occupant or owner shall immediately shut off the supply of propane to the system and shall immediately notify the local fire department.

c. If the occupant or owner of property on which an LP-gas system is located finds that an LP-gas piping system has been damaged and the damage has not been reported to the occupant or owner as required by paragraph “a” of this subrule, the occupant or owner shall immediately shut off the supply of propane to the system and shall immediately notify the local fire department.

226.6(2) Notification to qualified person. The occupant or owner of the property on which an LP-gas system is located shall notify a person qualified pursuant to rule 661—226.4(101) of any damage to an LP-gas piping system immediately after receiving notification or otherwise becoming aware of the damage and shall arrange for the qualified person to inspect, repair, and test the damaged system prior to restoration of service to the damaged or repaired system.

Arrangement by the occupant or owner of the property for required repairs and testing shall not relieve the person who damaged the system of any liability, including the costs of repair or testing.

226.6(3) Restoration of service. LP-gas service shall not be restored to an LP-gas piping system which has been damaged until the system has been repaired and tested in accordance with rule 661—226.5(101).

661—226.7(101) Use of railroad tank cars in stationary service. On or after January 1, 2012, the use of railroad tank cars in stationary propane service shall be prohibited.

226.8(1) Containers shall be repaired or altered to prevent moisture or water from collecting in any container well. Repairs or alterations to pressure vessels must meet the requirements of the National Board Inspection Code (NBIC) [5] and must be performed by a repair organization accredited by the NBIC and authorized to utilize the “R” code symbol stamp.

226.8(2) Following a repair or alteration and final inspection by a National Board-commissioned inspector, the repair organization will affix a “Repair” nameplate to the pressure vessel which is similar to the ASME nameplate.

Nothing in this code is intended to prevent the use of systems, methods, or devices of equivalent or superior quality, strength, fire resistance, effectiveness, durability, and safety over those prescribed by this code. Any request for approval to use systems, methods, or devices other than those specified in this chapter shall be submitted to the fire marshal as a request for a waiver of a rule as provided by rule 661—5.15(17A,100).

Delete Sections 4.1.5, 4.1.6, 4.1.9, 4.1.9.1, 4.2.3, 4.3 through 4.3.2, 4.4 through 4.4.5, 4.5.2, 4.5.3, 4.6 through 4.6.3, 4.7 through 4.7.4, 4.8.6, 4.9.2, and 4.9.3.

Amend Sections 4.2, 4.2.1, 4.2.2, 4.5, 4.5.1, 4.8.1, 4.8.3, 4.8.4, and 4.9.1 by deleting the word “permit” wherever it occurs and inserting in lieu thereof the word “license” and by deleting the word “permits” wherever it occurs and inserting in lieu thereof the word “licenses.”

Add the following new section:

4.2.4 A person who has a current, valid permit to use explosives, which has been issued by a sheriff or police chief pursuant to Iowa Code section 101A.3, may purchase, possess, transport, store, and use explosive materials within the jurisdiction of the sheriff or police chief who issued the permit. Any purchase, possession, transportation, storage, or detonation of explosive materials by a person with a current, valid permit that has been issued by a sheriff or police chief is strictly limited to the conditions expressly stated in the permit. Possession of a permit creates no obligation on the part of any vendor of explosive materials to supply such materials to the holder of the permit.

Amend Section 8.4.6 to read as follows:

8.4.6 Any person who stores explosive materials shall notify the local fire department having jurisdiction for fire safety in the locality in which the explosive materials are being stored of the type, magazine capacity, and location of each site where such explosive materials are stored. Such notification shall be made orally before the end of the day on which storage of the explosive materials commenced and in writing within 48 hours from the time such storage commenced. A fire department which has received information pursuant to this section may disseminate the information to the state fire marshal, another fire department which is responding to a fire or other incident at the location at which the explosives are stored, or to a law enforcement agency. Information received by a fire department pursuant to this section shall not be disseminated except as provided in this section.

Amend Section 8.6.3 to read as follows:

8.6.3 Type 3 Magazines. A Type 3 magazine shall be a “day box” or portable structure used for the temporary storage of explosive materials. A Type 3 magazine shall be fire resistant, theft resistant, and weather resistant.

(1) The magazine shall be equipped with one steel padlock (which shall not be required to be protected by a steel hood) having at least five tumblers and a case-hardened steel shackle at least 9.5 mm

($\frac{3}{8}$ in.) in diameter. Doors shall overlap the sides by at least 25.4 mm (1 in.). Hinges and hasps shall be attached by welding, riveting, or bolting (nuts on inside).

(2) The magazine shall be constructed of not less than 12-gauge [2.66-mm (0.1046-in.)] steel, lined with at least 12.7-mm ($\frac{1}{2}$ -in.) plywood or 12.7-mm ($\frac{1}{2}$ -in.) masonite-type hardboard.

(3) Type 3 magazines containing explosive materials shall be within line-of-site vision of a blaster or, if not within line-of-site vision of a blaster, shall be secured if in a vehicle or in a secure building, facility, or area.

This rule is intended to implement Iowa Code section 101A.5.

State Fire Marshal Division
Iowa Department of Public Safety
Attn: SFM Licensing Administration

661—235.2(101A) Definitions. The following definitions apply to rules 661—235.1(101A) to 661—235.12(101A):

“Actual possession” means when a person is in immediate possession or control of explosive materials (e.g., an employee who physically handles explosive materials as part of the production process; or an employee, such as a blaster, who actually uses explosive materials).

“Applicant” means an individual employed by a commercial explosive contractor or person associated with a commercial explosive contractor who meets the definition of “employee possessor” or “responsible person” as defined in this chapter.

“Blasting agent” means any material or mixture consisting of a fuel and oxidizer, intended for blasting but not otherwise classified as an explosive, in which none of the finished products as mixed and packaged for use or shipment can be detonated by means of a number eight test blasting cap when unconfined.

“Commercial explosive blaster” or *“blaster”* means any individual who conducts blasting or is in charge of or responsible for loading or detonation of any explosive material.

“Commercial explosive contractor” or *“contractor”* means any business whose employees are engaged in the manufacture, importation, distribution, sale, or commercial use of explosives in the course of their employment.

“Commercial license” or *“license”* means a license issued by the state fire marshal pursuant to this chapter.

“Constructive possession” means when an employee lacks direct physical control over explosive materials but exercises dominion and control over the explosive materials, either directly or indirectly through others (e.g., an employee at a construction site who keeps keys for magazines in which explosive materials are stored, or who directs the use of explosive materials by other employees; or an employee transporting explosive materials from a licensee to a purchaser).

“Employee possessor” means an individual who has actual or constructive possession of explosive materials during the course of the individual’s employment.

“Explosive” means any chemical compound, mixture or device, the primary or common purpose of which is to function by explosion with substantially instantaneous release of gas and heat, unless such compound, mixture, or device is otherwise specifically classified by the United States Department of Transportation. The term “explosive” includes all materials which are classified as a class 1, division 1.1, 1.2, 1.3, or 1.4 explosive by the United States Department of Transportation, under 49 CFR Section 173.50, and all materials classified as explosive materials under 18 U.S.C. §841, and includes but is not limited to dynamite, black powder, pellet powders, initiating explosives, blasting caps, electric blasting caps, safety fuse, fuse lighters, fuse igniters, squibs, cordeau detonative fuse, instantaneous fuse, igniter cord, igniters, smokeless propellant, cartridges for propellant-actuated power devices, cartridges for industrial guns, and overpressure devices but does not include “consumer fireworks,” “display

fireworks,” or “novelties” as those terms are defined in Iowa Code section 727.2 or ammunition or small arms primers manufactured for use in shotguns, rifles, and pistols. Commercial explosives are those explosives which are intended to be used in commercial or industrial operations.

“*Explosive materials*” means explosives or blasting agents.

“*Import*” or “*importation*” means transfer into the state of Iowa.

“*Licensee*” means a person holding a commercial license issued by the state fire marshal pursuant to this chapter.

“*Magazine*” means any building or structure, other than an explosives manufacturing building, approved for the storage of explosive materials.

“*Offense directly relates*” refers to either of the following:

1. The actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession.

2. The circumstances under which an offense was committed are circumstances customary to a licensed profession.

“*Overpressure device*” means any device constructed of a container or improvised container which is filled with a mixture of chemicals or sublimating materials or gases that generate an expanding gas, which is designed or constructed to cause the container to break, fracture, or rupture in a violent manner capable of causing death, serious injury, or property damage.

“*Person*” means any individual, corporation, partnership, or association.

“*Responsible person*” means an individual who has the power to direct the management and policies of the commercial explosive contractor pertaining to explosive materials. For example, responsible persons generally include sole proprietors and explosives facility site managers. In the case of a corporation, association, or similar organization, responsible persons generally include corporate directors and officers, as well as stockholders who have the power to direct management and policies.

[ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.3(101A) Licenses required. Except as specifically exempted by another provision of state or federal law, any business whose employees are engaged in the manufacture, importation, distribution, sale, or commercial use of explosives in the course of their employment shall be required to hold a current commercial explosive contractor license issued pursuant to this chapter. Any individual, except as specifically exempted by another provision of law, who conducts blasting or is in charge of or responsible for loading or detonation of any explosive material shall be required to hold a current commercial explosive blaster license issued pursuant to this chapter. A commercial explosive blaster license shall not be required to authorize a person solely to transport explosives from one location to another, to assist a licensed blaster, to train under a licensed blaster, or to engage in the manufacture of explosives.

NOTE: Iowa Code section 101A.1 excludes “fireworks” from the definition of “explosive.” Consequently, working with fireworks does not require a blaster license, nor does the manufacture, importation, distribution, sale, or commercial use of fireworks require a commercial explosive license. [ARC 8303B, IAB 11/18/09, effective 1/1/10; ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.4(101A,272C) License application process.

235.4(1) Application for commercial explosive contractor or commercial explosive blaster license. Anyone wishing to obtain an application for a commercial explosive contractor license or a commercial explosive blaster license may obtain a copy of the required application by contacting the state fire marshal or visiting the state fire marshal’s website. The application shall be filed no later than 30 days prior to the date of beginning work in this state or on which an existing license expires.

NOTE: The website for the commercial explosive licensing program is: dps.iowa.gov/divisions/state-fire-marshal/licensing/commercial-explosives.

235.4(2) Submission of application and required information. A completed application for a license shall be submitted to the commercial explosive licensing program at the address specified in subrule 235.1(1) or on the state fire marshal’s website. All information requested on the application shall be provided prior to the processing of the application. An application shall not be considered complete

unless all required information is submitted, including required attachments and fees, and shall not be processed until it is complete.

235.4(3) License fee. Each license application shall be accompanied by a \$60 fee for each license for which application is being made, paid electronically or by check or money order made payable to the Iowa State Fire Marshal Division. Draft, check, or money order shall be addressed to the state fire marshal as established in subrule 235.1(1). If the application is being submitted later than January 31 of a given year, then the fee for each license shall be prorated for each month remaining in the period of issue, including the month in which the application is submitted.

The state fire marshal shall waive any fee charged to an applicant for a license if the applicant's household income does not exceed 200 percent of the federal poverty income guidelines and the applicant is applying for the license for the first time in this state.

235.4(4) License duration. Licensure shall normally be for three years and shall expire on December 31 of the third year after it is issued, except that a license issued in December of any year shall expire on December 31 after two years have passed from the date on which the license was issued.

235.4(5) Criminal history. An applicant shall be subject to a national criminal history check through the Federal Bureau of Investigation. Each applicant for a commercial explosive contractor or blaster shall submit fingerprints and the applicable fee at the time of application for a new or renewal license. The results of a criminal history check conducted pursuant to this subrule shall be considered a confidential record under Iowa Code chapter 22.

235.4(6) Attachments. Required attachments to the application for license include, but are not limited to, the following:

- a. Documentation that the applicant has met the applicable licensure requirements.
- b. Documentation of qualifying licensure in another issuing jurisdiction by providing the following:
 - (1) Proof of residency in this state.
 - (2) Proof all conditions are met as established in rule 661—235.7(272C).
 1. Copy of a license from other issuing jurisdiction.
 2. Evidence the applicant met issuing jurisdiction's educational requirements, and if applicable, work experience.
 3. Evidence the applicant passed the issuing jurisdiction's required examination, if applicable.
 4. Evidence the applicant has not had a license revoked or voluntarily surrendered, had discipline imposed, or been under investigation by another issuing jurisdiction.
 5. Evidence the applicant does not have a complaint, allegation, or investigation pending before any regulatory entity related to unprofessional conduct.

235.4(7) Veterans, military service members, and certain survivor beneficiaries. Any individual while serving honorably on federal active duty, state active duty, or national guard duty, as defined in Iowa Code section 29A.1, applying for licensure as a commercial explosive contractor or blaster shall apply for licensure following 661—Chapter 278.

[ARC 8303B, IAB 11/18/09, effective 1/1/10; ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.5(101A) Issuance of commercial explosive contractor license. A commercial explosive contractor license shall be issued only if all of the following conditions have been satisfied:

235.5(1) All items required on the application have been completed, and any items the state fire marshal deems necessary to verify have been verified and found to be true.

235.5(2) No applicant for whom commercial explosive licensure is sought nor any person who will have, at any time, possession of explosives in the course of employment with the prospective contractor licensee may:

- a. Have been convicted of any offense involving explosives or firearms;
- b. Have been previously disqualified from being licensed to handle explosives in this or any other state. The state fire marshal may grant a license to a person previously disqualified if the state fire marshal is satisfied that the condition or conditions that led to the disqualification have been corrected;
- c. Be an unlawful user of or be addicted to controlled substances;

d. Have been adjudged mentally incompetent at any time by any court, been committed by any court to any mental institution, received inpatient treatment for any mental illness in the past three years, or received treatment by a health care professional for a serious mental illness or disorder which impairs a person's capacity to function normally and safely, both toward themselves and others.

235.5(3) The applicant has at least one responsible person or employee licensed as a commercial explosive blaster.

[ARC 8303B, IAB 11/18/09, effective 1/1/10; ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.6(101A) Issuance of a commercial explosive blaster license. A commercial explosive blaster license shall be issued only if all of the following conditions have been satisfied:

235.6(1) The applicant is an employee of a licensed commercial explosive contractor.

a. If, after a commercial explosive blaster license is issued, such employment ceases, the employing contractor and the commercial explosive blaster shall each notify the state fire marshal within three business days of the final day of employment that the employment has ceased, and the commercial explosive blaster license shall be suspended until the commercial explosive blaster is again employed with a licensed commercial explosive contractor.

b. Upon reemployment, the employer shall notify the state fire marshal that the commercial explosive blaster is again employed with a licensed commercial explosive contractor, and the state fire marshal shall reinstate the commercial explosive blaster license as soon as practical, provided that the commercial explosive blaster is not disqualified from holding a license pursuant to any provision of this chapter.

c. If the state fire marshal finds that a commercial explosive blaster is disqualified from holding a license, the state fire marshal shall revoke the license.

235.6(2) All items required on the application have been completed and any items the state fire marshal deems necessary to verify have been verified and found to be true.

235.6(3) The applicant is not or has not been:

a. Convicted of any offense involving explosives or firearms;

b. Previously disqualified from being licensed to handle explosives in this or any other state. The state fire marshal may grant a license to a person previously disqualified if the state fire marshal is satisfied that the condition or conditions that led to the disqualification have been corrected;

c. An unlawful user of or addicted to controlled substances;

d. Adjudged mentally incompetent at any time by any court or committed by any court to any mental institution; or

e. A recipient of inpatient treatment for any mental illness in the past three years or a recipient of treatment by a health care professional for a serious mental illness or disorder which impairs a person's capacity to function normally and safely toward themselves or others.

235.6(4) The applicant has satisfactorily completed training approved by the state fire marshal for the handling and use of explosives. The training may be provided by the employer or by a reputable third party knowledgeable about the storage, handling, and use of explosives. The state fire marshal may accept related job experience of 640 hours or more in lieu of training if the experience is documented by a sworn affidavit provided by the employing commercial explosive contractor licensee.

EXCEPTION: The state fire marshal may issue a commercial explosive blaster license to a person licensed or certified as a blaster in another state, provided that the state fire marshal finds that the requirements for licensing or certification in the other state are comparable to those provided for in this rule.

235.6(5) An applicant for a renewal license has completed continuing education from a nationally recognized institution in professional explosives storage, handling, and use.

235.6(6) The applicant is 21 years of age or older.

[ARC 8303B, IAB 11/18/09, effective 1/1/10; ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.7(272C) Licensure of persons licensed in other jurisdictions.

235.7(1) For the purposes of this rule, "issuing jurisdiction" means the duly constituted authority in another state that has issued a professional license, certificate, or registration to a person.

235.7(2) Notwithstanding any other provision of law, a commercial explosive contractor license or commercial blaster license shall be issued without an examination to a person who establishes residency in this state or to a person who is married to an active duty member of the military forces of the United States and who is accompanying the member on an official permanent change of station to a military installation located in this state if all of the following conditions are met:

a. The person is currently licensed by at least one other issuing jurisdiction as a commercial explosive contractor or commercial blaster with a substantially similar scope of practice and the license is in good standing in all issuing jurisdictions in which the person holds a license.

b. The person has been licensed by another issuing jurisdiction for at least one year.

c. When the person was licensed by the issuing jurisdiction, the issuing jurisdiction imposed minimum educational requirements and, if applicable, work experience, and the issuing jurisdiction verifies that the person met those requirements in order to be licensed in that issuing jurisdiction.

d. The person previously passed an examination required by the other issuing jurisdiction for licensure, if applicable.

e. The person has not had a license revoked and has not voluntarily surrendered a license in any other issuing jurisdiction or country while under investigation for unprofessional conduct.

f. The person has not had discipline imposed by any other regulating entity in this state or another issuing jurisdiction or country. If another jurisdiction has taken disciplinary action against the person, the state fire marshal shall determine if the cause for the action was corrected and the matter resolved. If the state fire marshal determines that the matter has not been resolved by the jurisdiction imposing discipline, the state fire marshal shall not issue or deny a license to the person until the matter is resolved.

g. The person does not have a complaint, allegation, or investigation pending before any regulating entity in another issuing jurisdiction or country that relates to unprofessional conduct. If the person has any complaints, allegations, or investigations pending, the state fire marshal shall not issue or deny a license to the person until the complaint, allegation, or investigation is resolved.

h. The person pays all applicable fees.

i. The person does not have a criminal history that would prevent the person from holding the commercial explosive contractor license or commercial blaster license applied for in this state.

235.7(3) A person licensed pursuant to this rule is subject to the laws regulating the person's practice in this state and is subject to the jurisdiction of the state fire marshal.

235.7(4) This rule does not apply to any of the following:

a. The ability of the state fire marshal to require the submission of fingerprints or completion of a criminal history check.

b. The ability of the state fire marshal to require a person to take and pass an examination specific to the laws of this state prior to issuing a license. If the state fire marshal requires an application to take and pass an examination specific to the laws of this state, the state fire marshal shall issue an applicant a temporary license that is valid for a period of three months and may be renewed once for an additional period of three months.

235.7(5) Except as provided in subrule 235.7(2), a person applying for a license in this state who relocates to this state from another state that did not require a license to practice as a commercial explosive contractor or commercial blaster may be considered to have met any education, training, or work experience requirements imposed by the state fire marshal in this state if the person has three or more years of related work experience with a substantially similar scope of practice within the four years preceding the date of application as determined by the state fire marshal.

235.7(6) A person applying for a license in this state under the requirements of this subrule shall submit the request in writing to the state fire marshal as established in subrule 235.1(1) providing proof of residency in this state and documentation to verify all conditions are met under this subrule.

[ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.8(101A) Inventory and records. Each licensed commercial explosive business shall maintain records as referenced in the National Fire Protection Association (NFA) chapter 495 “Explosive Material Code” as adopted by reference in rule 661—231.1(101A).
[ARC 8303B, IAB 11/18/09, effective 1/1/10; ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.9(100C) Complaints. Complaints regarding the performance of any licensed contractor or blaster, failure of a licensed contractor or blaster to meet any of the requirements established in Iowa Code chapter 101A or this chapter or any other provision of law, or operation as a commercial explosive contractor or commercial blaster without licensure may be filed with the state fire marshal. Complaints should be addressed as follows:

State Fire Marshal Division
Iowa Department of Public Safety
Attn: SFM Licensing Administration
215 East 7th Street
Des Moines, Iowa 50319

Complaints may be submitted by electronic mail to sfmlicense@dps.state.ia.us or by the United States Postal Service.

Complaints should be as specific as possible and shall clearly identify the contractor or blaster against whom the complaint is filed. Complaints shall be submitted in writing to the state fire marshal. A complaint may be submitted anonymously, but if the name and contact information of the complainant are provided, the complainant will be notified of the disposition of the complaint.

[ARC 5395C, IAB 1/13/21, effective 2/17/21]

661—235.10(101A,252J) Grounds for suspension, revocation, or denial of commercial explosive licenses; appeals.

235.10(1) The state fire marshal may refuse to issue a contractor or blaster license for the manufacture, importation, distribution, sale, and commercial use of explosives sought pursuant to Iowa Code section 101A.2 or may suspend or revoke such a license for any of the following reasons:

a. Finding that the applicant or licensee is not of good moral character and sound judgment. “Not of good moral character and sound judgment” means disqualified by any provision of federal or Iowa law from possessing explosives, firearms, or offensive weapons.

b. Finding that the applicant or licensee lacks sufficient knowledge of the use, handling, and storage of explosive materials to protect the public safety.

c. Finding that the applicant or licensee falsified information in the current or any previous license application.

d. Finding that the applicant or licensee has been adjudged mentally incompetent at any time by any court, been committed by any court to any mental institution, received inpatient treatment for any mental illness in the past three years, or received treatment by a health care professional for a serious mental illness or disorder which impairs a person’s capacity to function normally and safely, both toward themselves and others.

e. Proof that the licensee or applicant has violated any provision of Iowa Code chapter 101A, this chapter, or 661—Chapter 231.

f. Receipt of a certificate of noncompliance from the child support recovery unit of the Iowa department of human services, pursuant to the procedures set forth in Iowa Code chapter 252J.

g. Receipt of a certificate of noncompliance from the centralized collection unit of the department of revenue, pursuant to Iowa Code chapter 272D.

h. Conviction of a felony offense, if the offense directly relates to the profession or occupation of the applicant, in the courts of this state or another state, territory or country. Conviction as used in this subrule includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes

conclusive evidence of the conviction. If an applicant is denied under this provision, the applicant shall be notified of the specific reasons for the denial.

i. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the applicant's profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

j. Willful or repeated violations of the provisions of this chapter.

235.10(2) An applicant or licensee whose application is denied or a licensee whose license is suspended or revoked for a reason other than receipt of a certificate of noncompliance from the child support recovery unit or a certificate of noncompliance from the department of revenue may appeal that action pursuant to 661—Chapter 10, except that wherever “commissioner of public safety” or “department of public safety” appears, “state fire marshal” shall be substituted. Applicants or licensees whose licenses are denied, suspended, or revoked because of receipt by the department of a certificate of noncompliance issued by the child support recovery unit or the department of revenue shall be subject to the provisions of rule 661—235.10(101A,252J). Procedures specified in 661—Chapter 10 for contesting department actions shall not apply in these cases.

235.10(3) The state fire marshal shall notify the employing commercial explosive contractor licensee of the denial, suspension, or revocation of a commercial explosive blaster license.

235.10(4) Disqualifications for criminal convictions limited.

a. Notwithstanding any other provision of law to the contrary, a person's conviction of a crime may be grounds for the denial, revocation, or suspension of a license only if an unreasonable risk to public safety exists because the offense directly relates to the duties and responsibilities of the profession and the state fire marshal does not grant an exception pursuant to paragraph 235.10(4) “*d.*”

b. The state fire marshal shall provide a list of the specific convictions that may disqualify an applicant from receiving a license. Any such offense shall be an offense that directly relates to the duties and responsibilities of the profession.

c. The state fire marshal shall not deny an application for a license on the basis of an arrest that was not followed by a conviction or based on a finding that an applicant lacks good character, suffers from moral turpitude, or on other similar basis.

d. The state fire marshal shall grant an exception to an applicant who would otherwise be denied a license due to a criminal conviction if the following factors establish by clear and convincing evidence that the applicant is rehabilitated and an appropriate candidate for licensure:

- (1) The nature and seriousness of the crime for which the applicant was convicted.
- (2) The amount of time that has passed since the commission of the crime. There is a rebuttable presumption that an applicant is rehabilitated and an appropriate candidate for licensure five years after the date of the applicant's release from incarceration, provided that the applicant was not convicted of sexual abuse in violation of Iowa Code section 709.4, a sexually violent offense as defined in Iowa Code section 229A.2, dependent adult abuse in violation of Iowa Code section 235B.20, a forcible felony as defined in Iowa Code section 702.11, or domestic abuse assault in violation of Iowa Code section 708.2A, and the applicant has not been convicted of another crime after release from incarceration.
- (3) The circumstances relative to the offense, including any aggravating and mitigating circumstances or social conditions surrounding the commission of the offense.
- (4) The age of the applicant at the time the offense was committed.
- (5) Any treatment undertaken by the applicant.
- (6) Whether a certification of employability has been issued to the applicant pursuant to Iowa Code section 906.19.
- (7) Any letters of reference submitted on behalf of the applicant.
- (8) All other relevant evidence of rehabilitation and present fitness of the applicant.

e. An applicant may petition the state fire marshal in writing as specified in 661—subrule 275.1(4) for a determination as to whether the applicant's criminal record will prevent the applicant from receiving a license. The state fire marshal shall issue such a determination within 30 days of receiving the petition. The state fire marshal shall determine whether an applicant's criminal record will prevent the applicant from receiving a license and while determining whether to deny an applicant's application on the basis

of an applicant's criminal conviction. The state fire marshal may charge a fee to recoup the costs of such a determination, provided that such fee shall not exceed \$25.

f. When the state fire marshal denies an applicant a license solely or partly because of the applicant's prior conviction of a crime, the state fire marshal shall notify the applicant in writing of all of the following:

- (1) The grounds for the denial or disqualification.
- (2) That the applicant has the right to a hearing to challenge the state fire marshal's decision.
- (3) The earliest date the applicant may submit a new application.
- (4) That evidence of rehabilitation of the applicant may be considered upon reapplication.

g. A determination by the state fire marshal that an applicant's criminal conviction is specifically listed as a disqualifying conviction and the offense directly relates to the duties and responsibilities of the applicant's profession must be documented in written findings for each factor specified in paragraph 235.10(4) "d" sufficient for a review by a court.

h. In any administrative or civil hearing authorized by this rule or Iowa Code chapter 17A, the state fire marshal shall carry the burden of proof on the question of whether the applicant's criminal offense directly relates to the duties and responsibilities of the profession for which the license is sought.

i. The state fire marshal may require an applicant with a criminal record to submit the applicant's complete criminal record detailing an applicant's offenses with an application. The state fire marshal may also require an applicant with a criminal record to submit a personal statement regarding whether each offense directly relates to the duties and performance of the applicant's occupation. For the purposes of this subrule, "complete criminal record" includes the complaint and judgment of conviction for each offense of which the applicant has been convicted.

661—259.202(80GA,ch177) Purpose and scope. The fire fighting equipment revolving loan fund is established to assist local fire departments to complete purchase or repairs of equipment used in the performance of the departments' fire fighting duties, when the acquisition or repair of such equipment would be impractical in the absence of assistance from the fund. Each payment of funds from the fund to a local fire department shall be a loan awarded in compliance with rules 661—259.201(80GA,ch177) to 661—259.207(80GA, ch177), and shall be for the specific purpose established in a contract entered into between the department of public safety and either the local fire department receiving the funds; or the city, county, or township of which the fire department is a part; or another legal entity authorized to enter into legally binding commitments on behalf of the fire department.

661—259.203(80GA,ch177) Definitions. For purposes of rules 661—259.201(80GA,ch177) to 661—259.207(80GA,ch177), the following definitions apply:

“*Default*” or “*in default*” means that more than one payment on a loan is currently due.

“*Local fire department*” means a paid, volunteer, or combination fire protection service provided by a benefited fire district under Iowa Code chapter 357B or by a county, municipality or township, or a private corporate organization that has a valid contract to provide fire protection service for a benefited fire district, county, municipality, township or governmental agency. “Local fire department” does not include a military or private industrial fire department or service.

“*NFPA*” means the National Fire Protection Association.

“*PASS*” means personal alert safety system.

“*SCBA*” means self-contained breathing apparatus.

259.204(1) Notice of availability of funds. Whenever funds are available for loans through the fire fighting equipment revolving loan fund, the fire service training bureau shall publish notice of the availability of those funds in the Iowa Administrative Bulletin and shall notify fire service organizations, including, but not limited to, the Iowa Firemen's Association, the Iowa Fire Chiefs Association, and the Iowa Association of Professional Fire Chiefs, of the availability of those funds, the procedure for applying for loans through the program, the deadline for applying for funds, and the provisions of rules 661—259.201(80GA,ch177) to 661—259.207(80GA,ch177). All local fire departments in Iowa known to the fire service training bureau shall receive notice by mail or, when available, electronic mail. In addition, notice of availability of funds and the application procedure shall be published on the department's website.

259.204(2) Application. Application for a loan from the fire fighting equipment revolving loan fund shall be made on an application form provided by the fire service training bureau. A completed application shall be submitted to the fire service training bureau by the deadline specified in the notice of availability of public funds and shall include any attached materials required in the instructions provided with the application form.

a. An application form shall be completed by the local fire department. The application shall include contact information, loan amount requested, purpose of the loan, statement of need, and current financial information, and any additional information specified on the application form or accompanying instructions, and shall be signed by an official authorized to enter into contracts on behalf of the local fire department.

b. In addition to the application, the following information will be required prior to loan approval:

(1) Documentation that the department requesting the loan meets the definition of a “local fire department.”

(2) Financial statements showing income, expenses, assets, liabilities, and sources of income for the department requesting the loan for a three-year period prior to the loan request date.

(3) Verification that the match requirement will be met. A letter from the executive or chief financial officer of the agency funding the match requirement will normally be sufficient.

(4) A copy of the contract, bid specifications, or proposal for purchase of the equipment/apparatus to be purchased with the loan proceeds, or repair work order, if applicable.

259.204(3) *Loan application review.*

a. The state fire marshal and the chief of the fire service training bureau shall review each application for completeness and compliance with rules 661—259.201(80GA,ch177) to 661—259.207(80GA,ch177).

b. The state fire service and emergency response council, or a subcommittee of the council established for this purpose, shall serve as an advisory committee to the state fire marshal in the loan application review process, and shall recommend to the state fire marshal funding, partial funding, or denial of each application. Recommendations regarding loan applications shall be based upon availability of funds in relation to the total funds requested by eligible applicants, documentation of need for the proposed purchase or repair, and documentation of likely ability of the local fire department applying for a loan to repay the loan.

c. Decisions to award or not to award loans shall be made by the state fire marshal.

259.204(4) *Appeals.* If a local fire department’s application is denied or partially funded by the state fire marshal, the department may appeal the decision of the state fire marshal to the commissioner of public safety using procedures for appeals set out in 661—Chapter 10.

[Editorial change: IAC Supplement 6/17/09; ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.2(100C) Definitions. The following definitions apply to rules 661—275.1(100C) through 661—275.9(100C):

“Aerosol fire extinguishing system” means a system that uses a combination of microparticles and gaseous matter to flood the protected area. The particles are in a vapor state until discharged from the device. On release, a chain reaction produces solid particles and gaseous matter to suppress the fire.

“Automatic dry-chemical extinguishing system” means a system supplying a powder composed of small particles, usually of sodium bicarbonate, potassium bicarbonate, urea-potassium-based bicarbonate, potassium chloride, or monoammonium phosphate, with added particulate material supplemented by special treatment to provide resistance to packing, resistance to moisture absorption, and the proper flow capabilities.

“Automatic fire extinguishing system” means a system of devices and equipment that automatically detects a fire and discharges an approved fire extinguishing agent onto or in the area of a fire and includes automatic sprinkler systems, carbon dioxide extinguishing systems, deluge systems, automatic dry-chemical extinguishing systems, foam extinguishing systems, halogenated extinguishing systems, aerosol systems, hybrid-inert water mist systems, or other equivalent fire extinguishing technologies recognized by the fire extinguishing system contractors and alarm systems advisory board.

“Automatic sprinkler system” means an integrated fire protection sprinkler system usually activated by heat from a fire designed in accordance with fire protection engineering standards and includes a suitable water supply. The portion of the system above the ground is a network of specially sized or hydraulically designed piping installed in a structure or area, generally overhead, and to which automatic sprinklers are connected in a systematic pattern.

“Carbon dioxide extinguishing system” means a system supplying carbon dioxide from a pressurized vessel through fixed pipes and nozzles and includes a manual or automatic actuating mechanism.

“Clean agent” means an electrically nonconducting, volatile, or gaseous fire extinguishant that does not leave a residue upon evaporation.

“Deluge system” means a sprinkler system employing open sprinklers attached to a piping system connected to a water supply through a valve that is opened by the operation of a detection system installed in the same area as the sprinklers.

“Dry chemical” means a powder composed of very small particles, usually sodium bicarbonate-, potassium bicarbonate-, or ammonium phosphate-based, with added particulate material supplemented by special treatment to provide resistance to packing, resistance to moisture absorption (caking), and the proper flow capabilities.

“Dry pipe sprinkler system” means an extinguishing system employing automatic sprinklers that are attached to a piping system containing air or nitrogen under pressure, the release of which (as from the opening of a sprinkler) permits the water pressure to open a valve known as a dry pipe valve, which allows the water to flow into the piping system and out the opened sprinklers.

“Fire extinguishing system contractor,” “fire protection system contractor,” or *“contractor”* means a person engaging in or representing oneself to the public as engaging in the activity or business of layout, installation, repair, alteration, addition, maintenance, or maintenance inspection of automatic fire extinguishing systems in this state.

“Foam extinguishing system” means a special system discharging foam made from concentrates, either mechanically or chemically, over the area to be protected.

“Halogenated extinguishing system” means a fire extinguishing system using one or more atoms of an element from the halogen chemical series of fluorine, chlorine, bromine, and iodine.

“Hybrid-inert water mist system” means a system that combines the benefits of inert gas systems and water mist systems to extinguish fires. These systems provide both extinguishment and cooling to prevent reignition utilizing nontoxic, non-ozone-depleting hybrid media.

“Layout” means drawings, calculations and component specifications to achieve the specified system design installation. “Layout” does not include design.

“Listed” means equipment, materials, or services included in a list published by a nationally recognized independent testing organization concerned with evaluation of products or services that maintains periodic inspection of production of listed equipment or materials or periodic evaluation of services and whose listing states that either the equipment, material, or service meets appropriate designated standards or has been tested and found suitable for a specified purpose.

“Maintenance inspection” means periodic inspection and certification completed by a fire extinguishing system contractor. For purposes of this chapter, “maintenance inspection” does not include an inspection completed by a local building official, fire inspector, or insurance inspector, when acting in an official capacity.

“Offense directly relates” refers to either of the following:

1. The actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession.
2. The circumstances under which an offense was committed are circumstances customary to a licensed profession.

“Preengineered dry chemical or wet agent fire suppression system” means any system having predetermined flow rates, nozzle pressures and limited quantities of either agent. These systems have specific pipe sizes, maximum and minimum pipe lengths, flexible hose specifications, number of fittings and number and types of nozzles prescribed by a nationally recognized testing laboratory. The hazards against which these systems protect are specifically limited by the testing laboratory as to the type and

size based upon actual fire tests. Limitations on hazards that can be protected against by these systems are contained in the manufacturer's installation manual, which is referenced as part of the listing.

"Preengineered water-based system" means a packaged, water-based sprinkler system including all components connected to a water supply and designed to be installed according to pretested limitations.

"Responsible managing employee" means an owner, partner, officer, or manager employed full-time by a fire extinguishing system contractor who is designated as a responsible managing employee for a fire extinguishing system contractor and who meets the requirements for a responsible managing employee established in rule 661—275.3(100C).

"Special hazards system" means a fire extinguishing system utilizing fire detection and control methods to release an extinguishing agent, other than water connected to a dedicated fire protection water supply.

"Wet agent" or *"wet chemical"* means an aqueous solution of organic or inorganic salts or a combination thereof that forms an extinguishing agent.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.3(100C) Responsible managing employee. Each fire extinguishing system contractor shall designate a responsible managing employee and may designate one or more alternate responsible managing employees. A contractor may designate more than one responsible managing employee in order to satisfy the requirements for more than one endorsement as provided in subrule 275.1(2). If more than one responsible managing employee is designated, the contractor shall indicate for which responsible managing employee each designated alternate managing employee serves as an alternate.

275.3(1) The responsible managing employee or employees shall be designated in the application for licensure, and, if a responsible managing employee is no longer acting in that role, the contractor shall so notify the fire marshal, in writing, within 30 calendar days, as provided in subrule 275.1(4).

275.3(2) If a responsible managing employee is no longer acting in that role and the contractor has designated an alternate responsible managing employee, the alternate responsible managing employee shall become the responsible managing employee and the contractor shall so notify the state fire marshal, in writing, within 30 calendar days of the date on which the preceding responsible managing employee ceased to act in that role. If the contractor has designated more than one alternate responsible managing employee, the notice to the state fire marshal shall indicate which alternate responsible managing employee has assumed the position of responsible managing employee.

275.3(3) If a responsible managing employee designated by a fire extinguishing system contractor is no longer acting in the role of responsible managing employee and the contractor has not designated an alternate responsible managing employee, the contractor shall designate a new responsible managing employee and shall notify the state fire marshal, in writing as provided in subrule 275.1(4), of the designation within six months of the date on which the former responsible managing employee ceased to act in that capacity. If the state fire marshal has not been notified of the appointment of a new responsible managing employee within six months of the date on which a responsible managing employee ceased serving in that capacity, the state fire marshal shall suspend the license of the fire protection system contractor.

275.3(4) A responsible managing employee or an alternate responsible managing employee shall meet one of the requirements for the following endorsements:

Program information and any other documentation requested by the state fire marshal for consideration shall be submitted to the state fire marshal as specified in subrule 275.1(4). Training and testing approved by the state fire marshal will be listed on the state fire marshal's licensing website.

275.3(6) Work performed by a contractor subject to these rules shall be limited to areas of competence indicated by the specific certification or other training requirements met by the responsible managing employee. Work performed in the state shall not begin prior to:

- a. Receipt of new or renewed license issued by the state fire marshal to the applicant, or
- b. Receipt of written approval to perform work prior to issuance of a new or renewed license from the state fire marshal to the applicant.

275.3(7) Nothing in this rule shall be interpreted to conflict with or diminish any requirement for training or certification for anyone installing or servicing a fire extinguishing system or portable fire extinguisher set forth in any rule of the state fire marshal or local fire ordinance or standard adopted by reference therein.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.4(100C) License requirements. A fire extinguishing system contractor shall meet all of the following requirements in order to receive licensure from the state fire marshal and shall continue to meet all requirements throughout the period of licensure. The contractor shall notify the state fire marshal, in writing, as specified in subrule 275.1(4), within 30 calendar days if the contractor fails to meet any requirement for licensure.

275.4(1) The contractor shall designate one or more responsible managing employees as provided in rule 661—275.3(100C).

275.4(2) The contractor shall maintain general and complete operations liability insurance for the layout, installation, repair, alteration, addition, maintenance, and inspection of automatic fire extinguishing systems in the following amounts: \$500,000 per person, \$1,000,000 per occurrence, and \$1,000,000 property damage.

a. The carrier of any insurance coverage maintained to meet this requirement shall notify the state fire marshal 30 days prior to the effective date of cancellation or reduction of the coverage.

b. The contractor shall cease operation immediately if the insurance coverage required by this subrule is no longer in force and other insurance coverage meeting the requirements of this subrule is not in force. A contractor shall not initiate any installation of a fire extinguishing system which cannot reasonably be expected to be completed prior to the effective date of the cancellation of the insurance coverage required by this subrule and of which the contractor has received notice, unless new insurance coverage meeting the requirements of this subrule has been obtained and will be in force upon cancellation of the prior coverage.

275.4(3) The contractor shall maintain current registration as a contractor with the labor services division of the Iowa workforce development department in compliance with Iowa Code chapter 91C and 875—Chapter 150, Iowa Administrative Code. The contractor shall provide a copy of the contractor's current registration from the Iowa workforce development department with the contractor's application for licensure.

EXCEPTION: A contractor shall not be required to maintain registration with the labor services division of the Iowa workforce development department if the contractor does not meet the definition of "contractor" for purposes of Iowa Code chapter 91C and 875—Chapter 150, Iowa Administrative Code. Written documentation of such exemption must be provided to the state fire marshal at the time of application for licensure as a fire protection system contractor.

275.4(4) The contractor shall maintain compliance with all other applicable provisions of law related to operation in the state of Iowa and of any political subdivision in which the contractor is performing work.

275.4(5) A license may be renewed only if the licensee has completed recertification of the applicable requirements relative to the endorsements for which the licensee is renewing.

661—275.5(272C) Licensure of persons licensed in other jurisdictions.

275.5(1) For the purposes of this rule, “issuing jurisdiction” means the duly constituted authority in another state that has issued a professional license, certificate, or registration to a person.

275.5(2) Notwithstanding any other provision of law, a fire protection system contractor license shall be issued without an examination to a person who establishes residency in this state or to a person who is married to an active duty member of the military forces of the United States and who is accompanying the member on an official permanent change of station to a military installation located in this state if all of the following conditions are met:

a. The person is currently licensed by at least one other issuing jurisdiction as a fire protection system contractor with a substantially similar scope of practice and the license is in good standing in all issuing jurisdictions in which the person holds a license.

b. The person has been licensed by another issuing jurisdiction for at least one year.

c. When the person was licensed by the issuing jurisdiction, the issuing jurisdiction imposed minimum educational requirements and, if applicable, work experience requirements, and the issuing jurisdiction verifies that the person met those requirements in order to be licensed in that issuing jurisdiction.

d. The person previously passed an examination required by the other issuing jurisdiction for licensure, if applicable.

e. The person has not had a license revoked and has not voluntarily surrendered a license in any other issuing jurisdiction or country while under investigation for unprofessional conduct.

f. The person has not had discipline imposed by any other regulating entity in this state or another issuing jurisdiction or country. If another jurisdiction has taken disciplinary action against the person, the state fire marshal shall determine if the cause for the action was corrected and the matter resolved. If the state fire marshal determines that the matter has not been resolved by the jurisdiction imposing discipline, the state fire marshal shall not issue or deny a license to the person until the matter is resolved.

g. The person does not have a complaint, allegation, or investigation pending before any regulating entity in another issuing jurisdiction or country that relates to unprofessional conduct. If the person has any complaints, allegations, or investigations pending, the state fire marshal shall not issue or deny a license to the person until the complaint, allegation, or investigation is resolved.

h. The person pays all applicable fees.

i. The person does not have a criminal history that would prevent the person from holding the fire protection system contractor license applied for in this state.

275.5(3) A person licensed pursuant to this rule is subject to the laws regulating the person’s practice in this state and is subject to the jurisdiction of the state fire marshal.

275.5(4) This rule does not apply to any of the following:

a. The ability of the state fire marshal to require the submission of fingerprints or completion of a criminal history check.

b. The ability of the state fire marshal to require a person to take and pass an examination specific to the laws of this state prior to issuing a license. If the state fire marshal requires an application to take and pass an examination specific to the laws of this state, the state fire marshal shall issue an applicant a temporary license that is valid for a period of three months and may be renewed once for an additional period of three months.

275.5(5) Except as provided in subrule 275.5(2), a person applying for a license in this state who relocates to this state from another state that did not require a license to practice as a fire protection system contractor may be considered to have met any education, training, or work experience requirements

imposed by the state fire marshal in this state if the person has three or more years of related work experience with a substantially similar scope of practice within the four years preceding the date of application as determined by the state fire marshal.

275.5(6) A person applying for a license in this state under the requirements of this subrule shall submit a request in writing to the state fire marshal as established in subrule 275.1(4) providing proof of residency in this state and documentation to verify all conditions are met under this subrule.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.6(100C) Application and fees.

275.6(1) Application. Any contractor seeking licensure as a fire protection system contractor shall submit a completed application form to the state fire marshal. The application shall be filed no later than 30 days prior to the date of beginning work in this state or the date on which an existing license expires. An application form may be obtained from the state fire marshal or from the state fire marshal's website. The application form shall be submitted with all required attachments and the required application fee established in subrule 275.6(2). An application shall not be considered complete unless all required information is submitted, including required attachments and fees, and shall not be processed until it is complete.

NOTE: The website for the fire protection system contractor license program is: dps.iowa.gov/divisions/state-fire-marshal/licensing/fire-protection.

275.6(2) License fee.

- a. The license fee shall be \$500 per year.
- b. If an application for licensure provides for more than one responsible managing employee pursuant to rule 661—275.3(100C), there shall be an additional fee of \$50 for each responsible managing employee beyond the first. If an application for licensure provides for more than one endorsement as provided in subrule 275.1(2), there shall be an additional fee of \$50 for each endorsement beyond the first.
- c. The state fire marshal shall waive any fee charged to an applicant for a license if the applicant's household income does not exceed 200 percent of the federal poverty income guidelines and the applicant is applying for the license for the first time in this state.

275.6(3) Payment. The license fee shall be submitted electronically or by draft, check, or money order in the applicable amount payable to the Iowa State Fire Marshal Division. Draft, check, or money order shall be addressed to the state fire marshal as established in subrule 275.1(4). Payment shall not be made in cash.

275.6(4) Amended licensure fee. The fee for issuance of an amended license is the difference between the original license fee paid and changes in endorsement(s) or responsible managing employee(s), if applicable. The fee shall be submitted with the request for an amended license. A contractor shall request and the fire marshal shall issue an amended license for any of the items listed below, and a fee does not apply:

- a. A change in the designation of a responsible managing employee;
- b. A change in insurance coverage; or
- c. A change in any other material information included in or with the initial or renewal application.

A change in the address of the business is a material change. However, if the request for an amended license is solely a change of business address, the address of the business to which the license being amended was sent is in an area subject to a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6, and the relocation occurs as a result of flooding or storm damage or other conditions which form a basis for the issuance of the disaster emergency proclamation, the fee shall not apply, although an amended license shall be issued.

d. Other changes in the information required in the application form, including renewal of insurance coverage with a new expiration date, shall be reported to the fire marshal but shall not require issuance of an amended license or payment of the amended license fee.

275.6(5) Attachments. Required attachments to the application for licensure include, but are not limited to, the following:

a. Documentation verifying that the contractor has in force the insurance coverage required by subrule 275.4(2). The documentation shall include an acknowledgment that the contractor's insurance coverage extends to any work performed by the contractor within the scope of licensure pursuant to this chapter. The documentation may consist of a letter from the insurance carrier or a copy of the insurance certificate with an endorsement showing the required information.

b. Documentation verifying that the person designated as the responsible managing employee and any persons designated as alternate responsible managing employees have met the applicable licensure requirements.

c. Documentation of qualifying licensure in another issuing jurisdiction by providing the following:

- (1) Proof of residency in this state.
- (2) Proof all conditions are met as established in rule 661—275.5(272C).
 1. Copy of a license from other issuing jurisdiction.
 2. Evidence the applicant met the issuing jurisdiction's educational requirements and, if applicable, work experience requirements.
 3. Evidence the applicant passed the issuing jurisdiction's required examination, if applicable.
 4. Evidence the applicant has not had a license revoked or voluntarily surrendered, had discipline imposed, or been under investigation by another issuing jurisdiction.
 5. Evidence the applicant does not have a complaint, allegation, or investigation pending before any regulatory entity related to unprofessional conduct.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.7(100C) Complaints. Complaints regarding the performance of any licensed contractor, failure of a licensed contractor to meet any of the requirements established in Iowa Code chapter 100C or this chapter or any other provision of law, or operation as a fire extinguishing system contractor without licensure may be filed with the state fire marshal. Complaints should be addressed as follows:

State Fire Marshal Division
Iowa Department of Public Safety
Attn: SFM Licensing Administration
215 East 7th Street
Des Moines, Iowa 50319

Complaints may be submitted by electronic mail to sfmlicense@dps.state.ia.us or by the United States Postal Service.

Complaints should be as specific as possible and shall clearly identify the contractor against whom the complaint is filed. Complaints shall be submitted in writing to the state fire marshal. A complaint may be submitted anonymously, but if the name and contact information of the complainant are provided, the complainant will be notified of the disposition of the complaint.

[Editorial change: IAC Supplement 6/17/09; ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—275.8(100C) Denial, suspension, or revocation of licensure; civil penalties; and appeals. The state fire marshal may deny, suspend or revoke the license of a contractor, or assess a civil penalty to the contractor, if any provision of these rules or any other provision of law related to operation as a fire extinguishing system contractor is violated.

275.8(1) Denial. The state fire marshal may deny an application for licensure for reasons including, but not limited to:

- a.* If the applicant makes a false statement on the application form or in any other submission of information required for license. "False statement" means providing false information or failing to include material information, such as a previous criminal conviction or action taken by another jurisdiction, when requested on the application form or otherwise in the application process.
- b.* If the applicant fails to meet all of the requirements for licensure established in this chapter.
- c.* If the applicant is currently barred for cause from acting as a fire extinguishing system contractor in another jurisdiction.

d. If an applicant has previously been barred for cause from operating in another jurisdiction as a fire extinguishing system contractor and if the basis of that action reflects upon the integrity of the applicant in operating as a fire extinguishing system contractor. If an applicant is found to have been previously barred for cause from operating as a fire extinguishing system contractor in another jurisdiction and is no longer barred from doing so, the state fire marshal shall evaluate the record of that action with regard to the likelihood that the applicant would operate with integrity as a licensed contractor. If an applicant is denied under this provision, the applicant shall be notified of the specific reasons for the denial.

e. Conviction of a felony offense, if the offense directly relates to the profession or occupation of the licensee, in the courts of this state or another state, territory or country. "Conviction" as used in this subrule includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction. If an applicant is denied under this provision, the applicant shall be notified of the specific reasons for the denial.

f. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the licensee's profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

g. Willful or repeated violations of the provisions of this chapter.

275.8(2) *Suspension.* A suspension of a license may be imposed by the state fire marshal for any violation of these rules or Iowa Code chapter 100C or for a failure to meet any legal requirement to operate as a fire extinguishing system contractor in this state. Failure to provide any notice to the state fire marshal as provided in these rules shall be grounds for suspension. An order of suspension shall specify the length of the suspension and shall specify that correction of all conditions which were a basis for the suspension is a condition of reinstatement of the license even after the period of the suspension.

275.8(3) *Revocation.* A revocation is a termination of a license. A license may be revoked by the state fire marshal for repeated violations or for a violation which creates an imminent danger to the safety or health of individuals protected by a fire extinguishing system incorrectly installed by a licensed contractor or when information comes to the attention of the state fire marshal which, if known to the state fire marshal when the application was being considered, would have resulted in denial of the license.

A new application for licensure from a contractor whose license had previously been revoked shall not be considered for a period of one year after the effective date of the revocation and, in any event, until every condition which was a basis for the revocation has been corrected. The state fire marshal may specify in the revocation order a longer period than one year before a new application for licensure may be considered. When a new application for licensure from a contractor whose license was previously revoked is being considered, the applicant may be denied licensure based upon the same information which was the basis for revocation even after any such period established by the state fire marshal has expired.

275.8(4) *Disqualifications for criminal convictions limited.*

a. Notwithstanding any other provision of law to the contrary, a person's conviction of a crime may be grounds for the denial, revocation, or suspension of a license only if an unreasonable risk to public safety exists because the offense directly relates to the duties and responsibilities of the profession and the state fire marshal does not grant an exception pursuant to paragraph 275.9(4) "*d.*"

b. The state fire marshal shall provide a list of the specific convictions that may disqualify an applicant from receiving a license. Any such offense shall be an offense that directly relates to the duties and responsibilities of the profession.

c. The state fire marshal shall not deny an application for a license on the basis of an arrest that was not followed by a conviction or based on a finding that an applicant lacks good character, suffers from moral turpitude, or on another similar basis.

d. The state fire marshal shall grant an exception to an applicant who would otherwise be denied a license due to a criminal conviction if the following factors establish by clear and convincing evidence that the applicant is rehabilitated and an appropriate candidate for licensure:

- (1) The nature and seriousness of the crime for which the applicant was convicted.
- (2) The amount of time that has passed since the commission of the crime. There is a rebuttable presumption that an applicant is rehabilitated and an appropriate candidate for licensure five years after the date of the applicant's release from incarceration, provided that the applicant was not convicted of sexual abuse in violation of Iowa Code section 709.4, a sexually violent offense as defined in Iowa Code section 229A.2, dependent adult abuse in violation of Iowa Code section 235B.20, a forcible felony as defined in Iowa Code section 702.11, or domestic abuse assault in violation of Iowa Code section 708.2A, and the applicant has not been convicted of another crime after release from incarceration.
- (3) The circumstances relative to the offense, including any aggravating and mitigating circumstances or social conditions surrounding the commission of the offense.
- (4) The age of the applicant at the time the offense was committed.
- (5) Any treatment undertaken by the applicant.
- (6) Whether a certificate of employability has been issued to the applicant pursuant to Iowa Code section 906.19.
- (7) Any letters of reference submitted on behalf of the applicant.
- (8) All other relevant evidence of rehabilitation and present fitness of the applicant.

e. An applicant may petition the state fire marshal in writing as specified in subrule 275.1(4) for a determination as to whether the applicant's criminal record will prevent the applicant from receiving a license. The state fire marshal shall issue such a determination within 30 days of receiving the petition. The state fire marshal shall determine whether an applicant's criminal record will prevent the applicant from receiving a license while determining whether to deny an applicant's application on the basis of an applicant's criminal conviction. The state fire marshal may charge a fee to recoup the costs of such a determination, provided that such fee shall not exceed \$25.

f. When the state fire marshal denies an applicant a license solely or partly because of the applicant's prior conviction of a crime, the state fire marshal shall notify the applicant in writing of all of the following:

- (1) The grounds for the denial or disqualification.
- (2) That the applicant has the right to a hearing to challenge the state fire marshal's decision.
- (3) The earliest date the applicant may submit a new application.
- (4) That evidence of rehabilitation of the applicant may be considered upon reapplication.

g. A determination by the state fire marshal that an applicant's criminal conviction is specifically listed as a disqualifying conviction and the offense directly relates to the duties and responsibilities of the applicant's profession must be documented in written findings for each factor specified in paragraph 275.8(4) "d" sufficient for a review by a court.

h. In any administrative or civil hearing authorized by this rule or Iowa Code chapter 17A, the state fire marshal shall carry the burden of proof on the question of whether the applicant's criminal offense directly relates to the duties and responsibilities of the profession for which the license is sought.

i. The state fire marshal may require an applicant with a criminal record to submit the applicant's complete criminal record detailing an applicant's offenses with an application. The state fire marshal may also require an applicant with a criminal record to submit a personal statement regarding whether each offense directly relates to the duties and performance of the applicant's occupation. For the purposes of this subrule, "complete criminal record" includes the complaint and judgment of conviction for each offense of which the applicant has been convicted.

275.8(5) Civil penalties. The state fire marshal may impose a civil penalty of up to \$500 per day during which a violation has occurred and for every day until the violation is corrected. A civil penalty may be imposed in lieu of or in addition to a suspension or may be imposed in addition to a revocation. A civil penalty shall not be imposed in lieu of a revocation.

275.8(6) *Suspension or revocation for nonpayment of child support.* The following procedures shall apply to actions taken by the department on a certificate of noncompliance received from the Iowa department of human services pursuant to Iowa Code chapter 252J:

a. The notice required by Iowa Code section 252J.8 shall be served upon the licensed contractor by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the contractor may accept service personally or through authorized counsel.

b. The effective date of revocation or suspension of licensure of a contractor, as specified in the notice required by Iowa Code section 252J.8, shall be 60 days following service upon the contractor.

c. Contractors shall keep the state fire marshal informed of all court actions and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J and shall provide the state fire marshal with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

d. All applicable fees for an application or reinstatement must be paid by the contractor before a license will be issued, renewed, or reinstated after the state fire marshal has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 252J.

e. In the event a contractor files a timely district court action following service of a notice pursuant to Iowa Code sections 252J.8 and 252J.9, the state fire marshal shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. Suspensions or revocations imposed pursuant to this subrule may not be appealed administratively within the department of public safety.

NOTE: The procedures established in subrule 275.8(6) implement the requirements of Iowa Code chapter 252J. The provisions of Iowa Code chapter 252J establish mandatory requirements for an agency which administers a licensure program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A, but must be appealed directly to district court.

275.8(7) *Suspension or revocation for nonpayment of debts owed state or local government.* The following procedures shall apply to actions taken by the state fire marshal on a certificate of noncompliance received from the Iowa department of revenue pursuant to Iowa Code chapter 272D:

a. The notice required by Iowa Code section 272D.3 shall be served upon the licensee by regular mail.

b. The effective date of revocation or suspension of a license, as specified in the notice required by Iowa Code section 272D.3, shall be 20 days following service upon the licensee.

c. Licensees shall keep the state fire marshal informed of all court actions and centralized collection unit actions taken under or in connection with Iowa Code chapter 272D and shall provide the state fire marshal with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 272D.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the centralized collection unit.

d. All applicable fees for an application or reinstatement must be paid by the licensee before a license will be issued, renewed, or reinstated after the state fire marshal has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 272D.

e. In the event the licensee files a timely district court action following service of a notice pursuant to Iowa Code section 272D.8, the state fire marshal shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the state fire marshal to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the state fire marshal shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. Suspensions or revocations imposed pursuant to this subrule may not be appealed administratively to the state fire marshal or within the department of public safety.

NOTE: The procedures established in subrule 275.8(7) implement the requirements of Iowa Code chapter 272D. The provisions of Iowa Code chapter 272D establish mandatory requirements for an agency which administers a licensing program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A but must be appealed directly to district court.

275.8(8) Appeals. Any denial, suspension, or revocation of a license, or any civil penalty imposed upon a licensed contractor under this rule, other than one imposed pursuant to subrule 275.8(6) or 275.8(7), may be appealed by the contractor within 14 days of receipt of the notice. Appeals of actions taken by the state fire marshal under this rule shall be to the commissioner of public safety and shall be treated as contested cases, following the procedures established in rules 661—10.301(17A) through 661—10.332(17A).

CHAPTER 276
LICENSING OF FIRE PROTECTION SYSTEM TECHNICIANS

661—276.1(100D) Establishment of program. There is established within the state fire marshal division a fire protection system installer and maintenance worker licensing program called the fire protection system technician license. The program is established pursuant to Iowa Code chapter 100D.

276.1(1) Licensing required. A person shall not act as a fire protection system installer and maintenance worker without being currently licensed as a fire protection system technician by the state fire marshal, except for the following:

a. A person licensed as a professional engineer pursuant to Iowa Code chapter 542B who is providing consultation or develops plans or other work concerning the installation or design of fire protection systems shall not be required to be licensed pursuant to this chapter.

b. A person whose work on fire protection systems is limited to routine maintenance shall not be required to be licensed pursuant to this chapter.

c. A person who is licensed as a plumber pursuant to Iowa Code chapter 105 and whose work is within the scope of that license shall not be required to be licensed pursuant to this chapter.

d. A person who is working as an apprentice fire protection system technician under the direct supervision of a responsible managing employee or under the direct supervision of a licensed fire protection system technician who is on site while the work is being performed shall not be required to be licensed pursuant to this chapter. For purposes of this rule, “direct supervision” means that the person supervising the person performing the work shall be on the job site while the work being supervised is performed.

e. A person who demolishes fire protection system components shall not be required to be licensed pursuant to this chapter when the work involves the demolition of a complete fire protection system or if the work results in placing a fire protection system out of service. If a fire protection system has been placed out of service, work required to place it into service must be performed by a person licensed to perform such work pursuant to this chapter. A person who demolishes a fire protection system or components thereof shall comply with any local ordinance, statute or administrative rule which requires notification to a local fire authority or the state fire marshal.

f. A person who is a responsible managing employee of a fire extinguishing system contractor licensed pursuant to Iowa Code chapter 100C shall not be required to be licensed pursuant to this chapter, provided that the work performed which is subject to the provisions of this chapter is within the scope of the endorsement or endorsements of the licensure of the licensed contractor employing the responsible managing employee.

276.1(2) Endorsement. Any person acting as a fire protection system installer and maintenance worker shall do so only in relation to systems and work covered by the endorsements on the person’s license. The license of each technician shall carry an endorsement for one or more of the following:

a. Automatic sprinkler system installation.
b. Special hazards system installation.
c. Preengineered dry chemical or wet agent fire protection systems installation.
d. Preengineered water-based fire protection systems in one- and two-family dwellings installation.

e. Automatic sprinkler system maintenance inspection.

f. Special hazards system maintenance inspection.

g. Preengineered dry chemical or wet agent fire protection systems maintenance inspection.

h. Preengineered water-based fire protection systems in one- and two-family dwellings maintenance inspection, or

i. Fire protection technician trainee.

276.1(3) Length of licensure. Licensure shall normally be for two years and shall expire on March 31 of the second year after the license has been issued. A license which is effective on a date other than April 1 shall be effective on the date on which the license is issued and shall expire the next March, after

one year has passed from the date on which the license was issued. A technician trainee license may be renewed once and a person may work as a technician trainee for a maximum of four years.

EXCEPTION: Any license currently issued with an expiration date of December 31 shall automatically be extended to expire the following March 31 without first requiring prior application for renewal or additional fees.

661—276.2(100D) Definitions. The following definitions apply to rules 661—276.1(100D) through 661—276.8(100D):

“Aerosol fire extinguishing system” means a system that uses a combination of microparticles and gaseous matter to flood the protected area. The particles are in a vapor state until discharged from the device. On release, a chain reaction produces solid particles and gaseous matter to suppress the fire.

“Apprentice fire protection system installer and maintenance worker” means a person, other than a fire protection system technician trainee, who is registered in an apprenticeship program approved by the United States Department of Labor and who is engaged in learning the fire protection system industry trade under the direct supervision of a responsible managing employee of a licensed fire protection system contractor or licensed fire protection system technician.

“Automatic fire extinguishing system” means a system of devices and equipment that automatically detects a fire and discharges an approved fire extinguishing agent onto or in the area of a fire and includes automatic sprinkler systems, carbon dioxide extinguishing systems, deluge systems, automatic dry-chemical extinguishing systems, foam extinguishing systems, halogenated extinguishing systems, aerosol systems, hybrid-inert water mist systems, or other equivalent fire extinguishing technologies recognized by the fire extinguishing system contractors and alarm systems advisory board.

“Automatic sprinkler system” means an integrated fire protection sprinkler system usually activated by heat from a fire designed in accordance with fire protection engineering standards and includes a suitable water supply. The portion of the system above the ground is a network of specially sized or hydraulically designed piping installed in a structure or area, generally overhead, and to which automatic sprinklers are connected in a systematic pattern.

“Carbon dioxide extinguishing system” means a system supplying carbon dioxide from a pressurized vessel through fixed pipes and nozzles and includes a manual or automatic actuating mechanism.

“Clean agent” means an electrically nonconducting, volatile, or gaseous fire extinguishant that does not leave a residue upon evaporation.

“Deluge system” means a sprinkler system employing open sprinklers attached to a piping system connected to a water supply through a valve that is opened by the operation of a detection system installed in the same area as the sprinklers.

“Department” means the department of public safety.

“Dry chemical” means a powder composed of very small particles, usually sodium bicarbonate-, potassium bicarbonate-, or ammonium phosphate-based, with added particulate material supplemented by special treatment to provide resistance to packing, resistance to moisture absorption (caking), and the proper flow capabilities.

“Dry pipe sprinkler system” means an extinguishing system employing automatic sprinklers that are attached to a piping system containing air or nitrogen under pressure, the release of which (as from

the opening of a sprinkler) permits the water pressure to open a valve known as a dry pipe valve, which allows the water to flow into the piping system and out the opened sprinklers.

“Fire extinguishing system contractor,” “fire protection system contractor,” or *“contractor”* means a person(s) engaging in or representing oneself to the public as engaging in the activity or business of layout, installation, repair, service, alteration, addition, testing, maintenance, or maintenance inspection of automatic fire extinguishing systems in this state, as defined in Iowa Code section 100C.1, and who is licensed pursuant to Iowa Code chapter 100C.

“Fire protection system” means a sprinkler, standpipe, hose system, special hazard system, dry system, foam system, or any water-based fire protection system, whether engineered or preengineered and whether manually or automatically activated, used for fire protection purposes which may include an integrated system of underground and overhead piping and which may be connected to a water source.

“Fire protection system installation” means to set up or establish a fire protection system for use in an indicated space.

“Fire protection system installer and maintenance worker” or *“fire protection system technician”* means a person who, having the necessary qualifications, training, experience, and technical knowledge, conducts fire protection system installation and maintenance and who is licensed by the department to install or maintain the types of fire protection systems endorsed on the person’s fire protection system technician license. A fire protection system technician shall be an employee of a fire protection system contractor or, if employed by anyone other than a fire protection system contractor, shall perform work requiring licensing as a fire protection system technician only on property owned or occupied by such employer and may obtain a license if the employer is not a licensed contractor.

“Fire protection system maintenance” means to provide repairs, including all inspections and tests, required to keep a fire protection system and its component parts in an operative condition at all times and the replacement of the system or its component parts when they become undependable or inoperable.

“Fire protection system technician trainee” means a person who is engaged in learning the fire protection system industry trade under the direct supervision of a responsible managing employee or a licensed fire protection system technician who is not a trainee. “Fire protection system technician trainee” does not mean a person who is an apprentice fire protection system installer and maintenance worker.

“Foam extinguishing system” means a special system discharging foam made from concentrates, either mechanically or chemically, over the area to be protected.

“Halogenated extinguishing system” means a fire extinguishing system using one or more atoms of an element from the halogen chemical series of fluorine, chlorine, bromine, and iodine.

“Hybrid-inert water mist system” means a system that combines the benefits of inert gas systems and water mist systems to extinguish fires. These systems provide both extinguishment and cooling to prevent reignition utilizing nontoxic, non-ozone-depleting hybrid media.

“Layout” means drawings, calculations and component specifications to achieve the specified system design installation. “Layout” does not include design.

“Listed” means equipment, materials, or services included in a list published by a nationally recognized independent testing organization concerned with evaluation of products or services that maintains periodic inspection of the production of listed equipment or materials or periodic evaluation of services and whose listing states that either the equipment, material, or service meets appropriate designated standards or has been tested and found suitable for a specified purpose.

“Offense directly relates” refers to either of the following:

1. The actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession.
2. The circumstances under which an offense was committed are circumstances customary to a licensed profession.

“Preengineered dry chemical or wet agent fire suppression system” means any system having predetermined flow rates, nozzle pressures and limited quantities of either agent. These systems have specific pipe sizes, maximum and minimum pipe lengths, flexible hose specifications, number of fittings and number and types of nozzles prescribed by a nationally recognized testing laboratory. The hazards

against which these systems protect are specifically limited by the testing laboratory as to the type and size based upon actual fire tests. Limitations on hazards that can be protected against by these systems are contained in the manufacturer's installation manual, which is referenced as part of the listing.

"Preengineered fire protection system" means a fire protection system that has a predetermined flow rate, nozzle pressure, and quantity of extinguishing agent.

"Preengineered water-based fire protection system" means a packaged, water-based sprinkler system including all components connected to a water supply and designed to be installed according to pretested limitations.

"Responsible managing employee" means a person who is an owner, partner, officer, or manager employed full-time by a fire extinguishing system contractor and who meets the requirements for a responsible managing employee established in Iowa Code chapter 100C and 661—Chapter 275.

"Routine maintenance" means the repair or replacement of existing fire protection system components of the same size and type, for which no changes in configuration are made. "Routine maintenance" does not mean any new installation or any expansion or extension of any existing fire protection system, nor does it mean inspection and testing.

"Special hazards system" means a fire extinguishing system utilizing fire detection and control methods to release an extinguishing agent, other than water connected to a dedicated fire protection water supply.

"Wet agent" or *"wet chemical"* means an aqueous solution of organic or inorganic salts or a combination thereof that forms an extinguishing agent.

276.3(5) License applicability. Work performed by a technician subject to these rules shall be limited to areas of competence indicated by the specific certification(s) or other training requirements met by the applicant. Work performed in the state shall not begin prior to:

- a. Receipt of a new or renewed license issued by the state fire marshal to the applicant, or
- b. Receipt of written approval to perform work prior to issuance of a new or renewed license from the state fire marshal to the applicant.

276.3(6) Portable fire extinguisher requirements. Nothing in this rule shall be interpreted to conflict with or diminish any requirement for training or certification for anyone installing or servicing a fire extinguishing system or portable fire extinguisher set forth in any rule of the state fire marshal or local fire ordinance or standard adopted by reference therein.

[ARC 9032B, IAB 8/25/10, effective 10/1/10 (See Delay note at the end of chapter); ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—276.4(272C) Licensure of persons licensed in other jurisdictions.

276.4(1) For the purposes of this rule, “issuing jurisdiction” means the duly constituted authority in another state that has issued a professional license, certificate, or registration to a person.

276.4(2) Notwithstanding any other provision of law, a fire protection system technician license shall be issued without an examination to a person who establishes residency in this state or to a person who is married to an active duty member of the military forces of the United States and who is accompanying the member on an official permanent change of station to a military installation located in this state if all of the following conditions are met:

- a. The person is currently licensed by at least one other issuing jurisdiction as a fire protection system technician with a substantially similar scope of practice and the license is in good standing in all issuing jurisdictions in which the person holds a license.
- b. The person has been licensed by another issuing jurisdiction for at least one year.
- c. The person was licensed by the issuing jurisdiction, the issuing jurisdiction imposed minimum educational requirements and, if applicable, work experience requirements, and the issuing jurisdiction verifies that the person met those requirements in order to be licensed in that issuing jurisdiction.
- d. The person previously passed an examination required by the other issuing jurisdiction for licensure, if applicable.
- e. The person has not had a license revoked and has not voluntarily surrendered a license in any other issuing jurisdiction or country while under investigation for unprofessional conduct.
- f. The person has not had discipline imposed by any other regulating entity in this state or another issuing jurisdiction or country. If another jurisdiction has taken disciplinary action against the person, the state fire marshal shall determine if the cause for the action was corrected and the matter resolved. If the state fire marshal determines that the matter has not been resolved by the jurisdiction imposing discipline, the state fire marshal shall not issue or deny a license to the person until the matter is resolved.

g. The person does not have a complaint, allegation, or investigation pending before any regulating entity in another issuing jurisdiction or country that relates to unprofessional conduct. If the person has any complaints, allegations, or investigations pending, the state fire marshal shall not issue or deny a license to the person until the complaint, allegation, or investigation is resolved.

h. The person pays all applicable fees.

i. The person does not have a criminal history that would prevent the person from holding the fire protection system technician license applied for in this state.

276.4(3) A person licensed pursuant to this rule is subject to the laws regulating the person's practice in this state and is subject to the jurisdiction of the state fire marshal.

276.4(4) This rule does not apply to any of the following:

a. The ability of the state fire marshal to require the submission of fingerprints or completion of a criminal history check.

b. The ability of the state fire marshal to require a person to take and pass an examination specific to the laws of this state prior to issuing a license. If the state fire marshal requires an application to take and pass an examination specific to the laws of this state, the state fire marshal shall issue an applicant a temporary license that is valid for a period of three months and may be renewed once for an additional period of three months.

276.4(5) Except as provided in subrule 276.4(2), a person applying for a license in this state who relocates to this state from another state that did not require a license to practice as a fire protection system technician may be considered to have met any education, training, or work experience requirements imposed by the state fire marshal in this state if the person has three or more years of related work experience with a substantially similar scope of practice within the four years preceding the date of application as determined by the state fire marshal.

276.4(6) A person applying for a license in this state under the requirements of this subrule shall submit the person's request in writing to the state fire marshal as established in subrule 276.1(4) providing proof of residency in this state and documentation to verify all conditions are met under this subrule.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—276.5(100D) Application and fees.

276.5(1) Application. Any person seeking licensure as a fire protection system technician shall submit a completed application form to the state fire marshal. The application shall be filed no later than 30 days prior to the date of beginning work in this state or the date on which an existing license expires. An application form may be obtained from the state fire marshal or from the state fire marshal's website. The application form shall be submitted with all required attachments in subrule 276.5(5) and the required license fee established in subrule 276.5(2). An application shall not be considered complete unless all required information is submitted, including required attachments and fees, and shall not be processed until it is complete.

NOTE: The website for the fire protection system technician licensing program is dps.iowa.gov/divisions/state-fire-marshal/licensing/fire-protection.

276.5(2) License fee.

a. The fee for a permanent or provisional license, except for a trainee license, shall be \$200. If an application for a license provides for more than one endorsement as provided in subrule 276.1(2), there shall be an additional fee of \$25 for each endorsement beyond the first.

b. The fee for a fire protection system technician trainee license shall be \$100.

The state fire marshal shall waive any fee charged to an applicant for a license if the applicant's household income does not exceed 200 percent of the federal poverty income guidelines and the applicant is applying for the license for the first time in this state.

276.5(3) Payment. The license fee shall be submitted electronically or by draft, check, or money order in the applicable amount payable to the Iowa State Fire Marshal Division. Draft, check, or money order shall be addressed to the state fire marshal as established in subrule 276.1(4). Payment cannot be made in cash.

276.5(4) Amended license.

a. The fee for issuance of an amended license is the difference between the original license fee paid and changes in endorsement(s), if applicable. The fee shall be submitted with a request for an amended license. A licensee shall request and the state fire marshal shall issue an amended license for any of the following reasons, and a fee does not apply:

(1) A change in employer. A licensee may only transfer the licensee's technician license to another employer if the licensee paid the license fee at the time of original application. If the licensee's previous employer paid the license fee, the licensee must reapply for a new license under the licensee's new employer and pay the license fee.

(2) A change in any other material information included in or with the initial or renewal application. A change of address is a material change. However, if the request for an amended license is solely for a change of business address, the former address of the business is in an area subject to a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6, and the relocation occurs as a result of flooding or storm damage or other conditions which form a basis for the issuance of the disaster emergency proclamation, the fee shall not apply, although an amended license shall be issued.

b. Other changes in the information required in the application form, including renewal of insurance coverage with a new expiration date, shall be reported to the state fire marshal but shall not require issuance of an amended license or payment of the amended license fee.

276.5(5) Attachments. Required attachments to the application for a license include, but are not limited to, the following:

a. Documentation verifying that the applicant has met the applicable licensure requirements.

b. Documentation of qualifying licensure in another issuing jurisdiction by providing the following:

(1) Proof of residency in this state.

(2) Proof all conditions are met as established in rule 661—276.4(100D).

1. Copy of a license from other issuing jurisdiction.

2. Evidence the applicant met issuing jurisdiction's educational requirements and, if applicable, work experience requirements.

3. Evidence the applicant passed the issuing jurisdiction's required examination, if applicable.

4. Evidence the applicant has not had a license revoked or voluntarily surrendered, had discipline imposed, or been under investigation by another issuing jurisdiction.

5. Evidence the applicant does not have a complaint, allegation, or investigation pending before any regulatory entity related to unprofessional conduct.

[ARC 9032B, IAB 8/25/10, effective 10/1/10; ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—276.6(100D) Complaints.

276.6(1) Complaints regarding the performance of any licensed fire protection system technician, failure of a licensee to meet any of the requirements established in Iowa Code chapter 100D or this chapter or any other provision of law, or persons operating as fire protection system installers and maintenance workers without licensure may be filed with the state fire marshal. Complaints should be addressed as follows:

State Fire Marshal Division
Iowa Department of Public Safety
Attn: SFM Licensing Administration
215 East 7th Street
Des Moines, Iowa 50319

276.6(2) Complaints may be addressed by electronic mail to sfmlicense@dps.state.ia.us or in writing by the United States Postal Service.

276.6(3) Complaints should be as specific as possible and shall clearly identify the licensee or other person against whom the complaint is filed. Complaints shall be submitted in writing. A complaint may

be submitted anonymously, but if the name and contact information of the complainant are provided, the complainant will be notified of the disposition of the complaint.

[ARC 9032B, IAB 8/25/10, effective 10/1/10; ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—276.7(100D) Denial, suspension, or revocation of licensure; civil penalties; appeals. If a licensee or person who performs work requiring a license violates any provision of these rules or any other provision of law related to work requiring licensure pursuant to this chapter, the state fire marshal may deny, suspend or revoke a license or assess a civil penalty to a licensee or to a person who performs work requiring licensure pursuant to this chapter and who is not licensed.

276.7(1) Denial. The state fire marshal may deny an application for licensure:

a. If the applicant makes a false statement on the application form or in any other submission of information required for licensure. “False statement” means providing false information or failing to include material information, such as a previous criminal conviction or action taken by another jurisdiction, when requested on the application form or otherwise in the application process.

b. If the applicant fails to meet all of the requirements for licensure established in this chapter.

c. If the applicant is currently barred for cause from licensure equivalent to that provided for in this chapter in another jurisdiction.

d. If an applicant has previously been barred for cause from operating in another jurisdiction as a fire protection system installer and maintenance worker and if the basis of that action reflects upon the integrity of the applicant in operating as a fire protection system installer and maintenance worker. If an applicant is found to have been previously barred for cause from operating as a fire protection system installer and maintenance worker in another jurisdiction and is no longer barred from doing so, the state fire marshal shall evaluate the record of that action with regard to the likelihood that the applicant would operate with integrity as a licensee. If an applicant is denied licensure under this paragraph, the applicant shall be notified of the specific reasons for the denial.

e. Conviction of a felony offense, if the offense directly relates to the profession or occupation of the licensee, in the courts of this state or another state, territory or country. “Conviction” as used in this subrule includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction. If an applicant is denied licensure under this paragraph, the applicant shall be notified of the specific reasons for the denial.

f. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the licensee’s profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

g. Willful or repeated violations of the provisions of this chapter.

276.7(2) Suspension. A suspension of a license may be imposed by the state fire marshal for any violation of these rules or Iowa Code chapter 100D or for a failure to meet any legal requirement to operate as a fire protection system installer and maintenance worker in this state. Failure to provide any notice to the state fire marshal as required by these rules shall be grounds for suspension. An order of suspension shall specify the length of the suspension and shall specify that correction of all conditions which were a basis for the suspension is a condition of reinstatement of the license even after the period of the suspension.

276.7(3) Revocation.

a. A revocation is a termination of a license. A license may be revoked by the state fire marshal for repeated violations or for a violation which creates an imminent danger to the safety or health of individuals protected by a fire protection system incorrectly installed by a licensee or when information comes to the attention of the state fire marshal which, if known to the state fire marshal when the application was being considered, would have resulted in denial of the license.

b. A new application for a license from an applicant whose license has previously been revoked shall not be considered for a period of one year after the effective date of the revocation and, in any event,

until every condition which was a basis for the revocation has been corrected. The state fire marshal may specify in the revocation order a period longer than one year before a new application for a license may be considered. When a new application for a license from a person whose license was previously revoked is being considered, the applicant may be denied a license based upon the same information which was the basis for revocation even after any such period established by the state fire marshal has expired.

276.7(4) Disqualifications for criminal convictions limited.

a. Notwithstanding any other provision of law to the contrary, a person's conviction of a crime may be grounds for the denial, revocation, or suspension of a license only if an unreasonable risk to public safety exists because the offense directly relates to the duties and responsibilities of the profession and the state fire marshal does not grant an exception pursuant to paragraph 276.7(4) "d."

b. The state fire marshal shall provide a list of the specific convictions that may disqualify an applicant from receiving a license. Any such offense shall be an offense that directly relates to the duties and responsibilities of the profession.

c. The state fire marshal shall not deny an application for a license on the basis of an arrest that was not followed by a conviction or based on a finding that an applicant lacks good character, suffers from moral turpitude, or on another similar basis.

d. The state fire marshal shall grant an exception to an applicant who would otherwise be denied a license due to a criminal conviction if the following factors establish by clear and convincing evidence that the applicant is rehabilitated and an appropriate candidate for licensure:

(1) The nature and seriousness of the crime for which the applicant was convicted.

(2) The amount of time that has passed since the commission of the crime. There is a rebuttable presumption that an applicant is rehabilitated and an appropriate candidate for licensure five years after the date of the applicant's release from incarceration, provided that the applicant was not convicted of sexual abuse in violation of Iowa Code section 709.4, a sexually violent offense as defined in Iowa Code section 229A.2, dependent adult abuse in violation of Iowa Code section 235B.20, a forcible felony as defined in Iowa Code section 702.11, or domestic abuse assault in violation of Iowa Code section 708.2A, and the applicant has not been convicted of another crime after release from incarceration.

(3) The circumstances relative to the offense, including any aggravating and mitigating circumstances or social conditions surrounding the commission of the offense.

(4) The age of the applicant at the time the offense was committed.

(5) Any treatment undertaken by the applicant.

(6) Whether a certificate of employability has been issued to the applicant pursuant to Iowa Code section 906.19.

(7) Any letters of reference submitted on behalf of the applicant.

(8) All other relevant evidence of rehabilitation and present fitness of the applicant.

e. An applicant may petition the state fire marshal in writing as specified in subrule 276.1(4) for a determination as to whether the applicant's criminal record will prevent the applicant from receiving a license. The state fire marshal shall issue such a determination within 30 days of receiving the petition. The state fire marshal shall determine whether an applicant's criminal record will prevent the applicant from receiving a license while determining whether to deny an applicant's application on the basis of an applicant's criminal conviction. The state fire marshal may charge a fee to recoup the costs of such a determination, provided that such fee shall not exceed \$25.

f. When the state fire marshal denies an applicant a license solely or partly because of the applicant's prior conviction of a crime, the state fire marshal shall notify the applicant in writing of all of the following:

(1) The grounds for the denial of disqualification.

(2) That the applicant has the right to a hearing to challenge the state fire marshal's decision.

(3) The earliest date the applicant may submit a new application.

(4) That evidence of rehabilitation of the applicant may be considered upon reapplication.

g. A determination by the state fire marshal that an applicant's criminal conviction is specifically listed as a disqualifying conviction and the offense directly relates to the duties and responsibilities of the

applicant's profession must be documented in written findings for each factor specified in this subrule sufficient for a review by a court.

h. In any administrative or civil hearing authorized by this rule or Iowa Code chapter 17A, the state fire marshal shall carry the burden of proof on the question of whether the applicant's criminal offense directly relates to the duties and responsibilities of the profession for which the license is sought.

i. The state fire marshal may require an applicant with a criminal record to submit the applicant's complete criminal record detailing an applicant's offenses with an application. The state fire marshal may also require an applicant with a criminal record to submit a personal statement regarding whether each offense directly relates to the duties and performance of the applicant's occupation. For the purposes of this subrule, "complete criminal record" includes the complaint and judgment of conviction for each offense of which the applicant has been convicted.

276.7(5) Civil penalties. The state fire marshal may impose a civil penalty of up to \$500 per day during which a violation has occurred and for every day until the violation is corrected. 277.6(2) The technician shall maintain compliance with all other applicable provisions of law related to operation in the state of Iowa and of any political subdivision in which the technician is performing work.

277.6(3) In any case in which training or testing that is offered to satisfy the requirements of this rule is required to be approved by the state fire marshal, such approval is required prior to acceptance of

the training or testing to meet licensure requirements. Approval by the state fire marshal of any training or testing to meet these requirements may be sought by the individual, firm, or organization providing the testing or training or initiated by the state fire marshal. Any individual, firm, or organization seeking to obtain such approval may apply to the state fire marshal no later than July 1, 2021, and no later than July 1 every two years thereafter. 661—277.7(100C) Technician application and fees.

277.7(1) Application. Any technician seeking licensure as an alarm system technician shall submit a completed application form to the state fire marshal. The application shall be filed no later than 30 days prior to the date on which work begins in the state or on which an existing license expires, except that an application for endorsement as an alarm system technician trainee shall be submitted no later than the first day of employment as an alarm system technician trainee. An application form may be obtained from the state fire marshal or from the state fire marshal's website. The application form shall be submitted with all required attachments and the required application fee established in this rule. An application shall not be considered complete unless all required information is submitted, including required attachments and fees, and shall not be processed until it is complete.

277.7(2) Licensure fee. The license fee for an alarm system technician shall be \$150 for three years, except that the license fee for endorsement as an alarm system technician trainee shall be \$50 for one year. There shall be an additional fee of \$25 for each endorsement beyond the first.

The state fire marshal shall waive any fee charged to an applicant for a license if the applicant's household income does not exceed 200 percent of the federal poverty income guidelines and the applicant is applying for the license for the first time in this state.

277.7(3) Payment. The certification fee shall be submitted electronically by draft, check, or money order in the applicable amount payable to the Iowa State Fire Marshal Division. Draft, check, or money order shall be addressed to the state fire marshal as established in subrule 277.1(4). Payment shall not be made in cash.

277.7(4) Amended licensure fee.

a. The fee for issuance of an amended license is the difference between the original license fee paid and changes in endorsement(s), if applicable. The fee shall be submitted with the request for an amended license. A technician shall request and the state fire marshal shall issue an amended license for a change in any material information included in or with the initial or renewal application. A licensee shall request and the state fire marshal shall issue an amended license for any of the following reasons and a fee does not apply:

(1) A change in employer. A licensee may only transfer the licensee's technician license to another employer if the licensee paid the license fee at the time of original application. If the licensee's previous employer paid the license fee, the licensee must reapply for a new license under the new employer and pay the license fee.

(2) A change in any other material information included in or with the initial or renewal application. A change of address is a material change. However, if the request for an amended license is solely for a change of business address, the former address of the business is in an area subject to a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6, and the relocation occurs as a result of flooding or storm damage or other conditions which form a basis for the issuance of the disaster emergency proclamation, the fee shall not apply, although an amended license shall be issued.

b. Other changes in the information required in the application form shall be reported to the state fire marshal but shall not require issuance of an amended license or payment of the amended license fee.

277.7(5) Attachments. Required attachments to the application for license include, but are not limited to, the following:

a. Documentation applicant has met the applicable licensure requirements.

b. Documentation of qualifying licensure in another issuing jurisdiction by providing the following:

(1) Proof of residency in this state.

(2) Proof all conditions are met as established in rule 661—277.8(272C).

1. Copy of a license from other issuing jurisdiction.

2. Evidence the applicant met the issuing jurisdiction's educational requirements and, if applicable, work experience requirements.

3. Evidence the applicant passed issuing jurisdiction's required examination, if applicable.

4. Evidence the applicant has not had a license revoked or voluntarily surrendered, had discipline imposed, or been under investigation by another issuing jurisdiction.

5. Evidence the applicant does not have a complaint, allegation, or investigation pending before any regulatory entity related to unprofessional conduct.

277.7(6) National criminal history check. Each applicant for licensure as a technician shall submit fingerprints and the applicable fee at the time of application for a new or renewal license for a national criminal history check conducted by the Federal Bureau of Investigation.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—277.8(272C) Licensure of persons licensed in other jurisdictions.

277.8(1) For the purposes of this rule, "issuing jurisdiction" means the duly constituted authority in another state that has issued a professional license, certificate, or registration to a person.

277.8(2) Notwithstanding any other provision of law, an alarm system contractor license or alarm system technician license shall be issued without an examination to a person who establishes residency in this state or to a person who is married to an active duty member of the military forces of the United States and who is accompanying the member on an official permanent change of station to a military installation located in this state if all of the following conditions are met:

a. The person is currently licensed by at least one other issuing jurisdiction as an alarm system contractor or alarm system technician with a substantially similar scope of practice and the license is in good standing in all issuing jurisdictions in which the person holds a license.

b. The person has been licensed by another issuing jurisdiction for at least one year.

c. When the person was licensed by the issuing jurisdiction, the issuing jurisdiction imposed minimum educational requirements and, if applicable, work experience requirements, and the issuing jurisdiction verifies that the person met those requirements in order to be licensed in that issuing jurisdiction.

d. The person previously passed an examination required by the other issuing jurisdiction for licensure, if applicable.

e. The person has not had a license revoked and has not voluntarily surrendered a license in any other issuing jurisdiction or country while under investigation for unprofessional conduct.

f. The person has not had discipline imposed by any other regulating entity in this state or another issuing jurisdiction or country. If another jurisdiction has taken disciplinary action against the person, the state fire marshal shall determine if the cause for the action was corrected and the matter resolved. If the state fire marshal determines that the matter has not been resolved by the jurisdiction imposing discipline, the state fire marshal shall not issue or deny a license to the person until the matter is resolved.

g. The person does not have a complaint, allegation, or investigation pending before any regulating entity in another issuing jurisdiction or country that relates to unprofessional conduct. If the person has any complaints, allegations, or investigations pending, the state fire marshal shall not issue or deny a license to the person until the complaint, allegation, or investigation is resolved.

h. The person pays all applicable fees.

i. The person does not have a criminal history that would prevent the person from holding the alarm system contractor or alarm system technician license applied for in this state.

277.8(3) A person licensed pursuant to this rule is subject to the laws regulating the person's practice in this state and is subject to the jurisdiction of the state fire marshal.

277.8(4) This rule does not apply to any of the following:

a. The ability of the state fire marshal to require the submission of fingerprints or completion of a criminal history check.

b. The ability of the state fire marshal to require a person to take and pass an examination specific to the laws of this state prior to issuing a license. If the state fire marshal requires an application to take and pass an examination specific to the laws of this state, the state fire marshal shall issue an applicant a temporary license that is valid for a period of three months and may be renewed once for an additional period of three months.

277.8(5) Except as provided in subrule 277.8(2), a person applying for a license in this state who relocates to this state from another state that did not require a license to practice as an alarm system contractor or alarm system technician may be considered to have met any education, training, or work experience requirements imposed by the state fire marshal in this state if the person has three or more years of related work experience with a substantially similar scope of practice within the four years preceding the date of application as determined by the state fire marshal.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—277.9(100C) Complaints. Complaints regarding the performance of any licensed contractor or technician, failure of a licensed contractor or technician to meet any of the requirements established in Iowa Code chapter 100C or this chapter or any other provision of law, or operation as an alarm system contractor or technician without licensure may be filed with the state fire marshal.

277.9(1) Complaints should be addressed as follows:

State Fire Marshal Division
Iowa Department of Public Safety
Attn: SFM Licensing Administration
215 East 7th Street
Des Moines, Iowa 50319

277.9(2) Complaints may be submitted by electronic mail to sfmlicense@dps.state.ia.us or by the United States Postal Service.

277.9(3) Complaints should be as specific as possible and must clearly identify the contractor or technician against whom the complaint is filed. Complaints shall be submitted in writing to the state fire marshal. A complaint may be submitted anonymously, but if the name and contact information of the complainant are provided, the complainant will be notified of the disposition of the complaint.

[ARC 5396C, IAB 1/13/21, effective 2/17/21]

661—277.10(100C) Denial, suspension, or revocation of licensure; civil penalties; and appeals. The state fire marshal may deny, suspend or revoke the license of a contractor or technician or may assess

a civil penalty to the contractor, if any provision of these rules or any other provision of law related to operation as an alarm system contractor or technician is violated.

277.10(1) Denial. The state fire marshal may deny an application for licensure:

a. If the applicant makes a false statement on the application form or in any other submission of information required for licensure. “False statement” means providing false information or failing to include material information, such as a previous criminal conviction or action taken by another jurisdiction, when requested on the application form or otherwise in the application process.

b. If the applicant fails to meet all of the requirements for licensure established in this chapter.

c. If the applicant is currently barred for cause from acting as an alarm system contractor or technician in another jurisdiction.

d. If an applicant has previously been barred for cause from operating in another jurisdiction as an alarm system contractor or technician and if the basis of that action reflects upon the integrity of the applicant in operating as an alarm system contractor or technician. If an applicant is found to have been previously barred for cause from operating as an alarm system contractor or technician in another jurisdiction and is no longer barred from doing so, the state fire marshal shall evaluate the record of that action with regard to the likelihood that the applicant would operate with integrity as a licensed contractor or technician. If an applicant is denied under this provision, the applicant shall be notified of the specific reasons for the denial.

e. Conviction of a felony offense, if the offense directly relates to the profession or occupation of the licensee, in the courts of this state or another state, territory or country. “Conviction” as used in this subrule includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction. If an applicant is denied under this provision, the applicant shall be notified of the specific reasons for the denial.

f. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the licensee’s profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

g. Willful or repeated violations of the provisions of this chapter.

277.10(2) Suspension. A suspension of a license may be imposed by the state fire marshal for any violation of these rules or Iowa Code chapter 100C or for a failure to meet any legal requirement to operate as an alarm system contractor or technician in this state. Failure to provide any notice to the state fire marshal as provided in these rules shall be grounds for suspension. An order of suspension shall specify the length of the suspension and shall specify that correction of all conditions which were a basis for the suspension is a condition of reinstatement of the license even after the period of the suspension.

277.10(3) Revocation. A revocation is a termination of a license. A license may be revoked by the state fire marshal for repeated violations or for a violation which creates an imminent danger to the safety or health of individuals protected by an alarm system incorrectly installed by a certified contractor or technician or when information comes to the attention of the state fire marshal which, if known to the state fire marshal when the application was being considered, would have resulted in denial of the license. A new application for licensure from a contractor or technician whose license had previously been revoked shall not be considered for a period of one year after the effective date of the revocation and, in any event, until every condition which was a basis for the revocation has been corrected. The state fire marshal may specify in the revocation order a longer period than one year before a new application for licensure may be considered. When a new application for licensure from a contractor or technician whose license was previously revoked is being considered, the applicant may be denied licensure based upon the same information which was the basis for revocation even after any such period established by the state fire marshal has expired.

277.10(4) Disqualifications for criminal convictions limited.

a. Notwithstanding any other provision of law to the contrary, a person’s conviction of a crime may be grounds for the denial, revocation, or suspension of a license only if an unreasonable risk to public

safety exists because the offense directly relates to the duties and responsibilities of the profession and the state fire marshal does not grant an exception pursuant to paragraph 277.10(4) “d.”

b. The state fire marshal shall provide a list of the specific convictions that may disqualify an applicant from receiving a license. Any such offense shall be an offense that directly relates to the duties and responsibilities of the profession.

c. The state fire marshal shall not deny an application for a license on the basis of an arrest that was not followed by a conviction or based on a finding that an applicant lacks good character, suffers from moral turpitude, or on another similar basis.

d. The state fire marshal shall grant an exception to an applicant who would otherwise be denied a license due to a criminal conviction if the following factors establish by clear and convincing evidence that the applicant is rehabilitated and an appropriate candidate for licensure:

(1) The nature and seriousness of the crime for which the applicant was convicted.

(2) The amount of time that has passed since the commission of the crime. There is a rebuttable presumption that an applicant is rehabilitated and an appropriate candidate for licensure five years after the date of the applicant’s release from incarceration, provided that the applicant was not convicted of sexual abuse in violation of Iowa Code section 709.4, a sexually violent offense as defined in Iowa Code section 229A.2, dependent adult abuse in violation of Iowa Code section 235B.20, a forcible felony as defined in Iowa Code section 702.11, or domestic abuse assault in violation of Iowa Code section 708.2A, and the applicant has not been convicted of another crime after release from incarceration.

(3) The circumstances relative to the offense, including any aggravating and mitigating circumstances or social conditions surrounding the commission of the offense.

(4) The age of the applicant at the time the offense was committed.

(5) Any treatment undertaken by the applicant.

(6) Whether a certificate of employability has been issued to the applicant pursuant to Iowa Code section 906.19.

(7) Any letters of reference submitted on behalf of the applicant.

(8) All other relevant evidence of rehabilitation and present fitness of the applicant.

e. An applicant may petition the state fire marshal in writing as specified in subrule 277.1(4) for a determination as to whether the applicant’s criminal record will prevent the applicant from receiving a license. The state fire marshal shall issue such a determination within 30 days of receiving the petition. The state fire marshal shall determine whether an applicant’s criminal record will prevent the applicant from receiving a license while determining whether to deny an applicant’s application on the basis of an applicant’s criminal conviction. The state fire marshal may charge a fee to recoup the costs of such a determination, provided that such fee shall not exceed \$25.

f. When the state fire marshal denies an applicant a license solely or partly because of the applicant’s prior conviction of a crime, the state fire marshal shall notify the applicant in writing of all of the following:

(1) The grounds for the denial of disqualification.

(2) That the applicant has the right to a hearing to challenge the state fire marshal’s decision.

(3) The earliest date the applicant may submit a new application.

(4) That evidence of rehabilitation of the applicant may be considered upon reapplication.

g. A determination by the state fire marshal that an applicant’s criminal conviction is specifically listed as a disqualifying conviction and the offense directly relates to the duties and responsibilities of the applicant’s profession must be documented in written findings for each factor specified in paragraph 277.10(4) “d” sufficient for a review by a court.

h. In any administrative or civil hearing authorized by this subrule or Iowa Code chapter 17A, the state fire marshal shall carry the burden of proof on the question of whether the applicant’s criminal offense directly relates to the duties and responsibilities of the profession for which the license is sought.

i. The state fire marshal may require an applicant with a criminal record to submit the applicant’s complete criminal record detailing an applicant’s offenses with an application. The state fire marshal may also require an applicant with a criminal record to submit a personal statement regarding whether each offense directly relates to the duties and performance of the applicant’s occupation. For the purposes

of this subrule, “complete criminal record” includes the complaint and judgment of conviction for each offense of which the applicant has been convicted.

277.10(5) *Civil penalties.* The state fire marshal may impose a civil penalty of up to \$500 per day during which a violation has occurred and for every day until the violation is corrected. A civil penalty may be imposed in lieu of or in addition to a suspension or may be imposed in addition to a revocation. A civil penalty shall not be imposed in lieu of a revocation.

277.10(6) *Suspension or revocation for nonpayment of child support.* The following procedures shall apply to actions taken by the department on a certificate of noncompliance received from the Iowa department of human services pursuant to Iowa Code chapter 252J:

a. The notice required by Iowa Code section 252J.8 shall be served upon the licensed contractor or technician by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the contractor or technician may accept service personally or through authorized counsel.

b. The effective date of revocation or suspension of licensure of a contractor or technician, as specified in the notice required by Iowa Code section 252J.8, shall be 60 days following service upon the contractor or technician.

c. Contractors or technicians shall keep the state fire marshal informed of all court actions and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J and shall provide the state fire marshal with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

d. All applicable fees for an application or reinstatement must be paid by the contractor or technician before a license will be issued, renewed, or reinstated after the state fire marshal has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 252J.

e. In the event a contractor or technician files a timely district court action following service of a notice pursuant to Iowa Code sections 252J.8 and 252J.9, the state fire marshal shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. Suspensions or revocations imposed pursuant to this subrule may not be appealed administratively within the department of public safety.

NOTE: The procedures established in subrule 277.10(6) implement the requirements of Iowa Code chapter 252J. The provisions of Iowa Code chapter 252J establish mandatory requirements for an agency which administers a licensing program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A, but must be appealed directly to district court.

277.10(7) *Suspension or revocation for nonpayment of debts owed state or local government.* The following procedures shall apply to actions taken by the state fire marshal on a certificate of noncompliance received from the Iowa department of revenue pursuant to Iowa Code chapter 272D:

a. The notice required by Iowa Code section 272D.3 shall be served upon the licensee by regular mail.

b. The effective date of revocation or suspension of a license, as specified in the notice required by Iowa Code section 272D.3, shall be 20 days following service upon the licensee.

c. Licensees shall keep the state fire marshal informed of all court actions and centralized collection unit actions taken under or in connection with Iowa Code chapter 272D and shall provide the state fire marshal with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 272D.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the centralized collection unit.

d. All applicable fees for an application or reinstatement must be paid by the licensee before a license will be issued, renewed, or reinstated after the state fire marshal has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 272D.

e. In the event the licensee files a timely district court action following service of a notice pursuant to Iowa Code section 272D.8, the state fire marshal shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the state fire marshal to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the state fire marshal shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. Suspensions or revocations imposed pursuant to this subrule may not be appealed administratively to the state fire marshal or within the department of public safety.

NOTE: The procedures established in subrule 277.10(7) implement the requirements of Iowa Code chapter 272D. The provisions of Iowa Code chapter 272D establish mandatory requirements for an agency which administers a licensing program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A but must be appealed directly to district court.

277.10(8) Appeals. Any denial, suspension, or revocation of a license, or any civil penalty imposed upon a licensed contractor or technician under this rule, other than one imposed pursuant to subrule 277.10(6) or 277.10(7), may be appealed by the contractor or technician within 14 days of receipt of the notice. Appeals of actions taken by the state fire marshal under this rule shall be to the commissioner of public safety and shall be treated as contested cases, following the procedures established in rules 661—10.301(17A) through 661—10.332(17A).

661—278.2(272C) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service, toward any experience or educational requirement for licensure, by submitting a military service application form to the division.

278.2(1) The military service application may be submitted with an application for licensure, or prior to applying for licensure. No fee is required for the submission of an application for military service credit.

278.2(2) The military service applicant shall identify the experience or educational licensure requirement for which the credit would be applied, if granted.

278.2(3) The military service applicant shall provide military transcripts, a certified affidavit, or documents that verify completion of the relevant military education, training, or service. The withdrawal of a licensure application shall

not preclude subsequent military service applications or licensure applications, supported by additional documentation or information.

[ARC 4584C, IAB 7/31/19, effective 9/4/19]

661—278.3(272C) Veteran and spouse of active duty service member reciprocity.

278.3(1) A veteran or a spouse with a fire protection or alarm system license in another jurisdiction may apply for licensure in Iowa through reciprocity, based on the reciprocity procedures for fire protection and alarm systems licensees as set out in the administrative rules in effect at the time that the application is made, and in compliance with any agreements with other jurisdictions regarding reciprocity. A fully completed licensure application submitted by a veteran or a spouse under this subrule is to be given priority and is expedited.

278.3(2) A licensure application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity. This information includes, but is not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history and, if applicable, a criminal history background check. In addition, the applicant shall provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2) or spouse of an active duty service member of the military forces of the United States.

278.3(3) Upon receipt of a fully completed licensure application, the division shall promptly determine if the licensing requirements of the jurisdiction where the applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The division shall make this determination based on information supplied by the applicant and additional information the division may acquire from the applicable jurisdiction. The division may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, and postgraduate experiences.

278.3(4) The division shall promptly grant a license to the applicant if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to the licensing requirements in Iowa, unless the applicant is ineligible for licensure based on other grounds, such as the applicant's disciplinary or criminal history.

278.3(5) If the division determines that the licensing requirements of the jurisdiction in which the applicant is licensed are not substantially equivalent to the licensing requirements in Iowa, the division shall promptly inform the applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal history, the following shall apply:

a. If an applicant has not obtained the required certification for licensure, the applicant may not be issued a provisional license but may request that the licensure application be placed in pending status for up to one year, or as mutually agreed upon, to provide the applicant with the opportunity to satisfy the certification requirements.

b. If additional experience or education is required for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the division issue a provisional license for a specified period of time, during which the applicant will successfully complete the necessary experience or education. The division shall issue a provisional license for a specified period of time upon such conditions as the division deems reasonably necessary to protect the health, welfare, or safety of the public unless the division determines that the deficiency is of a character that the public health, welfare, or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the division shall notify the applicant in writing, explaining the decision, and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure is placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever comes first. The division may extend a provisional license on a case-by-case basis for good cause.

278.3(6) An applicant who is aggrieved by the division's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in the contested case by telephone. A request for a contested case shall be made within 30 days of the issuance of the division's decision. There are no fees or costs assessed against the applicant in connection with a contested case conducted pursuant to this subrule.

CHAPTER 291
VOLUNTEER EMERGENCY SERVICES PROVIDER DEATH BENEFITS

[Prior to 1/5/05, see 661—Ch 59]

661—291.1(100B) Volunteer emergency services provider death benefit program. There is established within the fire marshal division a volunteer emergency services provider death benefit program with responsibility for administering the payment of death benefits to beneficiaries of volunteer emergency services providers who die in the line of duty, as provided in Iowa Code section 100B.11.

Information about the program may be obtained by mail from the Volunteer Emergency Services Provider Death Benefit Program, Fire Marshal Division, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, by telephone at (515)725-6145, or by electronic mail at fminfo@dps.state.ia.us.

[Editorial change: IAC Supplement 6/17/09]

661—291.2(100B) Eligibility. The beneficiary of a volunteer emergency services provider who is killed in the line of duty is eligible for a lump-sum payment of \$100,000 from the volunteer emergency services provider death benefit program, provided that application is made to the program in accordance with requirements established in this chapter and all eligibility criteria are satisfied.

291.2(1) Application. Application forms for the volunteer emergency services provider death benefit program may be obtained on request from the fire marshal division. The fire marshal may accept a legible copy of a completed application for the federal Public Safety Officers' Benefits Program as an application for payment of benefits from the volunteer emergency services provider death benefit program. Completed application forms shall be mailed or delivered to the Volunteer Emergency Services Provider Death Benefit Program, Fire Marshal Division, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. A completed application form shall be accompanied by a letter from the chief or other responsible supervisory official of the department in which the volunteer emergency services provider was serving at the time of the line-of-duty death, certifying that the death of the volunteer was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a volunteer. Any evidence or proof available to the chief or responsible supervisory official to support the claim shall accompany the letter.

291.2(2) Definitions. The following definitions apply to the volunteer emergency services provider death benefit program.

"Beneficiary" means the surviving spouse of the volunteer emergency services provider who died in the line of duty. If there is no surviving spouse, and there is a surviving child or surviving children of the volunteer emergency services provider, then "beneficiary" means the surviving child of the member. If there is more than one surviving child, the children are cobeneficiaries who shall share equally in the lump-sum payment of the death benefit. If there is no surviving spouse or child of the volunteer emergency services provider, "beneficiary" means the surviving father or mother of the volunteer emergency services provider if either or both survives at the time of the line-of-duty death of the volunteer emergency services provider. If both the mother and father of the volunteer emergency services provider survive at the time of the line-of-duty death of the volunteer emergency services provider, then the father and mother are cobeneficiaries who shall share equally in the lump-sum payment. If there is no surviving spouse, child, or parent at the time of the line-of-duty death of the volunteer emergency services provider, then "beneficiary" means the estate of the deceased volunteer emergency services provider.

"Line-of-duty death" means the death of a volunteer emergency services provider which was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a volunteer. The death is not a line-of-duty death if any of the following apply:

1. The death resulted from stress, strain, occupational illness, or a chronic, progressive, or congenital illness including, but not limited to, a disease of the heart, lungs, or respiratory system, unless a traumatic personal injury was a substantial contributing factor to the volunteer emergency services provider's death.

However, if the death was the direct and proximate result of a heart attack or stroke, the volunteer emergency services provider shall be presumed to have died as a result of a traumatic personal injury if the provider engaged in a nonroutine stressful or strenuous physical activity within the scope of the provider's duties and the death resulted while engaging in that activity, while still on duty after engaging in that activity, or not later than 24 hours after engaging in that activity, and the presumption is not overcome by competent medical evidence to the contrary. For purposes of this paragraph, "nonroutine stressful or strenuous physical activity" includes, but is not limited to, nonroutine stressful or strenuous physical law enforcement, fire suppression, rescue, hazardous material response, emergency medical services, prison security, disaster relief, emergency response, and training exercise activities. "Nonroutine stressful or strenuous physical activity" does not include activities of a clerical, administrative, or nonmanual nature.

2. The death was caused by the intentional misconduct of the volunteer emergency services provider or by such provider's intent to cause the provider's own death.

3. The volunteer emergency services provider was voluntarily intoxicated at the time of death.

4. The volunteer emergency services provider was performing the provider's duties in a grossly negligent manner at the time of death.

5. A beneficiary who would otherwise be entitled to a benefit under this chapter was, through the beneficiary's actions, a substantial contributing factor to the volunteer emergency services provider's death.

[Editorial change: IAC Supplement 6/17/09]

661—291.3(100B) Determination. After receiving an application for benefits from the volunteer emergency services provider death benefit program, the fire marshal shall make a determination as to whether or not the application meets the requirements for payment of benefits. The fire marshal may require the beneficiary or the chief or responsible supervisory official who has certified that the death is a line-of-duty death to submit any additional information that the fire marshal deems material to making the determination. If the determination is that the requirements for payment of benefits have been met, the fire marshal shall so notify the beneficiary or cobeneficiaries and shall request that the department of revenue issue a warrant payable to the beneficiary in the amount of the lump-sum payment provided or, if there are cobeneficiaries, that the department of revenue issue warrants in equal shares of the lump-sum amount payable to each of the cobeneficiaries.

291.3(1) Denial and notification. If the fire marshal determines that the eligibility criteria have not been met, the fire marshal shall notify in writing the beneficiary or cobeneficiaries and the chief or responsible supervisory official who certified that the death occurred in the line of duty of the determination and of the reason or reasons for the denial.

291.3(2) Appeals. If an application for payment from the volunteer emergency services provider program is denied, the beneficiary or any cobeneficiary may appeal that decision to the commissioner of public safety by filing an appeal in writing to the commissioner of public safety within 30 days of the date of the denial of the application by the fire marshal. Appeals shall be processed in accordance with contested case procedures specified in 661—Chapter 10.

These rules are intended to implement Iowa Code section 100B.11 as amended by 2004 Iowa Acts, chapter 1063.

CHAPTER 300
STATE BUILDING CODE—ADMINISTRATION
[Prior to 12/21/05, see rules 661—16.1(103A) to 661—16.500(103A)]

661—300.1(103A) State building code promulgated. Iowa Code section 103A.7 assigns to the building code commissioner authority to promulgate the state building code, with the approval of the building code advisory council, except that adoption of the state historic building code requires the approval of the state historical society board of trustees, rather than the building code advisory council.

The state building code, as authorized by Iowa Code section 103A.7, includes 661—Chapters 16, 300, 301, 302, 303, 310, 315 and 322. The state historic building code is set forth in 661—Chapter 350. [ARC 2492C, IAB 4/13/16, effective 5/18/16]

661—300.2(103A) Building code commissioner. The building code commissioner appointed by the commissioner of public safety pursuant to Iowa Code section 103A.4 shall serve as the chief of the building code bureau. The building code commissioner shall adopt, and amend as needed, the state building code, with the approval of the building code advisory council, and the state historic building code, with the approval of the state historical society board. The building code commissioner also shall appoint the board of review from among the council membership. The building code commissioner shall consider any request for the use of alternate materials or methods of construction submitted to the building code bureau pursuant to Iowa Code section 103A.13, and shall either disapprove each such request or shall recommend approval of the request to the building code advisory council.

661—300.3(103A) Building code advisory council. The building code advisory council appointed by the governor pursuant to Iowa Code section 103A.14 shall consider amendments to the state building code proposed by the building code commissioner, other than amendments to the state historic building code. The council shall approve or disapprove any changes to the state building code proposed by the building code commissioner. The council shall also consider and approve or disapprove any requests for use of alternate materials or methods of construction, the approval of which has been recommended to the council by the building code commissioner.

661—300.4(103A) Plan reviews.

300.4(1) Plans and specifications review—approvals.

a. Submissions to the building code commissioner of architectural technical documents, engineering documents, and plans and specifications are the responsibility of the owner of the building or facility, although the actual submission may be completed by an authorized agent of the owner or the responsible design professional.

b. “Responsible design professional” means a registered architect or licensed professional engineer who signs the documents submitted.

c. Plans, specifications and other supporting information shall be sufficiently clear and complete to show in detail that the proposed work will comply with the requirements of the applicable provisions of the state building code.

d. In sections 107.1 and 107.2.5 of the International Building Code, 2015 edition, the word “permit” shall be replaced by the words “plan review.”

e. Submittals to the commissioner shall be certified or stamped and signed as required by Iowa Code chapters 542B and 544A unless the applicant has certified on the submittal to the applicability of a specific exception under Iowa Code section 544A.18 and the submittal does not constitute the practice of professional engineering as defined by Iowa Code section 542B.2.

f. Plans and specifications for projects subject to plan review by the commissioner shall be submitted in a format specified on the plan review submittal form.

g. Architectural technical submissions, engineering documents, and plans and specifications for construction, renovation, or remodeling of all state-owned buildings or facilities, including additions to existing buildings, shall be submitted to the commissioner for review and comment. Subsequently, a written response by the design professional indicating corrective measures taken to address the

commissioner's plan review comments shall be submitted to and approved by the commissioner prior to the issuance of construction documents for bidding. Bidding may commence on a project after the preliminary meeting provided for in subrule 300.4(3) if all items on the preliminary meeting checklist have been resolved to the satisfaction of the commissioner.

h. Architectural technical submissions, engineering documents, and plans and specifications for the initial construction of any building or facility that will not, when completed, be wholly owned by the state or an agency of the state shall be submitted to the commissioner for review and comment, if the construction is financed in whole or in part with funds appropriated by the state and there is no local building code in effect in the local jurisdiction in which the construction is planned or, if there is such a local building code in effect, it is not enforced through a system which includes both plan reviews and inspections. Subsequently, a written response by the design professional indicating corrective measures taken to address the commissioner's plan review comments shall be submitted to and approved by the commissioner prior to the issuance of construction documents for bidding. Bidding may commence on a project after the preliminary meeting provided for in subrule 300.4(3) if all items on the preliminary meeting checklist have been resolved to the satisfaction of the commissioner.

i. Architectural technical submissions, engineering documents, and plans and specifications for construction, renovation, or remodeling of all buildings or facilities, including additions to existing buildings, to which the state building code applies, other than those subject to paragraph "g" or "h," shall be submitted to the commissioner for review and comment, unless applicability of the state building code is based upon a local ordinance enacted pursuant to Iowa Code section 103A.12. Subsequently, a written response by the design professional indicating corrective measures taken to address the commissioner's plan review comments shall be submitted to and approved by the commissioner prior to the issuance of construction documents for bidding. Bidding may commence on a project after the preliminary meeting provided for in subrule 300.4(3) if all items on the preliminary meeting checklist have been resolved to the satisfaction of the commissioner.

j. If the state building code applies to a construction project based upon a local ordinance adopting the state building code, the submission shall be made to the local jurisdiction, provided that the local jurisdiction has established a building department, unless the local jurisdiction requires submission to the commissioner. Review and approval of such documents by the commissioner shall be at the discretion of the commissioner based upon available resources.

k. No project for which a life cycle cost analysis is required to be completed pursuant to Iowa Code section 470.2 shall be approved for construction prior to receipt by the commissioner of the life cycle cost analysis, final approval of the life cycle cost analysis by the commissioner and the economic development authority pursuant to Iowa Code section 470.7, and the completion of all applicable requirements established in Iowa Code section 470.7.

l. No project for which an energy review is required pursuant to subrule 303.1(3) shall be approved for construction prior to the receipt by the commissioner of the energy review.

NOTE: Compliance with the requirements of paragraphs "k" and "l" at the earliest practical time is strongly recommended. In no case shall the submission occur later than specified in the applicable statutory provisions and provisions of the state building code.

m. Any submission to the commissioner of architectural technical submissions, engineering documents, or plans and specifications for construction, except for plans to renovate or remodel residential buildings of one or two units, shall include a statement that the construction will comply with all applicable energy conservation requirements.

300.4(2) Copies and fees. See 661—Chapters 16 and 322 for fees pertaining to factory-built structures.

a. Codes and standards adopted by reference in the state building code which are published by other organizations, including, but not limited to, the American National Standards Institute, the International Code Council, the International Association of Plumbing and Mechanical Officials, and the National Fire Protection Association, may be purchased from the publishing organization. A copy of each code or standard adopted by reference in the state building code has been deposited in the Iowa state law library.

- b. The fees for plan reviews completed by the building code bureau shall be calculated as follows:

Estimated Construction Costs	Calculation of Plan Review Fee
Up to and including \$1 million	\$.58 per thousand dollars or fraction thereof (minimum fee \$200)
More than \$1 million	\$580 for the first \$1 million plus \$.32 for each additional thousand dollars or fraction thereof
The plan review fees for fire suppression systems and fire alarm systems are separate fees and shall be calculated as follows:	
Fire Protection System Costs	Plan Review Fee
Fire suppression systems whose construction cost for materials and installation is calculated to be up to and including \$5,000	\$100
Fire suppression systems whose construction cost for materials and installation is calculated to be more than \$5,000 and up to and including \$20,000	\$200
Fire suppression systems whose construction cost for materials and installation is estimated to be more than \$20,000	\$400
Fire alarm systems whose construction cost for materials and installation is calculated to be up to and including \$5,000	\$100
Fire alarm systems whose construction cost for materials and installation is calculated to be more than \$5,000 and up to and including \$20,000	\$200
Fire alarm systems whose construction cost for materials and installation is estimated to be more than \$20,000	\$400

Payment of the assigned fee shall accompany each plan when submitted for review. Payment shall be made by money order, check or draft made payable to the Treasurer, State of Iowa.

NOTE: Plan review fees for assisted living projects are contained in Iowa Code section 231C.18(2) "c." Elder group home plan review fees are contained in Iowa Code section 231B.17. Adult day services plan review fees are contained in Iowa Code section 231D.4.

c. A person who has submitted a plan for review for which a fee has been assessed pursuant to paragraph "b" is eligible to receive a refund of the fee if the plan has not been approved or rejected within 60 calendar days of its receipt by the building code bureau. A person who believes that a refund is due shall notify the building code commissioner who shall provide a form to the person who submitted the plan for review to request a refund. If the request for refund is approved, the building code commissioner shall cause a check for the amount of the refund to be issued to the individual or organization that originally paid the fee. If the original submission of the plan is incomplete, the fee shall be refunded only if the plan has not been approved or rejected within 60 days of a full and complete submission of the plan. "Approved or rejected within 60 days" means that a letter approving or rejecting the plan has been presented or mailed to the submitter within 60 days of the date of receipt by the building code bureau, within the meaning of "time" as defined in Iowa Code section 4.1.

300.4(3) Preliminary meeting. The responsible design professional for a project shall schedule a preliminary meeting with the building code bureau to discuss code compliance issues early in the design development phase. The responsible design professional shall contact the bureau to schedule the preliminary meeting. There is no separate fee for a preliminary meeting. If the responsible design professional plans to request approval to bid the project as part of the preliminary meeting, the responsible design professional shall request a copy of the document "Preliminary Meeting Checklist" at the time the meeting is scheduled and shall be prepared to address all applicable issues identified on the checklist at the preliminary meeting. Approval to bid the project shall not be given unless all applicable issues identified on the checklist have been addressed to the satisfaction of the commissioner.

300.4(4) Requests for staged approvals.

a. Requests for approval to begin foundation work shall be submitted to the building code bureau in writing and may be transmitted by mail, E-mail or fax or in person. Foundation approval may be granted by the bureau in writing, following a preliminary meeting, if the construction plans and specifications are found to be in compliance with the requisite code provisions.

b. Requests for approval to continue construction beyond the foundation, up to and including the shell of the building, shall be submitted to the bureau in writing and may be transmitted by mail, E-mail or fax or in person. These requests will be evaluated on a case-by-case basis, and approval or denial of the requests will be transmitted to the submitter in a written form.

300.4(5) Fast-track projects. While fast-track projects are not encouraged, fast-track projects may be considered by the commissioner on a case-by-case basis. If a fast-track project is initially approved, a written plan of submittal, review and approval will be developed for each project. All projects approved for fast-track review must be submitted in an electronic format that is acceptable to the commissioner.

NOTE: Fast-track projects are not encouraged and will be approved only on the basis of good cause shown.

661—300.5(103A) Inspections.

300.5(1) Any building or facility for which construction is subject to a plan review by the commissioner, except construction involving any building or facility owned by the board of regents or by any institution subject to the authority of the board of regents, shall be subject to inspection by the commissioner or staff of the bureau or division at the direction of the commissioner or by a third party with whom the commissioner contracts to conduct inspections of buildings and facilities subject to the state building code.

EXCEPTION: Construction which is limited to building renovations or repairs shall not be subject to inspection by the commissioner.

300.5(2) Any construction involving any building or facility owned by the board of regents or by an institution subject to the authority of the board of regents shall be subject to inspection by the commissioner or staff of the bureau or division at the direction of the commissioner.

EXCEPTION: Construction which is limited to building renovations or repairs shall not be subject to inspection by the commissioner.

300.5(3) Buildings subject to inspection by the state building code commissioner, except construction involving any building or facility owned by the board of regents or by any institution subject to the authority of the board of regents, shall pay an inspection fee based upon the construction cost of the project. The inspection fee shall be calculated as follows:

Construction Cost	Base Inspection Fee
Up to \$100,000	\$598
\$100,001 to \$1,000,000	\$645
\$1,000,001 to \$10,000,000	\$722
\$10,000,001 and above	\$783
Follow-up inspection	\$214

The base inspection fee shall cover three inspections—a foundation, rough-in and final. The base inspection fee shall be due and payable at the time completed construction documents are submitted for review. The plan review will not be conducted until the proper base inspection fee is paid. Checks should be made payable to the Treasurer, State of Iowa, and delivered to the bureau office. This fee is separate and distinct from the plan review fee established in subrule 300.4(2).

Additional inspections may occur for any of the following reasons:

a. During one of the three base inspections, code violations are identified that require that a follow-up inspection be conducted to verify that the violations have been corrected.

b. Upon arrival, the inspector finds that the project is not ready for the type of inspection requested.

- c. By special request of the project designer, contractor or owner.
- d. Upon order of the building code commissioner (no additional charge).

The fee for each additional inspection shall be calculated individually as follows:

One hour on site = \$206

One to two hours on site = \$240

Two to three hours on site = \$273

Three to four hours on site = \$307

Four to five hours on site = \$341

Five to six hours on site = \$374

Additional inspection fees will be billed to the responsible architect or building contractor on a monthly basis. The building may receive only temporary approval for occupancy if unpaid inspection fees remain at the time of final inspection.

Inspection fees and standard operating procedures for construction involving any building or facility owned by the board of regents or by any institution subject to the authority of the board of regents shall be established through a written agreement between the commissioner and the board of regents.

300.5(4) Any person who performs a building code inspection on behalf of the building code commissioner shall have and maintain one of the following: (1) current certification as a commercial building inspector by the International Code Council, or (2) other equivalent certification approved by the building code commissioner. An employee of the department who performs an inspection on behalf of the building code commissioner shall, in addition, meet any requirements for the job class in which the employee is classified as established by the department of administrative services, pursuant to Iowa Code chapter 8A, subchapter IV, part 2.

EXCEPTION: An employee of the department who performs inspections on behalf of the building code commissioner may perform such inspections for no more than six months prior to obtaining the required certification.

CHAPTER 302
STATE BUILDING CODE—ACCESSIBILITY OF BUILDINGS AND
FACILITIES AVAILABLE TO THE PUBLIC

[Prior to 12/21/05, see rules 661—16.700(103A,104A) to 661—16.720(103A,104A)]

661—302.1(103A,104A) Purpose and scope. Rules 661—302.1(103A,104A) through 661—302.20(103A,104A) are intended to ensure that buildings and facilities used by the public, other than places of worship, are accessible to, and functional for, persons with disabilities. Rule 661—302.3(103A,104A) applies statewide to new construction of buildings and facilities available to the public and to renovation and rehabilitation projects on existing buildings and facilities when local or state building codes require compliance with standards for new construction. Rule 661—302.20(103A,104A) applies statewide to construction of multiunit residential buildings.

NOTE A: Although rule 661—302.2(103A,104A) is based upon the federal 2010 ADA Standards for Accessible Design and adopts the language of the 2010 ADA Standards for Accessible Design by reference, and rule 661—302.20(103A,104A) is based upon the requirements of the federal Fair Housing Act, state and local building officials charged with enforcement of these rules are unable to warrant the acceptance of any approval of design or construction by federal agencies or any other state. A state or local official's decision to approve a building plan under these rules does not prevent the federal government or another state from making a different decision under applicable law, notwithstanding any similarities among such laws.

NOTE B: Other federal and state laws address requirements for accessibility for persons with disabilities and may be applicable to buildings and facilities subject to rules 661—302.1(103A,104A) through 661—302.20(103A,104A). Nothing in these rules should be interpreted as limiting the applicability of other provisions of state or federal law. These provisions include, but are not limited to, the following:

1. Iowa Code chapter 216, the Iowa civil rights Act of 1965.
2. Iowa Code chapter 216C, which enumerates the rights of persons who are blind or partially blind and persons with physical disabilities.
3. Iowa Code chapter 321L and 661—Chapter 18, which relate to requirements for parking for persons with disabilities.
4. The federal Architectural Barriers Act of 1968 (Public Law 90-480).
5. The federal Rehabilitation Act of 1973 (Public Law 93-112).
6. The federal Fair Housing Act of 1968 (Public Law 90-284), the federal Fair Housing Amendments Act of 1988 (Public Law 100-430), and related regulations, including 24 CFR 100, Subpart D.

[ARC 9993B, IAB 2/8/12, effective 3/15/12]

661—302.2(103A,104A) Definitions. The following definitions are adopted for purposes of rules 661—302.1(103A,104A) through 661—302.20(103A,104A).

“ADA” means the federal Americans with Disabilities Act, Public Law 101-336.

“ADAAG” means Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities, 28 CFR Part 36, Appendix A, as revised through July 1, 1994.

“ADASAD 2010” means 2010 ADA Standards for Accessible Design, published by the U.S. Department of Justice, September 15, 2010. Included in the publication are accessibility standards for state and local government facilities and accessibility standards for public accommodations and commercial facilities.

NOTE: Copies of ADASAD 2010 and additional explanatory material may be downloaded from <http://www.ada.gov/regs2010/ADAregs2010.htm>.

“IBC 2015” means the International Building Code, 2015 edition, published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C. 20001.

[ARC 9993B, IAB 2/8/12, effective 3/15/12; ARC 2492C, IAB 4/13/16, effective 5/18/16]

661—302.3(103A,104A) Accessibility of buildings and facilities available to the public. Buildings and facilities which are available to the public, other than places of worship, shall comply with one of the following:

302.3(1) Applicable provisions of ADASAD 2010, or

302.3(2) IBC 2015, Chapter 11 and applicable accessibility provisions contained in IBC 2015.

NOTE: Approval of construction plans based upon compliance with the applicable provisions of the International Building Code, 2015 edition, as provided, does not relieve the designer, builder, building owner, or building operator from responsibility under federal law to comply with all applicable provisions of the 2010 ADA Standards for Accessible Design.

661—302.11(103A,104A) Transportation facilities. Rescinded IAB 2/8/12, effective 3/15/12.

661—302.12 to 302.19 Reserved.

661—302.20(103A,104A) Making apartments accessible and functional for persons with disabilities.

302.20(1) Multiple dwelling unit buildings. This rule shall apply to all multiple dwelling unit buildings that consist of four or more dwelling units, if such buildings have one or more elevators. In such buildings without an elevator, all ground floor units must be accessible. The requirements of this rule shall apply to the individual dwelling units and the common use spaces which are accessible to persons with disabilities in multiple dwelling unit buildings.

EXCEPTION 1: A multiple dwelling unit building shall be deemed to be in compliance with this rule if it is located in a local jurisdiction which has enacted accessibility rules which have been recognized by the U.S. Department of Housing and Urban Development as providing a safe harbor for compliance with the accessibility requirements established in the federal Fair Housing Act and if the building has been found to be in compliance with those requirements, unless the building is required to comply with the requirements of the Uniform Federal Accessibility Standards, or other applicable standards which may be more restrictive than the provisions of this rule.

EXCEPTION 2: Certain multiple dwelling unit buildings are required to comply with the Uniform Federal Accessibility Standards, published by the U.S. Access Board, 1988. Compliance with the provisions of this rule does not substitute for compliance with any applicable provision of the Uniform Federal Accessibility Standards, or any other applicable standards which may be more restrictive than the provisions of this rule.

NOTE: Compliance with the Uniform Federal Accessibility Standards is generally required for buildings and facilities constructed with federal financial assistance.

“*Dwelling unit*” means a single unit of residence for a household of one or more persons. Examples of a dwelling unit covered by these rules include a condominium, an apartment unit within an apartment building, and another type of dwelling in which sleeping accommodations are provided but toilet or cooking facilities are shared by occupants of more than one room or portion of the dwelling. Examples of the latter include dormitory rooms and sleeping accommodations in shelters intended for occupancy as a residence for homeless persons.

“*Ground floor*” means a floor of a building with a building entrance on an accessible route. A building may have one or more ground floors. Where the first floor containing dwelling units in a building is above grade, all units on that floor must be served by a building entrance on an accessible route. This floor will be considered to be a ground floor.

a. The individual dwelling units shall contain an accessible route into and through the unit.

(1) All doors intended for use as passage through the dwelling unit shall have a clear opening of at least 32” nominal width with the door open 90 degrees, measured between the face of the door and the stop. Openings more than 24” in depth are not considered doorways.

NOTE: A 34” door, hung in the standard manner, provides an acceptable 32” opening.

(2) Except at doorways, the minimum clear width of the accessible route shall be at least 36” wide.

(3) In single-story units, special features such as lofts or sunken or raised areas are not required to be on an accessible route provided the areas do not interrupt the accessible route through the remainder of the dwelling unit.

(4) In multistory dwelling units in buildings with elevators, the story of the unit that is served by the building elevator shall be the primary entry to the unit and such entry/accessible floor shall comply with the requirements of subparagraphs (1), (2) and (3) above. The entry/accessible floor shall contain a bathroom or powder room which complies with paragraph “c” below.

(5) Exterior deck, patio, or balcony surfaces shall be no more than ½” below the floor level of the interior of the dwelling unit, unless they are constructed of impervious material such as concrete, brick or flagstone. In such case, the surface shall be no more than 4” below the floor level of the interior or lower if required by local building code.

(6) Thresholds at exterior doors, including sliding tracks, shall be no higher than ¾”. Thresholds and changes in elevations as in subparagraph (5) above shall be beveled with a slope no greater than 1:2.

b. Kitchens shall meet or be adaptable to meet the following:

(1) A clear floor space at least 30” × 48” that allows a parallel approach by a person in a wheelchair must be provided at the range or cooktop and the sink. Either a parallel or forward approach must be provided at the oven, dishwasher, refrigerator/freezer or trash compactor.

(2) Clearance between counters and all opposing base cabinets, countertops, appliances or walls must be at least 40”. In U-shaped kitchens with a sink or cooktop at the base of the “U,” the base cabinets must be removable at that location or a 60” turning radius must be provided.

c. All bathrooms of covered multifamily dwelling units shall comply with provisions of subparagraph (1) of this paragraph or at least one bathroom in the dwelling unit shall comply with provisions of subparagraph (2) of this paragraph and all other bathrooms and powder rooms within the dwelling unit must be on an accessible route with usable entry doors in accordance with paragraph “a” above.

However, in multistory dwelling units, only those bathrooms on the accessible level are subject to these requirements. Where the powder room is the only facility provided on the accessible level of a multistory dwelling unit, the powder room must comply with the provisions of subparagraph (1) or (2) of this paragraph.

(1) Sufficient maneuvering space shall be provided within the bathroom for a person using a wheelchair or other mobility aid to enter and close the door, use the fixtures, reopen the door and exit. Doors may swing into the clear floor space provided at any fixture if the maneuvering space is provided. Maneuvering space may include any knee space or toe space available below the bathroom fixtures.

Clear floor space at fixtures may overlap.

If the shower stall is the only bathing facility provided in the covered dwelling unit, the shower stall shall measure at least 36” × 36”.

NOTE: Cabinets under lavatories are acceptable provided the bathroom has space to allow a parallel approach by a person in a wheelchair; if parallel approach is not possible within the space, any cabinets provided would have to be removable to afford the necessary knee clearance for forward approach.

(2) Where the door swings into the bathroom, there shall be a clear space (2'6" × 4'0") within the room to position a wheelchair or other mobility aid clear of the path of the door as it is closed and to permit the use of the fixtures. This clear space can include any knee space and toe space available below the bathroom fixtures.

Where the door swings out, a clear space shall be provided within the bathroom for a person using a wheelchair or other mobility aid to position the wheelchair such that the person is allowed use of the fixtures. There also shall be a clear space to allow persons using wheelchairs to reopen the door to exit.

When both tub and shower fixtures are provided in the bathroom, at least one fixture shall be made accessible. When two or more lavatories are provided in a bathroom, at least one shall be made accessible.

Toilets shall be located within bathrooms in a manner that permits a grab bar to be installed on one side of the fixture. In locations where toilets are adjacent to walls or bathtubs, the centerline of the fixture shall be a minimum of 1'6" from the obstacle. The other (nongrab bar) side of the toilet fixture shall be a minimum of 1'3" from the finished surface of the adjoining walls, vanities, or the edge of a lavatory.

Vanities and lavatories shall be installed with the center line of the fixture a minimum of 1'3" horizontally from an adjoining wall or fixture. The top of the fixture rim is a maximum height of 2'10" above the finished floor. If knee space is provided below the vanity, the bottom of the apron is at least 2'3" above the floor. If provided, full knee space (for front approach) is at least 1'5" deep.

Bathtubs and tub/showers located in the bathroom shall provide a clear access aisle adjacent to the lavatory that is at least 2'6" wide and extends for a length of 4'0" (measured from the head of the bathtub).

Stall showers in the bathroom may be of any size or configuration. A minimum clear floor space 2'6" wide × 4'0" deep should be available outside the stall. If the shower stall is the only bathing facility provided in the covered dwelling unit, or on the accessible level of a covered multistory unit, and measures a nominal 36" × 36", the shower stall must have reinforcing to allow for installation of an optional wall-hung bench seat.

d. Walls in bathrooms which are to be adaptable shall be reinforced to allow later installation of grab bars around toilet, tub, shower stall and shower seat where provided.

Where the toilet is not placed adjacent to a side wall, provision shall be made for floor-mounted foldaway or similar alternative grab bars. Where the powder room is the only toilet facility located on an accessible level of a multistory dwelling unit, it must comply with this requirement for reinforced walls for grab bars. "Powder room" means a room with a toilet and sink.

NOTE: A tub may have shelves or benches at either end; or a tub may be installed without surrounding walls, if there is provision for alternative mounting of grab bars. For example, a sunken tub placed away from walls could have reinforced areas for installation of floor-mounted grab bars. The same principle applies to shower stalls, e.g., glass-walled stalls could be planned to allow floor-mounted grab bars to be installed later.

Reinforcement for grab bars may be provided in a variety of ways (for example, by plywood or wood blocking) so long as the necessary reinforcement is placed so as to permit later installation of appropriate grab bars.

e. Public and common use areas shall be readily accessible to and usable by persons with disabilities.

f. Light switches, electrical outlets, thermostats and other environmental controls shall be located no higher than 48", and no lower than 15", above the floor. If the reach is over an obstruction (for example, an overhanging shelf) between 20" and 25" in depth, the maximum height is reduced to 44" for forward approach; or 46" for side approach, provided the obstruction (for example, a kitchen base cabinet) is no more than 24" in depth. Obstructions should not extend more than 25" from the wall beneath a control. (See ADAAG Figure 5.)

NOTE: Controls or outlets that do not satisfy these specifications are acceptable provided that comparable controls or outlets (i.e., that perform the same functions) are provided within the same area and are accessible.

302.20(2) Elevators. An elevator shall be required in any apartment building of four or more stories. An elevator required by this subrule shall meet the requirements established for accessible elevators in rule 661—302.5(103A,104A), which adopts by reference section 4.10 of the Americans with Disabilities Act Accessibility Guidelines (28 CFR Part 36, Appendix A).

NOTE: Elevators are not required in apartment buildings of three or fewer stories; however, the Uniform Federal Accessibility Standards, or any other applicable standard, may require the installation of an elevator. If an elevator is not required to be installed by this rule, then the elevator is not subject to the requirements of rule 661—302.5(103A,104A).

302.20(3) Any covered units within a multiple unit dwelling which comply with a code or standard which has been certified as a safe harbor for compliance with the accessibility requirements of the federal Fair Housing Act by the U.S. Department of Housing and Urban Development shall be deemed to be in compliance with rule 661—302.20(103A,104A), unless the covered units are required to comply with the Uniform Federal Accessibility Standards or any other applicable requirements which may be more restrictive than the provisions of this rule.

Rule 661—302.20(103A,104A) is intended to implement Iowa Code sections 103A.7(5) and 104A.2.

CHAPTER 303
STATE BUILDING CODE—REQUIREMENTS FOR
ENERGY CONSERVATION IN CONSTRUCTION
[Prior to 12/21/05, see rules 661—16.800(103A) to 661—16.802(103A)]

661—303.1(103A) Scope and applicability of energy conservation requirements.

303.1(1) Scope. Rules 661—303.1(103A) through 661—303.3(103A) establish thermal energy efficiency standards for the design of new buildings and structures or portions thereof, additions to existing buildings, and renovation and remodeling of existing buildings, except for residential buildings of one or two dwelling units, which are intended for human occupancy and which are heated or cooled by regulating their exterior envelopes and selection of their heating, ventilation, and air-conditioning systems, service water heating systems and equipment for the efficient use of energy, and lighting efficiency standards for buildings intended for human occupancy which are lighted.

303.1(2) Applicability. Rules 661—303.1(103A) through 661—303.3(103A) apply to design and construction of buildings which are intended for human occupancy throughout the state of Iowa. Any construction of buildings or facilities which are intended for human occupancy and which are heated or cooled is covered, with the exception of renovation and remodeling of residential buildings of one or two dwelling units, which are not covered. Rule 661—303.2(103A) establishes standards for design and construction of residential buildings of three or fewer stories. Rule 661—303.3(103A) establishes standards for design and construction of commercial buildings and residential buildings of four or more stories. The occupancy of any building covered by this chapter shall be determined based upon the occupancy definitions in chapter 3 of the International Building Code, 2012 edition.

303.1(3) Review by architect or engineer.

a. Review required. The plans and specifications for all buildings to be constructed which exceed a total volume of 100,000 cubic feet of enclosed space that is heated or cooled shall be reviewed by a registered architect or licensed professional engineer for compliance with applicable energy efficiency standards.

b. Statement of review. A statement that a review has been accomplished and that the design is in compliance with the energy efficiency standards shall be signed and sealed by the responsible registered architect or licensed professional engineer. This statement shall be filed with the commissioner or a local building official on a form approved by the commissioner prior to construction or before obtaining any local permits. The statement shall be filed with the commissioner for any project which is subject to plan review by the building code bureau.

c. Additional buildings. If the plans and specifications relating to energy efficiency for a specific structure have been approved, additional buildings may be constructed from those same plans and specifications without need of further approval if construction begins within five years of the date of approval. Alterations of a structure which has been previously approved shall not require a review because of these changes, provided the basic structure remains unchanged and no additional energy is required for heating, cooling or lighting.

d. Changes to approved plans. Prior to the completion of construction, no changes shall be made to any approved plan or specifications which increase the amount of energy used for heating, cooling, or lighting, unless the changes are approved by the responsible registered architect or licensed professional engineer in writing and notice has been filed with the commissioner or a local building official. The commissioner or a local building official shall be notified of any change which is anticipated to decrease the amount of energy used. Notification pursuant to this paragraph shall be to the commissioner for any project which is subject to plan review by the building code bureau.

^a R-values are minimums. U-factors and SHGC are maximums. When insulation is installed in a cavity which is less than the label or design thickness of the insulation, the installed R-value of the insulation shall not be less than the R-value specified in the table.

^b The fenestration U-factor column excludes skylights. The SHGC column applies to all glazed fenestration. EXCEPTION: Skylights may be excluded from glazed fenestration SHGC requirements in Climate Zones 1 through 3 where the SHGC for such skylights does not exceed .30.

^c “15/19” means R-15 continuous insulation on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. “15/19” shall be permitted to be met with R-13 cavity insulation on the interior of the basement wall plus R-5 continuous insulation on the interior or exterior of the home. “10/13” means R-10 continuous insulation on the interior or exterior of the home or R-13 cavity insulation at the interior of the basement wall.

^d R-5 shall be added to the required slab edge R-values for heated slabs. Insulation depth shall be the depth of the footing or 2 feet, whichever is less in Climate Zones 1 through 3 for heated slabs.

^e There are no SHGC requirements in the Marine Zone.

^f Basement wall insulation is not required in warm-humid locations as defined by Figure R301.1 and Table R301.1.

^g Or insulation sufficient to fill the framing cavity, R-19 minimum.

^h First value is cavity insulation; second value is continuous insulation or insulated siding. Therefore, “13+5” means R-13 cavity insulation plus R-5 continuous insulation or insulated siding. If structural sheathing covers 40 percent or less of the exterior, continuous insulation R-value shall be permitted to be reduced by no more than R-3 in the locations where structural sheathing is used – to maintain a consistent total sheathing thickness.

ⁱ The second R-value applies when more than half the insulation is on the interior of the mass wall.

R402.4.1.2 Testing. The building or dwelling unit shall be tested and verified as having an air leakage rate not exceeding 5 air changes per hour in Climate Zones 1 and 2, and 4 air changes per hour in Climate Zones 3 through 8. Testing shall be conducted with a blower door at a pressure of 0.2 inches w.g. (50 pascals). Where required by the code official, testing shall be conducted by an approved third party. A written report of the results of the test shall be signed by the party conducting the test and provided to the code official. Testing shall be performed at any time after creation of all penetrations of the building thermal envelope.

During testing:

1. Exterior windows and doors, fireplace and stove doors shall be closed, but not sealed beyond the intended weatherstripping or other infiltration control measures;
2. Dampers including exhaust, intake, makeup air, backdraft and flue dampers shall be closed, but not sealed beyond intended infiltration control measures;
3. Interior doors, if installed at the time of the test, shall be open;
4. Exterior doors for continuous ventilation systems and heat recovery ventilators shall be closed and sealed;
5. Heating and cooling systems, if installed at the time of the test, shall be turned off; and
6. Supply and return registers, if installed at the time of the test, shall be fully open.

Delete section R403.2.2 and insert in lieu thereof the following new section:

R403.2.2 Sealing (mandatory). Ducts, air handlers, and filter boxes shall be sealed. Joints and seams shall comply with either the International Mechanical Code or International Residential Code, as applicable.

EXCEPTIONS:

1. Air-impermeable spray foam products shall be permitted to be applied without additional joint seals.
2. Where a duct connection is made that is partially inaccessible, three screws or rivets shall be equally spaced on the exposed portion of the joint so as to prevent a hinge effect.
3. Continuously welded and locking-type longitudinal joints and seams in ducts operating at static pressures less than 2 inches of water column (500 Pa) pressure classification shall not require additional closure systems.

Duct tightness shall be verified by either of the following:

1. Postconstruction test: Leakage to outdoors shall be less than or equal to 4 cfm (113.3 L/min) per 100 square feet (9.29 m²) of conditioned floor area or total leakage shall be less than or equal to 6 cfm (170 L/min) per 100 square feet (9.29 m²) of conditioned floor area when tested at a pressure differential of 0.1 inches w.g. (25 Pa) across the entire system, including the manufacturer's air handler enclosure. All register boots shall be taped or otherwise sealed during the test.

2. Rough-in test: Total leakage shall be less than or equal to 6 cfm (170 L/min) per 100 square feet (9.29 m²) of conditioned floor area when tested at a pressure differential of 0.1 inches w.g. (25 Pa) across the system, including the manufacturer's air handler enclosure. All registers shall be taped or otherwise sealed during the test. If the air handler is not installed at the time of the test, total leakage shall be less than or equal to 3 cfm (85 L/min) per 100 square feet (9.29 m²) of conditioned floor area.

Testing shall be conducted by an approved third party. A written report of the results shall be signed by the party conducting the test and provided to the code official.

EXCEPTION: The duct leakage test is not required for ducts and air handlers located entirely within the building thermal envelope unless cavities are used for returns.

Delete section R403.2.3 and insert in lieu thereof the following new section:

R403.2.3 Building cavities (mandatory). Building framing cavities shall not be used as supply ducts. Building framing cavities may be used as return ducts if both of the following conditions exist:

1. Ducts must be tested for duct leakage in accordance with section R403.2.2.

2. Exterior wall cavities shall not be used for return ducts.

661—303.4(470) Life cycle cost analysis.

303.4(1) Submission required. Any public agency as defined by Iowa Code section 470.1 shall prepare a life cycle cost analysis for any new construction having 20,000 square feet of usable floor space which is heated or cooled by a mechanical or electrical system or for any renovation where additions or alterations exceed 50 percent of the value of the facility and affect an energy system. The life cycle cost analysis shall be prepared in compliance with Iowa Code chapter 470 and shall be submitted to the state building code commissioner before construction commences.

303.4(2) Notification by state agency. Any public agency which is a state agency as defined in Iowa Code section 7D.34 shall, within 60 days of final selection of a design architect or engineer, notify the commissioner and the office of energy independence of the methodology to be used to perform the life cycle cost analysis. Notice shall be given on the forms provided by the office of energy independence for this purpose. A life cycle cost analysis prepared by a state agency shall be submitted in sufficient time ahead of the release of plans for bids to allow for revisions or additions which may be made to the plans. Public funds shall not be used for the construction or renovation of a facility unless the design for the work is prepared in accordance with Iowa Code chapter 470 and the actual construction or renovation is consistent with the design.

303.4(3) Exemptions from implementation. Any public agency responsible for construction or renovation of a public facility shall implement the recommendation of the life cycle cost analysis except as provided in this subrule.

a. A public agency responsible for construction or renovation of a public facility may apply to the commissioner for exemption from any recommendation of the life cycle cost analysis.

b. The public agency shall implement all recommendations of the life cycle cost analysis except those which have been approved for exemption by the commissioner and the director of the office of energy independence.

EXCEPTION: The public agency is not required to implement any recommendation which would result in a violation of any other provision of law. If the public agency determines that compliance with any recommendation of the life cycle cost analysis would result in a violation of law, the public agency shall so notify the commissioner.

c. The commissioner and the director of the office of energy independence shall evaluate each request for an exemption on a case-by-case basis.

d. The commissioner and the director of the office of energy independence shall consider the following factors in determining whether or not to grant an exemption:

- (1) The purpose of the facility or renovation;
- (2) Preservation of historic architectural features;
- (3) Site considerations;
- (4) Health and safety concerns;
- (5) Compliance with any other provisions of law; and
- (6) The technical feasibility of implementing the recommendation. “Technically feasible” means

that a recommendation may be implemented without altering major structural features of an existing facility.

CHAPTER 310
SUSTAINABLE DESIGN STANDARDS

661—310.1(103A) Scope and purpose.

310.1(1) Scope. The standards established in this chapter apply to building construction projects in Iowa and are based upon state or federal statutory requirements; administrative rules adopted by state agencies that own, manage, regulate, or finance building construction projects; or federal regulations.

310.1(2) Purpose. The purpose of the standards and requirements included in this chapter is to promote sustainable design in building construction, which is defined as construction that meets current needs while not compromising the needs of future generations. Sustainable design standards are intended to minimize the adverse environmental impacts of construction and the built environment.

[ARC 7773B, IAB 5/20/09, effective 7/1/09]

661—310.2(103A) Definitions. The following definitions apply to rules 661—310.1(103A) through 661—310.6(103A):

“*Commercial*” means a building construction project that is not residential.

“*Commissioner*” means the building code commissioner.

“*Residential*” means a building construction project that involves a building or buildings, each of which is a detached one- or two-family dwelling or which consists of townhouses not more than three stories above grade in height with a separate means of egress to the exterior of the building for each dwelling unit and consisting entirely of dwelling units and their accessory structures.

[ARC 7773B, IAB 5/20/09, effective 7/1/09]

661—310.3(103A) Submission of projects.

310.3(1) Approval of building code commissioner required. Approval of a construction project as sustainably designed pursuant to these rules may be granted only by the building code commissioner. All requests for approval of a project as sustainably designed must be submitted to the Building Code Bureau, Fire Marshal Division, Iowa Department of Public Safety, 215 East 7th Street, Des Moines, Iowa 50319.

310.3(2) Building code approval required. No building construction project shall be approved as a sustainably designed project pursuant to these rules unless construction plans for the project have been approved by the building code commissioner as meeting the state building code or by a local building department as meeting the applicable local building code.

310.3(3) Projects subject to state building code. If approval as a sustainably designed project is requested for a project that is otherwise subject to the state building code, the submission materials required by 661—Chapter 300 shall include a statement that approval for the project as sustainably designed is being requested.

310.3(4) Projects subject to local building codes. If approval from the building code commissioner is sought for a project that is subject to a local building code and code enforcement, construction plans shall be submitted to the building code bureau as provided in 661—Chapter 300, with a cover letter stating that approval of the project as a sustainably designed project is being requested and that the project has been submitted for review to the local building department. Evidence of approval of the construction plans by the local building department shall be submitted to the building code bureau prior to issuance of the commissioner's approval of the project as a sustainably designed project.

310.3(5) Projects not otherwise subject to state or local building codes. If approval as a sustainably designed project is sought for a building construction project that is otherwise not subject to the state building code or a local building code, construction plans for the project shall be submitted to the building code bureau and the project shall be subject to the state building code and to procedures and fees for review of construction plans and inspections as provided in 661—Chapter 300. The cover letter transmitted with the plans shall state that approval as a sustainably designed project is being requested and that the project is not subject to a local building code enforced by a local jurisdiction.

310.3(6) *Application form.* A completed application form prescribed by the commissioner shall be included with the submission of the construction plans for review of any project for which approval as a sustainably designed project is requested.

[ARC 7773B, IAB 5/20/09, effective 7/1/09]

661—310.4(103A) Sustainable design criteria for residential projects. A residential building construction project shall be approved as sustainably designed if it meets any of the following requirements:

310.4(1) Satisfaction of all of the mandatory criteria of the Iowa green streets criteria described in the publication Iowa Green Streets Criteria, published by the Iowa department of economic development, community development division; or

310.4(2) Compliance with ICC 700-2008, National Green Building Standard, published by the International Code Council, 500 New Jersey Avenue, NW, 6th Floor, Washington, D.C. 20001, at the bronze level; or

[ARC 7773B, IAB 5/20/09, effective 7/1/09]

661—310.5(103A) Sustainable design criteria for commercial projects. A commercial building construction project shall be approved as sustainably designed if it meets the following applicable requirements:

310.5(1) If approval as a sustainably designed project is being sought in order to qualify for a tax credit or tax refund, the project shall be approved as sustainably designed if the building receives certification from the United States Green Building Council at the gold level or better in the Leadership in Energy and Environmental Design (LEED) Green Building Rating System, version 3.0; and if the building complies with the requirements of ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329.

EXCEPTION: If a good-faith effort has been made to obtain certification at the gold level or above in the LEED Green Building Rating System, version 3.0, and certification at the gold level has not been obtained, but certification at the silver level has been obtained, application may nonetheless be made to the building code commissioner for approval as a sustainably designed project. The commissioner may approve the project as sustainably designed provided that the building is fully in compliance with ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329, and demonstration is made to the satisfaction of the building code commissioner that a good-faith effort to achieve certification at the gold level was made and that the project demonstrates an emphasis on energy conservation.

310.5(2) If approval as a sustainably designed project is being sought other than for the purpose of obtaining a tax credit or tax refund, the project shall be approved as sustainably designed if the building receives certification from the United States Green Building Council at the silver level or better in the LEED Green Building Rating System, version 3.0; and if the building complies with the requirements of ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329.

EXCEPTION: If a good-faith effort has been made to obtain certification at the silver level or above in the LEED Green Building Rating System, version 3.0, and certification at the silver level or above has not been obtained, but certification has been obtained, application may nonetheless be made to the building code commissioner for approval as a sustainably designed project. The commissioner may approve the project as sustainably designed provided that the building is fully in compliance with ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329, and demonstration is made to the satisfaction of the building code commissioner that

a good-faith effort to achieve certification at the silver level was made and that the project demonstrates an emphasis on energy conservation.

310.5(3) If the project includes only the following commercial structures, the project shall be approved as sustainably designed if it satisfies all of the mandatory criteria of the Iowa green streets criteria:

- a. Day care centers.
- b. Vocational rehabilitation centers.
- c. Community centers.
- d. Senior centers.

EXCEPTION: Application may be made to the building code commissioner to accept satisfaction of all of the mandatory criteria of the Iowa green streets criteria, published by the Iowa department of economic development, community development division, as the basis for approval of other commercial projects as sustainably designed. Such submission should be limited to smaller commercial projects, and approval as a sustainably designed project is at the discretion of the building code commissioner, who shall award such approval only if the building code commissioner is convinced that the Iowa green streets criteria are applicable to the project. Written approval for use of the Iowa green streets criteria pursuant to this exception shall be sought and obtained prior to submission of an application for approval as a sustainably designed project.

310.5(4) If a project involves the construction of a building or a portion of a building intended to host a data center or operations of a web portal business, it shall be approved as sustainably designed if the project receives certification from the United States Green Building Council in the Leadership in Energy and Environmental Design (LEED) Green Building Rating System, version 3.0, and complies with the requirements of ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329.

EXCEPTION: If a good-faith effort has been made to obtain certification in the LEED Green Building Rating System, version 3.0, and certification has not been obtained, application may nonetheless be made to the building code commissioner for approval as a sustainably designed project. The commissioner may approve the project as sustainably designed provided that:

1. The project is in full compliance with ASHRAE 90.1-2007, Energy Standard for Buildings Except Low-Rise Residential Buildings, published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle, NE, Atlanta, GA 30329, and
2. Demonstration is made to the satisfaction of the building code commissioner that a good-faith effort to achieve certification was made and that the project demonstrates an emphasis on energy conservation.

310.5(5) The building satisfies any alternative set of criteria submitted in advance to the commissioner and approved by the commissioner as equivalent to the requirements set forth in subrule 310.5(1) or 310.5(2), as applicable.

661—310.6(103A) Fees.

310.6(1) *Projects subject to the state building code.* For any project for which approval as a sustainably designed project is requested from the commissioner and which is otherwise subject to the state building code, the additional fee for review for compliance with sustainable design standards shall be \$100, which shall be paid prior to review of the application.

310.6(2) *Projects subject to local building codes and code enforcement.* For any project approved by a local building department as compliant with the local building code and for which approval as a sustainably designed project is requested, a fee of \$250 shall apply and shall be paid prior to the commissioner's review of the application for approval as a sustainably designed project.

310.6(3) *Projects not otherwise subject to a building code.* For any project for which approval as a sustainably designed project is requested and which is not otherwise subject to a building code, the plan review fee shall be the same as the plan review fee for the project established in 661—subrule 300.4(2).

An additional fee of \$100 for review for compliance with the requirements set forth in this chapter shall apply and shall be paid prior to review of the plan.

MANUFACTURED HOUSING SUPPORT AND ANCHORAGE SYSTEMS

[Prior to 7/2/08, see rules 661—16.625(103A) and 661—16.626(103A)]

661—322.1 Reserved.

661—322.2(103A) Definitions. The definitions in 661—subrule 16.620(4) apply to the rules in this chapter.

661—322.3 to 322.10 Reserved.

661—322.11(103A) Support and anchorage of manufactured homes.

322.11(1) First time installation. Manufactured homes shall be installed according to one of the following requirements, as applicable:

a. Homes manufactured prior to October 20, 2008, which are being installed for the first time shall be installed with support and anchorage as recommended by the manufacturer and as required by federal manufactured home construction and safety standards, 24 CFR Section 3280.306(b), as published April 1, 2004; or

c. With a support and anchorage system which is designed by an Iowa-licensed professional engineer and which meets or exceeds the requirements of 24 CFR Part 3285 as published April 1, 2008; or

d. Homes installed in areas subject to a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6 may be installed in compliance with subrule 322.11(5).

322.11(2) Reinstallation of homes.

a. The provisions of this subrule apply only to homes that have been previously installed in the United States and are being reinstalled at either the same location or a different location.

b. The following definitions apply to this subrule.

“*Ground anchor*” means a specific anchoring assembly device designed to transfer home anchoring loads to the ground.

“*Pier*” means that portion of the support system between the footing and the manufactured home, exclusive of shims. Types of piers include, but are not limited to: manufactured steel stands; pressure-treated wood; manufactured concrete stands; concrete blocks; and portions of foundation walls.

“*Pier footing*” means that portion of a support system which supports the piers or blocking, is sized to adequately support the weight of the home at that load point, and is capable of transferring all design loads to the ground.

“*Support system*” means pilings, columns, footings, piers, foundation walls, shims, and any combination thereof that, when properly installed, support the manufactured home.

c. Homes reinstalled pursuant to subrule 322.11(2) must meet the following requirements. Requirements in this paragraph regarding the reinstallation of homes are mandatory minimum requirements.

(1) Aboveground support systems must meet the manufacturer’s specifications or must meet the requirements of subrule 322.11(3).

(2) Ground anchors must meet the manufacturer’s specifications or subrule 322.11(4). Engineered ground anchoring systems that do not extend to the frost line may be used only if they are approved by the commissioner.

NOTE 1: Pier footings may be, but are not required to be, placed below the frost line.

NOTE 2: If the home is still under a manufacturer's warranty, the manufacturer's installation instructions should be followed or the warranty may be void

d. Pursuant to 661—subrule 16.623(2), prior to the reinstallation of a manufactured home, the installer reinstalling the home or the installer hired to inspect the home that is being reinstalled by the owner shall complete the portion of the installation certificate relating to the installation of frost-protected footings. This portion of the certificate must state that the home is not being installed with frost-protected footings and must be signed and witnessed by the installer and the owner. Upon completion of the reinstallation, the installer shall complete and submit the certificate to the commissioner as prescribed by 661—subrule 16.623(2).

NOTE: Iowa Code sections 335.30 and 414.28 have requirements that may affect the reinstallation of homes.

322.11(3) *Requirements for support system installations.*

a. Piers placed on foundations shall be installed and centered directly under the main frame longitudinal beams. The piers should not be farther apart than 10 feet on centers for manufactured homes 12 feet wide or less and not more than 8 feet on centers for manufactured homes over 12 feet wide to less than 16 feet wide and no more than 6 feet on centers for manufactured homes 16 feet wide or more. The main frame, front or back, should not extend farther than 2 feet beyond the centerline of the end piers.

NOTE: When making excavations for footings and piers on private property, installers shall take precautions to ensure that no telephone, electrical, plumbing or water lines are contacted. Utility line locations shall be verified with the property owner or property owner's representative.

b. Pier foundations shall be placed on level, undisturbed soil or on controlled fill that is free of grass and organic materials. (A small amount of sand may be of use to provide a level surface.) All pier foundations shall be set level, and piers must be installed plumb. The pier foundation shall be at least a 16" × 16" × 4" solid concrete pad, precast or poured in place, or other approved material. Two nominal 4" × 8" × 16" solid concrete blocks may be used provided that the joint between the blocks is parallel to the main frame longitudinal beam. Concrete used in foundations shall have a 28-day compressive strength of not less than 3,000 pounds per square inch (3,000 psi).

c. Unless otherwise directed by the owner of the site, the soil-bearing capacity of the site may be assumed to be 2,000 pounds per square foot. The acceptable construction under this subrule is based upon a soil-bearing capacity of 2,000 pounds per square foot. Sites with less soil-bearing capacity will require increased-size footings.

EXPLANATION: The permissible footing sizes and pier spacing are based upon a combined live and dead load of 65 pounds per square foot of unit. This assumes that the full snow and internal live load will not be present at the same time.

d. Piers may be constructed of concrete or undamaged nominal 8" × 8" × 16" concrete blocks, open-celled or solid, placed on the pier foundation. All open-celled concrete block shall be installed with the cells of the block in a vertical position. Nominal 2" × 8" × 16" or nominal 4" × 8" × 16" solid concrete blocks may be utilized as needed to achieve the necessary heights of the piers for a particular installation. A nominal 2" × 8" × 16" wood plate, or equivalent, shall be placed on top of each pier, unless there is at least 4 inches of solid block, with shims fitted and driven between the wood plate or solid block and the main frame longitudinal beam. The wood blocking shall not occupy more than a nominal 2 inches of vertical space, and shims shall not occupy more than 1 inch of vertical space. Shims which have a thickness of more than 3/8" shall be hardwood.

(1) Piers up to 40 inches in height, except corner piers over three blocks high (a nominal 24"), may be of single-block construction and shall be installed transverse (right angle) to the main frame longitudinal beam.

(2) Piers over 40 inches in height but not exceeding 80 inches in height and corner piers over three blocks high shall be of double-block construction with every other course either parallel or transverse (right angle) to the main frame longitudinal beam. These piers shall be capped with a nominal 16" × 16" × 4" solid concrete block or equivalent. Wood blocking and hardwood shims shall be installed accordingly.

(3) Piers over 80 inches in height shall be of reinforced concrete or of double-block construction and installed exactly according to the procedure given in subparagraph (2) above. Only celled concrete blocks shall be used (with open cells vertical) with $\frac{3}{8}$ " diameter or larger steel reinforcing rods placed in the pier corners and all cells filled with 3,000 psi concrete. Wood blocking and shims shall be installed accordingly.

322.11(4) Requirements for anchorage systems. When instructions are not provided by the manufacturer, ties shall be attached vertically and diagonally to a system of ground anchors in a manner as illustrated in Figures 4 and 5. The minimum number of ties required are listed in Table 6–A. There shall be a diagonal tie between the ground anchors and the unit at each vertical tie. Additional diagonal ties may be required between vertical ties. The ties shall be as evenly spaced as practicable along the length of the unit with not over 8 feet open on each end.

a. Ties may be either steel cable, steel strapping, or other materials that meet the requirements of 322.11(4) "f." Ties are to be fastened to ground anchors and drawn tight with galvanized turnbuckles or yoke-type fasteners and tensioning devices. Turnbuckles shall be ended with jaws of forged or welded eyes (hook ends are not approved).

b. When continuous straps (over-the-top tie-downs) are provided as vertical ties, they should be positioned at rafters and studs to prevent structural damage. Where a vertical tie and diagonal tie are located at the same place, both ties may be connected to a single double-head ground anchor provided that the anchor used is capable of carrying the combined loads and is included on a list of approved products maintained by the commissioner.

c. Cable used for ties shall be either galvanized steel or stainless steel and shall have a breaking strength of at least 4,725 pounds. Cable should be either $\frac{7}{32}$ " diameter or greater (7×7) steel cable or $\frac{1}{4}$ " diameter or greater (7×19) aircraft cable. All cable ends should be secured with at least two I-bolt-type cable clamps or other nationally approved fastening devices.

d. When flat steel straps are used as ties, they shall be type 1, class B, grade 1, $1\frac{1}{4}$ " wide and 0.035" thick, conforming with federal standard QQ-S-781-F, with a breaking strength of at least 4,725 pounds. Zinc coating (weather protection) shall be a minimum of 0.30 ounces per square foot of surface. Steel strap ties shall terminate with D-rings, bolts, or other nationally approved fastening devices that will not cause distortion or reduce the breaking strength of the ties.

e. The direction of pull of the diagonal ties should be at a right angle to the main frame longitudinal beam. Connection of the diagonal tie to the main frame longitudinal beam should be in accordance with anchor system instructions for those fastening devices. When steel strap ties are used, care should be exercised that the minimum bending radius is adhered to so the breaking strength is not reduced.

f. Anchors and anchorage materials shall meet the following requirements:

(1) The anchorage materials shall be capable of resisting an allowable minimum working load of 3,150 pounds (pullout in a vertical direction) with no more than 2 percent elongation and shall withstand a 50 percent overload. All anchorage materials shall be resistant to weathering deterioration at least equivalent to that provided by a coating of zinc on steel strapping of not less than 0.30 ounces per square foot surface coated. Anchors to reinforced concrete slab or to rock shall be of comparable strength as provided within this paragraph.

(2) Each ground anchor, when installed, shall be capable of resisting an allowable working load at least equal to 3,150 pounds in the direction of the ties plus a 50 percent overload (4,750 pounds total) without failure. Failure shall be considered to have occurred when the point of connection between the tie and anchor moves more than 2 inches at 4,750 pounds in the direction of the vertical tie when anchoring equipment is installed in accordance with the anchorage manufacturer's instructions. Those ground anchors which are designed to be installed so that the loads on the anchor are other than direct withdrawal shall be designed and installed to resist an applied design load of 3,150 pounds at 45° from horizontal without displacing the anchor more than 4 inches horizontally at the point where the tie attaches to the anchor.

(3) Anchors designed for connection of multiple ties shall be capable of resisting the combined working load and overload consistent with the intent expressed in this paragraph.

(4) Ground anchors shall be installed so that the load-carrying portion of the anchor in its final working position is below the frost depth (42 inches), and the anchor head shall be at ground level. Total anchor length shall be more than 42 inches as necessary.

NOTE: When installing ground anchors on private property, installers shall take precautions to ensure that no telephone, electrical, plumbing or water lines are contacted. Utility line locations shall be verified with the property owner or property owner's representative.

322.11(5) Installations in disaster emergency areas. In an area subject to a disaster emergency proclamation issued by the governor pursuant to Iowa Code section 29C.6, a manufactured home may be installed without a permanent support system provided that all of the following apply:

a. The installation complies with anchorage requirements and aboveground support requirements specified by the manufacturer or specified in subrule 322.11(4) as applicable;

b. A government agency or a third-party contractor is contractually obligated to regularly inspect the home while it is occupied and to loosen the ties or straps used in the anchoring system as needed between November 15 of each year and April 15 of the following year, in order to prevent frost heave from affecting the home, and to retighten the ties or straps on or after April 15 and prior to May 15 of the following year; and

c. The home shall be vacated within 18 months after installation without a support system which is fully compliant with subrules 322.11(1), 322.11(2), 322.11(3) and 322.11(4). A home installed in compliance with this subrule may continue to be occupied if it has been reinstalled in compliance with the provisions of this rule that would apply in the absence of a proclaimed disaster emergency.

661—322.12(103A) Suspension of installation requirements in proclaimed disaster emergencies. The commissioner may suspend any requirement established in this chapter or 661—Chapter 16 for the installation of manufactured homes, provided that all of the following apply:

1. The installation is within an area that is currently subject to a disaster emergency proclamation issued by the governor.

2. The commissioner finds that suspension of the requirement or requirements presents no imminent threat to the health or safety of any individual and specifically of any person who may occupy a manufactured home installed while the suspension is in effect.

3. Any manufactured home whose installation is subject to a suspension of any requirement shall be occupied only for the duration of the disaster emergency proclamation and for no more than 180 days after the expiration of the proclamation, or for a shorter time specified by the commissioner, unless the home has been installed or reinstalled in compliance with all requirements of this chapter and 661—Chapter 16 prior to the expiration of the period specified for suspension of the requirements.

[Editorial change: IAC Supplement 6/17/09]

661—372.2(103A) Criteria for obtaining a manufactured or mobile home retailer’s license.

372.2(1) Licensing information. Information concerning license requirements may be obtained from the Building Code Bureau, Fire Marshal Division, Iowa Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

372.2(2) Application. A manufactured or mobile home retailer shall file a completed application form at least 30 days prior to the expiration of a current license or, if the application is for an initial license, 30 days prior to the date on which the retailer anticipates doing business. A retailer may not operate without a current license.

372.2(3) Expiration. Each license expires on January 1 of the calendar year following the year in which the license is issued, except that a license issued in December of any year shall cover the following calendar year.

372.2(4) Fees. The license fee established by statute is \$100 annually or for any portion of a year, except that a license issued in December of any year is valid for the following calendar year and any retailer with a license valid for a particular calendar year may continue to operate under that license until the end of January of the following calendar year.

372.2(5) Surety bond. The applicant shall obtain a surety bond in the amount of \$50,000. The original bond shall be filed with the department. The bond shall provide for a 30-day notice to the bureau, prior to cancellation. The bureau shall notify the bonding company of any violations of Iowa Code chapter 103A or these rules by the license holder. The bureau shall notify the retailer by mail or personal service that the retailer’s license shall be revoked the same date the bond is canceled unless the bond is reinstated or a new bond is filed.

372.2(6) Place of business. The applicant shall maintain a place of business at a designated location. A manufactured or mobile home may be used as an office if the home’s taxes are current. The place of business shall include telephone service and an office area in which are kept the business records, manufacturer’s certificates of origin, certificates of title or other evidence of ownership of each manufactured or mobile home offered for sale.

372.2(7) *Separate place of business.* A separate retailer's license shall be obtained for each county in which the applicant maintains a place of business.
[Editorial change: IAC Supplement 6/17/09]

661—372.3(103A) Operation under distinct name. A manufactured or mobile home retailer shall not represent or advertise the business under any name other than the name that appears on the retailer's license.

661—372.4(103A) Supplemental statements. A manufactured or mobile home retailer shall file with the commissioner a written statement upon change of name or change of location of the retailer's place of business. The written statement shall be filed within ten days of the change with a fee of \$100 in payment for a new license reflecting the change.

661—372.5(103A) Denial, suspension, or revocation—civil penalties.

372.5(1) The commissioner may deny the issuance or renewal of a license if the applicant has committed any violation of any provision of law applicable to the operation of a business required to be licensed pursuant to this chapter.

372.5(2) The commissioner may suspend or revoke a license for any violation of this chapter or of any other provision of law applicable to the operation of a business required to be licensed pursuant to this chapter.

372.5(3) The commissioner may impose a civil penalty for any violation of this chapter or of Iowa Code chapter 103A relating to the manufacture of a manufactured or mobile home. A civil penalty may be imposed in addition to a denial of the issuance or renewal of a license, a suspension of a license, or a revocation of a license. A civil penalty shall not be imposed in lieu of a denial of the issuance or renewal of a license or of a revocation of a license. A civil penalty shall not exceed \$1,000 for each offense. Each violation involving a separate manufactured or mobile home, or a separate failure or refusal to allow an act to be performed or to perform an act as required by this chapter or Iowa Code chapter 103A, constitutes a separate offense. However, the maximum amount of civil penalties which may be assessed for any series of violations occurring within one year from the date of the first violation shall not exceed \$1 million.

372.5(4) Suspension or revocation for nonpayment of child support. The following procedures shall apply to actions taken by the building code commissioner on a certificate of noncompliance received from the Iowa department of human services pursuant to Iowa Code chapter 252J:

a. The notice required by Iowa Code section 252J.8 shall be served upon the licensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the licensee may accept service personally or through authorized counsel.

b. The effective date of revocation or suspension of certification of a licensee, as specified in the notice required by Iowa Code section 252J.8, shall be 60 days following service upon the licensee.

c. Licensees shall keep the building code commissioner informed of all court actions and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J and shall provide the building code commissioner with copies, within 7 days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

d. All applicable fees for an application or reinstatement must be paid by the licensee before a license will be issued, renewed, or reinstated after the building code commissioner has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 252J.

e. In the event a licensee files a timely district court action following service of a notice pursuant to Iowa Code sections 252J.8 and 252J.9, the building code commissioner shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed. For the purpose of determining the effective date of

revocation or suspension of the certification, the building code commissioner shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. Suspensions or revocations imposed pursuant to this subrule may not be appealed administratively within the department of public safety.

NOTE: The procedures established in subrule 372.5(4) implement the requirements of Iowa Code chapter 252J. The provisions of Iowa Code chapter 252J establish mandatory requirements for an agency which administers a licensure program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A, but must be appealed directly to district court.

372.5(5) Appeals. Any denial, suspension, or revocation of a certification, or any civil penalty imposed upon a licensee under this rule, other than one imposed pursuant to subrule 372.5(4), may be appealed by the licensee within 14 days of receipt of the notice. Appeals of actions taken by the building code commissioner under this rule shall be to the commissioner of public safety and shall be treated as contested cases, following the procedures established in rules 661—10.301(17A) through 661—10.332(17A).

661—372.6(103A,321) Sale or transfer of manufactured or mobile homes. The following criteria apply to the sale or transfer of manufactured or mobile homes.

372.6(1) Retailer sales.

a. A manufactured home, which was manufactured on or after June 15, 1976, and which is owned by a retailer, shall not be offered for sale unless the retailer has a properly assigned manufacturer's certificate of origin or a certificate of title, a seal from the United States Department of Housing and Urban Development properly attached, a data plate attached by the manufacturer, and a manufacturer's installation manual for the home, if the manual is available to the retailer. A retailer shall not sell a manufactured or mobile home owned by the retailer without delivering to the transferee a manufacturer's certificate of origin or a certificate of title duly assigned to the transferee.

b. A used manufactured or mobile home with an Iowa title assigned to the retailer shall not be reassigned by the retailer. After acquiring the used home, the retailer shall obtain a new certificate of title as required by law.

372.6(2) Transfers. A manufactured or mobile home not owned by a retailer may be offered for sale and sold by a retailer under the following conditions:

EXCEPTION: Installation of a manufactured home may be completed by the owner of the home, if the home is the primary residence of the person completing the work, whether or not the person is certified as a manufactured housing installer, provided that the work is inspected as required and that a state-certified installer certifies compliance with appropriate provisions of this chapter, 661—Chapter 16, and 661—Chapter 322.

Requests for approval shall be submitted on a form supplied by the commissioner, with supporting documentation.

374.7(2) Any installer who has not been recertified by the expiration date of the installer's certification shall not be allowed to work as an installer until a valid certification is obtained.

b. The certificate holder shall cease operation immediately if the insurance coverage required by this subrule is no longer in force and other insurance coverage meeting the requirements of this subrule is not in force. A certificate holder shall not initiate any installation work which cannot reasonably be expected to be completed prior to the effective date of the cancellation of the insurance coverage required by this subrule and of which the certificate holder has received notice, unless new insurance coverage meeting the requirements of this subrule has been obtained and will be in force upon cancellation of the prior coverage.

374.11(3) The applicant shall submit a completed application form to the certification program as specified in rule 661—374.1(103A), accompanied by a cover letter stating that the applicant is seeking temporary emergency certification and the applicant is certified or licensed to install manufactured homes in another state or states, and proof of insurance as required by subrule 374.11(2). a. An application for reimbursement must be filed on a form provided by the secretary within 12 months of the member beneficiary's receiving treatment or incurring a cost for medical attention.

b. In the event there is a dispute with an insurance company regarding covered expenses, to remain eligible for reimbursement, the member beneficiary must file a request for extension, on a form provided by the secretary, if resolution of the dispute is expected to exceed 12 months.

c. Expenses shall only be reimbursed if the member beneficiary is retired as a result of an injury, illness or exposure occurring while in the performance of duty and is receiving a benefit as provided in Iowa Code section 97A.6(6).

d. Expenses shall be reimbursed only if the member beneficiary received medical attention for a condition with direct correlation to the disabling condition, the costs of which were not covered by insurance.

e. The system shall not reimburse for insurance premiums.

401.3(2) Processing the application.

a. Upon receipt of the application and supporting documentation, the secretary shall review the application for timeliness, completeness and validity. This subrule does not impose a responsibility on the secretary to discover documents or evidence not included on the application form.

b. The secretary shall refer the written application to the board for review at the next regularly scheduled meeting.

c. The member beneficiary does not need to be in attendance at the board meeting. In order to comply with Title II of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), specific information pertaining to an application for reimbursement or the member beneficiary's disabling condition will not be discussed in open forum of the board meeting unless the member beneficiary is present and approves discussion in a public meeting.

d. The board may approve or deny all or part of a reimbursement application. The board may request additional information to support the application for reimbursement or to determine the correlation of the expense to the disabling condition. The member beneficiary shall provide the documents to the secretary within a reasonable time period. In no case shall the application remain valid for a period of more than 12 months.

e. If the board denies any part of a request for reimbursement, the member beneficiary may request judicial review in accordance with Iowa Code section 97A.6(13).

f. The system will make reimbursements only to the member beneficiary or to the surviving spouse in the event the member beneficiary is deceased.

401.3(3) Other provisions.

a. Reimbursements for claimed expenses shall be reduced by any amount already received by the member beneficiary from workers' compensation or from a third party as a result of subrogation proceedings entered into as a result of the disabling injury.

b. In the event the member beneficiary is restored to active service pursuant to Iowa Code section 97A.6(7) "b," consideration of reimbursement for expenses pursuant to Iowa Code section 97A.14 shall not extend beyond the date of restoration to active service.

c. If the member beneficiary receiving a disability retirement pursuant to Iowa Code section 97A.6(6) becomes employed in a public safety occupation pursuant to Iowa Code section 97A.6(7) "d," consideration of reimbursement for expenses pursuant to Iowa Code section 97A.14 shall not extend beyond the date of employment with the employing jurisdiction.

PROCEDURE FOR RULE MAKING

661—401.101(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the board are subject to the provisions of Iowa Code chapter 17A and the provisions of this chapter.

661—401.102(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the board may, before publication of a Notice of Intended Action, solicit comments from the public on a subject or subjects of possible rule making by the board by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment, or by otherwise publicizing the interest of the board in soliciting

comment on a subject or subjects of possible rule making. Any such effort shall include publication of the interest of the board on the department of public safety's website and may include publication in any other venue deemed appropriate by the board or officials or staff of the department.

661—401.103(17A) Public rule-making docket. Pursuant to Executive Order 9, the department maintains a current public rule-making docket. All rule-making activity of the board of trustees of the peace officers' retirement, accident, and disability system shall be included in the rule-making docket of the department, including a rule making which has formally commenced with a Notice of Intended Action and an anticipated rule making identified by the board or staff. The rule-making docket is maintained on the website of the department.

661—401.104(17A) Notice of proposed rule making.

401.104(1) Contents. At least 35 days before the adoption of rules, the agency rules administrator of the department shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rules;
- b. The specific legal authority for the proposed rules;
- c. Except to the extent impracticable, the text of the proposed rules;
- d. Where, when, and how persons may present their views on the proposed rules; and
- e. The date, time and place of an oral proceeding at which any interested party may comment on the proposed rules, or where, when, and how persons may demand an oral proceeding on the proposed rules if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the department shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the board for the resolution of each of those issues.

401.104(2) Incorporation by reference. A proposed rule may incorporate other materials by reference.

661—401.105(17A) Public participation.

401.105(1) Written comments. For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or to the person or office designated in the Notice of Intended Action.

401.105(2) Oral proceedings. The department may, at any time, schedule an oral proceeding on a proposed rule. If an oral proceeding has not previously been scheduled regarding proposed rules, the department shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the department by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons.

An oral proceeding may be scheduled or conducted by the board at the discretion of the board or of the chair of the board.

401.105(3) Conduct of oral proceedings.

a. *Applicability.* This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) "b" or this chapter.

b. *Scheduling and notice.* An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in

the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The agency rules administrator of the department of public safety or the administrator's designee shall preside at the oral proceeding on a proposed rule, unless the board conducts the oral proceeding. If the board does not conduct the oral proceeding, the presiding officer may prepare a memorandum for consideration by the board summarizing the contents of the presentations made at the oral proceeding if the administrator determines that such a memorandum would be helpful to the board.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the department at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and may be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to summarize matters which have already been submitted in writing.

(3) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(4) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the system.

(5) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing. The presiding officer may provide for the record of an oral proceeding to be held open for a specific length of time, announced at the oral proceeding, to allow for the submission of additional information.

(6) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other representatives of the board who may be present about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(7) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

401.105(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the board may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

401.105(5) Accessibility. The department shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, by mail, by telephone at (515)725-6185, or by electronic mail at admrule@dps.state.ia.us, in advance to arrange access or other needed services.

[Editorial change: IAC Supplement 6/17/09]

661—401.106(17A) Regulatory analysis. The agency rules administrator shall prepare a regulatory analysis of proposed rules in compliance with Iowa Code section 17A.4A if requested pursuant to Iowa Code section 17A.4A, subsection 1.

661—401.107(17A,25B) Fiscal impact statement. For each Notice of Intended Action or emergency adoption of rules filed, the staff of the system and the department shall develop a fiscal impact statement in compliance with Iowa Code section 17A.4, subsection 3, and procedures established by the legislative services agency, if the preparation of a fiscal impact statement is required.

661—401.108(17A) Time and manner of rule adoption.

401.108(1) Time of adoption. The board shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the board shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

EXCEPTION: The board may waive the notice requirements or time periods specified in Iowa Code chapter 17A, in compliance with Iowa Code section 17A.4, subsection 2, or Iowa Code section 17A.5, subsection 2, paragraph “b,” or both.

401.108(2) Consideration of public comment. Before the adoption of a rule, the board shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

401.108(3) Reliance on department expertise. Except as otherwise provided by law, the board may use its own experience, technical competence, specialized knowledge, and judgment, or that of department staff, in the adoption of a rule.

401.108(4) Adoption by reference. The board may, by adoption of an administrative rule, adopt by reference another document produced by the board, the department, another agency of Iowa government, a federal agency, or any other organization. If any document or portion of any document is adopted by reference and is not already available in the state law library, the department shall provide a copy of the document for filing in the state law library, in compliance with Iowa Code section 17A.6, subsection 4.

661—401.109(17A) Variance between adopted rule and published notice of proposed rule adoption.

401.109(1) The board shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

401.109(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the board shall consider the following factors:

- a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

401.109(3) The board shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the board finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

401.109(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the board to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

661—401.110(17A) Concise statement of reasons. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the board shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received. After a proper request, the board shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request. If the board does not meet during the time between the receipt of a request and the deadline for issuance of the concise statement, the staff may issue the concise statement with the approval of the board chair.

[Editorial change: IAC Supplement 6/17/09]

661—401.111(17A,97A) Agency rule-making record. The department shall maintain an official rule-making record for each rule proposed by the board by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference shall be available for public inspection. Requests to view material from the rule-making record may be addressed to the agency rules administrator of the department.

661—401.112(17A,97A) Petitions for rule making. Any person or agency may file a petition for rule making with the secretary at the location specified in rule 661—400.6(97A). A petition is deemed filed when it is received by the secretary. The secretary shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The secretary shall transmit a copy of the petition to the agency rules administrator. The petition must be typewritten or legibly handwritten in ink and should substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM	
Petition by (name of petitioner) for the (adoption, amendment, or repeal) of rules relating to (state subject matter).	} PETITION FOR RULE MAKING

The petition must provide the following information:

1. A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation and the relevant language to the particular portion or portions of the rule proposed to be amended or repealed.
2. A citation to any law deemed relevant to the board’s authority to take the action urged or to the desirability of that action.
3. A brief summary of petitioner’s arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by subrule 401.112(5).

401.112(1) The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative, and a statement indicating the person to whom communications concerning the petition should be directed.

401.112(2) The board may deny a petition because it does not substantially conform to the required form. However, the board may consider any petition received, regardless of errors or variations in

form, provided that the content of the request for rule making is clear or has been clarified through communication with the petitioner. Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the board's rejection of the petition.

401.112(3) The petitioner may attach a brief to the petition in support of the action urged in the petition. The board may request a brief from the petitioner or from any other person concerning the substance of the petition.

401.112(4) Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or via electronic mail at admrule@dps.state.ia.us.

401.112(5) Upon request by petitioner in the petition, the chair of the board may schedule a brief and informal meeting between the petitioner and the board, a member of the board, the secretary, or other staff of the department to discuss the petition. Such meeting shall include the agency rules administrator of the department or another employee of the department knowledgeable about the administrative rule-making process who is jointly designated by the agency rules administrator and the director of the administrative services division of the department. The board may request the petitioner to submit additional information or argument concerning the petition. The board may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the board by any person.

401.112(6) Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the board shall, in writing, deny the petition and notify petitioner of its action and the specific grounds for the denial or grant the petition and notify petitioner that it will institute rule-making proceedings on the subject of the petition. Notice shall be sent by the secretary to the petitioner by regular mail. Petitioner shall be deemed notified of the denial or granting of the petition on the date when the secretary mails the required notification to the petitioner.

401.112(7) Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or by electronic mail to admrule@dps.state.ia.us.

[Editorial change: IAC Supplement 6/17/09]

661—401.113(17A,97A) Waivers of rules. This rule outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this rule with respect to any waiver from the rule in question.

401.113(1) Requests for waivers. Requests for waivers of rules shall be addressed to the secretary. A request shall state specifically what provisions are requested to be waived, a concise statement of the reasons for requesting the waiver, and any conditions proposed to be placed on the waiver, including conditions which would substitute for compliance with the provisions requested to be waived.

401.113(2) Applicability of rule. The board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

401.113(3) Criteria for waiver. In response to a petition completed pursuant to this rule, the board may, in its sole discretion, issue an order waiving, in whole or in part, the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

- a. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
- b. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
- c. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and

d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

401.113(4) Filing of petition. A petition for a waiver must be submitted in writing to the board as follows:

a. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

b. If the petition does not relate to a pending contested case, the petition may be submitted with a caption containing the name of the person for whom the waiver is requested.

c. A petition is deemed filed when it is received in the secretary's office. A petition should be sent to the Board of Trustees, Peace Officers' Retirement, Accident, and Disability System, Attention: Secretary of the Board, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319-0050.

401.113(5) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

a. The name, address, telephone number, and electronic mail address of the entity or person for whom a waiver is being requested; the case number of or other reference to any related contested case; and the name, address, and telephone number of the petitioner's legal representative, if any.

b. A description of and citation to the specific rule from which a waiver is requested.

c. The specific waiver requested, including the precise scope and duration.

d. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in subrule 401.113(3). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.

e. A history of any prior contacts between the board, other departments or agencies of the state of Iowa, or political subdivisions and the petitioner relating to benefits or potential benefits or eligibility requirements affected by the proposed waiver, including a description of each affected benefit or eligibility requirement held or requested by the requester, any formal charges filed, notices of violation, contested case hearings, or investigations relating to the membership in the system within the last five years.

f. Any information known to the requester regarding the board's action in similar cases.

g. The name, address, and telephone number of any public agency or political subdivision which might be affected by the granting of a waiver.

h. The name, address, and telephone number of any entity or person who would be adversely affected by the granting of a petition. This does not create any duty to individually notify other members of the system, unless they are known to have requested or received a waiver of the identical provisions.

i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

401.113(6) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a representative or representatives of the board related to the waiver request.

401.113(7) Notice. The secretary shall acknowledge a petition upon receipt and shall notify the members of the board, the legal counsel to the board and the agency rules administrator of the department of the receipt of the petition as soon as practical after its receipt. The board shall ensure that, within 30 days of the receipt of the petition, notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law, including the petitioner. In addition, the board may give notice to any other person. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice

is required by any provision of law and to provide a written statement to the board attesting that notice has been provided.

401.113(8) *Hearing procedures.* The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to board proceedings for a waiver only when the board so provides by order or is required to do so by statute.

401.113(9) *Ruling.* An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person or legal entity and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

a. Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

b. Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a rule.

c. Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

d. Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

e. Conditions. The board may place on a waiver any condition that the board finds desirable to protect the public health, safety, and welfare.

f. Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impractical. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

g. Time for ruling. The board shall grant or deny a petition for a waiver as soon as practical but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

h. When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

i. Service of order. Within seven days of its issuance, any order issued under this rule shall be transmitted or delivered to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law. A copy of the order shall be provided to the agency rules administrator of the department to facilitate compliance with this rule.

401.113(10) *Indexing.* All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. If petitions or orders may contain information the board is authorized or required to keep confidential, the board may instruct the secretary to accordingly redact confidential information from petitions or orders prior to public inspection. Rules for which a petition for a waiver have been granted or denied are posted on the department's website and available to the public.

401.113(11) *Summary reports.* When the department grants a waiver, the department shall submit the required information on the department's website within 60 days. The department's website shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. To the extent practicable, the department shall include information detailing the extent to which the granting of waiver has established

a precedent for additional waivers and the extent to which the granting of a waiver has affected the general applicability of the rule itself.

401.113(12) Cancellation of a waiver. A waiver issued by the board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

a. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or

b. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or

c. The subject of the waiver order has failed to comply with all conditions contained in the order.

401.113(13) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this rule who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

401.113(14) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

401.113(15) Judicial review. Judicial review of the board’s decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

401.113(16) Sample petition for waiver. A petition for waiver filed in accordance with this rule must meet the requirements specified herein and must substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS’
RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM

Also provide the name, address, and telephone number of the petitioner’s legal representative, if applicable, and a statement indicating the person to whom communications concerning the petition should be directed.

- Why waiver of the rule would not prejudice the substantial legal rights of any person;
- Whether the provisions of the rule subject to the waiver are specifically mandated by statute or another provision of law; and
- How substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

5. Provide a history of any prior contacts between the board, other departments or agencies of the state of Iowa, or political subdivisions and petitioner relating to the benefits or rights affected by the requested waiver. 661—401.203(17A) **Intervention.**

401.203(1) Any person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention within 20 days of the filing of a petition for declaratory order (after time for notice under rule 661—401.202(17A) and before 30-day time for agency action under rule 661—401.208(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

401.203(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department.

401.203(3) A petition for intervention shall be filed with the secretary. Such a petition is deemed filed when it is received by the secretary. The department shall provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. The petition must be dated and signed by the intervenor or the intervenor's representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor's representative, and a statement indicating the person to whom communications should be directed.

661—401.204(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The department may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

661—401.205(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the secretary.

661—401.206(17A) Service and filing of petitions and other papers.

401.206(1) When service required. Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

401.206(2) Filing—when required. All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the secretary. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the secretary.

401.206(3) *Method of service, time of filing, and proof of mailing.* Method of service, time of filing, and proof of mailing shall be as provided by subrule 401.301(7).

661—401.207(17A) Consideration. Upon request by petitioner, the department may schedule a brief and informal meeting between the original petitioner, all intervenors, and the board, a member of the board, or a member of the staff of the department to discuss the questions raised. The board may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the board by any person.

661—401.208(17A) Action on petition.

401.208(1) Within the time allowed by Iowa Code section 17A.9(5), after receipt of a petition for a declaratory order, the commissioner of public safety or the commissioner's designee shall take action on the petition as required by Iowa Code section 17A.9(5).

401.208(2) The date of issuance of an order or of a refusal to issue an order is the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

661—401.209(17A) Refusal to issue order.

401.209(1) The board shall not issue a declaratory order where prohibited by Iowa Code section 17A.9, subsection 1, and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

- a. The petition does not substantially comply with the required form.
- b. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the board to issue an order.
- c. The board does not have jurisdiction over the questions presented in the petition.
- d. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding that may definitively resolve them.
- e. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
- f. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
- g. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
- h. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
- i. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
- j. The petitioner requests the board to determine whether a statute is unconstitutional on its face.
- k. The petition relates to any criminal investigation.
- l. The petition concerns any procedure or practice of the board or any other agency related to initiation or conduct of criminal investigations or referral of matters for possible criminal investigation or prosecution.
- m. The petition states facts and circumstances which are theoretical in nature to the extent that issuance of a declaratory order is unlikely to assist in guiding future conduct or the petitioner is neither a person with interest in the operation of the system nor a representative of such a person. "Representative of such a person" includes any organization with members or participants who are active or retired members of the system, or family members or survivors of active or retired members of the system.

401.209(2) A refusal to issue a declaratory order shall indicate the specific grounds for the refusal, unless the refusal pertains to a matter under criminal investigation, or which has been referred for

possible criminal prosecution, in which event no information which might compromise the investigation or prosecution shall be released to the petitioner or any intervenor. A refusal to issue a declaratory order constitutes final agency action on the petition.

401.209(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

661—401.210(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

661—401.211(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to each original petitioner and to each intervenor.

661—401.212(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the board, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the board. The issuance of a declaratory order constitutes final agency action on the petition.

661—401.213 to 401.300 Reserved.

CONTESTED CASES

661—401.301(17A) Contested case proceeding. Consideration of an appeal of a decision of the board shall be a contested case proceeding subject to the provisions of Iowa Code chapter 17A.

401.301(1) Delivery of notice. Delivery of the notice of hearing by the secretary constitutes the commencement of a contested case proceeding. Delivery may be executed by regular mail. The notice shall be delivered to the applicant, the applicant's attorney if known, and the assistant attorney general designated to represent the public interest.

401.301(2) Contents of notice. The notice of hearing shall contain a statement of the time, place, and nature of the hearing. The notice shall contain a statement that it is the applicant's burden to prove each of the statutory elements relative to the application. The notice shall also contain a reference to the applicable statute and rules.

401.301(3) Scope of issues. The applicant shall prove each of the statutory elements required before the application may be granted. Denial of an application shall be upheld based on the applicant's failure to prove any of the statutory elements. When an applicant has requested accidental disability benefits, the board has the option of denying accidental disability benefits, but granting ordinary disability benefits based on the evidence.

401.301(4) Legal representation. Following the filing of the notice of hearing, the office of the attorney general shall be responsible for the legal representation of the public interest in all proceedings before the board. The public interest, as referenced in this rule, shall include the responsibility to protect the assets of the system from applications that do not meet the standards set by the statute for disability benefits. Any private party to a contested case shall be entitled to legal representation at the discretion and expense of that party.

401.301(5) Presiding officer. The presiding officer in a contested case shall be an administrative law judge assigned by the department of inspections and appeals.

401.301(6) Procedural matters. Procedural matters and motions, including, but not limited to, motions to continue, may be heard and ruled upon by the presiding officer.

401.301(7) Service and filing.

a. Service—when required. Except where otherwise provided by law, every document filed in a contested case proceeding shall be served upon each of the parties of record to the proceeding, including the assistant attorney general designated as attorney for the state or the agency, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16, subsection 2, the party filing a document is responsible for service on all parties.

b. Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by personal delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

c. Filing—when required. After the notice of hearing, all documents in a contested case proceeding shall be filed with the secretary. All documents that are required to be served upon a party shall be filed simultaneously with the secretary.

d. Filing—when made. Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the secretary at the location set forth in rule 661—400.6(97A), delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

e. Proof of mailing. Proof of mailing includes either:

- (1) A legible United States Postal Service postmark on the envelope;
- (2) A certified mail return receipt;
- (3) A notarized affidavit; or
- (4) A certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Secretary of the Board of Trustees, Iowa Department of Public Safety, Peace Officers' Retirement System, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

661—401.302(17A) Discovery.

401.302(1) Pursuant to Iowa Code chapter 17A, discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

401.302(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened by order of the presiding officer. The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

661—401.303(17A) Subpoenas in a contested case. Pursuant to Iowa Code section 17A.13, subsection 1, the board or the presiding officer acting on behalf of the board has the authority to issue subpoenas to compel the attendance of witnesses at depositions or hearings and to compel the production of professional records, books, papers, correspondence and other records which are deemed necessary as evidence in connection with a contested case. A subpoena issued in a contested case under the board's authority may seek evidence whether or not privileged or confidential under law.

401.303(1) The board chair shall, upon the written request of the applicant or the state, issue a subpoena to compel the attendance of witnesses or to obtain evidence which is deemed necessary in

connection with a contested case. A command to produce evidence may be joined with a command to appear at deposition or hearing or may be issued separately.

401.303(2) A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- a.* The name, address and telephone number of the person requesting the subpoena;
- b.* The name and address of the person to whom the subpoena shall be directed;
- c.* The date, time, and location at which the person shall be commanded to attend and give testimony;
- d.* Whether the testimony is requested in connection with a deposition or hearing;
- e.* A description of the books, papers, records or other evidence requested;
- f.* The date, time and location for production, or inspection and copying.

401.303(3) Each subpoena shall contain, as applicable:

- a.* The caption of the case;
- b.* The name, address and telephone number of the person who requested the subpoena;
- c.* The name and address of the person to whom the subpoena is directed;
- d.* The date, time, and location at which the person is commanded to appear;
- e.* Whether the testimony is commanded in connection with a deposition or hearing;
- f.* A description of the books, papers, records or other evidence the person is commanded to produce;
- g.* The date, time and location for production, or inspection and copying;
- h.* The time within which a motion to quash or modify the subpoena must be filed;
- i.* The signature, address and telephone number of the board administrator or designee;
- j.* The date of issuance;
- k.* A return of service attached to the subpoena.

401.303(4) Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the board administrator or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

401.303(5) Any person who is aggrieved or adversely affected by compliance with the subpoena or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

401.303(6) Upon receipt of a timely motion to quash or modify a subpoena, the board chair shall request an administrative law judge to hold a hearing and issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge may quash or modify the subpoena or deny the motion.

401.303(7) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board's secretary, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge. If the decision of the administrative law judge to quash or modify the subpoena or to deny the motion to quash or modify the subpoena is appealed to the board, the board may uphold or overturn the decision of the administrative law judge.

401.303(8) If the person contesting the subpoena is not the member whose application for benefits is the subject of the contested case, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the member whose application for benefits is the subject of the contested case, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

661—401.304(17A) Motions.

401.304(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

401.304(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the board or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

401.304(3) The presiding officer may schedule oral argument on any motion.

401.304(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or an order of the presiding officer.

401.304(5) Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases.

Motions for summary judgment must be filed and served at least 45 days prior to the scheduled hearing date, or other time period determined by the presiding officer. Any party resisting the motion shall file and serve a resistance within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 661—401.314(17A) and appeal pursuant to subrule 401.312(2).

661—401.305(17A) Settlements. A contested case may be resolved by informal settlement, and settlements are encouraged. Settlement negotiations may be initiated at any stage of a contested case by the assistant attorney general appointed to represent the public interest or by the applicant. The board shall not be involved in negotiation until a written proposed settlement is submitted for approval, unless both parties waive this prohibition.

661—401.306(17A) Prehearing conference.

401.306(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

Written notice of the prehearing conference shall be given by the presiding officer to all parties. For good cause, the presiding officer may permit variances from this rule.

401.306(2) Each party shall bring to the prehearing conference:

a. A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names.

b. A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.

c. Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

401.306(3) In addition to the requirements of subrule 401.306(2), the parties at a prehearing conference may:

a. Enter into stipulations of law or fact;

b. Enter into stipulations on the admissibility of exhibits;

c. Identify matters that the parties intend to request be officially noticed;

d. Enter into stipulations for waiver of any provision of law; and

e. Consider any additional matters that will expedite the hearing.

401.306(4) Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a telephone prehearing conference.

661—401.307(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

401.307(1) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The presiding officer may waive notice of such requests for a particular case or an entire class of cases.

401.307(2) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The likelihood of informal settlement;
- d.* The existence of an emergency;
- e.* Any objection;
- f.* Any applicable time requirements;
- g.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h.* The timeliness of the request; and
- i.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

661—401.308(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing. Unless otherwise provided, a withdrawal shall be with prejudice.

661—401.309(17A) Hearing procedures.

401.309(1) The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections.

401.309(2) All objections shall be timely made and stated on the record.

401.309(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at the party's own expense.

401.309(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

401.309(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

401.309(6) Witnesses may be sequestered during the hearing.

401.309(7) The presiding officer shall conduct the hearing in the following manner:

- a.* The presiding officer shall give an opening statement briefly describing the nature of the proceedings.
- b.* The parties shall be given an opportunity to present opening statements.
- c.* The parties shall present their cases in the sequence determined by the presiding officer.
- d.* Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law.
- e.* When all parties and witnesses have been heard, the parties may be given the opportunity to present final arguments.

f. The presiding officer may enter a default judgment against a party who fails to appear at the hearing.

401.309(8) The presiding officer has the right to question a witness. Examination of witnesses by the presiding officer is subject to properly raised objections.

401.309(9) The hearing shall be open to the public, except as otherwise provided by law.

401.309(10) Oral proceedings shall be electronically recorded. Upon request, the board shall provide a copy of the whole or any portion of the audio recording at a reasonable cost. A certified shorthand reporter may be engaged to record the proceeding at the request of a party and at the expense of the party making the request. A transcription of the record of the hearing shall be made at the request of either party at the expense of the party making the request. The parties may agree to divide the cost of the transcription. A record of the proceedings, which may be either the original recording, a copy, or a transcript, shall be retained by the secretary for five years after the resolution of the case.

401.309(11) Default.

a. If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

b. Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

c. Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final board action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by subrule 401.312(2). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

d. The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

e. Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

f. "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

g. A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding.

h. If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

i. A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues (but, unless the defaulting party has appeared, it cannot exceed the relief demanded).

661—401.310(17A) Evidence.

401.310(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

401.310(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

401.310(3) Evidence in the proceeding shall be confined to the contested issues as provided in Iowa Code section 97A.6.

401.310(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

401.310(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

401.310(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

661—401.311(17A) Ex parte communication.

401.311(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this rule is intended to preclude board members from communicating with other board members or members of the board staff, including the secretary, other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

401.311(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

401.311(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

401.311(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

401.311(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

401.311(6) The secretary may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as the secretary is not disqualified from participating.

401.311(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines.

401.311(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified.

a. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all

responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order; or

b. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

401.311(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment, unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13, subsection 2, or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

401.311(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule. Violation of ex parte communication prohibitions by staff shall be reported to the board and to the director of the administrative services division of the department.

661—401.312(17A) Decisions.

401.312(1) *Proposed decision.* The decision prepared by the presiding officer is a proposed decision. The proposed decision becomes the final decision of the board without further proceedings unless there is an appeal to, or review on motion of, the board within the time provided in subrule 401.312(2).

401.312(2) *Appeals and review.*

a. Appeal by party. Any adversely affected party may appeal a proposed decision to the board within 30 days after issuance of the proposed decision.

b. Review. The board may initiate review of a proposed decision on its own motion at any time within 30 days following the issuance of such a decision.

c. Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the board. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- (1) The parties initiating the appeal;
- (2) The proposed decision or order appealed from;
- (3) The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- (4) The relief sought;
- (5) The grounds for relief.

d. Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The board may remand a case to the presiding officer for further hearing or may itself preside at the taking of additional evidence.

e. Scheduling. The board shall issue a schedule for consideration of the appeal.

f. Briefs and arguments. Unless otherwise ordered, briefs, if any, must be filed within five days of meeting.

661—401.313(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable. If the

parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

661—401.314(17A) Applications for rehearing.

401.314(1) *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order.

401.314(2) *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought.

401.314(3) *Time of filing.* The application shall be filed with the board within 20 days after issuance of the final decision.

401.314(4) *Notice to other parties.* A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

401.314(5) *Disposition.* The board may meet telephonically to consider an application for rehearing. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

These rules are intended to implement Iowa Code chapters 17A and 97A.

CHAPTER 402
PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM—
ELIGIBILITY, BENEFITS, AND PAYMENTS
[Prior to 10/27/04, see 581—Ch 24]

661—402.1 to 402.99 Reserved.

DIVISION I
ELIGIBILITY

661—402.100(97A) Age of qualification. The age of qualification for benefits under Iowa Code Supplement chapter 97A shall mean the age on the member's last birthday.

661—402.101(97A) Date of retirement. Date of retirement shall mean the first day on retirement and not the last day on duty.

661—402.102(97A) Application of Iowa Code Supplement section 97A.6, subsection 12. Iowa Code Supplement section 97A.6, subsection 12, applies to the deceased member's spouse and children only if the spouse was married to the deceased member at or before the time of retirement and the children are the natural children of the deceased member or were legally adopted at or before the time of retirement of the member. If there is no surviving spouse of a marriage solemnized prior to retirement of a deceased member, then "surviving spouse" means a surviving spouse of a marriage of two years or more solemnized subsequent to the retirement of the member.

661—402.103(97A) Date of death. In the event of the death of a member, the date of death will be considered to be the member's last day on the payroll for earned compensation or on pension, and the next day following will be the first day for the spouse's and children's benefits. The start of benefits shall not be delayed by the payout of any other compensation.

661—402.104(97A) Age of spouse. When the spouse of a deceased active member is to receive an annuity payment from the member's contributions, the age of the spouse at the spouse's nearest birthday shall govern. The computation shall be the spouse's birth date subtracted from the first date that spouse's benefits begin to accrue.

661—402.105 to 402.199 Reserved.

DIVISION II
BENEFITS AND PAYMENTS

661—402.200(97A) Computation of average final compensation. Computation of the average final compensation shall be made using the earnable compensation of the member during the three years of the member's service as a member of the department during which the member received the highest amount of compensation. Overtime compensation, if any, and periods without pay shall not be considered in this computation.

EXCEPTION: If a member retires before attaining three years of service, the average final compensation shall be the total of the earnable compensation from the date the member was sworn into service divided by the number of months of service and multiplied by 12.

661—402.201(97A) Workers' compensation—effect on benefit payment. If workers' compensation benefits are payable because of a member's disability or death, the retirement or death benefit payable, other than a line-of-duty death benefit paid pursuant to 661—Chapter 403, from the system shall be reduced by the actuarial equivalent of the total workers' compensation.

402.201(1) Monthly peace officers' retirement system benefits shall be reduced by the monthly benefit received from workers' compensation.

402.201(2) Peace officers' retirement system benefits shall be reduced in the amount of permanent partial disability benefits paid by workers' compensation. Benefits will be withheld in the amount of permanent partial disability benefits.
[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.202(97A) Errors in payments. If an error in payments already made to a member or beneficiary is discovered, arrangements shall be made to correct the error, either through recovery of overpayments from the member or beneficiary or through additional compensation paid to the member or beneficiary to adjust for underpayments. Schedules referenced in this rule shall commence only after presentation to and approval by the board of trustees.

402.202(1) As soon as practical after being discovered, underpayments shall be corrected through a lump-sum payment to the member or beneficiary in an amount equal to the total amount of underpayments to date and an amount of interest such that the total lump-sum payment is actuarially equivalent to the total amount of underpayments. The member or beneficiary may request a method of repayment other than a lump-sum payment, in which case a repayment schedule may be mutually agreed upon between the board and the member or beneficiary.

402.202(2) Overpayments other than those which resulted from fraudulent acts on the part of the member or beneficiary receiving the payments shall be recovered from the member or beneficiary. The preferred method of recovery, if the member or beneficiary is continuing to receive payments from the system, shall be withholding monthly an amount equivalent to the monthly average of the amount of overpayments during the period in which the overpayments were made, until total repayments equal a sum actuarially equivalent to the total amount of overpayment. If the member or beneficiary is not receiving payments from the system, the board may seek repayment in a lump sum including the amount of overpayments and interest in an amount such that the total repayment is actuarially equivalent to the total amount of overpayments, although the member or beneficiary may request a repayment schedule be established and the board may agree to do so.

402.202(3) An overpayment which resulted in whole or in part from a fraudulent act or acts on the part of the member or beneficiary receiving the payments shall be repaid to the system in an amount which is actuarially equivalent to the amount of the overpayment plus a reasonable assessment of the administrative costs to the system and the department to recover the overpayment. The preferred method of repayment is a lump-sum payment collected as soon as practical after the overpayment and the fraudulent act are discovered, although the board shall accept a repayment schedule established by a court which orders restitution in relation to a conviction stemming from the fraudulent act or acts. The board may agree to an alternative payment schedule at the request of the member or beneficiary if there is no applicable order of restitution.

The board may find, on the basis of clear and convincing evidence, that an overpayment resulted from a fraudulent act or acts on the part of a member or beneficiary. A conviction based upon a fraudulent act or acts committed in relation to the receipt of benefits from the system shall be prima facie evidence of fraud for purposes of this subrule.

661—402.203(97A) Initial benefit for a child. Initial benefit for a child as specified in Iowa Code Supplement section 97A.6, subsection 8, 9 or 12, shall be 6 percent of the monthly earnable compensation payable to an active member having the rank of senior trooper of the Iowa state patrol. A senior trooper, for the purposes of Iowa Code Supplement chapter 97A, is a peace officer having at least ten years of active service with the Iowa state patrol.

661—402.204(97A) Computation for partial month. Computation of retirement benefits for a partial month shall be based on the actual number of days in the month, i.e., monthly benefits divided by the number of days in the month multiplied by the number of days due.

661—402.205(97A) One year of service. For the purpose of computing service, service for fewer than six months of a year is not creditable as service. Service of six months or more in any year shall be

equivalent to one year of service; however, in no case shall a member receive more than one year of service credit for each 12-month period of service.

661—402.206(97A) Termination prior to retirement.

402.206(1) Members who terminate covered employment prior to age 55 other than by death or disability have certain rights to their accumulated contributions.

a. A member with fewer than four years of service is not entitled to benefits under the system. A member terminating employment with less than four years of service has the following options for the handling of the member's contributions to the system:

(1) The member may withdraw the member's contributions along with accumulated interest.

(2) The member may have all or a part of the member's qualifying contributions along with accumulated interest rolled forward to a qualified retirement plan and may withdraw the balance of the member's contributions.

(3) The member may leave the member's contributions in the system as long as the member continues to be a member of the system. A member ceases to be a member of the system should the member in any period of five consecutive years after last becoming a member be absent from service for more than four years. Should a member cease to be a member, the member's contributions shall be paid to the member as provided in this paragraph.

b. A member with four or more years of service is a "vested member" and is entitled to benefits under the system. The member's options under the system are as follows:

(1) Upon attaining retirement age, the member may receive a service retirement allowance of four twenty-seconds of the retirement allowance the member would receive at retirement if the member's employment had not been terminated, and an additional one twenty-second of such retirement allowance for each additional year of service not exceeding 22 years of service. Should the member have over 22 years of service, upon the member's retirement there shall be added $2\frac{3}{4}$ percent of the member's average final compensation for each year over 22 years for up to 10 additional years of service. The amount of the retirement allowance shall be calculated in the manner provided in this subparagraph using the average final compensation at the time of termination of the member's employment.

(2) The member may withdraw the member's contributions pursuant to Iowa Code section 97A.16, along with accumulated interest.

(3) The member may have all or a part of the member's qualifying contributions along with accumulated interest rolled forward to a qualified retirement plan and may withdraw the balance of the member's contributions.

402.206(2) The interest rate shall be the composite rate of return for the fiscal year as reflected in the investment performance analysis, provided by the investment consultants for the system, as specified in the report for the quarter ending June 30 of the fiscal year, adjusted by the administrative expense of the system for the fiscal year. The administrative expense rate shall be calculated by dividing the actual administrative expense for the fiscal year by the fund balance on June 30 of the fiscal year.

402.206(3) Interest shall be credited to the member's account annually as of June 30. The interest credited to the member shall be calculated by multiplying the annual interest rate by the member's average balance for the fiscal year, with interest credited for each full month of membership.

402.206(4) Members withdrawing contributions under this rule shall submit a written request to the secretary.

661—402.207(97A) Optional retirement benefits. Members of the system who retire under a service retirement may elect to receive one of the following optional retirement benefits and have the optional retirement benefit or a designated fraction of the benefit paid to the member's beneficiary:

1. Straight life annuity.
2. Straight life annuity with five years certain.
3. Straight life annuity with ten years certain.
4. Joint and 50 percent survivor annuity.
5. Joint and 75 percent survivor annuity.

6. Joint and 100 percent survivor annuity.
7. Single life annuity with a designated lump sum.

For the purposes of this rule, a “beneficiary” means a member’s spouse, child, or dependent parent.

661—402.208(97A) Options not reversible once payments begin—exceptions.

402.208(1) The member may change or cancel the member’s selected optional benefit until the first monthly benefit payment is made using the selected option. After the first monthly payment to the member or beneficiary, the option shall become permanent and not subject to cancellation or change.

402.208(2) If a member dies without designating a beneficiary prior to receipt in benefits of an amount equal to the total amount in the member’s credit at the time of separation from service, the election is void.

402.208(3) If a member who has designated a beneficiary dies and the beneficiary subsequently dies prior to receipt in benefits of an amount equal to the total amount in the member’s credit at the time of separation from service, the election remains valid.

661—402.209(97A) Method of calculating annual adjustments when optional retirement benefits are selected. Whenever an optional benefit as provided for in rule 661—402.207(97A) has been selected by a member, the annual adjustments provided for in Iowa Code Supplement section 97A.6, subsection 14, shall continue to be provided.

661—402.210(97A) Termination of benefits when optional retirement benefits are selected. Whenever an optional benefit as provided for in rule 661—402.207(97A) has been selected by a member, benefit payments shall terminate as follows, except as provided in rule 661—402.208(97A):

1. Straight life annuity. Upon the death of the retired member, all future retirement payments shall cease.
2. Straight life annuity with five years certain. Upon the death of the retired member, or five years from the member’s original retirement date, whichever is later, all future retirement payments shall cease.
3. Straight life annuity with ten years certain. Upon the death of the retired member, or ten years from the member’s original retirement date, whichever is later, all future retirement payments shall cease.
4. Joint and 50 percent survivor annuity. Upon the death of the retired member, the surviving beneficiary shall have the beneficiary’s annual annuity established at 50 percent of the member’s amount. Upon the death of both the member and the beneficiary, all future retirement payments shall cease.
5. Joint and 75 percent survivor annuity. Upon the death of the retired member, the surviving beneficiary shall have the beneficiary’s annual annuity established at 75 percent of the member’s amount. Upon the death of both the member and the beneficiary, all future retirement payments shall cease.
6. Joint and 100 percent survivor annuity. Upon the death of the retired member, the surviving beneficiary shall have the annual annuity continue at the member’s amount. Upon the death of both the member and the beneficiary, all future retirement payments shall cease.
7. Single life annuity with a designated lump sum. Upon the death of the retired member, the beneficiary shall receive the single lump-sum payment, and all future retirement payments shall cease.

661—402.211(97A) Impact of optional benefit selections on child benefits. The selection of an optional retirement benefit by a member shall not change the benefit that a child of a deceased member would otherwise be eligible to receive.

661—402.212(97A) Method of calculating annual adjustment for members who retire on or after July 1, 2010. For members retiring on or after July 1, 2010, there shall be an adjustment occurring on July 1 for which the following applicable amount shall be added to the member’s monthly allowance:

402.212(1) On the first July 1 following the retirement of a member, there shall be added to the monthly allowance the amount of \$15. There shall be no other adjustment to the monthly allowance under the provisions of this rule until the adjustment provided in subrule 402.212(2) applies.

402.212(2) An additional \$5 shall be added to the member’s monthly allowance when the member’s retirement date was at least five years, but less than ten years, prior to the effective date of the

adjustment, the total adjustment to the member's monthly allowance then being \$20. There shall be no other adjustment to the monthly allowance under the provisions of this rule until the adjustment provided in subrule 402.212(3) applies.

402.212(3) An additional \$5 shall be added to the member's monthly allowance when the member's retirement date was at least 10 years, but less than 15 years, prior to the effective date of the adjustment, the total adjustment to the member's monthly allowance then being \$25. There shall be no other adjustment to the monthly allowance under the provisions of this rule until the adjustment provided in subrule 402.212(4) applies.

402.212(4) An additional \$5 shall be added to the member's monthly allowance when the member's retirement date was at least 15 years, but less than 20 years, prior to the effective date of the adjustment, the total adjustment to the member's monthly allowance then being \$30. There shall be no other adjustment to the monthly allowance under the provisions of this rule until the adjustment provided in subrule 402.212(5) applies.

402.212(5) An additional \$5 shall be added to the member's monthly allowance when the member's retirement date was at least 20 years prior to the effective date of the adjustment, the total adjustment to the member's monthly allowance then being \$35.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.213(97A) Method of calculating annual adjustment for members who retired prior to July 1, 2010. For members having retired before July 1, 2010, there shall be an adjustment occurring on July 1 for which the following applicable amount shall be added to the member's monthly allowance:

402.213(1) For members having retired on or after July 2, 2009, but before July 1, 2010, there shall be added to the monthly pension allowance the amount of \$15. There shall be no other adjustment to the monthly allowance under the provisions of this rule until the adjustment provided in subrule 402.212(2) applies.

402.213(2) For members having retired on or after July 2, 2008, but before July 2, 2009, no adjustment to the monthly allowance shall be made until the adjustment provided in subrule 402.212(2) applies.

402.213(3) For members having retired on or after July 2, 2007, but before July 2, 2008, no adjustment to the monthly allowance shall be made until the adjustment provided in subrule 402.212(5) applies.

402.213(4) For those members having retired on or before July 1, 2007, thus having received more than a total of \$35 added to the monthly allowance, there shall be no additional adjustments made to monthly allowances. Adjustments having resulted in more than \$35 added to the monthly allowance prior to July 1, 2010, shall not be considered overpayments, and the monthly allowances of members so affected shall not be reduced, nor shall members be required to repay any amount to the system.

NOTE: The following table summarizes the adjustments provided for in this rule.

Retirement Date	July 1 Monthly Allowance Adjustment	Adjustment Date
July 2, 2009 – June 30, 2010	\$15.00	July 1, 2010
July 2, 2008 – July 1, 2009	\$5.00	July 1, 2013
July 2, 2007 – July 1, 2008	\$5.00	July 1, 2028
Retired before July 2, 2007	\$0.00	Not applicable

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.214(97A) Determination of survivor's pension. For the purposes of determining a survivor's pension, the adjustments to monthly allowance provided in rules 661—402.212(97A) and 661—402.213(97A) shall be reduced in the same manner as is provided for the member's optional retirement benefit election made under rule 661—402.207(97A) or as provided in Iowa Code section 97A.6(12).

NOTE: Section 17 of 2010 Iowa Acts, House File 2518, reads as follows:

Sec. 17. PUBLIC SAFETY PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM—ADJUSTMENT OF PENSIONS PAYABLE. It is the intent of the general assembly that the applicable amount for each adjustment occurring on July 1 as provided in section 97A.6, subsection 14, paragraph "a", subparagraph (2), subparagraph division (a), shall be the exact dollar amount listed in each subparagraph subdivision of subparagraph division (a) for each July 1 in which that particular subparagraph subdivision applies and shall not be increased above the amount listed in that subparagraph subdivision for each year that the subparagraph subdivision applies. However, the applicable amount for each adjustment occurring on or after July 1, 2010, as provided by this section, shall not be less than the applicable amount for the adjustment for the previous July 1.

DIVISION III
SERVICE PURCHASES

661—402.300(97A) Purchase of eligible service credit. Effective July 1, 2010, and no later than July 1, 2011, an active member may make application to the system to purchase up to the maximum amount of permissive service credit for eligible qualified service.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.301(97A) Determination of eligible service.

402.301(1) Eligible qualified service. "Eligible qualified service" means service as a member of a city fire retirement system or police retirement system operating under Iowa Code chapter 411 prior to January 1, 1992, for which service has not previously been credited. Eligible qualified service does not include service if the receipt of credit for such service would result in the member's receiving a retirement benefit under more than one retirement plan for the same period of service.

402.301(2) Permissive service credit.

a. Permissive service credit is credit that will be recognized by the system for purposes of calculating a member's benefit, for which the member did not previously receive service credit in the system, and for which the member voluntarily contributes to the system the amount required by the system, not in excess of the amount necessary to fund the benefit attributable to such service.

b. Permissive service credit shall be calculated in years at the rate of one year of service for six months or more of a year actually worked with no more than one year of service to be credited for all service in one calendar year.

c. An active member may make contributions to the system to purchase up to the maximum amount of permissive service credit for eligible qualified service as determined by the system, pursuant to Internal Revenue Code Section 415(n).

661—402.302(97A) Determination of cost to member.

402.302(1) Determination of service credit. A member may determine the amount of permissive service credit, which shall be documented on a form provided by the secretary. Such documentation shall include the notarized certification by an official of the city or agency that employed the member and shall include periods of service and member retirement contributions to the former system during the indicated time of service. In the event member contribution information is not available from the employing city or agency, documentation may be provided in another form acceptable to the board. Acceptable documentation may include, but is not limited to, IRS form W-2, Social Security earnings statements, pay stubs or Iowa tax form 1040 or 1040A.

d. A member may request cost quotes to purchase permissive service credit for a maximum of two time periods at no cost to the member.

e. If a member requests a third or subsequent cost quote, the member shall be required to pay for the cost of the quote.

f. A second or subsequent cost quote for the same period of permissive service credit shall replace all previous cost quotes for that time period.

g. If the requirements of subrule 402.302(1) cannot be verified, the request for a cost quote shall not be submitted to the actuary but rather shall be referred to the board for review at the next regularly scheduled meeting.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.303(97A) Application process.

402.303(1) *Actuarial cost quote of permissive service credit.* When made available to the secretary by the actuary, the cost quote shall be forwarded to the member promptly. Such delivery may be made through electronic mail, facsimile transmission, regular mail, or personal service. The cost quote of permissive service credit shall remain valid for six months from the date of the cost quote unless replaced by a subsequent cost quote for the same time period of permissive service credit.

402.303(2) *Submission of application to purchase permissive service credit.* The member may submit to the secretary an application to purchase years of permissive service credit in an amount no greater than the maximum certified years of permissive service credit at a rate quoted by the actuary less an amount equal to the member's contributions pursuant to Iowa Code chapter 411 for the period of eligible qualified service together with interest at a rate determined by the board. Full payment in the form of a check or money order payable to the Peace Officers' Retirement, Accident, and Disability System, or certification of intent to pay through a qualified plan, or a combination thereof, shall accompany the application to purchase permissive service credit. Contributions shall be made by the member within the six-month period the quote is valid.

402.303(3) *Acceptance of application to purchase permissive service credit.* If the application is accepted, the secretary shall deposit the full payment into the system's account and shall adjust the member's years of service and contributions to reflect the purchase of service. Prior to the receipt of full payment, the secretary shall make no adjustment to the member's years of service or contributions.

402.303(4) *Rejection of application to purchase permissive service credit.* If the application is rejected, the secretary shall refer the rejected application to the board for review at the next regularly scheduled meeting.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.304(97A) Service adjustment irrevocable. An adjustment of a member's years of service which has been completed pursuant to subrule 402.303(3) is irrevocable. However, this rule shall not be interpreted to limit the system's ability to refund service credit purchase amounts when required in order to meet the provisions of the Internal Revenue Code.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.305(97A) Board review.

402.305(1) *Review of rejection of certification of service credit.* The board shall review a rejected certification of service credit. If the board overrules the rejection, the secretary shall submit the certification of service credit to the actuary to determine the member's cost to purchase permissive service credit. If the board sustains the rejection, the member may appeal the action pursuant to 661—subrule 401.2(2).

402.305(2) *Review of rejection of application to purchase service credit.* The board shall review any application to purchase service credit which has been rejected. If the board overrules the action, the secretary shall process the application pursuant to subrule 402.303(3). If the board sustains the rejection,

the secretary shall return the payment to the member. The member may appeal the action pursuant to 661—subrule 401.2(2).

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—402.306(97A) Other provisions.

402.306(1) Within 60 days following the entry of an adjustment to a member's years of service based on a purchase of permissive service credit, the secretary shall report the purchase to the system under which the service credit was originally earned.

NOTE: This notification is intended to meet the requirement that a member not receive a retirement benefit under more than one retirement plan for the same period of service.

402.306(2) The average final compensation of the member shall not be affected by the purchase of permissive service credit.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

402.307(3) Application. A member seeking to purchase service credit under this rule shall file a written application with the system requesting an actuarial determination of the purchase cost of the requested service credit. Applications shall be on forms provided by the secretary. The member shall include with the application:

a. Periods of military service for which credit is requested.

b. Proof of applicable military service. Records that may be acceptable for this purpose include the member's DD Form 214, discharge papers or other records as determined by the system.

Such delivery may be made through electronic mail, facsimile transmission, regular mail, or personal service. The cost quote for purchase

of credit for military service shall remain valid for six months from the date of the cost quote unless replaced by a subsequent cost quote for the same time period of military service.

b. Submission of application to purchase military service credit. The member may submit to the secretary an application to purchase years of military credit in a cumulative amount no greater than five years. Full payment in the form of a check or money order payable to the Peace Officers' Retirement, Accident, and Disability System, or certification of intent to pay through a qualified plan, or a combination thereof, shall accompany the application to purchase military service credit.

c. Acceptance of application to purchase military service credit. If the application is accepted, the secretary shall deposit the full payment in the system's account and shall adjust the member's years of service and contributions to reflect the purchase of credit for military service. Prior to the receipt of full payment, the secretary shall make no adjustment to the member's years of service or contributions.

402.307(6) Revocation. A member may revoke a service purchase election and receive a refund without interest of the purchase cost paid, provided that the revocation request is in writing and is received by the system no later than 60 days following the date of the receipt of the payment of the purchase cost by the system and prior to the date of the commencement of benefits to the member under Iowa Code section 97A.6.

402.307(7) Refund when required by Internal Revenue Code. This rule shall not be construed to limit the system's ability to refund service credit purchase amounts when required in order to meet the provisions of the Internal Revenue Code.

402.307(8) Rejection of application to purchase military service credit. If the application is rejected, the secretary shall refer the rejected application to the board for review at the next regularly scheduled meeting.

LINE-OF-DUTY DEATH BENEFIT

661—403.1(97A) Member death benefit program. As provided in Iowa Code Supplement section 97A.6, subsection 16, the board will administer the payment of line-of-duty death benefits to beneficiaries of members who die in the line of duty.

Information about the program may be obtained by mail from the Secretary of the Board of Trustees, Iowa Department of Public Safety, Peace Officers' Retirement System, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, by telephone at (515)725-6248, or by electronic mail to asdinfo@dps.state.ia.us.

[Editorial change: IAC Supplement 6/17/09]

661—403.2(97A) Application. Application forms for the line-of-duty death benefit program may be obtained on request from the secretary. The board may accept a legible copy of a completed application for the federal Public Safety Officer Benefits Program as an application for payment of benefits from the member death benefit program. Completed application forms shall be mailed or delivered to the Secretary of the Board of Trustees, Iowa Department of Public Safety, Peace Officers' Retirement System, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

661—403.3(97A) Determination. After receiving a completed application for benefits from the member death benefit program, the board shall make a determination as to whether or not the application meets the requirements for payment of benefits. Prior to making a determination, the board may require the beneficiary or responsible supervisory official who has certified that the death is a line-of-duty death to submit any additional information that the board deems material to making the determination. If the determination is that the requirements for payment of benefits have been met, the board shall so notify the beneficiary or cobeneficiaries and shall instruct the secretary to prepare documents to cause the department of administrative services to issue a warrant payable to the beneficiary in the amount of the lump-sum payment provided or, if there are cobeneficiaries, to issue warrants in equal shares of the lump-sum amount payable to each of the cobeneficiaries. Payments pursuant to this rule shall come from the system's funds.

403.3(1) Denial and notification. If the board determines that the eligibility criteria have not been met, the board shall notify in writing the beneficiary or cobeneficiaries and the responsible supervisory official who certified that the death occurred in the line of duty of the determination and of the reason or reasons for the denial.

403.3(2) Appeals. If an application for benefits is denied, the beneficiary or any cobeneficiary may appeal that decision to the board by filing an appeal in writing to the secretary within 30 days of the date of the denial of the application by the board. Appeals shall be processed in accordance with contested case procedures specified in 661—Chapter 401.

These rules are intended to implement Iowa Code Supplement section 97A.6A(16).

REQUIREMENTS, PROCEDURES, AND FEES

661—502.1(103) License categories and licenses required.

502.1(1) The following license categories are established:

- a. Electrical contractor.
- b. Residential electrical contractor.
- c. Master electrician, class A.
- d. Master electrician, class B.
- e. Residential master electrician.
- f. Journeyman electrician, class A.
- g. Journeyman electrician, class B.
- h. Residential electrician.
- i. Apprentice electrician.
- j. Special electrician.
- k. Unclassified person.
- l. Inactive master electrician.

502.1(2) A person who holds any class of license issued by the board, other than a class B license, a residential electrical contractor license, a residential master electrician license, or a residential electrician license, may perform the work authorized by that license anywhere within the state of Iowa. A person who holds a special electrician license may perform the work which is authorized by that license endorsement. A person who holds a class B license may perform the work authorized by that license except in a political subdivision which, by local ordinance, has, pursuant to Iowa Code section 103.29, subsection 4, restricted or barred such work by a person who holds a class B license. A person who holds a residential electrical contractor license, a residential master electrician license, or a residential electrician license may perform the work authorized by that license anywhere within the state of Iowa except within a political subdivision which has, by local ordinance, restricted the use of such a license.

502.1(3) A person who does not have a current valid license shall not perform work as an electrician or as an unclassified person. A person shall not perform work which requires licensing and which is not specifically authorized under the license issued.

EXCEPTION 1: A person who holds a current valid license issued by a political subdivision may perform work as an electrician or unclassified person within the corporate limits of the political subdivision which issued the license.

EXCEPTION 2: A person may work for up to 100 continuous days as an unclassified person prior to obtaining a license. Any documented time during which a person has worked as an unclassified person prior to January 1, 2008, or any time during which a person has worked as a licensed unclassified person shall be credited to any applicable experience requirement. Any time during which a person works as an unclassified person without a license on or after January 1, 2008, shall not be counted toward any such experience requirement, except that a person may receive credit for time worked as an unclassified person on or after January 1, 2008, without a license if the person has applied for a license.

EXCEPTION 3: Electrical installations in buildings, including residences or facilities which are being constructed as part of a course of instruction by an accredited educational institution, may be performed by a person who is not licensed. Such installations are subject to the requirements for permits and inspections pursuant to 661—Chapter 552.

This exception does not apply to a residential installation located on a farm.

502.1(4) An apprentice electrician or an unclassified person, while performing electrical work, shall be directly supervised at all times by a master electrician or a journeyman electrician or, while performing residential electrical work only, by a residential master electrician, a residential electrician, or a special residential electrician. A master electrician, a journeyman electrician, a residential master electrician, a residential electrician, or a special residential electrician shall at no time directly supervise more than three apprentice electricians and unclassified persons at once. For purposes of this subrule, “unclassified person” includes a person who is working as an unclassified person and holds either an “unclassified person” license or another license issued by the board.

502.1(5) A journeyman electrician or a residential electrician shall work under the general direction of a master electrician or, while performing residential electrical work only, under the general direction of a residential master electrician. An electrical contractor license issued to a person who holds a class B master electrician license is subject to the same restriction of use as is the class B master electrician license.

502.2(2) A residential electrical contractor license may be issued to a person who is licensed as a class A master electrician, a class B master electrician, or a residential master electrician and who is registered with the state of Iowa as a contractor pursuant to Iowa Code chapter 91C.

502.2(12) In lieu of renewal of the active master electrician license, an inactive master electrician license may be issued to a holder of a master electrician license whose license is due for renewal and who requests placement in inactive status. A holder of an inactive license shall maintain all requirements which would apply for an active master electrician license, except for payment of the fee required for an active license, during the term of the inactive license. If the license holder fails to meet any such requirement during the term of the inactive license, the license holder shall not be entitled to reinstatement of an active license. If the license holder continues to meet all such requirements while holding an inactive license, the license holder may obtain an active master electrician license by surrendering the inactive master electrician license, filing an application for reinstatement, and paying the applicable license fee. The holder of an inactive license who seeks reinstatement of an active license shall not receive any refund of the fee paid for the inactive license. A person who holds an inactive license may not perform work which requires the person to be a holder of that license but may perform work authorized by any active license issued by the board which the person holds.

502.2(13) Retaking an examination. If passage of an examination is a requirement for issuance of a license:

a. An applicant who has taken the examination for a license twice and has failed the examination twice shall wait six months before taking the examination again and shall complete 12 hours of continuing education approved by the board on subjects related to the standards specified in 661—Chapter 504. After satisfying the requirements of this paragraph, the applicant may take the examination two additional times, or a maximum of four times.

After satisfying the requirements of this paragraph, the applicant may take the examination two additional times, or a maximum of six times.

c. An applicant who has satisfied the conditions of paragraph “*b*” and who has taken the examination two additional times, or a total of six times, and has failed the examination six times shall not be permitted to take the examination an additional time unless approved to do so by the board. An applicant who wishes to take an examination after failing it six times shall wait six months and then may petition the board to allow the applicant to take the examination an additional time. The applicant may be required to appear personally before the board when the board is considering the petition.

502.2(14) Reciprocal journeyman licensing. A journeyman class A license may be issued, without examination, to a person who holds a license from another state provided that:

b. The applicant has successfully completed a supervised written examination approved by the other state with a score of 70 or higher in order to obtain the license from the other state; and

- (2) Completed 16,000 hours of electrical work as an electrician licensed by the other state, as documented by submission of a sworn affidavit signed by the applicant.

502.2(15) Reciprocal master licensing. A master class A license may be issued, without examination, to a person who holds an equivalent license from another state provided that:

- a. The board has entered into an agreement with the other state providing for reciprocal issuance of licenses and that the agreement recognizes the equivalency of the examination required for the license issued by the other state and the examination required for the Iowa license to be issued; and
- b. The applicant has successfully completed a supervised written examination approved by the other state, with a score of 70 or higher, in order to obtain the license from the other state; and
- c. The applicant holds an applicable license from the other state at the time the application for an Iowa license is filed and has held the applicable license from the other state continuously for one year at the time the application for an Iowa license is filed; and
- d. The applicant has submitted:
 - (1) A completed application for the Iowa license;
 - (2) A copy of the applicable license from the other state, clearly showing the license number and any other identifying information;
 - (3) The applicable fee;
 - (4) Any other information required by the board, which may include, but is not limited to, additional evidence that the person's license from the other state is currently valid; and

c. A licensee who is on active military deployment for 91 or more consecutive calendar days but fewer than 366 consecutive calendar days may petition the board to have the license tolled for two years upon a showing of a special hardship which would not be alleviated by tolling the license term for only one year.

d. A licensee who requests that the term of a license be tolled pursuant to this subrule shall provide a copy of military orders showing the beginning and ending dates of the deployment or deployments which are the basis for the request.

502.3(5) A licensee may obtain a replacement license for a license that has been lost. To order a replacement license, the licensee shall notify the board office in writing that the license has been lost and shall provide any information required by the board office, which may include, but is not limited to, the license number, the name of the licensee, and a description of the circumstances of the loss, if known. b. If an applicant for an initial license or a renewal license dies prior to the effective date of a license for which the applicant has applied and paid the applicable fee, the license fee shall be refunded to the estate of the applicant upon receipt of a request from the estate of the applicant, accompanied by a certified copy of the death certificate.

502.4(1) The applicant fails to meet the requirements for the license for which the applicant has applied or the applicant fails to provide adequate documentation of any requirement.

502.4(2) The applicant has previously had a license revoked or suspended by the board, and the circumstances which formed the basis of the revocation or suspension have not been corrected. If a license was revoked or suspended and conditions were imposed for the restoration of the license, licensure shall be denied unless those conditions have been met.

502.4(3) The applicant has been denied, for cause, a license to work, or a license as an electrician has been revoked, for cause, in any other state or political subdivision and the applicant has not

subsequently received a license from the state or political subdivision which denied or revoked the license. An applicant who has been denied a license pursuant to this provision may apply to the board for a license and, upon a showing of evidence satisfactory to the board that the condition or conditions which led to the denial or revocation no longer apply, the board may grant the license to the applicant.

502.4(5) The applicant has been convicted of a disqualifying offense in the courts of this state or another state, territory, or country. The memo area of the check should read “Electrician Licensing Fees.” The application shall be submitted on the form prescribed by the board, which may be obtained from the board office.

502.5(2) Upon receipt of a completed application, the board executive secretary or designee has discretion to:

a. Authorize the issuance of a license, certification, or examination application.

b. Refer the application to a committee of the board for review and consideration when the board executive secretary determines that matters raised in or revealed by the application, including but not limited to prior criminal history, chemical dependence, competency, physical or psychological illness, professional liability claims or settlements, professional disciplinary history, education or experience, are relevant in determining the applicant’s qualifications for a license, certification, or examination. Matters that may justify referral to a committee of the board include, but are not limited to:

(2) Chemical dependence.

661—502.6(103) Restriction of use of class B licenses by political subdivisions. A political subdivision may disallow or restrict the use of a class B license to perform electrical work within the geographic limits of that subdivision through adoption of a local ordinance. A copy of any such ordinance shall be filed with the board office prior to the effective date of the ordinance. If a class B license holder held a license issued or recognized by a political subdivision on December 31, 2007, that political subdivision may not restrict the license holder from performing work which would have been permitted under the terms of the license issued or recognized by the political subdivision.

EXCEPTION 1: An ordinance restricting or disallowing electrical work by holders of class B licenses shall not apply to work which is not subject to the issuance of permits by the political subdivision.

EXCEPTION 2: An ordinance restricting or disallowing electrical work by holders of class B licenses which was passed prior to January 1, 2008, shall be filed with the board as soon as practicable and, in any case, no later than April 1, 2008.

661—502.7(103) Financial responsibility. Any holder of an electrical contractor license or any holder of an electrician license who is not employed by a licensed electrical contractor and who contracts to provide electrical work which requires a license issued pursuant to 661—Chapters 500 through 503 shall, at all times, maintain insurance coverage as provided in this rule.

502.7(1) The licensee shall maintain general and complete operations liability insurance in the amount of at least \$1 million for all work performed which requires licensing pursuant to 661—Chapters 500 through 503.

a. The carrier of any insurance coverage maintained by the licensee to meet this requirement shall notify the board 30 days prior to the effective date of cancellation or reduction of the coverage.

b. The licensee shall cease operation immediately if the insurance coverage required by this rule is no longer in force and other insurance coverage meeting the requirements of this rule is not in force. A licensee shall not initiate any electrical work which cannot reasonably be expected to be completed prior to the effective date of the cancellation of the insurance coverage required by this rule and of which the licensee has received notice, unless new insurance coverage meeting the requirements of this rule has been obtained and will be in force upon cancellation of the prior coverage.

502.7(2) Reserved.

[ARC 8396B, IAB 12/16/09, effective 2/1/10]

661—502.8(272C) Use of criminal convictions in eligibility determinations and initial licensing decisions.

502.8(1) License application. Unless an applicant for licensure petitions the board for an eligibility determination, the applicant's convictions will be reviewed when the board receives a completed license application.

a. Full disclosure required. An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

b. Documentation and personal statement. An applicant with one or more convictions must submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the practice of the profession in order for the license application to be considered complete.

c. Rehabilitation. An applicant must, as part of the license application, submit all evidence of rehabilitation that the applicant wishes to be considered by the board. The board may deny a license if the applicant has a disqualifying offense, unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15. An applicant with one or

more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

d. Nonrefundable fees. Any application fees will not be refunded if the license is denied.

502.8(2) Eligibility determination. An individual who has not yet submitted a completed license application may petition the board for an eligibility determination. An individual with criminal convictions is not required to petition the board for an eligibility determination before applying for a license. To petition the board for an eligibility determination, a petitioner must submit all of the following:

- a.* A completed eligibility determination form, which is available on the board's website;
- b.* The complete criminal record for each of the petitioner's convictions;
- c.* A personal statement regarding whether each conviction directly relates to the practice of the profession and why the board should find the petitioner rehabilitated;
- d.* All evidence of rehabilitation that the petitioner wants the board to consider; and
- e.* Payment of a nonrefundable fee in the amount of \$25.

502.8(3) Appeal. A petitioner found ineligible or an applicant denied a license because of a disqualifying offense may appeal the decision in the manner and time frame set forth in the board's written decision. A timely appeal will initiate a nondisciplinary contested case proceeding. The department's rules governing contested case proceedings apply unless otherwise specified in this rule. If the petitioner or applicant fails to file a timely appeal, the board's written decision will become a final order.

a. Presiding officer. The presiding officer will be the board. However, any party to an appeal of a license denial or ineligibility determination may file a written request, in accordance with rule 661—10.306(17A), requesting that the presiding officer be an administrative law judge. Additionally, the board may, on its own motion, request that an administrative law judge be assigned to act as presiding officer. An administrative law judge assigned to act as presiding officer in a nondisciplinary contested case proceeding under this rule must possess a Juris Doctor degree. When an administrative law judge serves as the presiding officer, the decision rendered will be a proposed decision.

b. Burden. The office of the attorney general shall represent the board's initial ineligibility determination or license denial and shall have the burden of proof to establish that the petitioner's or applicant's convictions include at least one disqualifying offense. If the office of the attorney general satisfies this burden by a preponderance of the evidence, the burden of proof shall shift to the petitioner or applicant to establish rehabilitation by clear and convincing evidence.

c. Judicial review. A petitioner or applicant must appeal an ineligibility determination or a license denial in order to exhaust administrative remedies. A petitioner or applicant may only seek judicial review of an ineligibility determination or license denial after the issuance of a final order following a contested case proceeding. Judicial review of the final order following a contested case proceeding shall be in accordance with Iowa Code chapter 17A.

502.8(4) Future petitions or applications. 661—502.9(272C) Licensure by verification. Licensure by verification is available under the following circumstances.

502.9(1) Eligibility. A person may seek licensure by verification if all of the following criteria are satisfied:

- a.* The person is licensed, certified, or registered in at least one other issuing jurisdiction;
- b.* The person has been licensed, certified, or registered by another issuing jurisdiction for at least one year;

c. The scope of practice in the transferring jurisdiction is substantially similar to the scope of practice in Iowa;

d. The person's license, certification, or registration is in good standing in all issuing jurisdictions in which the person holds a license, certificate, or registration; and

e. The person either:

(1) Establishes residency in the state of Iowa pursuant to rule 701—38.17(422); or

(2) Is married to an active duty member of the military forces of the United States and is accompanying the member on an official permanent change of station.

502.9(2) Board application. The applicant must submit all of the following:

a. A completed application for licensure by verification.

b. Payment of the appropriate fee or fees.

c. A verification form completed by the transferring jurisdiction, verifying that the applicant's license, certificate, or registration in that jurisdiction complies with the requirements of Iowa Code section 272C.12. The completed verification form must be sent directly from the transferring jurisdiction to the board.

d. Proof of current Iowa residency, or proof of the military member's official permanent change of station. To demonstrate Iowa residency, the applicant shall submit proof that:

(1) The applicant currently maintains a residence or place of abode in Iowa, whether owned, rented, or occupied, even if the individual is in Iowa less than 183 days of the calendar year; and

(2) One or more of the following:

1. The applicant claims a homestead credit or military tax exemption on a home in Iowa, or

If another issuing jurisdiction has taken disciplinary action against an applicant, the board will determine whether the cause for the disciplinary action has been corrected and the matter has been resolved. If the board determines the disciplinary matter has not been resolved, the board will neither issue a license nor deny the application for licensure until the matter is resolved. A person whose license was revoked, or a person who voluntarily surrendered a license, in another issuing jurisdiction is ineligible for licensure by verification.

502.9(4) Applicants with pending licensing complaints or investigations. If an Iowa applicant is concurrently subject to a complaint, allegation, or investigation relating to unprofessional conduct pending before any regulating entity in another issuing jurisdiction, the board will neither issue a license nor deny the application for licensure until the complaint, allegation, or investigation is resolved.

[ARC 5723C, IAB 6/30/21, effective 8/4/21]

An applicant for initial licensure who has relocated to Iowa from another jurisdiction that did not require a license to practice the profession may be considered to have met the applicable educational and training requirements if the person has at least three years of full-time work experience within the four years preceding the date of application for initial licensure. For each application submitted under this rule, the board will determine whether the applicant's prior work experience was substantially similar in nature and scope to a training or education program typically applicable for the license sought.

b. The applicant must satisfy all other license requirements, including passing any required examinations, to receive a license.

502.10(2) Required documentation. An applicant seeking to substitute work experience in lieu of satisfying applicable education or training requirements bears the burden of providing all of the following by submitting relevant documents as part of a completed license application:

a. Proof of current residency in the state of Iowa pursuant to rule 701—38.17(17A), or proof of the military member's official permanent change of station. To demonstrate Iowa residency, the applicant shall submit proof that:

2. The applicant is registered to vote in Iowa, or

3. The applicant maintains an Iowa driver's license, or

4. The applicant does not reside in an abode in any other state for more days of the calendar year than the individual resides in Iowa.

b. Proof of three or more years of full-time work experience within the four years preceding the application for Iowa licensure, which demonstrates that the work experience was substantially similar in nature and scope to a training or education program typically applicable for the license sought. Proof of work experience may include, but is not limited to:

(1) A letter from the applicant's prior employer or employers documenting the applicant's dates of employment and scope of practice;

(2) Paychecks or pay stubs; or

(3) If the applicant was self-employed, business documents filed with the secretary of state or other applicable business registry or regulatory agency in the other jurisdiction.

CHAPTER 503
ELECTRICIAN AND ELECTRICAL CONTRACTOR LICENSING PROGRAM—
COMPLAINTS AND DISCIPLINE

661—503.1(103) Complaints. Any person may file a complaint regarding work performed by any licensee or licensee applicant, or by an unlicensed person who should possess a license issued by the board. Complaints shall be filed either in writing or electronically.

[ARC 8396B, IAB 12/16/09, effective 2/1/10]

661—503.2(103) Discipline. If a complaint alleging an act or acts in violation of rules adopted by the board, 2007 Iowa Acts, chapter 197, or any other provision of law deemed relevant by the board to the use of a license issued by the board is substantiated, the board may suspend the license for a specific period of time, or indefinitely, may revoke the license, or may reprimand the licensee. The holder of a license which is suspended or revoked shall receive notice of the suspension or revocation in writing by registered mail, return receipt requested, or by personal service. The notice shall include a statement that the licensee has the right to appeal the reprimand, suspension or revocation to the board within 14 days of receiving the notice, and that the reprimand, revocation or suspension shall not take effect until the time to file an appeal has expired. If an appeal is filed, the reprimand, suspension or revocation shall be stayed until the appeal has been acted upon.

EXCEPTION: If the board finds that a violation which is the basis of the suspension or revocation is such that allowing the licensee to continue to engage in work covered by the license would present an imminent threat to the safety of the public, the board may provide that the suspension or revocation take effect immediately upon notice being delivered to the licensee.

[ARC 8396B, IAB 12/16/09, effective 2/1/10]

661—503.3(103) Action against an unlicensed person. If a person who is not licensed by the board has engaged in or is engaging in work requiring licensure by the board, the board may assess a civil penalty against the person, may seek an injunction to prevent the person from continuing to engage in such work, or both. A person who is accused of engaging in work which requires licensure by the board without having such a license shall be notified of the specific allegations by registered mail, return receipt requested, or by personal service. The matter shall be referred to an administrative law judge employed by the department of inspections and appeals, who shall schedule a hearing on the matter within 30 days of notice having been provided to the person against whom the allegations have been made. The hearing may be rescheduled to a later date by mutual consent of the parties.

[ARC 8396B, IAB 12/16/09, effective 2/1/10]

661—503.4(103) Appeals. A licensee whose license is disciplined, an applicant whose application for a license is denied, or a person who is not licensed by the board and who is assessed a civil penalty for engaging in an activity requiring a license may appeal the suspension, revocation, denial, or civil penalty to the board by notifying the board office of the appeal in writing within 30 calendar days after receiving notice of the suspension, revocation, denial, or civil penalty.

[ARC 8396B, IAB 12/16/09, effective 2/1/10]

Alternatively, the licensee may accept service personally or through authorized counsel.

503.5(2) The effective date of revocation or suspension of a license, as specified in the notice required by Iowa Code section 252J.8, shall be 60 days following service upon the licensee.

503.5(3) Licensees shall keep the board informed of all court actions and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J and shall provide the board with

copies, within 7 days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in such actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

503.5(4) All applicable fees for an application or reinstatement must be paid by the licensee before a license will be issued, renewed, or reinstated after the board has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 252J.

503.5(5) In the event the licensee files a timely district court action following service of a notice pursuant to Iowa Code sections 252J.8 and 252J.9, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

503.5(6) Suspensions or revocations imposed pursuant to this rule may not be appealed administratively to the board or within the department of public safety.

NOTE: The procedures established in rule 661—503.5(252J,103) implement the requirements of Iowa Code chapter 252J. The provisions of Iowa Code chapter 252J establish mandatory requirements for an agency which administers a licensing program, such as the one established in this chapter, and provide that actions brought under these provisions are not subject to contested case procedures established in Iowa Code chapter 17A, but must be appealed directly to district court.

503.6(2) The effective date of revocation or suspension of a license, as specified in the notice required by Iowa Code section 272D.3, shall be 20 days following service upon the licensee.

503.6(4) All applicable fees for an application or reinstatement must be paid by the licensee before a license will be issued, renewed, or reinstated after the board has denied the issuance or renewal of a license or has suspended or revoked a license pursuant to Iowa Code chapter 272D.

503.6(5) In the event the licensee files a timely district court action following service of a notice pursuant to Iowa Code section 272D.8, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For the purpose of determining the effective date of revocation or suspension of the license, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

503.6(6) Suspensions or revocations imposed pursuant to this rule may not be appealed administratively to the board or within the department of public safety.

NOTE: The procedures established in rule 661—503.6(103,272D) implement the requirements of Iowa Code chapter 272D. Section 101(c); or in the organized reserves of the United States, as provided in 10 U.S.C. Section 10101.

“*Military service applicant*” means an individual requesting credit toward licensure for military education, training, or service obtained or completed in military service.

661—506.2(272C) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service toward any experience or educational requirement for licensure by submitting a military service application form to the board office.

506.2(1) The application may be submitted with an application for licensure or examination, or prior to applying for licensure or to take an examination. No fee is required for the submission of an application for military service credit.

506.2(2) The applicant shall identify the experience or educational licensure requirement to which the credit would be applied if granted. Credit shall not be applied to an examination requirement.

506.2(3) The applicant shall provide documents, military transcripts, a certified affidavit, or forms that verify completion of the relevant military education, training, or service, which may include, when applicable, the applicant’s Certificate of Release or Discharge from Active Duty (DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).

506.2(4) Upon receipt of a completed military service application, the board shall promptly determine whether the verified military education, training, or service will satisfy all or any part of the identified experience or educational licensure requirement.

506.2(5) The board shall grant credit requested in the application in whole or in part if the board determines that the verified military education, training, or service satisfies all or part of the experience or educational qualifications for licensure.

506.2(6) The board shall inform the military service applicant in writing of the credit, if any, given toward an experience or educational qualification for licensure, or explain why no credit was granted. The applicant may request reconsideration.

506.2(7) A military service applicant who is aggrieved by the board’s decision may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board’s decision. There shall be no fees or costs assessed against the military service applicant in connection with a contested case conducted pursuant to this subrule.

506.2(8) The board shall grant or deny the military service application prior to ruling on the application for licensure. The applicant shall not be required to submit any fees in connection with the licensure application unless the board grants the military service application. If the board does not grant the military service application, the applicant may withdraw the licensure application or request that the application be placed in pending status for up to one year or as mutually agreed. The withdrawal of a licensure application shall not preclude subsequent applications supported by additional documentation or information.

[ARC 1867C, IAB 2/18/15, effective 3/25/15; ARC 5074C, IAB 7/1/20, effective 8/5/20]

661—506.3(272C) Veteran and spouse of active duty service member reciprocity.

506.3(1) A veteran with an electrical license in another jurisdiction may apply for licensure in Iowa through reciprocity, based on the reciprocity procedures for licensed electricians as set out in

the administrative rules in effect at the time that the application is made, and in compliance with any agreements with other jurisdictions regarding reciprocity. A veteran must pass any examinations required for licensure to be eligible for licensure through reciprocity. A fully completed application for licensure submitted by a veteran under this subrule shall be given priority and shall be expedited.

506.3(2) An application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary histories and, if applicable, a criminal history background check. In addition, the applicant shall provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2).

506.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the licensing requirements of the jurisdiction where the applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. The board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, and postgraduate experiences.

506.3(4) The board shall promptly grant a license to the applicant if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant's disciplinary or criminal background.

506.3(5) If the board determines that the licensure requirements in the jurisdiction in which the applicant is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If an applicant has not passed the required examination(s) for licensure, the applicant may not be issued a provisional license but may request that the application be placed in pending status for up to one year or as mutually agreed to provide the applicant with the opportunity to satisfy the examination requirements.

b. If additional experience or education is required for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license for a specified period of time during which the applicant will successfully complete the necessary experience or education. The board shall issue a provisional license for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare or safety of the public unless the board determines that the deficiency is of a character that the public health, welfare or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever comes first. The board may extend a provisional license on a case-by-case basis for good cause.

506.3(6) An applicant who is aggrieved by the board's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board's decision. There shall be no fees or costs assessed against the applicant in connection with a contested case conducted pursuant to this subrule.

661—506.4(272C) Spouses of military members. A person who is married to an active duty member of the military forces of the United States, and who is accompanying the member on an official permanent change of station, may seek licensure by verification in accordance with rule 661—502.9(272C).

CHAPTER 552
ELECTRICAL INSPECTION PROGRAM—PERMITS AND INSPECTIONS

661—552.1(103) Required permits and inspections.

552.1(1) Permits and inspections are required for any of the following electrical installations that are initiated on or after February 1, 2009:

a. All new electrical installations for commercial or industrial applications, including installations both inside and outside buildings, and for public-use buildings and facilities and any installation at the request of the owner.

b. All new electrical installations for residential applications in excess of single-family residential applications.

c. All new electrical installations for single-family residential applications requiring new electrical service equipment.

d. Any existing electrical installation observed during inspection which constitutes an electrical hazard. Existing installations shall not be deemed to constitute electrical hazards if the wiring was originally installed in accordance with the electrical code in force at the time of installation and has been maintained in that condition.

e. Inspections of alarm system installations, rules for which are intended to be adopted as new 661—Chapter 560.

EXCEPTION 1: Installations in political subdivisions which perform electrical inspections and which are inspected by the political subdivision are not required to be inspected by the state electrical inspection program. Any installation which is subject to inspection and is on property owned by the state or an agency of the state shall be inspected by the state electrical inspection program. An electrical installation on a farm which is located outside the corporate limits of any municipal corporation (city) shall not be inspected by a political subdivision.

EXCEPTION 2: Any electrical work which is limited to routine maintenance shall not require an inspection.

EXCEPTION 3: Neither a permit nor an inspection is required for an electrical installation which meets all of the following criteria:

1. The installation is legally performed by a master electrician, journeyman electrician, or apprentice electrician working under the direct supervision of a master or journeyman electrician.

2. The installation to be performed does not in any way involve work within an existing or new switchboard or panel board.

3. The installation to be performed does not involve over-current protection of more than 30 amperes.

4. The installation to be performed does not involve any electrical line-to-ground circuit of more than 277 volts, single phase.

EXCEPTION 4: Neither a permit nor an inspection is required for any electrical installation on a farm or a farm building if the farm building is not regularly open to the public as a place of business for the retail sale of goods, wares, services, or merchandise. This exception does not apply to a residential installation located on a farm.

552.1(2) The owner of a property on which multiple electrical installations may be performed during a 12-month period may apply for an annual permit to cover all such installations. The holder of an annual permit shall maintain a log of all installations performed pursuant to the annual permit. The owner shall cause the electrical inspection program to be notified of any such installation requiring an inspection and shall be subject to fees for such inspections as though an individual permit had been issued for each installation requiring an inspection. The fee for an annual permit shall be \$100. The log shall be available to an electrical inspector on the request of the inspector.

[ARC 8396B, IAB 12/16/09, effective 2/1/10; ARC 3733C, IAB 4/11/18, effective 3/26/18]

661—552.2(103) Request for inspection. Prior to commencement of any electrical installation requiring an inspection, the person making such installation shall notify the electrical inspection

program of the installation by applying for a permit, unless the installation is covered by an annual permit issued pursuant to subrule 552.1(2), and shall request an inspection of the installation through one of the following methods:

552.2(1) An inspection may be requested by completing and electronically submitting a Request for Permit form, available on the Web site of the electrical inspection program. Payment of the permit and inspection fees shall be submitted with the form in accordance with the instructions on the electrical inspection section Web site.

NOTE: The Web site to obtain, complete, and submit a Request for Permit form is, as of October 29, 2008: www.dps.state.ia.us/fm/electrical/inspection/.

552.2(2) An inspection may be requested by completing a Request for Inspection form and mailing it to the electrical inspection section as provided in rule 661—550.2(103). The Request for Inspection form may be obtained upon request to the electrical inspection section or from the Web site of the electrical inspection program. If a Request for Inspection form is submitted by mail, it shall be postmarked no less than seven days prior to the commencement of the installation.

552.2(3) An inspection may be requested by completing a Request for Inspection form and submitting it by fax transmission to the electrical inspection section at (515)725-6151. The Request for Inspection form may be obtained upon request to the electrical inspection section or from the Web site of the electrical inspection program.

552.2(4) Modification of permits and failure to pay inspection fees. Inspection fees will normally be paid at the time a permit is obtained. However, additional fees may apply if a permit is modified by an inspector, based upon inspection of the electrical installation. The person who obtained the original permit shall be notified immediately by the inspector of the modification and of the amount of any additional fees which are due. Any additional fees shall be due at the time the person responsible for payment receives notification of modification of the permit.

a. If an additional fee or portion of the fee is more than 60 days past due, the staff of the board shall notify the person responsible for payment of the fee of the necessity of promptly making the payment.

b. If an additional fee or portion of the fee is more than 120 days past due, the secretary of the board may suspend the ability of the person responsible for the payment to obtain inspection permits. The secretary shall restore the person's ability to obtain permits when payment of the past due amount has been received. Suspension of a person's ability to obtain permits may be appealed to the board as provided in rule 661—503.4(103).

c. If payment of a fee or portion of a fee is more than 180 days past due, the board may refer the debt for collection to the department of revenue pursuant to Iowa Code chapter 272D.

[ARC 8396B, IAB 12/16/09, effective 2/1/10; ARC 0120C, IAB 5/16/12, effective 7/1/12]

661—552.3(103) Scheduling of inspections. Subject to the availability of electrical inspectors, the electrical inspector whose territory includes the location of a requested inspection shall schedule the requested inspection to be completed within three business days of the receipt of the request. If an inspection for which a timely request has been made is not completed within three business days of the completion of the installation, a licensee who completed the installation may energize any new circuits included in the installation, although the installation remains subject to condemnation and disconnection if found to be out of compliance with any applicable provision of 661—Chapter 504 when inspected.

661—552.4(103) Report of inspection. After the completion of an inspection, the inspector shall issue an inspection report on a form prescribed by the board. The report shall indicate the results of the inspection, which may be any of the following:

552.4(1) Approval. If the inspector finds that the installation is in compliance with applicable requirements, the inspector shall issue a report indicating that the installation is approved.

552.4(2) Order of correction. If the inspector finds that the installation is not in compliance with applicable requirements but does not present an imminent threat to the health or safety of any person, the inspector shall issue an order of correction, prescribing a time frame during which corrective action shall be taken by the licensee responsible for the installation to bring the installation fully into compliance.

552.4(3) Order of disconnection. If the inspector finds that the installation is not in compliance with applicable requirements and presents an imminent threat to the health or safety of any person, the inspector shall issue an order of disconnection, requiring that the installation be disconnected until corrective action has been taken which brings the installation into full compliance with applicable requirements. The installation shall not be reconnected until corrective action has been completed and the corrected installation has been approved by an inspector as in compliance with all applicable requirements. The inspector issuing an order of disconnection shall notify the utility providing electrical service to the location of the order and shall notify the utility when the order of disconnection is no longer effective.

661—552.5(103) Appeals. An order of correction or an order of disconnection may be appealed. However, an order of disconnection shall be complied with immediately, and the installation shall not be reconnected pending the outcome of the appeal.

552.5(1) A person who has received an order of correction or disconnection may request an informal appeal to the chief electrical inspector within 14 days of receiving the order by contacting the electrical inspection section by telephone, fax, E-mail, or mail. The informal appeal may be heard in any manner agreed to by the person filing the appeal and the chief electrical inspector. If the order is upheld by the chief electrical inspector, the person receiving the order may file a formal appeal pursuant to subrule 552.5(2).

552.5(2) A person who has received an order of correction or disconnection may file a request for a formal appeal to the board within 30 days of receiving the order or, if the person has filed a request for an informal appeal, within 30 days of having been notified that the chief electrical inspector has upheld the order. Formal appeals shall be processed as provided in 661—Chapter 10, except that wherever “commissioner” or “department of public safety” appears in those rules, “electrical examining board” shall be substituted.

These rules are intended to implement 2007 Iowa Acts, chapter 197.
